Notes to Financial Statements

1. DESCRIPTION OF PLAN

Interior Removal Specialist, Inc. is a Southern California contractor engaged in the demolition and removal of interior improvements primarily in commercial office buildings. The following description of the Interior Removal Specialist, Inc. 401(k) Profit Sharing Plan & Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General

The Plan is a 401(k) profit sharing plan sponsored by the Company and was adopted effective January 1, 2006 and was most recently amended on March 1, 2012. The Plan is available to its employees for the exclusive benefit of each participant and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and all subsequent laws and modifications. ADP (formerly Paychex) serves as Prototype Sponsor of Plan assets.

Contributions

Each participant may elect to defer up to 92% of his compensation. The Company shall make matching contributions each year in an amount equal to 25% of each participant's deferral not exceeding 4% of each participant's compensation. The Company made matching contributions of $57,398 and $34,323 for the years ended December 31, 2013 and 2012, respectively. The Plan also allows the Company the option of making a profit sharing contribution. For the years ended December 31, 2013 and 2012, the Company did not elect to make a profit sharing contribution.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Vesting

Participants are 100% vested in their contributions and employer matching contributions.

1. DESCRIPTION OF PLAN (CONTINUED)

Participant loans

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of the non-forfeitable accrued benefit. The loans outstanding are secured by the balance in the participant's account and bear and interest ranging from 4.25% to 5.25%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. As of December 31, 2013 and 2012, there are participant loan balances of $44,717 and $23,233, respectively.

Payment of benefits

Upon termination of service due to death, disability, or retirement, the participant will receive his benefits in a single lump sum amount if the value of the participant's vested benefit derived from the employer and employee contributions does not exceed $5,000 and did not exceed $5,000 at the time of any prior distribution. Participants must receive minimum distributions as defined by the Internal Revenue Code after reaching the age of 59 1/2.

Forfeited accounts

At December 31, 2013 and 2012 there was $10 and $10 of nonvested forfeited accounts, respectively. During the 2013 and 2012 year, approximately $0 and $862 was used to reduce future employer contributions.

Deferral election

Each participant and each individual who will become a participant in the Plan year may elect to defer a portion of their compensation for that year and to have the deferred amount contributed directly by the Company to the Plan. The amount of each participant’s compensation that may be deferred shall be an amount not to exceed the maximum allowable by law. The amounts deferred are treated as Company contributions for the purposes of Section 401(k) and 401(h) of the Internal Revenue Code. There are also various provisions affecting highly compensated employees.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs are those that are observable, either directly or indirectly, for the asset or liability other than quoted prices included in Level 1; and Level 3 inputs, which are unobservable, are used when Level 1 and 2 inputs are not available. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 fair value measurements

The fair value of money market funds and mutual funds are based on carrying value and quoted net asset values of the shares held by the Plan at year-end, respectively. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Level 2 fair value measurements

Common collective trusts are based on quoted net asset values of shares held by the Plan at year-end. Unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on active markets.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to the Participant's accounts will become 100% vested.

7. RELATED PARTY TRANSACTIONS

The Trust Company holds and manages the investments for the Plan. Although they are a party-in-interest to the Plan, as of December 31, 2013 and 2012, they had not engaged in any prohibited transactions with the Plan.

ADP, a party-in-interest to the Plan, is responsible for the day-to-day administration and operation of the Plan. As of December 31, 2013 and 2012, total administrative fees paid by the Plan to ADP totaled $1,150 and $637, respectively.

8. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. Generally, the Plan's tax returns remain open for federal income tax examination for three years from the date of filing.

9. FINANCIAL STATEMENT DIFFERENCES FROM FORM 5500

The net assets available for benefits as of and for the years ended December 31, 2013 and 2012 vary from the Plan's Form 5500 in the amount of $19,140 and $15,467, respectively, in connection with employer and employee contributions accrued on the financial statements in the years ended December 31, 2013 and 2012, but not on the Form 5500.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
