REPORT OF INDEPENDENT AUDITORS

Pension Committee
Major League Baseball—Minor League Players Pension Plan

We have audited the accompanying financial statements of the Minor League Players Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2013, and the changes in its net assets available for benefits for the year then ended, and the financial status of the Plan at December 31, 2012, and the changes in its financial status for the year then ended, in conformity with U.S. generally accepted accounting principles.

Supplemental Schedules

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedules of assets (held at end of year) of the Group Trust as of December 31, 2013, and reportable transactions of the Group Trust for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 PLAN DESCRIPTION

The Major League Baseball—Minor League Players Pension Plan (the Plan or the Minor League Plan) is a noncontributory multiple-employer, defined-benefit pension plan intended to meet the qualification requirements of Section 401(a) of the Internal Revenue Code (the Code) of 1986, as amended. The Plan was established to provide retirement and death benefits to eligible minor league players listed on the roster of any minor league baseball club affiliated with Major League Baseball (collectively, the "Participating Clubs" and individually, a "Club") on or after January 1, 2008. Except as expressly provided herein, events occurring prior to January 1, 2008 shall be governed by the Major League Baseball Pension Plan for Non-Uniformed Personnel (the NUPP or the Prior Plan) in effect at the time the event occurred. The Plan, as a multiple-employer plan, provides benefits to minor league players employed by any Club.

In 2008, assets were spun off from the single-employer plans of Participating Clubs who had adopted the NUPP to establish the Minor League Plan.

The Code Section 415(b) maximum benefit limit was $205,000 and $200,000 for 2013 and 2012, respectively.

The Plan is presently administered by a nine-member Pension Committee consisting of the executive vice president of administration and chief information officer, the chief financial officer and the general counsel, all of the Office of the Commissioner of Baseball (BOC), and six individuals appointed by a majority vote of the Participating Employers.

The investments of the Plan are held by U.S. Bank (the Trustee), for the various Participating Employer's plans in the Major League Baseball Group Pension Trust (the Group Trust; see Note 3).

The Participating Clubs have agreed to voluntarily contribute such amounts as are necessary to provide assets sufficient to meet the benefits expected to be paid to participants employed by the Participating Clubs. Contributions by the Participating Clubs are not to be used to pay benefits to participants employed by any other Participating Clubs. Such contributions are made in amounts sufficient to meet the minimum funding requirements set forth in the Employee Retirement Income Security Act of 1974, plus such additional amounts as may be determined to be appropriate from time to time. Such minimum funding requirements have been met for 2013 and 2012.

NOTE 1 PLAN DESCRIPTION *(continued)*

Eligible employees participate in the Plan after they have attained age 21 and have completed one year of eligible service. Benefits under the Plan fully vest upon completion of five years of vesting service, which includes cumulative years of service prior to establishment of the applicable Plan.

Should the Plan terminate at some future time, its net assets will generally not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of these benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (the PBGC) at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC's benefit guarantee, while other benefits may not be provided for at all.

Effective December 1, 2010, the Pension Committee of the NUPP agreed to transfer inactive minor league players from the NUPP to the Plan. The transfer reallocates the assets of those inactive minor league players from the NUPP to the Plan, within the Group Trust. For the year ended, December 31, 2013, the remaining plan assets of $5.2 million associated with those participants were finalized and transferred to the Plan.

Additional information about the Plan, including the vesting and benefit provisions and the PBGC's benefit guarantee, is available through the Participating Clubs or the BOC and related Plan documents.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 6) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees through the valuation date (January 1 of each year). Accumulated plan benefits include benefits expected to be paid to: (a) retired employees or their designated beneficiaries and (b) present employees or their designated beneficiaries. Monthly benefits are determined by a formula provided for in the Plan document. Such monthly benefits are limited under Internal Revenue Service (IRS) guidelines in 2013 and 2012 to the lesser of $17,083 and $16,667, respectively, or the employees' highest average monthly compensation for three consecutive years that the participant is employed by the respective Club. Benefits payable are included in accumulated plan benefits to the extent they are deemed attributable to employee service rendered to the valuation date.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) in the U.S. requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investments and Valuation

The Plan participates in the Group Trust, as further described in Note 3. The Plan records its interest in investments of the Group Trust at fair value.

