Independent Auditor's Report

To the Participants and Administrator of
Life Technologies Corporation 401(k) Savings and Investment Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Life Technologies Corporation 401(k) Savings and Investment Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by The Bank of New York Mellon, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule of Assets (Held at Year End) as of December 31, 2013, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LIFE TECHNOLOGIES CORPORATION 401(K) SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
AT DECEMBER 31, 2013 AND 2012

1. DESCRIPTION OF THE PLAN

The following description of the Life Technologies Corporation 401(k) Savings and Investment Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Life Technologies Corporation, formerly known as Invitrogen Corporation (the “Company”), except temporary employees or Post-Doctoral Fellows, who are at least 21 years of age. Effective January 1, 2014 the plan was amended to allow Post-Doctoral Fellows to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute from 1% to 75% of pretax annual compensation, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan after 60 days of becoming eligible unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, and are enrolled in the auto-increase feature increasing deferrals by 1% each year, up to 6% of eligible compensation. Auto-enrollment contributions are invested in a designated fund until changed by the participant. The Company is required to make contributions equal to 75% of each participant’s elective contributions up to 6%, as defined in the Plan. The Company also may elect to contribute a discretionary non-matching contribution for each Plan year; however, no such discretionary non-matching contributions were made in 2013. Company contributions are allocated to participants’ selected investment options.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. At any time, participants may transfer amounts between investment funds.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of service, as defined in the Plan document. Prior to January 1, 2010, a participant was 100% vested upon completion of five years of credited service. Effective January 1, 2010, employees vest in Company contributions at a rate of 50% per year, over two years.

Vesting for employees on disability continues through the disability period. Additionally, a participant shall be 100% vested if he is terminated as a result of the closing of the Company’s business operations in a geographic area and is not immediately reemployed by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Notes Receivable from Participants and Hardship Withdrawals to Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) 50% of the sum of the participant’s vested account balance or (b) \$50,000 minus the participant’s highest outstanding loan balance in the preceding 12 months. The loans are collateralized by the balance of the participant’s vested account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Participants may request a hardship withdrawal up to the lesser of (a) the amount needed to meet the immediate financial hardship or (b) the portion of their account balance which was contributed by the employee, not including earnings thereon. Six months must lapse after a hardship withdrawal before a participant can resume salary reduction contributions.

NOTES TO FINANCIAL STATEMENTS
AT DECEMBER 31, 2013 AND 2012

Payment of Benefits

Upon termination of service or due to death, disability and retirement, if vested benefits are \$1,000 or less, the participant will receive a lump-sum distribution. If vested benefits exceed \$1,000, the participant may choose to leave the benefits in the Plan or have the benefits disbursed through a lump-sum distribution.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited non-vested accounts totaled \$782,000 and \$897,000 respectively. These accounts have been used to reduce employer contributions.

Administrative Expenses

While some administrative expenses are paid by the Company, at its discretion, most administrative expenses are paid by the Plan. The expenses paid by the Plan include trustee fees and commissions. Certain accounting and administrative functions of the Plan are performed by employees of the Company at no cost to the Plan. The administrative expenses paid by the Company during 2013 were immaterial to the Financial Statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are presented on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2010.

LIFE TECHNOLOGIES CORPORATION 401(K) SAVINGS AND INVESTMENT PLAN
NOTES TO FINANCIAL STATEMENTS
AT DECEMBER 31, 2013 AND 2012

Concentration of Credit Risk

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's concentration of credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preference. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

3. INFORMATION CERTIFIED AND PROVIDED BY THE BANK OF NEW YORK MELLON

The assets of the Plan were held in a trust fund administered by The Bank of New York Mellon (the "Trustee" or "The Bank of New York Mellon") at December 31, 2013 and 2012. The following is a summary of the Plans' asset information as of December 31, 2013 and 2012, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by The Bank of New York Mellon and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

4. FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification, or ASC, Topic 820, *Fair Value Measurements and Disclosures* defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. This topic also emphasizes that fair value is a market-based measurement under three categories which are as follows:

- Level 1** Quoted prices in active markets for identical assets or liabilities;
- Level 2** Quoted prices for similar assets and liabilities in active markets, quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability;
- Level 3** Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at net asset value ("NAV") of shares held by the plan at year-end.

Guaranteed investment contract in collective trust: Valued at fair value by discounting the related cash flows on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Life Insurance policies: The cash surrender value of the life insurance policies are determined and reported by the insurance company as of the anniversary date of the policies.

Common collective trusts: The investments are public investment vehicles using the NAV provided by the fund administrator. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

Pooled separate accounts: The investments are public investment vehicles using the NAV provided by the fund administrator. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2013 and 2012.

Investment	2013 Fair Value	2012 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period

Brown Capital Smallcap (b)	54,916,365	40,501,586	-	Daily	None

(a) The Vanguard Retirement Savings Trust II is a commingled pool, not a mutual fund, with the objective of preserving principal while earning interest income. Portfolio investments are comprised of short-term bonds and other fixed income securities, including U.S. Treasury bonds, government agency securities, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities and derivative instruments such as futures, swaps and options. Third party wrap contracts are purchased to permit the use of book value accounting to maintain a constant net asset value (NAV) and to provide for the payment of participant-directed withdrawals and exchanges at book value under most circumstances. Interest is credited under wrap contracts. Instead of immediately recognizing gains and losses, recognition occurs over time by adjusting the interest rate credited to the Portfolio. Investments may also include contracts offered by insurance companies and other approved financial institutions that provide for the payment of a specified rate of interest to the Portfolio and the repayment of principal at maturity. All investment contracts and fixed income securities purchased for the Portfolio must satisfy the credit quality standards of Vanguard Fiduciary Trust Company.

(b) The Funds are part of the US Equity Growth Pool, which provides investors with exposure to the stock of companies of all sizes utilizing various managers who employ a growth investment philosophy. Typically the pool will consist of large, mid and small cap managers, including both active and passive index strategies. The allocation of the pool will attempt to provide each investor with equal exposure to all three market cap segments. Growth investing is characterized by investing in stocks that managers believe have the potential to grow earnings at an above average rate compared to the industry or the overall market.

(c) The Fund is part of the US Equity Value Pool, which provides investors with exposure to the stock of companies of all sizes utilizing various managers who employ a value investment philosophy. Typically the pool will consist of large, mid and small cap managers, including both active and passive index strategies. The allocation of the pool will attempt to provide each investor with equal exposure to all three size segments. Value investing is characterized by investing in stocks that managers believe the market has undervalued relative to that stocks' intrinsic value.

NOTES TO FINANCIAL STATEMENTS
AT DECEMBER 31, 2013 AND 2012

5. GUARANTEED INVESTMENT CONTRACT

The Plan has a fully benefit-responsive guaranteed investment contract with Vanguard Fiduciary Trust Company (“Vanguard”) named the Vanguard Retirement Savings Trust II. Vanguard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Vanguard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012, was \$104,028,611 and \$106,571,979, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion or equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan’s ability to transact at contract value with participants are not probable of occurring.

The guaranteed investment contract does not permit Vanguard to terminate the agreement prior to the scheduled maturity date.

The average yields earned by the guaranteed investment contract are as follows:

<u>Average yields:</u>	<u>2013</u>	<u>2012</u>
Based on actual earnings	1.98%	2.22%
Based on interest rate credited to participants	1.56%	1.82%

6. TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated February 24, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator has indicated that it will take the necessary steps, if any, to maintain the qualified status of the Plan, and the related trust.
