Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company, the trustee of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from trustee

as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

The financial statements of the plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the trustee. Their report, dated September 30, 2013, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented and compliance with the department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with the modified cash basis of accounting and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HEADLANDS VENTURES, LLC
401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

Note 1 - Description of Plan

The following description of the Headlands Ventures, LLC ('Company') 401(k) Profit Sharing Plan and Trust ('Plan') provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan and was established on July 1, 1999 for the benefit of all eligible employees of the Company. Employees can enroll into the Plan after completion of three consecutive months of service. Generally, the Plan covers all employees of the Company who are at the age 21 or older, except for the employees who are:

- included in a unit of employees covered by the terms of a collective bargaining agreement; or
- non-resident aliens who received no earned income from the Company; or
- employees as a result of an asset or stock acquisition, merger, or similar transaction.

It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Participants' contributions

Participants may contribute up to $17,500 of the pre-tax annual compensation for the year ended December 31, 2013. Participants who have attained age 50 before the end of plan year are eligible to make an additional catch up contribution with an amount up to $5,500 for the year ended December 31, 2013. Participants may also contribute amounts representing distribution from other qualified defined benefit or contribution plans.

c. Employer's contributions

Each plan year, the Company may contribute, as determined by the Board of Directors, to the Plan based on the total compensation of all the participants eligible to receive an allocation. The Company may, at its discretion, make qualified non-elective contributions to participants who are not highly compensated employees. The Company may also make profit sharing contributions to all qualified participants at its discretion. Both qualified non-elective and profit sharing contributions will be allocated to the participants according to the ratio that the participant's compensation for the plan year bears to the total compensation of all participants for such plan year. For the year ended December 31, 2013, no employer's qualified non-elective and profit sharing contributions was made.

Note 1 - Description of Plan (continued)

d. Participant accounts

Each participant's account is credited with the participants and employer's contributions, and allocations of gains or losses from investments. The allocations are based on terms as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately and fully vested in their contributions and gains or losses thereon allocated to their accounts. Participants vest in the employer's discretionary contributions according to the following schedule:

Years of Employment	Vested Percentages
1	25%
2	50%
3	75%
4	100%

Participants will be fully vested with the employer's discretionary contributions in the event of death, disability, attainment of normal retirement age or complete or partial termination of the Plan.

f. Forfeitures

Forfeitures represent the non-vested portion of terminated participants' account balances. These amounts can be used to pay for plan administrative expenses or to reduce future employer matching or discretionary contributions to the Plan.

g. Investment options

Participants can direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers thirty pre-selected mutual funds and two common/collective trusts as investment options for the participants. Participants may change their investment options and allocations at any time.

Note 1 - Description of Plan (continued)

h. Rollovers

With the approval of the plan administrator, the Plan may receive any amounts received by an employee as distribution from another qualified plan provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

i. Notes receivable from participants

All participants with a vested balance of at least $2,000, except stockholders who own 5% or more stock of the Company, may borrow from their accounts. Loan fees and interest due are paid by the participant. Each participant may have only one loan outstanding at any given time. The minimum loan amount is $1,000 but not exceeding the lesser of:

- one-half of the participant's vested account balance; or
- $50,000 (reduced by the highest outstanding loan balance during the one year period ending on the day the loan agreement is executed).

The maximum repayment period is generally 5 years for a general purpose loan. If the loan is obtained for the purpose of purchasing a primary residence, the maximum repayment period is 30 years. The loan will bear interest at a fixed rate of 1% above the prime rate as published on the first business day of the month. Principal and interest are paid ratably through payroll deductions on a per pay period basis. Borrower may prepay all or a portion of the outstanding loan without penalty. All loans are secured by 50% of the participant's vested account balance.

j. Payment of benefits

Upon separation from employment due to termination of employment, death, disability, retirement or attainment of the age of 59 ½, the participant has three options concerning the account balance when a distribution is made:

- The participant may elect to roll the vested account balance to another qualified retirement plan or to an individual retirement account;
- The participant may elect to have the vested account balance distributed and income taxes will be withheld accordingly; or
- If the account balance is greater than $5,000, the participant can leave the vested account balance in the Plan until the participant authorizes a distribution.

Note 1 - Description of Plan (continued)

j. Payment of benefits (continued)

The Plan allows participants to take an in-service withdrawal even if they are actively employed with the Company upon attainment of the age of 59 ½ , employer profit sharing and contributions may be withdrawn from the account.

The Plan does not allow for hardship withdrawals.

k. Administration and costs of plan administration

The Company and the Plan trustee are responsible for administering the Plan.

The Company absorbs all costs of Plan administration. Accordingly, such expenses are not reported in the Plan's statement of changes in net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies

a. Basis of accounting and use of accounting estimates

The Plan maintains its accounting records on the accrual method of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

As described in Financial Accounting Standards Board (FASB) Staff Position AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare and Pension Plans, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's Statement of Net Assets Available for Benefits present the fair value of these investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Note 2 - Summary of Significant Accounting Policies (continued)

b. Recent Accounting Pronouncements

In May 2011, the FASB issued ASU No. 2011-04, "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards." ASU 2011-04 was issued to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. This pronouncement is effective for reporting periods beginning on or after December 15, 2011, with early adoption prohibited. The new guidance will require prospective application. The Plan is currently evaluating the effect that the provisions of this pronouncement will have on its financial statements.