Investments held by the Group Trust are stated at fair value. Fair value is defined as the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned and dividends are recorded on the ex-dividend date. Net investment gain includes gains and losses on investments bought and sold as well as held during the year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Investments and Valuation *(continued)*

The Pension Committee is responsible for determining the Group Trust's valuation policies and analyzing information provided by the investment managers and issuers that is used to determine the fair value of the Group Trust's investments. Refer to Note 4 for the valuation techniques and inputs used by the Pension Committee for the instruments categorized within Level 3 of the fair value hierarchy.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

New Accounting Pronouncements

In January 2013, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2013-01, *Clarifying the Scope of Disclosures about Offsetting Assets and Liabilities*. This update amends Accounting Standards Codification (ASC) 210, *Balance Sheet*, specifically the disclosure requirements created by ASU 2011-11, *Disclosures About Offsetting Assets and Liabilities*, issued by the FASB in December 2011. This update clarifies the scope of the disclosure requirements to be applicable to derivatives, including bifurcated embedded derivatives, repurchase agreements and reverse repurchase agreements, and securities borrowing and securities lending transactions that are either offset in accordance with Section 210-20-45 or Section 815-10-45 or are subject to a master netting arrangement or similar agreement. The disclosure requirements are effective for fiscal years beginning on or after January 1, 2013 and are required to be provided retrospectively for all comparative periods presented. The adoption of this guidance did not have a material impact on the Plan's financial statements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Subsequent Events

Management evaluated subsequent events for the Plan through October 13, 2014, the date the financial statements were available to be issued.

NOTE 3 INVESTMENTS

Contributions received from the Participating Clubs are deposited with the Trustee. The assets are invested as part of the Group Trust. Each plan participating in the Group Trust owns a percentage of the underlying assets of the Group Trust and not the individual assets themselves. The assets of the Group Trust are comprised of investments in common stocks, equity mutual funds, government obligations, corporate bonds and notes, hedge funds, collective investment funds, interest rate swaps, and cash and cash equivalents.

The assets of the Plan are not guaranteed as to principal or income. Investment income and all gains and losses, whether or not realized, are recognized on the accrual basis.

NOTE 3 INVESTMENTS *(continued)*

With respect to investments in the Group Trust, on a quarterly basis, each plan's net assets are remeasured. This is done by first adjusting the plan's beginning balance for employer-specific items, such as contributions, benefit payments, withdrawals, and any specific expenses incurred. Investment income and loss, investment fees and expenses, and realized and unrealized gains or losses on investments are then allocated to each plan based on the percentage of its fair value to the combined fair value of all plans participating in the Group Trust. At December 31, 2013 and 2012, the individual plan's owned the following portions of the total fair value of the underlying investments comprising the Group Trust:

	Individual Plan's Ownership % in Group Trust

Investment managers exercise discretionary authority, subject to certain limitations, for the purchase, sale, and management of the investments of the Group Trust that have been allocated to them for such purposes. Provisions relating to this discretionary authority and a representation by each of the investment managers that it is duly registered with the SEC pursuant to the Investment Advisers Act of 1940, as amended, are contained within respective agreements entered into with each investment manager.

NOTE 3 INVESTMENTS *(continued)*

Certain investment managers are authorized to use derivative financial instruments, either directly or within a commingled fund structure, within established guidelines. Derivative financial instruments may be used to manage interest rate and foreign exchange risk. The derivative financial instruments are recorded as other investments either as an asset or a liability, depending upon whether the instrument is in a gain or loss position. Changes in the fair value of derivative financial instruments are recorded in the statements of changes in net assets available for benefits; therefore, no gains or losses are deferred. At December 31, 2013 and 2012, the Group Trust held less than 1% of the total fair value of its investments in derivative financial instruments.

NOTE 4 FAIR VALUE MEASUREMENTS

Fair value is defined under ASC 820 as the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy in ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

NOTE 4 FAIR VALUE MEASUREMENTS *(continued)*

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation methodologies used for investments measured at fair value pursuant to the fair value hierarchy, including associated inputs for Level 3 investments:

Common stocks and equity mutual funds, government obligations, and corporate bonds and notes are determined by obtaining quoted prices in an active market.

