EQUITY GROUP – ALABAMA DIVISION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2013 and 2012

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Equity Group – Alabama Division Money Purchase Pension Plan (the “Plan”) provides only general information. The Plan sponsor is Keystone Foods LLC (the “Company”). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] General:

The Plan is a money purchase pension plan covering eligible employees who have completed at least one year of service and are at least 18 years of age. An eligible employee is defined as any employee who is (a) compensated on an hourly basis, (b) employed by the Equity Group - Alabama Division of the Company and (c) covered by the Collective Bargaining Agreement. An employee will become eligible to enter the Plan on the first day of the calendar month coinciding with, or subsequent to, the date the participant meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The trustee and recordkeeper of the Plan is Vanguard Fiduciary Trust Company.

[2] Employer contributions:

The Company contributes a set amount for each calendar month in which an eligible employee completes at least five days of service. The amount is set as a provision of the union contract which expired in March 2013 and was renewed through March 2017. The contract states that each eligible employee will receive a contribution equal to \$42 per month from January 1, 2013 to December 31, 2013.

[3] Participant accounts:

Individual accounts are maintained for each of the Plan's participants to include the employer's contributions, as well as the participant's share of the Plan's investment income and expenses. Participants are provided with a selection of mutual funds held by Vanguard Fiduciary Trust Company (“Vanguard”) in which to invest contributions. Earnings are credited to each participant's account based upon the performance of the respective funds selected by the participant. Each investment account is revalued daily on the basis of fair market value and accounts are adjusted accordingly.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their investment options at any time.

[4] Vesting:

Participants become vested in the employer contributions and the earnings or losses thereon over a five-year vesting schedule as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	100%

EQUITY GROUP – ALABAMA DIVISION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2013 and 2012

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[5] Benefit payments:

Upon termination of service due to death, disability, retirement (age 65) or early retirement (age 55 with 10 years of service), a participant (or the beneficiary) may receive the value of the vested interest in his or her account as a joint and survivor annuity, a single life annuity or a lump-sum distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

[6] Forfeitures:

If a participant permanently terminates his or her employment for reasons other than death, disability, or retirement, and the participant is not fully vested, the nonvested balance in his or her account is forfeited as of the last day of the Plan year in which the termination occurred. Forfeitures of terminated participants' nonvested employer contributions will first be used to reinstate previously forfeited accounts of former participants rehired prior to a five-year break in service or will be used to pay administrative expenses; any remaining amounts will be allocated equally among the accounts of all active, deceased, disabled or retired participants as of the last day of the Plan year. As of December 31, 2013 and 2012, forfeited nonvested accounts available were approximately \$38,800 and \$31,200, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The accompanying financial statements are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The fair value of fully benefit-responsive contracts approximates the contract value.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements December 31, 2013 and 2012

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Certain expenses incurred in connection with the administration of the Plan are paid by the Company.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Vanguard Fiduciary Trust Company, one of the trustees of the Plan, has certified to the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, the statement of changes in net assets available for benefits for the year ended December 31, 2013 and the supplemental schedule of assets (held at end of year) as of December 31, 2013.

Notes to Financial Statements December 31, 2013 and 2012

NOTE E - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2013 and 2012.

Registered investment companies – Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust – The Plan invests in the Vanguard Retirement Savings Trust ("VRST"), which is a common/collective trust. The VRST seeks stability of principal and a high level of current income consistent with a 2-3 year average maturity. The trust is a tax-exempt collective trust invested primarily in investment contracts issued by insurance companies and commercial banks, and similar types of fixed-principal investments. The VRST invests solely in the Vanguard Retirement Master Trust (the "Trust"). The VRST's value in the Trust is valued at the NAV of the units in the trust. The NAV, as provided by Vanguard, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the Trust, less its liabilities. As of December 31, 2013 and 2012, the Trust investments are comprised of alternative investment contracts, traditional insurance contracts as well as cash equivalents of approximately 93%, 2% and 5%, and 91%, 3% and 6%, respectively. There are no unfunded commitments related to the VRST. If the Plan were to make a full accumulated book value withdrawal from the VRST, a written request must be made twelve months prior to the designated valuation date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Changes in fair value levels:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the year ended December 31, 2013, there were no transfers into or out of Levels 1, 2 or 3.

