NOTE 1 DESCRIPTION OF PLAN

The following brief description of the CCARE 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan providing retirement benefits covering substantially all employees who meet certain eligibility requirements of CCARE, Inc. (the "Company"). All employees who are age twenty one years or older are eligible to participate after the completion of 1 year of employment and a minimum of 1,000 hours during the year. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for the oversight of the Plan.

Contributions

Each year, participants may contribute up to 75% of compensation, subject to certain IRS limits. All elective deferrals will specify type (either Pre-Tax Elective Deferrals, After-Tax Roth Elective Deferrals, or a specific combination). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, which are not eligible for employer matching contributions. Upon enrollment in the Plan, a participant may direct contributions to available investment options. Participants may change the investment mix on any business day, as defined by the Plan. Participants may also rollover distributions from other qualified defined benefit or defined contribution plans. Each Plan Year, the Employer shall contribute to the Plan and allocate to each eligible participant a non-elective safe harbor contribution equal to 3% of eligible participants' compensation during the Plan year. The Company has the discretion to make an Employer Discretionary Contribution to the Plan. For 2013, the Company elected to give non-highly compensated employees an additional 2% discretionary non-elective contribution. The Company has the option of making discretionary matching profit sharing contributions to the Plan, which cannot exceed 4% of compensation for the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in all employee contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest at 20 percent per year beginning in their second year of service and become 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts up to the lesser of \$50,000 or 50% of the their vested account balances. Notes Receivable from Participants are secured by the respective participant's vested account balance and are subject to interest charges. Notes are paid ratably through payroll deductions over a term not to exceed five years, or ten years for Notes used for the purchase of a primary residence. Interest rates on Notes Receivable from Participants as of December 31, 2013 were 4.25% and mature through November 16, 2018.

Payment of Benefits

On termination of service, a participant's vested account balance will be paid out in a lump-sum distribution if their vested interest in the Plan does not exceed \$1,000. For amounts over \$1,000, the balance will remain in the plan for sixty days until other options are selected. Participants may also receive distributions due to hardship, subject to approval, as defined by the Plan.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$3,901 and \$9,793 respectively. These accounts will be used to reduce future employer contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan maintains its accounts on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles. The significant accounting policies followed are discussed below.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012**

Page 7

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair market value. The fair value of a financial instrument is the amount that would be received upon sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The plan has evaluated subsequent events through October 13 2014, the date of the financial statements were available to be issued.

NOTE 3 INVESTMENTS

The following investments represent five percent (5%) or more of the Plan's net assets as of December 31:

	<u>2013</u>	<u>2012</u>
Russell Lifepoints 2020	\$ 1,979,686	\$ 1,789,471
Russell Lifepoints 2030	1,634,192	1,166,244
Vanguard Growth Index Signal	748,546	524,881
Brown Capital Management Small	603,547	N/A
Pimco Total Return Instl Class	552,430	N/A

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated by \$1,359,550 as follows:

Mutual Funds	\$ 1,358,107
Common/Collective Trusts	1,443
Total net appreciation in fair value of investments	<u><u>1,359,550</u></u>

NOTE 4 FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**CCARE 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012**

Page 9

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, noting investments held in the Plan primarily consist of mutual funds. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31 2013:

	Level I	Level II	Level III	Total
Mutual Fund	\$ 10,720,078	\$ 0	\$ 0	\$ 10,720,078
Collective Trust Fund	\$ 0	\$ 248,230	\$ 0	\$ 248,230

Total investments at fair value	\$ 8,871,862	\$ 217,335	\$ 0	\$ 9,089,197

NOTE 5 PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are held and managed by Charles Schwab Bank. Charles Schwab is the contract administrator as defined by the plan and, therefore, all purchases and sales of investments qualify as party-in-interest transactions.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 TAX STATUS

The Plan is a volume submitter basic savings plan. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible the changes in the values of these investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