Treasury securities are valued using the consensus and matrix pricing method. The inputs (quoted, spread, and data points for yield curves) to these methods can be considered to be observable market-based data.

Municipal securities are valued daily using institutional bid evaluations. Bid evaluations are an estimated price at which a dealer would pay for a security. Corrobborated, indicative market observable data such as reported sales of similar securities, broker and dealer quotes, market information, including live trading levels, are used when available to estimate the institutional bid evaluation. These investments are classified as Level 1 investments in the fair value hierarchy.

Hedge fund fair values are valued at the net asset value (NAV) per unit based on the fair value of the underlying investments. The underlying investments are primarily in publicly traded securities, which are valued at the closing price reported on the active market on which the individual securities are traded. In addition, these funds may have underlying investments in non-publicly traded securities for which quoted prices are not readily available. Such securities are valued by the investment management firm at an amount that approximates fair value generally based on the verifiable fair value of similar securities at the valuation date.

NOTE 4 FAIR VALUE MEASUREMENTS *(continued)*

The Plan's right to redeem its hedge fund investments varies according to the contractual agreements with each of the individual hedge fund management firms. The redemption policies of the hedge funds provide for periodic redemptions at intervals ranging from monthly to annually, with notice periods ranging from 30 to 180 days. Some of the hedge funds do not permit redemption for an initial period of time following an investment in the fund, which, for the Plan's hedge fund investments, range between six months and three years. Additionally, the Plan's hedge fund investment managers may limit the portion of an investment that can be redeemed at any one time, either by an individual investor or in the aggregate by all of the investors in the hedge fund. These limits vary and limit the portion of an investment that may be redeemed at any one time or restrict both the portion and term of such redemptions. At December 31, 2013 and 2012, the Group Trust had no unfunded commitments related to hedge funds. These investments are classified as Level 3 investments in the fair value hierarchy.

Collective investment funds are valued at the NAV per unit as reported to the Trustee by the investment management firm managing such trusts. Valuations by the investment management firm of the investments of the commingled trust funds in securities that are traded in public markets for which quoted prices are readily available are based on the quoted market price of each such investment at the valuation date. Any investments not traded in public markets or for which quoted prices are not readily available are valued by the investment management firm at an amount that approximates fair value generally based on the verifiable fair value of similar securities at the valuation date. Commingled trust funds have various procedures governing liquidity. Although some funds supply daily liquidity upon demand, others have rules and procedures governing liquidity. These may include advance notification requirements and specific periodic dates for providing such liquidity. Additionally, some commingled trust funds may reserve the right, from time to time, to be exercised at the funds' discretion to limit the portion of an investment that may be redeemed at any one time either by an individual investor or in the aggregate by all such investors in the fund. These investments are classified as Level 3 investments in the fair value hierarchy.

NOTE 4 FAIR VALUE MEASUREMENTS *(continued)*

*Limited partnership*s are valued at fair value using methods determined in good faith by the General Partners of the funds and may require significant judgment. A variety of factors are reviewed and monitored to determine the fair value of investments, including current operating performance and future expectations of the particular investment, discounted cash flow analysis, valuations of comparable public companies, comparable acquisition values, and changes in market outlook and the third-party finance environment over time. When observable prices are not available for these securities, the General Partners use one or more valuation techniques (e.g., the market approach and/or income approach) for which sufficient and reliable data is available. Limited partnerships are classified within Level 3 of the fair value hierarchy.

Interest rate swaps are valued by the Investment Manager utilizing a publicly available electronic data source and valuations provided by the counterparty. These instruments are generally classified within Level 3 of the fair value hierarchy.

Cash and cash equivalents include highly liquid investments with original maturities of 90 days or less. Treasury bills are measured at institutional bond quotes which are based on various market and industry inputs. Actively traded money market funds are measured at their NAV and classified as Level 1.

The methods described above may produce a fair value calculation that may not indicate net realizable value or reflect future values. Furthermore, while the Plan believes their valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no transfers between levels in 2013 and 2012.

NOTE 4 FAIR VALUE MEASUREMENTS *(continued)*

The Plan did not have any investments measured at fair value on a nonrecurring basis as of December 31, 2013 and 2012, and there were no changes noted in the valuation methodologies between these periods.