Notes to Financial Statements December 31, 2013 and 2012

NOTE F - TAX STATUS

On February 13, 2012, the Plan obtained its latest determination letter in which the Internal Revenue Service stated that the related trust, as established under that Plan, was in compliance with the applicable requirements of the Internal Revenue Code. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are shares of registered investment companies and a common/collective trust managed by Vanguard. Vanguard is a trustee as defined by the Plan and, therefore, transactions related to these investments qualify as party-in-interest transactions.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as of December 31, 2013 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - REGISTERED INVESTMENT COMPANIES FEES

Investments in registered investment companies (mutual funds) are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

EQUITY GROUP – ALABAMA DIVISION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2013 and 2012

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Company shall make no further contributions to the Plan and participants would become immediately vested in their employer contributions.

NOTE K - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2014, which is the date the financial statements were available to be issued.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Vanguard Fiduciary Trust Company ("Vanguard"), one of the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that this trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Vanguard as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the Plan administrator by Vanguard is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2013, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Notes to Financial Statements December 31, 2013 and 2012

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Equity Group – Alabama Division Money Purchase Pension Plan (the “Plan”) provides only general information. The Plan sponsor is Keystone Foods LLC (the “Company”). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] General:

The Plan is a money purchase pension plan covering eligible employees who have completed at least one year of service and are at least 18 years of age. An eligible employee is defined as any employee who is (a) compensated on an hourly basis, (b) employed by the Equity Group - Alabama Division of the Company and (c) covered by the Collective Bargaining Agreement. An employee will become eligible to enter the Plan on the first day of the calendar month coinciding with, or subsequent to, the date the participant meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The trustee and recordkeeper of the Plan is Vanguard Fiduciary Trust Company.

[2] Employer contributions:

The Company contributes a set amount for each calendar month in which an eligible employee completes at least five days of service. The amount is set as a provision of the union contract which expired in March 2013 and was renewed through March 2017. The contract states that each eligible employee will receive a contribution equal to \$42 per month from January 1, 2013 to December 31, 2013.

[3] Participant accounts:

Individual accounts are maintained for each of the Plan's participants to include the employer's contributions, as well as the participant's share of the Plan's investment income and expenses. Participants are provided with a selection of mutual funds held by Vanguard Fiduciary Trust Company (“Vanguard”) in which to invest contributions. Earnings are credited to each participant's account based upon the performance of the respective funds selected by the participant. Each investment account is revalued daily on the basis of fair market value and accounts are adjusted accordingly.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their investment options at any time.

[4] Vesting:

Participants become vested in the employer contributions and the earnings or losses thereon over a five-year vesting schedule as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	100%

EQUITY GROUP – ALABAMA DIVISION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2013 and 2012

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[5] Benefit payments:

Upon termination of service due to death, disability, retirement (age 65) or early retirement (age 55 with 10 years of service), a participant (or the beneficiary) may receive the value of the vested interest in his or her account as a joint and survivor annuity, a single life annuity or a lump-sum distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

[6] Forfeitures:

If a participant permanently terminates his or her employment for reasons other than death, disability, or retirement, and the participant is not fully vested, the nonvested balance in his or her account is forfeited as of the last day of the Plan year in which the termination occurred. Forfeitures of terminated participants' nonvested employer contributions will first be used to reinstate previously forfeited accounts of former participants rehired prior to a five-year break in service or will be used to pay administrative expenses; any remaining amounts will be allocated equally among the accounts of all active, deceased, disabled or retired participants as of the last day of the Plan year. As of December 31, 2013 and 2012, forfeited nonvested accounts available were approximately \$38,800 and \$31,200, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The accompanying financial statements are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The fair value of fully benefit-responsive contracts approximates the contract value.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Certain expenses incurred in connection with the administration of the Plan are paid by the Company.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Vanguard Fiduciary Trust Company, one of the trustees of the Plan, has certified to the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, the statement of changes in net assets available for benefits for the year ended December 31, 2013 and the supplemental schedule of assets (held at end of year) as of December 31, 2013.

