Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the MediTech Media, Ltd. USA 401(k) Salary Reduction Plan & Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company ("Principal"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Principal holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Principal as of and for the year ended December 31, 2013, that the information provided to the Plan administrator by Principal is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2013 financial statements. Accordingly, we do not express an opinion on the 2013 financial statements.

Other Matter

The supplemental Schedule H, line 4a-Schedule of Delinquent Participant Contributions and Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2013, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - 2012 Financial Statements

The statement of net assets available for benefits for the year ended December 31, 2012 was not audited, reviewed, or compiled and, accordingly we do not express an opinion or provide any assurance about whether the statement is in accordance with generally accepted accounting principles in the United States of America.

Report on Form and Content in Compliance With DOL Rules and Regulations 2013

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Principal, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

1. Description of the Plan

The following description of the MediTech Media Ltd. USA 401(k) Salary Reduction Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of MediTech Media Ltd. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On January 1, 2013, the Plan qualifies under the 80-120 rule as a large plan and is therefore required to have an audited financial statements for the Plan year ended December 31, 2013. In prior year, the Plan was eligible to file as a small plan with participants under 100 at the beginning of the Plan year. The prior year financial statements were not required to be audited and they were not audited, reviewed or compiled and the auditor assumes no responsibility for them.

Contributions

Each year, participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes a safe harbor matching contribution to the account of each eligible participant in an amount equal to 100 percent of the amount of the participant’s elective deferrals up to 4 percent of the participant’s elective deferrals.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Company’s matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their salary deferrals, rollover contributions plus actual earnings thereon. Vesting in the Company’s matching contributions plus actual earnings thereon is based on years of continuous service, whereby participants vest 50 percent after one year of credited service and are 100 percent vested after two years of credited service.

MediTech Media, Ltd. USA 401(k) Salary Reduction Plan & Trust

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 subject to limitation of 50 percent of the participant's vested account balance. The loans are secured by the balance in the participant's account. Interest rates range from 5.25 percent to 10.25 percent, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, disability, retirement, or in-service withdrawal age 59½, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in substantially equal installments. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. All vested balances less than \$1,000 may be automatically distributed as a lump-sum at the discretion of the Company. Vested balances between \$1,000 and \$5,000 can be rolled over at the discretion of the Company to a qualified individual retirement account.

Forfeited Accounts

Forfeitures by non-vested participants may be used to reduce future employer contributions or used to pay for Plan expenses. At December 31, 2013 and 2012, there were no balances in the forfeiture account. Forfeitures of \$16,480 were utilized during 2013.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

MediTech Media, Ltd. USA 401(k) Salary Reduction Plan & Trust

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. The Plan classifies notes receivable as in default where no repayments have been made by the last day of the calendar quarter after the calendar quarter in which the repayment is due. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

MediTech Media, Ltd. USA 401(k) Salary Reduction Plan & Trust

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Guaranteed interest account: Guaranteed interest accounts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. See Note 6.

Pooled separate account: Pooled separate accounts ("PSA") are made up of a wide variety of underlying investments such as equities, preferred stocks, bonds, real estate, and mutual funds. PSAs are valued using the net asset value ("NAV"). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Quoted market prices of the underlying investments are used to value each fund and are based on the net asset value of the shares held by the Plan at the end of the year.

The pooled separate account has sub-accounts or underlying investment options available under the separate account. The fair value of a unit in the sub-account is computed by dividing the proportion of the entire sub-account's market value attributable to all units of that kind, after deduction of any applicable charges, by the number of units of that kind outstanding at the end of a reporting date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at fair value as of December 31, 2013

Total assets at fair value	\$ -	\$ 4,546,381	\$ 219,027	\$ 4,765,408

The fair values of the pooled separate account have been calculated using the net asset value per share of the underlying investments. There are no unfunded commitments as of December 31, 2013 and 2012. The following are descriptions of the underlying investments of the pooled separate account:

Large U.S. Equity: This asset class is generally comprised of investment options that invest in stocks, or shares of ownership in large, well-established, U.S. companies.