The following table sets forth, by level within the fair value hierarchy, the Group Trusts' assets carried at fair value as of December 31, 2013:

NOTE 5 DERIVATIVE INSTRUMENTS

In the normal course of operations, the Group Trust's assets and liabilities may include derivative financial instruments (swaps, options and foreign currency contracts). These derivatives involve, in varying degrees, elements of credit and market volatility risks in excess of more traditional investment holdings such as equity and debt instruments. The contract or notional amounts disclosed in this footnote provide a measure of the Group Trust's involvement in such instruments but are not indicative of potential loss. The intent is to use derivative financial instruments as investments to gain exposure to certain markets and as economic hedges to manage interest rate, equity price, foreign currency exchange rate risk and credit risk associated with the Group Trust's investments and obligations. The Group Trust's investment managers do not anticipate any material adverse effect on the Group Trust's financial position resulting from its involvement in these instruments.

NOTE 5 DERIVATIVE INSTRUMENTS *(continued)*

The following table presents the interest rate swaps held by the Group Trust at December 31, 2013. The fair value presented in the table is located in the statements of net assets available for benefits as investments at fair value.

NOTE 6 OFFSETTING ASSETS AND LIABILITIES

The Group Trust is subject to master netting agreements, or netting arrangements, with certain counterparties. The Group Trust is required to disclose the impact of offsetting assets and liabilities represented in the statement of net assets available for benefits to enable users of the financial statements to evaluate the effect or potential effect of netting arrangements on its financial position for recognized assets and liabilities. These recognized assets and liabilities are financial instruments and derivative instruments that are either subject to an enforceable master netting arrangement or similar agreement or meet the following right of setoff criteria: the amounts owed by the Group Trust to another party are determinable, the Group Trust has the right to set off the amounts owed with the amounts owed by the other party, the Group Trust intends to set off, and the Group Trusts' right of set off is enforceable at law. The Group Trusts' derivative contracts are subject to these master netting agreements, however these transactions are presented gross on the statement of net assets available for benefits.

NOTE 7 ACCUMULATED PLAN BENEFITS

The Plan's actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal or retirement) between the valuation date and the expected date of payment.

The Plan provides for the accumulation of benefits for services rendered by participants from the later of their respective dates of participation or January 1, 1989.

NOTE 7 ACCUMULATED PLAN BENEFITS *(continued)*

The accumulated plan benefit information as of January 1 is as follows:

	2013	2012
Actuarial present value of accumulated plan benefits		
Vested benefits		
Other participants	$ 13,114,159	$ 10,385,762
Nonvested benefits	268,358	208,664
	$ 13,382,517	$ 10,594,426

The changes in the actuarial present value of accumulated plan benefits are due to the following:

Actuarial present value of accumulated plan benefits, as of January 1, 2012	$ 10,594,426
Additional benefits accumulated	1,211,733
Interest due to decrease in the discount period	486,626
Benefits paid	(923,610)
Assumption changes	2,013,342
Actuarial present value of accumulated plan benefits, as of January 1, 2013	$ 13,382,517

The change in the accumulated plan benefits due to assumption changes resulted primarily from the change in the discount rate as disclosed in Note 7.

NOTE 8 ACTUARIAL ASSUMPTIONS

The more significant assumptions used by the Plan's actuary to, among other things, calculate accumulated plan benefits and determine funding levels at January 1, 2013 are as follows:

Actuarial method—Plan funding	Projected unit credit cost method
Discount rate for accumulated plan benefits	4.10% (4.80% in 2012)
Mortality	RP-2000, with projection
Average retirement age	Age 65

NOTE 8 ACTUARIAL ASSUMPTIONS *(continued)*

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The actuary estimated the accumulated plan benefits as of January 1, 2013 and 2012. There were no significant changes to the Plan that would have changed the valuations had they been performed as of December 31, 2012 and 2011.

NOTE 9 INCOME TAX STATUS

The Plan has received a determination letter from the IRS dated November 30, 2011, stating that the Plan was qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there were no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE 10 ADMINISTRATIVE EXPENSES

Certain actuarial, auditing fees, insurance and administrative expenses are paid by the Plan. Certain other administrative expenses are paid by the BOC directly.

