CLINICAL RESEARCH ADVANTAGE HOLDINGS, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Clinical Research Advantage Holdings, LLC 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution savings plan established for the benefit of substantially all employees of Clinical Research Advantage, Inc. and Heartland Health Therapy, Inc. (collectively, the "Company"). The Company is the Sponsor and Administrator of the Plan. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On October 28, 2013, the Clinical Research Advantage, Inc. Board of Directors approved the merger of the Radiant Research, Inc. 401(k) Plan into this Plan effective January 1, 2014. Subsequent to the year ended December 31, 2013, the Plan received a transfer of approximately \$7.1 million of investments from the Radiant Research, Inc. 401(k) Plan.

Eligibility:

All employees of the Company, with the exclusion of union, nonresident aliens, leased employees or part-time/temporary employees, who have reached at least twenty-one years of age are eligible to contribute to the Plan immediately. Any active participant in the Plan at any time during the pay period shall receive a safe harbor matching contribution from the Company for that pay period.

In addition, any employee of Clinical Research Advantage, Inc. who was an active participant in the Plan during the year may receive a discretionary matching contribution in addition to the safe harbor contribution for the year, subject to the Plan Sponsor's election.

Effective January 1, 2014, additional requirements were approved for eligibility. Any part-time, temporary or seasonal employee credited with less than 1,000 will be unable to make any contributions into the Plan. Employees of Heartland Health Therapy, Inc. will be excluded from receiving any employer contributions. Participants merging into the Plan from the Radiant Research, Inc. 401(k) Plan will have the service and age requirement waived in determining their eligibility.

Contributions:

Participants may make pre-tax salary deferral contributions up to 90% of total compensation, as defined by the Plan, not to exceed \$17,500 for 2013. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

CLINICAL RESEARCH ADVANTAGE HOLDINGS, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Contributions: (continued)

The Plan qualifies as a safe harbor plan as described by IRC sections 401(k)(12) and 401(m)(11). Each pay period, the Company must make safe harbor matching contributions of 100% of participants' salary deferral contributions up to 4% of the participants' compensation, as defined by the Plan. Clinical Research Advantage, Inc. elected to make a discretionary matching contribution of 100% of participants' salary deferral in excess of the safe harbor matching contributions up to 6% of the participants' compensation for the year ended December 31, 2013.

For the year ended December 31, 2013, this discretionary match was 2%. Clinical Research Advantage, Inc. may also elect a discretionary profit sharing contributions to be allocated to active participants who meet the service requirement and are still employed at the end of the Plan Year. No such election was made for the year ended December 31, 2013.

Effective January 1, 2014, the safe harbor contribution was terminated and a discretionary contribution will be determined by the Plan Sponsor, when appropriate, that will be allocated annually.

Participants may rollover amounts representing distributions from other qualified defined benefit or contribution plans.

All contributions are subject to certain limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary contributions, if applicable, and Plan earnings (net administrative expenses). Plan earnings are allocated based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' investment options:

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time.

Vesting:

Participants are immediately vested in their salary deferral contributions, rollovers and Company safe harbor matching contributions plus actual earnings. The portion of the participants' accounts attributable to Clinical Research Advantage, Inc.'s discretionary contributions plus the actual earnings become 20% vested after one year of credited service, as defined by the Plan, and continues to vest at the rate of 20% for each successive year of service until 100% vested after five years of service.

CLINICAL RESEARCH ADVANTAGE HOLDINGS, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Forfeitures:

Non-vested account balances are forfeited by the Plan participant upon termination, as defined in the Plan. In addition, forfeited accounts shall be used first to pay Plan expenses and then to reduce the Company's contributions. As of December 31, 2013 and 2012, the balance of forfeited non-vested accounts totaled \$10. During the year ended December 31, 2013, the value of forfeited non-vested accounts used to pay Plan expenses or reduce the Company's contributions was \$3,754. Participants who become re-employed by the Company and fulfill certain requirements, as defined in the Plan, shall become eligible to have a previously forfeited account balance reinstated.

Notes receivable from participants:

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 4.25%, which is commensurate with local prevailing rates. Loan terms are up to five years, or thirty years if used to purchase a principal residence. Principal and interest are paid ratably through payroll deductions.

Payment of benefits:

Benefits may be paid to the participant or beneficiary upon death, disability, retirement, upon attaining age 59 ½ and still employed, or termination of employment, as defined in the Plan agreement. A participant may elect to receive an amount equal to the value of the participant's vested account balance in a lump-sum payment or annuity payments. If the total benefit is \$1,000 or less and the participant does not make an election, the entire amount may be paid in a lump-sum distribution at the discretion of the Plan Administrator. If the total benefit is between \$1,000 and \$5,000 and the participant does not make an election, the entire amount may be automatically rolled into an individual retirement account at the discretion of the Plan Administrator. In addition, participants may elect to receive benefits in the event of financial hardship.

Administrative expenses:

Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Company.

Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its discretionary contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their entire account.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies and Use of Estimates

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of benefits:

Benefits are recorded when paid.

Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Note 4. Information Certified and Provided by the Trustee

The financial statements and supplemental schedule include a summary of the Plan's asset information as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that was prepared by or derived from information provided by the trustee, State Street Bank and Trust Company, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the assets.

The trustee also certified to the completeness and accuracy of \$723,925 of net appreciation in fair value of investments and \$198,230 of dividends for the year ended December 31, 2013.

CLINICAL RESEARCH ADVANTAGE HOLDINGS, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 5. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. Tax Status

Effective January 1, 2012, the Plan adopted a prototype plan sponsored by Automatic Data Processing (“ADP”). The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management evaluated tax positions taken by the Plan and concluded that as of December 31, 2013 and 2012, there were no uncertain tax positions that require adjustment to or disclosure in the financial statements. The Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2010.