Small/Mid U.S. Equity: This asset class is generally comprised of investment options that invest in stocks, or shares of ownership in small to medium-sized U.S. companies.

International Equity: This asset class is comprised of investment options that invest in stocks or shares of ownership in companies with their principal place of business or office outside the United States.

Short-Term Fixed Income: This asset class is generally comprised of short-term, fixed-income investment options that are largely liquid and are designed to not lose much value.

Fixed Income: This asset class is generally comprised of investment options that invest in bonds, or debt of a company or government entity (including U.S. and Non-U.S.).

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2013, there were no transfers within the fair value hierarchy.

MediTech Media, Ltd. USA 401(k) Salary Reduction Plan & Trust

Notes to Financial Statements

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2013:

	Guaranteed Interest Accounts
Balance, beginning of year	\$ 219,027
Purchases	53,451
Sales	(7,310)
Interest income	(1,454)
Balance, end of year	263,714

5. Information Certified by Principal Life Insurance Company

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company ("Principal") has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate.

<i>December 31,</i>	2013	2012 (Unaudited)
Pooled separate accounts	\$ 6,958,764	\$ 4,546,381
Guaranteed interest accounts	\$ 263,714	\$ 219,027
Notes receivable from participants	\$ 125,174	\$ 122,425
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	\$ 1,917	\$ -
<i>Year Ended December 31,</i>	2013	
Net appreciation in fair value of investments	\$ 1,203,477	
Interest income on notes receivable from participants	\$ 5,954	

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

6. Group Annuity Contract with Principal

The Plan entered into a group annuity contract with Principal on July 1, 2005.

A Guaranteed Interest Account will be established for a participant for each type of contribution and transfer directed for each deposit year. No further contributions or transfers will be credited to a Guaranteed Interest Account after the close of the deposit year in which it was established.

MediTech Media, Ltd. USA 401(k) Salary Reduction Plan & Trust

Notes to Financial Statements

The value of a Guaranteed Interest Account of a participant at any time during its Guarantee Period will be equal to the sum of all contributions and transfers to it plus interest less any payments or transfers. Interest will be credited to the investment daily and compounded annually on the last day of each deposit year. The rate of interest credited will be the composite guaranteed rate determined for such investment. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. There are no reserves against contract value for the credit risk of the contract issuer or otherwise. Meanwhile, fair value is the amount plan participants would receive currently if they were to withdraw or transfer funds within the plan prior to their maturity for an event other than death, disability, termination or retirement. The fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. There were no unfunded commitments.

If all or a portion Guaranteed Interest Account is surrendered early and the guaranteed interest rate in effect for contracts of this class for the date of surrender is greater than the composite guaranteed rate of the investment, the amount available will be reduced by a surrender charge detailed in the contract.

The contract crediting rate is established on a yearly basis determined and made available by the issuer in advance. The following are the average yields on the interest accumulation accounts during 2013.

<i>Guaranteed Investment Accounts</i>	2013
Matures December 31, 2013	0.37%
Matures December 31, 2014	0.14%
Matures December 31, 2015	0.11%

7. Related Party Transactions

Certain Plan investments are units of pooled separate account managed by Principal. Therefore, these transactions qualify as party in interest transactions. The Plan paid administrative fees of \$1,625 to Principal during 2013. Fees incurred by the Plan for investment management services are included in net appreciation of fair value of investments. Notes receivable from participants also qualify as exempt party-in-interest transactions.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, no contributions would thereafter be made to the Plan and participants would become 100 percent vested in their employer contributions.

MediTech Media, Ltd. USA 401(k) Salary Reduction Plan & Trust

Notes to Financial Statements

9. Tax Status

The Plan is a non-standardized prototype plan and the Plan prototype has received an opinion letter from the IRS dated March 31, 2008, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related Trust is exempt from taxation. In accordance with Revenue Procedure 2002-6 and Announcement 2001-77, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related Trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

11. Non-Exempt Transactions

During the Plan year ended December 31, 2010, employee withholdings and loan repayments totaling \$21,731 and \$659 respectively, were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company remitted the withholding to the Plan in 2010 and will remit lost earnings to the Plan in 2014.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the MediTech Media, Ltd. USA 401(k) Salary Reduction Plan & Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company ("Principal"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Principal holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Principal as of and for the year ended December 31, 2013, that the information provided to the Plan administrator by Principal is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2013 financial statements. Accordingly, we do not express an opinion on the 2013 financial statements.