NOTE 11 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. The changes could materially affect the amounts reported in the statements of net assets available for benefits.

Contributions to the Plan are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Schedule SB - Statement by Enrolled Actuary

Plan Sponsor	Office of the Comissioner of Baseball
EIN/PN	13-1665347 / 010
Plan Name	Minor League Players Pension Plan
Valuation Date	January 1, 2013
Enrolled Actuary	Mark Gengenbach, F.S.A, E.A.
Enrollment Number	14-07102

The actuarial assumptions that are not mandated by IRC § 430 and regulations, represent the enrolled actuary's best estimate of anticipated experience under the plan, subject to the following conditions:

The actuarial valuation, on which the information in this Schedule SB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the trustee. The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years.

The count of terminated vested participants in Item 3b(1) shown on the Schedule SB for the combined plan differs from the total sum of the count of terminated vested participants in Item 3b(1) shown on the Schedule SB for each individual employer due to the removal of duplicate records across more than one employer.

The plan sponsor has elected to not apply the interest rate corridors under the Highway and Transportation Funding Act of 2014 (HATFA) to the actuarial valuation results for the 2013 Plan Year.

Summary of plan provisions

Plan Provisions

Effective Date	January 1, 2008. Amended and restated effective January 1, 2013.
Covered Employees	Any person employed by a participating Minor League Baseball Club in the U.S. or Canada, and who has attained age 21 and completed one year of baseball service. The following groups are not eligible to participate in the Plan: ▸ Active participants in the Major League Baseball Players Benefit Plan, ▸ Members of a non-participating collective bargaining unit, ▸ Employees compensated on a per-day or per-game basis, ▸ Employees who are employed substantially full-time in Canada, ▸ Self-employed partners, proprietors or shareholder-employees, or ▸ Non-resident aliens of the U.S. who receive no U.S. source income from the Clubs or a baseball-related affiliate.
Participation Date	First day of the month after becoming a covered employee, as described above.

Definitions

Baseball service	Employment in baseball with any Minor League Baseball Club or affiliated organization, as designated by the Pension Committee. Covered employees must be on a roster for at least one day in each of six separate months in a year from March through September in order to be considered to have earned one year of baseball service.
Vesting service	Completed years from a participant's employment date to the termination of baseball service.
Pension service	Determined based on the Club roster as of August 1 of any given year (other than as a Major League player or player covered by a collective bargaining agreement). One year of pension service is granted if a covered employee is on a Club's Minor League roster as of August 1.
Prior plan	MLB Pension Plan for Non-Uniformed Personnel or the Minnesota Twins Pension Plan, as appropriate. Pension benefits for minor league players were frozen under these plans effective December 31, 2007 and were transferred to the Plan for active minor league employees as of January 1, 2008. Pension benefits for previously terminated minor league participants were transferred to the Plan from the MLB Pension Plan for Non-Uniformed Personnel for all clubs, with the exception of the Milwaukee Brewers, Minnesota Twins, and Texas Rangers, effective December 1, 2010.

Normal retirement date (NRD)	First of month coinciding with or next following the attainment of age 65.
Pension benefit	The accrued benefit for an employee is equal to the sum of the current Minor League service benefit plus the frozen final average pay benefit from the prior plan as of December 31, 2007 (if applicable). Current Minor League service benefit $14.00 per month times years of pension service (after December 31, 2007) for A Level (or lower) Minor League Participants $18.00 per month times years of pension service (after December 31, 2007) for AA Level Minor League Participants $22.00 per month times years of pension service (after December 31, 2007) for AAA Level Minor League Participants The monthly dollar amount for each Plan Year depends on the level with which the roster spot is associated on August 1 of the Plan Year.
Preretirement death benefit	If not eligible for early or normal retirement, 50% of the pension benefit as of the date of death, reduced for the 50% joint and survivor election and reduced for payment as early as the participant's 55th birthday. If eligible for early or normal retirement, 50% of the pension benefit as of the date of death, reduced for the 50% joint and survivor election and reduced for early commencement of payment.

Eligibility for Benefits

Normal retirement	Retirement on NRD.
Early retirement	Retirement before NRD and on or after both attaining age 55 and completing ten years of vesting service.
Postponed retirement	Retirement after NRD.
Deferred vested	Termination for reasons other than death or retirement after completing five years of vesting service.
Preretirement death benefit	Death while eligible for normal, early, postponed or deferred vested retirement benefits, with a surviving spouse or designated beneficiary.

