INDEPENDENT AUDITOR'S REPORT

To the Participants and Sponsor of the
Network Funding, L.P. Employees Welfare Benefit Plan & Trust
Houston, TX

Report on the Financial Statements

We have audited the accompanying financial statements of Network Funding, L.P. Employees Welfare Benefit Plan & Trust (the "Plan"), which comprise the statement of net assets available for benefits – liquidation basis as of July 31, 2013, and the related statement of changes in net assets available for benefits – liquidation basis for the period January 1, 2013 through July 31, 2013.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the Plan's net assets available for benefits – liquidation basis as of July 31, 2013 and the changes in net assets available for benefits – liquidations basis for the period from January 1, 2013 to July 31, 2013, in accordance with accounting principles generally accepted in the United States of America on the basis of accounting described in the following paragraph.

Basis of Accounting

As discussed in Note 1 to the financial statements, Network Funding, L.P., the Plan's Sponsor, elected to terminate the Plan on May 31, 2013. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2012 financial statements to the liquidation basis used in presenting the 2013 financial statements.

Other Matters

The financial statements of Network Funding, L.P. Employees Welfare Benefit Plan & Trust as of December 31, 2012, were audited by other auditors whose report dated September 20, 2013, expressed an unmodified opinion on those statements.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4(j) – Schedule of Reportable Transactions, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION

The following description of the Network Funding, L.P. Employees Welfare Benefit Plan & Trust (the "Plan" or "Trust") provides only general information. Participants should refer to the Summary Plan Description for a complete description of the Plan's provisions which were in effect as of July 31, 2013.

General

The Plan was adopted effective April 1, 2001, and provides health and other benefits covering all participants in the employment of Network Funding, L.P. (the "Sponsor"), an employer located in Houston, Texas. The Sponsor maintains the Plan as a self-funded plan. The Trust was set up as a funding vehicle for the Plan in conformity with the requirements of the Internal Revenue Code of 1986 and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is a funded plan due to the creation of the Trust which is a tax-exempt Voluntary Employee Beneficiary Association (VEBA) pursuant to Internal Revenue Code (the "Code") Section 501(c)(9).

Effective May 31, 2013, the Board of Directors of the Partnership elected to terminate the Plan. Upon termination, assets of the Plan are to be distributed first to those providing professional services required to terminate the Plan, then to fulfill claims arising prior to termination and, finally, to provide ongoing benefits defined in Section 501(c)(9) of the Code. At July 31, 2013, there were no obligations or claims outstanding against the Plan. All assets of the Plan were liquidated and reimbursed to the Partnership for payment of benefits prior to July 31, 2013.

Participation and Benefits

The Plan provides health benefits (medical, major medical, hospitalization, prescription drugs, dental, vision, life insurance and long term care), disability, vacation and holiday, and death benefits to full-time and part-time participants with at least 30 days continuous employment and to their beneficiaries and covered dependents. Retired employees are entitled to similar health (in excess of Medicare coverage) and death benefits provided they have attained at least age sixty-five and have fifteen years of service with the Sponsor before retirement.

Sponsor Contributions

The Sponsor's Board of Directors has discretion as to the amount of Sponsor contributions to the Plan but uses an actuary to calculate the maximum permissible postretirement benefits reserve to be held in the Plan. Under Section 419 of current tax law, the deduction allowable for any taxable year is not to exceed the Plan's qualified cost for the taxable year. Effective January 1, 2009, the Sponsor elected to discontinue contributions indefinitely in accordance with Section 10.2 of the Plan document. Additionally, the Sponsor funds certain administrative costs.

Vesting

The Plan does not provide for vesting of rights to the Plan assets.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Cash Equivalents

The Plan considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

Investment Valuation and Income Recognition

Investments at year end are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net change in the fair value of investments is reported in the statement of changes in net assets available for benefits in the period of the change.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Net investment income (loss) included the Plan's gains and losses on investments bought and sold as well as held during the year. Investments in privately-held partnerships are initially recorded at cost, being the fair value at the time of acquisition. The fair value may, depending on the circumstances, be subsequently adjusted.

Concentration of Credit Risk

During 2013, the Plan had deposits in non-interest bearing accounts at a financial institution which were fully insured by the Federal Deposit Insurance Corporation. Management believes any credit risk is low due to the overall financial strength of the financial institution.

Residential Mortgage Loans

Residential mortgage loans are receivables collateralized by mortgages on the respective properties. The receivables are collectible in installments and mature at various dates. The loans are evaluated on an annual basis to ensure that the carrying value of each mortgage loan receivable is recoverable from the borrower. For the period ended July 31, 2013, there were no changes in the fair value of the residential mortgage loans prior to their sale to a third party.