Other Matter

The supplemental Schedule H, line 4a-Schedule of Delinquent Participant Contributions and Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2013, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - 2012 Financial Statements

The statement of net assets available for benefits for the year ended December 31, 2012 was not audited, reviewed, or compiled and, accordingly we do not express an opinion or provide any assurance about whether the statement is in accordance with generally accepted accounting principles in the United States of America.

Report on Form and Content in Compliance With DOL Rules and Regulations 2013

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Principal, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

1. Description of the Plan

The following description of the MediTech Media Ltd. USA 401(k) Salary Reduction Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of MediTech Media Ltd. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On January 1, 2013, the Plan qualifies under the 80-120 rule as a large plan and is therefore required to have an audited financial statements for the Plan year ended December 31, 2013. In prior year, the Plan was eligible to file as a small plan with participants under 100 at the beginning of the Plan year. The prior year financial statements were not required to be audited and they were not audited, reviewed or compiled and the auditor assumes no responsibility for them.

Contributions

Each year, participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes a safe harbor matching contribution to the account of each eligible participant in an amount equal to 100 percent of the amount of the participant’s elective deferrals up to 4 percent of the participant’s elective deferrals.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Company’s matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their salary deferrals, rollover contributions plus actual earnings thereon. Vesting in the Company’s matching contributions plus actual earnings thereon is based on years of continuous service, whereby participants vest 50 percent after one year of credited service and are 100 percent vested after two years of credited service.

MediTech Media, Ltd. USA 401(k) Salary Reduction Plan & Trust

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 subject to limitation of 50 percent of the participant's vested account balance. The loans are secured by the balance in the participant's account. Interest rates range from 5.25 percent to 10.25 percent, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, disability, retirement, or in-service withdrawal age 59½, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in substantially equal installments. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. All vested balances less than \$1,000 may be automatically distributed as a lump-sum at the discretion of the Company. Vested balances between \$1,000 and \$5,000 can be rolled over at the discretion of the Company to a qualified individual retirement account.

Forfeited Accounts

Forfeitures by non-vested participants may be used to reduce future employer contributions or used to pay for Plan expenses. At December 31, 2013 and 2012, there were no balances in the forfeiture account. Forfeitures of \$16,480 were utilized during 2013.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

MediTech Media, Ltd. USA 401(k) Salary Reduction Plan & Trust

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. The Plan classifies notes receivable as in default where no repayments have been made by the last day of the calendar quarter after the calendar quarter in which the repayment is due. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

MediTech Media, Ltd. USA 401(k) Salary Reduction Plan & Trust

Notes to Financial Statements

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Guaranteed interest account: Guaranteed interest accounts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. See Note 6.

Pooled separate account: Pooled separate accounts ("PSA") are made up of a wide variety of underlying investments such as equities, preferred stocks, bonds, real estate, and mutual funds. PSAs are valued using the net asset value ("NAV"). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Quoted market prices of the underlying investments are used to value each fund and are based on the net asset value of the shares held by the Plan at the end of the year.

The pooled separate account has sub-accounts or underlying investment options available under the separate account. The fair value of a unit in the sub-account is computed by dividing the proportion of the entire sub-account's market value attributable to all units of that kind, after deduction of any applicable charges, by the number of units of that kind outstanding at the end of a reporting date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at fair value as of December 31, 2013

Total assets at fair value	\$ -	\$ 4,546,381	\$ 219,027	\$ 4,765,408

The fair values of the pooled separate account have been calculated using the net asset value per share of the underlying investments. There are no unfunded commitments as of December 31, 2013 and 2012. The following are descriptions of the underlying investments of the pooled separate account:

Large U.S. Equity: This asset class is generally comprised of investment options that invest in stocks, or shares of ownership in large, well-established, U.S. companies.

