# Energy Fishing & Rental Services 401(k) Plan

## Notes to Financial Statements

## December 31, 2013 and 2012

## Note 1: Description of the Plan

The following description of Energy Fishing & Rental Services 401(k) Plan (the Plan) provides only general information. Participants should refer to the *Plan Document* and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

### *General*

The Plan is a defined contribution plan sponsored by Energy Fishing & Rental Services, Inc. (the Company), for the benefit of its employees who have at least three months of service and are age 18 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Hartford Life Insurance Company (Hartford) served as the Plan custodian. Effective January 1, 2013, Massachusetts Mutual Life Insurance Company (MassMutual) acquired The Hartford's Retirement Plan Group, a division of Hartford Life Insurance Company. In connection with the acquisition, Hartford appointed MassMutual to provide all administrative services necessary to support the Plan. Effective March 15, 2013, MassMutual was terminated as custodian. At the direction of the Company, ING Life Insurance and Annuity Company (ING) was appointed as custodian of the Plan. Effective January 1, 2013, the Plan changed its third-party administrator from South Texas Administrators, Inc., to Compensation Strategies Group, Ltd.

### *Contributions*

The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions of up to 100 percent of eligible compensation. Participants who have attained aged 50 before the end of the Plan year are eligible to make catch-up contributions. Employee rollover contributions are also permitted. The Company makes safe harbor contributions of 100 percent of employees' salary deferral amounts on the first 3 percent of participants' eligible compensation and 50 percent of employees' salary deferral amounts on the next 2 percent of participants' eligible compensation. Company profit sharing contributions are discretionary as determined by the Company's Board of Trustees. For the years ended December 31, 2013 and 2012, the Company did not make any profit sharing contributions. Contributions are subject to certain limitations. Forfeitures are used to pay administrative expenses or reduce Company contributions.

### *Participant Investment Account Options*

Investment account options available include various pooled separate accounts and a fixed income account. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

## Notes to Financial Statements

## December 31, 2013 and 2012

### *Participant Accounts*

Each participant's account is credited with the participant's contributions, the Company's contributions and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

### *Vesting*

Participants are immediately vested in their voluntary contributions, rollover contributions and employer safe-harbor contributions, plus earnings thereon. Vesting in the Company's match and profit sharing contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after six years of continuous service. The non-vested balance is forfeited upon termination of service.

### *Payment of Benefits*

Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum amount equal to the value of his or her account. The Plan permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with provisions specified in the *Plan Document*. Additionally, certain in-service withdrawals are permitted upon attainment of age 59 ½.

### *Forfeited Accounts*

At December 31, 2013 and 2012, forfeited non-vested accounts totaled $1,388 and $707, respectively. These accounts will first be used to pay for Plan administrative expenses and then to reduce future employer contributions.

### *Notes Receivable From Participants*

The *Plan Document* includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of $50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates, as determined by the Plan Administrator.

### *Plan Termination*

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

## Note 2: Summary of Significant Accounting Policies

### *Basis of Accounting*

The accompanying financial statements are prepared on the accrual basis of accounting.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### *Valuation of Investments and Income Recognition*

Quoted market prices, if available, are used to value investments. Pooled separate accounts are valued at estimated fair value as provided by ING and Hartford for the years ended December 31, 2013 and 2012.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the years.

### *Notes Receivable From Participants*

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the *Plan Document*.

### *Plan Tax Status*

The Plan operates under an adoption agreement in connection with a volume submitter profit sharing plan sponsored by Sungard Business Systems LLC. This prototype plan document has been filed with the appropriate agency and obtained an opinion letter dated March 31, 2008, from the Internal Revenue Service stating that the prototype plan and related trust, as then designed,

constituted a qualified plan under Section 401 of the Internal Revenue Code and, therefore, were not subject to tax. The Plan has been amended since receiving the opinion letter. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

With a few exceptions, the Plan is no longer subject to U.S. Federal, state and local, or non-U.S. income tax examinations by tax authorities for years before 2010.

### *Payment of Benefits*

Benefit payments to participants are recorded upon distribution.

### *Administrative Expenses*

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

### *Reclassifications*

Certain reclassifications have been made to the 2012 financial statement to conform to the 2013 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

## Note 3: Investments

The Plan's investments are held by ING and Hartford at December 31, 2013 and 2012, respectively. The fair value of the Plan's investments at the end of the year and the Plan's investments (including investments bought, sold and held during the year) appreciated in fair value as follows:

| | 2013 | |
|---|---|---|
| | Net Appreciation in Fair Value During Year | Fair Value at End of Year |

| | 2012 | |
|---|---|---|
| | Net Appreciation in Fair Value During Year | Fair Value at End of Year |
| Pooled separate accounts | $ 268,943 | $ 2,609,568 |

The fair value of individual investments that represented 5 percent or more of the Plan's net assets available for benefits were as follows:

|---|---|---|
| ING Large Cap Growth Portfolio | $ 619,748 | * |

*These investments did not represent 5 percent or more of the Plan's net assets at the respective year-end.

Dividends realized on the Plan's investments for the year ended December 31, 2013, were $2,773. No dividends were realized in 2012.

Information on the fully benefit-responsive contract relating to the fixed income account for the year ended December 31, 2013, is as follows:

| | |
|---|---|
| Average yield | 0.72% |
| Crediting interest rate at December 31 | 1.00% |
| Fair value | $ 362,376 |
| Contract value | $ 349,283 |

## Note 4: Party-in-interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain accounts managed by an affiliate of the Plan custodians. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments. The Company provides certain administrative services at no cost to the Plan.

## Note 5: Plan Amendment

Effective January 1, 2012, the *Plan Document* was amended to reinstate employer safe harbor-matching contributions.

## Note 6: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value.

**Level 1** Quoted prices in active markets for identical assets or liabilities.

**Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

**Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

### *Recurring Measurements*

The tables on the following page present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2013 and 2012.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2013 and 2012. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

### *Investments*

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. No Level 1 securities are included. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. Level 2 securities include pooled separate accounts. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See table below for inputs and valuation techniques used for Level 3 securities.

Fair value determinations for Level 3 measurements of securities are the responsibility of the Plan Administrator. The Plan Administrator contracts with a pricing specialist to generate fair value estimates on a monthly or quarterly basis. The Plan Administrator challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting principles generally accepted in the United States of America.

### *Level 3 Reconciliation*

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs:

| | ING Fixed Account |
|---|---|
| Balance, December 31, 2012 | $ - |
| Unrealized gain | 13,093 |
| Purchase | 375,465 |
| Sales | (26,182) |
| Balance, December 31, 2013 | $ 362,376 |

### *Unobservable (Level 3) Inputs*

The following table presents quantitative information about unobservable inputs used in recurring Level 3 fair value measurement at December 31, 2013.

| | Fair Value | Valuation Technique | Unobservable Inputs | Range (Weighted Average) |
|---|---|---|---|---|
| ING Fixed Account | $ 362,376 | Discounted cash flow | Contractual interest rate | 1.00% |

## Note 7: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of $34,487 were not remitted within the required time period for the year ended December 31, 2013.

## Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

## Note 9: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