NOTE D - INVESTMENTS

Single investments representing 5% or more of the Plan's net assets as of December 31, 2013 and 2012 are as follows:

	<u>2013</u>	<u>2012</u>
Vanguard Target Retirement 2015 Fund	\$ *	\$ 87,269

NOTE E - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2013 and 2012.

Registered investment companies – Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust – The Plan invests in the Vanguard Retirement Savings Trust ("VRST"), which is a common/collective trust. The VRST seeks stability of principal and a high level of current income consistent with a 2-3 year average maturity. The trust is a tax-exempt collective trust invested primarily in investment contracts issued by insurance companies and commercial banks, and similar types of fixed-principal investments. The VRST invests solely in the Vanguard Retirement Master Trust (the "Trust"). The VRST's value in the Trust is valued at the NAV of the units in the trust. The NAV, as provided by Vanguard, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the Trust, less its liabilities. As of December 31, 2013 and 2012, the Trust investments are comprised of alternative investment contracts, traditional insurance contracts as well as cash equivalents of approximately 93%, 2% and 5%, and 91%, 3% and 6%, respectively. There are no unfunded commitments related to the VRST. If the Plan were to make a full accumulated book value withdrawal from the VRST, a written request must be made twelve months prior to the designated valuation date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F - TAX STATUS

On February 13, 2012, the Plan obtained its latest determination letter in which the Internal Revenue Service stated that the related trust, as established under that Plan, was in compliance with the applicable requirements of the Internal Revenue Code. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are shares of registered investment companies and a common/collective trust managed by Vanguard. Vanguard is a trustee as defined by the Plan and, therefore, transactions related to these investments qualify as party-in-interest transactions.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as of December 31, 2013 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - REGISTERED INVESTMENT COMPANIES FEES

Investments in registered investment companies (mutual funds) are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Company shall make no further contributions to the Plan and participants would become immediately vested in their employer contributions.

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Vanguard Fiduciary Trust Company ("Vanguard"), one of the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that this trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Vanguard as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the Plan administrator by Vanguard is complete and accurate.

EQUITY GROUP – ALABAMA DIVISION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2013 and 2012

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Equity Group – Alabama Division Money Purchase Pension Plan (the “Plan”) provides only general information. The Plan sponsor is Keystone Foods LLC (the “Company”). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] General:

The Plan is a money purchase pension plan covering eligible employees who have completed at least one year of service and are at least 18 years of age. An eligible employee is defined as any employee who is (a) compensated on an hourly basis, (b) employed by the Equity Group - Alabama Division of the Company and (c) covered by the Collective Bargaining Agreement. An employee will become eligible to enter the Plan on the first day of the calendar month coinciding with, or subsequent to, the date the participant meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The trustee and recordkeeper of the Plan is Vanguard Fiduciary Trust Company.

[2] Employer contributions:

The Company contributes a set amount for each calendar month in which an eligible employee completes at least five days of service. The amount is set as a provision of the union contract which expired in March 2013 and was renewed through March 2017. The contract states that each eligible employee will receive a contribution equal to \$42 per month from January 1, 2013 to December 31, 2013.

[3] Participant accounts:

Individual accounts are maintained for each of the Plan's participants to include the employer's contributions, as well as the participant's share of the Plan's investment income and expenses. Participants are provided with a selection of mutual funds held by Vanguard Fiduciary Trust Company (“Vanguard”) in which to invest contributions. Earnings are credited to each participant's account based upon the performance of the respective funds selected by the participant. Each investment account is revalued daily on the basis of fair market value and accounts are adjusted accordingly.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their investment options at any time.