Investment in Joint Ventures

The Plan has a 4% and 2.2% interest, respectively, in Dubose Model Home Investments #116, Ltd. ("Dubose") and Buffington Homebuilding Group, Ltd., formerly Buffington Texas Classic Homes, Ltd., ("Buffington"), privately-held partnerships. During the year ended December 31, 2012, the Dubose investment was liquidated for zero value and written off. At December 31, 2012, the investment in joint venture totaled $282,000. During the period ended July 31, 2013, the Buffington interest was sold to the Plan Sponsor for no gain. The Company received an exemption from the Department of Labor for this transaction.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Postretirement Benefit Obligation

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits attributed to employee service rendered to a specified date. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the Sponsor. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service with the Sponsor rendered to the valuation date. At July 31, 2013, no employees met the requirements to qualify for postretirement benefits.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to certain current medical cost data.

The following were assumptions used in the valuations as of December 31, 2012:

Weighted-average discount rate	6.0%
Average retirement age	65
Mortality	1971 Group Annuity Mortality Table

Subsequent Events

The Plan's management has evaluated subsequent events through October 10, 2013, the date which the financial statements were available to be issued. No matters were identified affecting the Plans' financial statements or related disclosures.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan measures and reports certain assets and liabilities at fair value and within a hierarchal disclosure framework which prioritizes and ranks the level of observable inputs used in measuring fair value. At each financial statement date, the Plan performs an analysis of all assets and liabilities subject to fair value measurements.

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs, excluding those included in Level 1, are either observable prices for identical assets or liabilities in inactive markets, observable prices for similar assets and liabilities, or other inputs derived principally from, or corroborated by, observable market data at the measurement date.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2012. As of July 31, 2013, there were no assets remaining in the Plan.

Residential Mortgage Loans: Valued at their outstanding balances which approximate fair value, except where appraisal values on the underlying properties of each loan indicate a reduced fair value.

Investments in Joint Ventures: Initially recorded at cost, being the fair value at the time of acquisition. Subsequent to acquisition, the Plan evaluates the occurrence of events or circumstances to determine if the fair value of a privately-held investment should be adjusted upward or downward at the end of each reporting period. Examples of relevant events or circumstances include significant subsequent equity financing by outside investors, positive (or negative) operating results, or placement of investee into receivership or bankruptcy. The Plan also takes into account general market conditions when valuing the privately-held investments in the Plan's portfolio. Absent the occurrence of any of these events or any significant change in general market conditions, the fair value of the investment is left unchanged.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants, but the use of different methodologies or assumptions could result in a different fair value measurement for certain financial instruments as of the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Quoted Market Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Residential Mortgage Loans	$ -	$ -	$ 227,687
Investment in Joint Ventures	-	-	282,000
Total Investments at Fair Value	$ -	$ -	$ 509,687

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the period ended July 31, 2013:

	Residential Mortgage Loans	Investment in Joint Ventures
Balance, December 31, 2012	$ 227,687	$ 282,000
Disposal of Residential Mortgage Loan	(227,687)	-
Disposal of Investment	-	(282,000)
Balance, July 31, 2013	$ -	$ -

Quantitative Information about Significant Unobservable Inputs used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs at December 31, 2012.

Instrument	*Fair Value*	*Principal Valuation Technique*	*Unobservable Inputs*	*Significant Input Values*
Residential Mortgage Loan	$227,687	Discounted Cash Flows	Interest rate, term, borrowed amount, payment amount, frequency of payment, appraisals, adjustments to reflect current conditions/selling costs	8.5%
Investment in Joint Ventures	$282,000	Discounted Cash Flows	Discount Rate	25.5%

NOTE 4 – INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets, all of which are non-participant directed.

	2013	2012
Residential Mortgage Loans	-	227,687
Investment in Joint Ventures	-	282,000
Total Investments	$ -	$ 509,687

There was no dividend and interest income related to these investments for the period ended July 31, 2013.

NOTE 5 – FEDERAL INCOME TAX STATUS

The Plan has received a favorable determination letter dated September 27, 2002 from the Internal Revenue Service. The Plan has been amended since receiving the determination letter. However, the Plan's Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 – POSTRETIREMENT BENEFIT OBLIGATIONS

Health costs incurred by participants and their beneficiaries and dependents are covered by insurance contracts maintained by the Partnership.

The postretirement benefit obligation at July 31, 2013 and December 31, 2012, principally health benefits, related to the following categories of participants (including their beneficiaries and dependents):

	2013	2012
Current Retirees	$ -	$ -
Other Participants Fully Eligible for Benefits	-	-
Participants not yet Fully Eligible for Benefits	-	6,498,593 *
	$ -	$ 6,498,593

* The value stated assumes that all Participants not yet Fully Eligible for Benefits will become eligible. It is possible that some number of those Participants may never become eligible due to the service component of the eligibility requirements.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

During 2013, the Plan paid directly to the Sponsor the following qualified benefits and expenses:

Insurance Premium Reimbursement	$ 17,421
Vacation and Holiday Benefits	500,003
Total Expenses Paid Directly to Sponsor	$ 517,424

These transactions qualify as party-in-interest transactions and are exempt from being prohibited transactions by ERISA.

The Plan's professional fees, including accounting and legal, are paid by the Plan and qualify as party-in-interest transactions which are exempt from prohibited transaction rules.