Small/Mid U.S. Equity: This asset class is generally comprised of investment options that invest in stocks, or shares of ownership in small to medium-sized U.S. companies.

International Equity: This asset class is comprised of investment options that invest in stocks or shares of ownership in companies with their principal place of business or office outside the United States.

Short-Term Fixed Income: This asset class is generally comprised of short-term, fixed-income investment options that are largely liquid and are designed to not lose much value.

Fixed Income: This asset class is generally comprised of investment options that invest in bonds, or debt of a company or government entity (including U.S. and Non-U.S.).

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2013, there were no transfers within the fair value hierarchy.

MediTech Media, Ltd. USA 401(k) Salary Reduction Plan & Trust

Notes to Financial Statements

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2013:

	Guaranteed Interest Accounts
Balance, beginning of year	\$ 219,027
Purchases	53,451
Sales	(7,310)
Interest income	(1,454)
Balance, end of year	263,714

5. Information Certified by Principal Life Insurance Company

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company ("Principal") has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate.

<i>December 31,</i>	2013	2012 (Unaudited)
Pooled separate accounts	\$ 6,958,764	\$ 4,546,381
Guaranteed interest accounts	\$ 263,714	\$ 219,027
Notes receivable from participants	\$ 125,174	\$ 122,425
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	\$ 1,917	\$ -
<i>Year Ended December 31,</i>	2013	
Net appreciation in fair value of investments	\$ 1,203,477	
Interest income on notes receivable from participants	\$ 5,954	

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

6. Group Annuity Contract with Principal

The Plan entered into a group annuity contract with Principal on July 1, 2005.

A Guaranteed Interest Account will be established for a participant for each type of contribution and transfer directed for each deposit year. No further contributions or transfers will be credited to a Guaranteed Interest Account after the close of the deposit year in which it was established.

MediTech Media, Ltd. USA 401(k) Salary Reduction Plan & Trust

Notes to Financial Statements

The value of a Guaranteed Interest Account of a participant at any time during its Guarantee Period will be equal to the sum of all contributions and transfers to it plus interest less any payments or transfers. Interest will be credited to the investment daily and compounded annually on the last day of each deposit year. The rate of interest credited will be the composite guaranteed rate determined for such investment. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. There are no reserves against contract value for the credit risk of the contract issuer or otherwise. Meanwhile, fair value is the amount plan participants would receive currently if they were to withdraw or transfer funds within the plan prior to their maturity for an event other than death, disability, termination or retirement. The fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. There were no unfunded commitments.

If all or a portion Guaranteed Interest Account is surrendered early and the guaranteed interest rate in effect for contracts of this class for the date of surrender is greater than the composite guaranteed rate of the investment, the amount available will be reduced by a surrender charge detailed in the contract.

The contract crediting rate is established on a yearly basis determined and made available by the issuer in advance. The following are the average yields on the interest accumulation accounts during 2013.

<i>Guaranteed Investment Accounts</i>	2013
Matures December 31, 2013	0.37%
Matures December 31, 2014	0.14%
Matures December 31, 2015	0.11%

7. Related Party Transactions

Certain Plan investments are units of pooled separate account managed by Principal. Therefore, these transactions qualify as party in interest transactions. The Plan paid administrative fees of \$1,625 to Principal during 2013. Fees incurred by the Plan for investment management services are included in net appreciation of fair value of investments. Notes receivable from participants also qualify as exempt party-in-interest transactions.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, no contributions would thereafter be made to the Plan and participants would become 100 percent vested in their employer contributions.

Notes to Financial Statements

9. Tax Status

The Plan is a non-standardized prototype plan and the Plan prototype has received an opinion letter from the IRS dated March 31, 2008, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related Trust is exempt from taxation. In accordance with Revenue Procedure 2002-6 and Announcement 2001-77, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related Trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

11. Non-Exempt Transactions

During the Plan year ended December 31, 2010, employee withholdings and loan repayments totaling \$21,731 and \$659 respectively, were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company remitted the withholding to the Plan in 2010 and will remit lost earnings to the Plan in 2014.