In October 2012, the FASB issued new accounting guidance ASU No. 2012-04, "Technical Corrections and Improvements". ASU 2012-04 was issued to provide amendments of a wide range of topics in FASB ASC, including FASB ASC 962, "Plan Accounting – Defined Contribution Pension Plans". These amendments are presented in two sections – "Technical Corrections and Improvements" and "Conforming Amendments Related to Fair Value Measurements". The amendments in ASU No. 2012-04 relating to defined contribution plans that contain transition. This ASU includes the addition of "Pending Content" in FASB ASU 962-325-35-IA which states that if significant, the fair value of an investment should be reduced by brokerage commissions and other costs normally incurred in a sale (similar to fair value less cost to sell).

c. Investment valuation and income recognition

Investments in mutual funds are stated at fair market value. Shares of mutual funds are valued at quoted market prices, which represent the net asset of value of shares held by the Plan at the end of the plan year. Common/collective trusts are valued at the NAV of shares of a bank collective trust held by the plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Participant loans are valued at amortized cost, which represents fair value. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of investments, which consists of realized gain or losses and unrealized appreciation (depreciation) on those investments.

Note 2 - Summary of Significant Accounting Policies (continued)

d. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

e. Net appreciation (depreciation) in fair value of investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

f. Risks and uncertainties

The Plan provides various funds that hold investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

g. Participant distributions

Benefits paid to participants are recorded when paid.

Note 3 - Investments

Individual investments that represent 5% or more of the fair value of net assets available for benefits at the end of the plan year are as follows for the years ended December 31, 2013 and 2012:

	2013	2012
Investments at fair value as determined by quoted market prices:		
Franklin Templeton Conservation Allocation Class R	$ 440,176	$ 472,012
Franklin Growth Allocation Class R	195,865	128,166
Franklin Templeton Moderate Allocation Class R	127,951	80,413
Oppenheimer Discovery Mid Cap Growth Class N		48,520
Franklin High Income Class R	113,758	
Franklin Rising Dividends Class R	92,128	

Note 3 - Investments (continued)

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,364,275 as follows:

Mutual funds	1,355,011
Common/collective trusts	9,264
Net appreciation in fair value of investments	$ 1,364,275

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, "Fair Value Measurements" (Formerly SFAS No. 157) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correction or other means.

Level 3: If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 - Fair Value Measurements (continued)

Common/collective trusts: valued at the NAV of units of a bank collective trust. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sale) may occur daily. When the Plan initiates a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table lists the fair value of investment assets as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Registered Investments	$ 1,364,275			1,364,275
Common/collective trusts		$ 58,098		58,098
Total assets at fair value	$ 1,364,275	$ 58,098		$ 1,422,373

The following table lists the fair value of investment assets as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
Registered Investments	$ 953,037			953,037
Common/collective trusts		$ 24,919		24,919
Total assets at fair value	$ 953,037	$ 24,919		$ 977,956

Note 5 - Investment in Stable Value Assets

The Plan invests in stable value assets that include traditional bank or insurance company-issued guaranteed investment contracts or synthetic investment contracts.

Stable value asset investment is fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan terminations or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or the plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 6 - Notes Receivable from Participants

The Plan permits its participants to obtain loans against their account balances. Loans to participants are collateralized by the respective participant's remaining account balance. The loans bear interest rates ranging from 4.25% to 6.25%. The value of notes receivable was measured at their unpaid balances plus any accrued but unpaid interest. As of December 31, 2013 and 2012, total loans outstanding were $41,350 and $63,794, respectively. During the year ended December 31, 2013, interest earned on such loans was $2,779.

Note 7 - Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to Form 5500:

	2013	2012

Net assets available for benefits per Schedule H of Form 5500	$ 1,463,723	$ 1,041,744

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the year ended December 31, 2013 to Form 5500:

Note 7 - Reconciliation of Financial Statements to Schedule H of Form 5500 (continued)

Participant contribution receivable as of 12/31/2012	4,960
Adjustment from fair value to contract value for fully benefit-responsive investment contracts - 2013	141
Net increase in net assets available for benefits per Form 5500	$ 421,979

Note 8 - Party-in-Interest Transactions

The Plan has outstanding notes receivable from participants that are classified as party-in-interest transactions as defined in Section 3(14) of ERISA which are secured by balances in the participants' accounts.

Note 9 - Income Tax Status

The Plan had obtained its determination letter, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes was provided in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the plan. The financial statement effects of a tax position are recognized when the position is more likely than note, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 10 - Plan Termination

Presently, the Company has no intention to terminate the Plan but it reserves the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

Note 11 - Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian:

Note 12 - Subsequent Events

The Plan has evaluated subsequent events through September 26, 2014, the date which the financial statements were available to be issued.