[4] Vesting:

Participants become vested in the employer contributions and the earnings or losses thereon over a five-year vesting schedule as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	100%

EQUITY GROUP – ALABAMA DIVISION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2013 and 2012

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[5] Benefit payments:

Upon termination of service due to death, disability, retirement (age 65) or early retirement (age 55 with 10 years of service), a participant (or the beneficiary) may receive the value of the vested interest in his or her account as a joint and survivor annuity, a single life annuity or a lump-sum distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

[6] Forfeitures:

If a participant permanently terminates his or her employment for reasons other than death, disability, or retirement, and the participant is not fully vested, the nonvested balance in his or her account is forfeited as of the last day of the Plan year in which the termination occurred. Forfeitures of terminated participants' nonvested employer contributions will first be used to reinstate previously forfeited accounts of former participants rehired prior to a five-year break in service or will be used to pay administrative expenses; any remaining amounts will be allocated equally among the accounts of all active, deceased, disabled or retired participants as of the last day of the Plan year. As of December 31, 2013 and 2012, forfeited nonvested accounts available were approximately \$38,800 and \$31,200, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The accompanying financial statements are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The fair value of fully benefit-responsive contracts approximates the contract value.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Certain expenses incurred in connection with the administration of the Plan are paid by the Company.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Vanguard Fiduciary Trust Company, one of the trustees of the Plan, has certified to the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, the statement of changes in net assets available for benefits for the year ended December 31, 2013 and the supplemental schedule of assets (held at end of year) as of December 31, 2013.

NOTE D - INVESTMENTS

Single investments representing 5% or more of the Plan's net assets as of December 31, 2013 and 2012 are as follows:

	<u>2013</u>	<u>2012</u>
Vanguard Target Retirement 2015 Fund	\$ *	\$ 87,269
Vanguard Target Retirement 2020 Fund	125,074	106,173
Vanguard Target Retirement 2025 Fund	186,445	144,320
Vanguard Target Retirement 2030 Fund	152,015	139,897
Vanguard Target Retirement 2035 Fund	175,585	135,318
Vanguard Target Retirement 2040 Fund	151,114	120,288
Vanguard Target Retirement 2045 Fund	140,787	108,014
Vanguard Target Retirement 2050 Fund	145,419	107,891

* Less than 5% of net assets available for benefits.

During 2013, the Plan's investments in registered investment companies (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by approximately \$180,400.

EQUITY GROUP – ALABAMA DIVISION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2013 and 2012

NOTE E - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2013 and 2012.

Registered investment companies – Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust – The Plan invests in the Vanguard Retirement Savings Trust ("VRST"), which is a common/collective trust. The VRST seeks stability of principal and a high level of current income consistent with a 2-3 year average maturity. The trust is a tax-exempt collective trust invested primarily in investment contracts issued by insurance companies and commercial banks, and similar types of fixed-principal investments. The VRST invests solely in the Vanguard Retirement Master Trust (the "Trust"). The VRST's value in the Trust is valued at the NAV of the units in the trust. The NAV, as provided by Vanguard, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the Trust, less its liabilities. As of December 31, 2013 and 2012, the Trust investments are comprised of alternative investment contracts, traditional insurance contracts as well as cash equivalents of approximately 93%, 2% and 5%, and 91%, 3% and 6%, respectively. There are no unfunded commitments related to the VRST. If the Plan were to make a full accumulated book value withdrawal from the VRST, a written request must be made twelve months prior to the designated valuation date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements December 31, 2013 and 2012

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

Total investment assets at fair value	<u>\$ 1,070,485</u>	<u>\$ 85</u>	<u>\$ -</u>	<u>\$ 1,070,570</u>

Changes in fair value levels:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the year ended December 31, 2013, there were no transfers into or out of Levels 1, 2 or 3.

EQUITY GROUP – ALABAMA DIVISION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2013 and 2012

NOTE F - TAX STATUS

On February 13, 2012, the Plan obtained its latest determination letter in which the Internal Revenue Service stated that the related trust, as established under that Plan, was in compliance with the applicable requirements of the Internal Revenue Code. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are shares of registered investment companies and a common/collective trust managed by Vanguard. Vanguard is a trustee as defined by the Plan and, therefore, transactions related to these investments qualify as party-in-interest transactions.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as of December 31, 2013 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - REGISTERED INVESTMENT COMPANIES FEES

Investments in registered investment companies (mutual funds) are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

EQUITY GROUP – ALABAMA DIVISION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2013 and 2012

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Company shall make no further contributions to the Plan and participants would become immediately vested in their employer contributions.

NOTE K - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2014, which is the date the financial statements were available to be issued.