Benefits Paid Upon the Following Events

Normal retirement	Pension benefit determined as of NRD.
Early retirement	Pension benefit determined as of early retirement date, reduced 7/12% for each of the first 60 months and 1/3% for each of the next 60 months by which payment precedes NRD. Early retirement reduction factors under the prior plan may apply for participants with frozen final average pay benefits from the prior plan.
Postponed retirement	The greater of: ▸ The pension benefit determined as of actual retirement date, or ▸ The pension benefit determined as of NRD, actuarially increased between NRD and actual retirement date.

Termination with deferred vested benefit	Pension benefit determined as of termination date, payable at NRD. Participants who terminate with 10 or more years of vesting service, but prior to age 55, may elect to commence payment before age 55 and receive a reduced benefit (reduction is based on the Plan's definition of actuarial equivalence). Participants who terminate with less than 10 years of vesting service may also elect to commence payment at any age and receive a reduced benefit (reduction is based on the Plan's definition of actuarial equivalence). Early commencement reduction factors under the prior plan may apply for participants with frozen final average pay benefits from the prior plan.
Death with preretirement benefits	Preretirement death benefit is payable to a spouse or designated beneficiary.

Other Plan Provisions

Forms of payment	Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of the 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Optional forms are a 50%, 75% or 100% joint and survivor annuity, a ten-year certain and life annuity, a lump sum, or (for married participants) a life annuity. The normal form of payment is converted to an optional annuity form using an interest rate of 6% and GAR-94 Mortality (unisex). The normal form of payment is converted to a lump sum using the "applicable mortality table" as defined in Code section 417(e)(3) and the applicable 24-month average segment rates (as defined in Code section 430) for the month of November of the Plan Year immediately preceding the Plan Year in which the payment is made.
Maximum on benefits	All benefits for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions.

Changes in Benefits Valued Since Prior Year

The IRC Section 415 benefit limit was increased from $200,000 to $205,000 effective January 1, 2013.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Statement of actuarial assumptions and methods

Economic Assumptions

Interest rate basis:

- Applicable month: September 2012
- Interest rate basis: 3-Segment rates

Interest rates:	Reflecting Corridors	Not Reflecting Corridors
▸ First segment rate	4.94%	1.75%
▸ Second segment rate	6.15%	4.62%
▸ Third segment rate	6.76%	5.72%
▸ Estimated effective interest rate	6.73%	5.68%

Annual rates of increase

- Salaries: N/A
- Statutory limits on compensation: N/A

Demographic Assumptions

Inclusion Date	The valuation date coincident with or next following the date on which the employee becomes a participant.
New or rehired employees	It was assumed there will be no new or rehired employees.
Mortality (Healthy and Disabled)	Separate rates for non-annuitants (based on RP-2000 "Employees" table without collar or amount adjustments, projected to 2028 using Scale AA) and annuitants (based on RP-2000 "Healthy Annuitants" table without collar or amount adjustments, projected to 2020 using Scale AA). This is the IRS-prescribed static mortality table for 2013.
Termination	Rates varying by service

Service	*Rate*	*Service*	*Rate*	*Service*	*Rate*
1	100	5	333	9	400
2	222	6	250	10	333
3	286	7	333	11	500
4	400	8	500	12	0

Retirement	Age 65, or age on the next valuation date if greater than 65

Benefit commencement date:

▸ Preretirement death benefit	The later of the death of the active participant or the date the participant would have attained age 55
▸ Lump sum payment	Upon termination of employment for active participants; later of age 35 or 5 years after valuation date for deferred vested participants.
Form of payment	100% assumed to elect lump sum
Percent married	100% (for purposes of valuing pre-retirement death benefits)
Spouse age	Wife three years younger than husband
Administrative expense	$20,000 per club; included in target normal cost

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year
Actuarial value of assets	Market value of assets
Benefits Not Valued	All benefits described in the Plan Provisions section of this report were valued. Towers Watson has reviewed the plan provisions with Major League Baseball and, based on that review, is not aware of any significant benefits required to be valued that were not.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
