401(k) PROFIT SHARING PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Nelson & Associates Interior Design & Space Planning, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the amended and restated Plan Document effective January 1, 2010 and summary plan description for a more complete description of the Plan's provisions.

The Plan covers all employees who have completed two months of service and are at least 21 years of age. Employees are enrolled on the first day of the new quarter following their initial two month period of service. Employees are eligible to share in matching contributions upon enrollment as long as the employee is actively employed during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is a defined contribution plan, which was established January 1, 1981, under Internal Revenue Code Section 401(k) that covers all eligible employees of Nelson & Associates Interior Design and Space Planning, Inc., NSI, Inc., Nelco Architecture Corporation, Nelson New England Operating Company, LLC, Nelco Architecture, Inc., Nelco Architecture and Engineering, P.C., Nelco Midwest, Inc., The Nelson Midwest Operating Company, LLC, The Nelson Southeast Operating Company, LLC, The Nelson Upper Midwest Operating Company LLC, Nelco Architecture New York, P.C., The Nelson New York Architecture Operating Company, LLC, Nelco Engineering, Inc., JJN Design, LLC, Torchia Associates, Inc. and H2L2 Architects/Planners LLC. (collectively the "Company").

Upon enrollment in the Plan, participants may direct investments to their accounts among various fund investments. The investing objective of each fund has been made available to the participants.

The Plan is funded by participant and employer contributions. Eligible employees may elect to make contributions up to the maximum percentage of compensation allowable under the Internal Revenue Code (the "Code"). Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans. In addition to the salary deferrals, the Company may make discretionary matching contributions (up to 4% of compensation) and profit sharing contributions. The matching contribution and profit sharing contribution, if any, is equal to a discretionary percentage determined annually by management. There were no 2013 employer matching contributions.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in each participant's Company matching contribution and profit sharing contribution account plus investment income earned thereon is based on years of service. A participant vests 20% upon completion of 2 years of service with annual increments of 20% thereafter totaling 100% after six years. If a participant becomes permanently disabled, or in the event of death, the participant becomes fully vested. Due to a 2009 partial plan termination, all terminated participants in 2009 became 100% vested in their plan balances. Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and charged with an allocation of certain administrative expenses.

Information as to investment options and benefit payments has been published and made available to all participants.

Participants may borrow from their Plan accounts up to a maximum of 50% of their vested account balance or \$50,000, whichever is less. Generally, the maximum term of the loan may not exceed five years. However, if the loan is taken for the purchase of a principal residence, a longer repayment period is permitted. The loans are secured by the balance in the participants' account and bear interest at a rate commensurate with local prevailing rates as determined at the time of the loan application. Principal and interest are paid ratably through bi-weekly payroll deductions.

Upon termination of service due to death, disability or retirement, a participant may elect to receive either an annuity based upon the value of the participant's interest in his or her account, or a lump-sum distribution. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Certain administrative expenses of the Plan are paid by the Employer without charge to the Plan.

Forfeitures of nonvested accounts are used to reduce employer contributions or to pay Plan expenses. For the year ended December 31, 2013, forfeitures were used to pay for a portion of the Plan expenses. Forfeited nonvested accounts at December 31, 2013 and 2012 totaled \$616 and \$9,645 respectively.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Payment of Benefits

Benefits are recorded when paid.

Valuation of Investments and Income Recognition

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract in the collective trust from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. As of December 31, 2013, contract value basis and fair value of the guaranteed investment contract were both \$367,697.

The Plan's investments are stated at fair value. See Note 9 for discussion of fair value measurements.

Investment income in any year includes unrealized and realized gains and losses on investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

INTERIOR DESIGN & SPACE PLANNING, INC.
401(k) PROFIT SHARING PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 3 - TAX STATUS

The Internal Revenue Service has determined and informed the Plan administrator by a letter dated March 31, 2008, that the Volume Submitter plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Volume Submitter plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

401(k) PROFIT SHARING PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 5 - UNAUDITED INFORMATION

Nationwide Financial Services, Inc. (custodian) ("Nationwide") holds the Plan's investment assets as of December 31, 2013 and 2012. Financial information relating to those assets is included in the accompanying financial statements based on information provided Nationwide. That information, which is unaudited, consists of substantially all of the Plan's assets as of December 31, 2013 and 2012, and investment income for the year ended December 31, 2013. The Plan administrator has obtained certifications from the custodian that such information is complete and accurate.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - INVESTMENT FUND INFORMATION

The following table identifies investments which represent 5% or more of the net assets available for benefits:

	December 31,	
	<u>2013</u>	<u>2012</u>

401(k) PROFIT SHARING PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 8 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a benefit-responsive investment contract with Nationwide, which maintains the contributions in a general account. The contract is included in the financial statements at contract value as reported to the Plan by Nationwide. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value approximates the contract value. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's investment contract does not specify certain conditions under which distributions from the contract would be payable below contract value. The terms and methods under which the contract may transact are defined in the contract. The contract does not specify the circumstances under which the Issuer may terminate the contract. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 9 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**NELSON & ASSOCIATES
INTERIOR DESIGN & SPACE PLANNING, INC.
401(k) PROFIT SHARING PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts: Valued at the net asset value (NAV) of units held by the Plan at year end based on market price of underlying investments provided by the custodian.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of each investment category within the pooled separate accounts sponsored by Nationwide offered to Plan participants:

Large-cap Stocks: Shares of ownership in large corporations.

Balanced: A combination of stocks, bonds and cash.

Bonds: IOU's issued by governments or corporations.

Specialty: Securities from narrow sub-sectors of the broader market or uncommon asset classes.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

International Stocks: Shares of ownership in corporations headquartered outside of the U.S.

Mid-cap Stocks: Shares of ownership in mid-sized corporations.

Small-cap Stocks: Shares of ownership in small corporations.

Money Market: Short-term IOU's issued by governments, corporations or financial institutions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:
