Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Basis for Disclaimer of Opinion (continued)

The Plan did not maintain records to permit the application of auditing procedures to certain participant deferral elections.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matters described in the Basis of Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Note 1. DESCRIPTION OF THE PLAN

The following description of the Hardage Hospitality 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan which provides retirement benefits for eligible employees of Hardage Hospitality (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the amount permitted under the Internal Revenue Code. The Plan was amended in 2009 to eliminate Company contributions.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution and the earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may choose to direct the investment of their accounts among various investment options provided by Principal Life Insurance Company. Participants may change their investment options at any time.

Note 1. DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as a distribution based upon the terms of the plan documents. Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their vested interest in their account. Loans must be repaid within 5 years or 15 years if the loan qualifies as a home loan, as defined by the Plan. The loans are secured by the vested balance in the participant's account and bear a reasonable fixed rate of interest determined by the loan administrator. The interest rate on the outstanding notes receivable ranged from 5.25% to 7.00% at December 31, 2013 and 2012. Principal and interest are paid through regular payroll deductions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Such amounts are non-forfeitable. Vesting in Company contributions and earnings thereon is based on years of service. A participant is 100% vested after five years of credited service.

Forfeitures

Forfeitures from a participant's matching account are used to reduce administrative expenses. The total forfeitures in 2013 and 2012 were $101 and $3,383, respectively. No forfeitures were used to reduce administrative expenses in 2013. The total forfeitures used to reduce administrative expenses in 2012 was $3,877.

Payment of Benefits

Participants are entitled to a distribution from their accounts at age 591/2, death, or upon incurring permanent disability.

Participants may withdraw all or a percentage of their vested account balance upon approval of the Plan Administrator and subject to IRS hardship withdrawal rules. After making a hardship withdrawal, a participant is suspended from making contributions to the Plan for a period of six months from the effective date of the hardship withdrawal.

Note 1. DESCRIPTION OF THE PLAN (continued)

Payment of Benefits (continued)

If all or a portion of a guaranteed interest contract is surrendered before maturity (except by reason of death, termination, disability or retirement) due to a rollover or cash withdrawal, the transaction will be at fair value and the amount available will be reduced by a surrender charge. This surrender charge is calculated by the trustee based on the interest rate in effect for the contract on the day of surrender and the initial interest rate of the contract.

Administrative Expenses

Administrative expenses of the Plan are paid by the Participants.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments in pooled separate accounts are stated at fair value based on the most recent market quotations of national securities exchanges for the underlying securities.

Investments in shares of registered investment companies are stated at the publicly quoted net asset value of the shares held by the Plan at year end.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Investments in the collective investment trust are stated at fair value based on the market value of underlying investments. Fully-benefit responsive investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. Investments in the collective investment trust can be redeemed at net asset value as of the measurement date.

Guaranteed interest contracts are stated at fair value as estimated by the trustee based on market interest rates.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when

paid Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their account balance.

Note 3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. Fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 Fair Value Measurements

Fair values are based on publicly quoted prices in active markets for identical assets. The fair value of investments in registered investment companies is based on the publicly quoted net asset value of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

Fair values are based on observable inputs other than publicly quoted prices in active markets for identical assets. The fair value of investments in pooled separate accounts is based on the net asset value of the units held by the Plan at year-end as reported by the manager or trustee, which is not publicly quoted. The fair value of investments in the collective investment trust is based on the market value of its underlying investments. The majority of the securities held by the pooled separate accounts and the collective investment trust have observable level 1 or level 2 pricing inputs.

Level 3 Fair Value Measurements

Fair values are based on unobservable inputs used for valuing the asset. Guaranteed interest contracts are valued at fair value as estimated by the trustee based on market interest rates.

Note 7. TAX STATUS

The Plan is operated pursuant to a prototype 401(k) plan sponsored by Principal Life Insurance Company. The Internal Revenue Service, in a letter dated March 31, 2008, has determined that the prototype plan is designed in accordance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since the date of the determination letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for an uncertain position if it is not more likely than not that the position would be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 8. PARTY-IN-INTEREST

All of the pooled separate accounts and the guaranteed interest contract investment options are provided by affiliates of the Principal Trust Company. During 2013 and 2012, Principal Trust Company, as trustee and investment manager for the Plan's assets, disbursed benefit payments and executed all investment transactions. As a result, all investment transactions during the years ended December 31, 2013 and 2012 qualify as party-in-interest transactions. Fees paid by the Plan to Principal Trust Company for administrative services amounted to $11,995 and $9,736 for the years ended December 31, 2013 and 2012, respectively.

Certain expenses of the Plan are paid for by the Company. The Company is the sponsor of the Plan and, therefore, these transactions qualify as party-in-interest.

Note 9. SUBSEQUENT EVENTS

Management has evaluated subsequent events for accrual and disclosure through October 14, 2014 which is the date the 2013 financial statements were available to be issued.
