Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Report on the Financial Statements

We were engaged to audit the accompanying statements of Leewards Pension Plan for Hourly Employees, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 6, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2013 and 2012, and for the years then ended, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedules

The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2013, and reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Compliance of Form and Content With the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Leewards Pension Plan for Hourly Employees

Notes to Financial Statements

December 31, 2013

1. Description of Plan

The following description of the Leewards Pension Plan for Hourly Employees (“the Plan”) provides only general information. Readers should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a noncontributory defined benefit plan for substantially all hourly employees of Leewards Creative Crafts, Inc. (“the Company”). In July 1994, Michaels Stores, Inc. (“the Plan Sponsor”) acquired Leewards Creative Crafts, Inc. and, as a result of the acquisition, became the sponsor of the Plan. The Plan is administered by the Pension Committee selected by the Board of Directors of the Plan Sponsor. Principal Financial Group (“Principal Trust Company”) is the custodian and trustee of the Plan (“the Trustee”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

In April 1992, as part of a series of cost reductions, the Company altered the terms of the Plan whereby no new participants will be added to the Plan nor will additional benefits accrue to current participants beyond those earned as of the date the Plan was frozen, May 5, 1992.

Pension Benefits

Hourly employees with one year of eligible service at the Company, as defined by the Plan, and attainment of age 21 prior to May 5, 1992, were eligible to participate in the Plan. Hourly employees with five years of eligible service were eligible for pension benefits upon retirement, disability, death, or termination as follows:

Normal Retirement

The Plan provides for normal retirement benefits upon reaching the age of 65. The basic monthly benefit is computed as follows:

- For participants terminating on or after June 1, 1984, \$7.00 multiplied by the total years of eligible service, payable for life

Leewards Pension Plan for Hourly Employees

Notes to Financial Statements (continued)

1. Description of Plan (continued)

- For participants terminating on or after January 1, 1982, but prior to June 1, 1984, \$5.00 multiplied by the total years of eligible service, payable for life
- For participants terminating prior to January 1, 1982, \$4.50 multiplied by the total years of eligible service, payable for life

Early Retirement

Participants with 10 or more years of eligible service and who have reached the age of 55 may elect an early retirement benefit. The monthly benefit is computed the same as for normal retirement reduced by 0.17% for each month during the first three years and 0.33% for each full month thereafter (not to exceed a total of 120 months) that the early retirement benefit payments commence prior to the normal retirement date.

Late Retirement

Eligible participants who retire after the age of 65 are entitled to a late retirement benefit. The amount of the monthly benefit is computed the same as for normal retirement, with years of benefit service computed through May 5, 1992.

Disability

Participants who have been deemed eligible for disability under the provisions of the Social Security Act, as amended, are entitled to disability benefits, computed on the same basis as normal retirement, with benefit service projected to the age of 65. Benefit payments cease upon recovery from the disability.

Death

Benefits are generally payable to surviving spouses of eligible participants, calculated as 50% of the amount computed under the joint and survivor provisions of the Plan.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Termination

In the event of termination at any age after completion of five years of eligible service, a participant is entitled to benefit payments computed the same as for normal retirement, with years of benefit service computed to the date of termination. If payment commences prior to the normal retirement date, the amount is reduced by 6% for each of the first five years and 4% for each year thereafter that the benefit payments commence prior to the normal retirement date.

Benefits are paid in the form of a life annuity or a joint and survivor annuity.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are presented on the accrual basis of accounting. Benefits paid to participants are recorded upon distribution. Subsequent events have been evaluated through October 15, 2014, the date the accompanying financial statements were available to be issued.

Investment Valuation

Investments are valued at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion of fair value measurements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedules. Actual results could differ from those estimates and assumptions.

Leewards Pension Plan for Hourly Employees

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

All fees associated with the administration and maintenance of the Plan and its records may be paid by the Plan or by the Plan Sponsor at the discretion of the Plan Sponsor. The Plan Sponsor paid \$108,413 and \$101,328 of administrative expenses on behalf of the Plan in 2013 and 2012, respectively. The Plan Sponsor also furnishes the Plan with administrative and clerical services and use of office space and supplies at no charge.

Related-Party Transactions

Michaels Stores, Inc., the Plan Sponsor, paid certain administrative fees on behalf of the Plan for the years ended December 31, 2013 and 2012. Additionally, the Plan's investments at December 31, 2013 and 2012, are managed by Principal Global Investors, a subsidiary of the Trustee. These transactions are exempt from the prohibited transaction rules.

3. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820 establishes a three-level valuation hierarchy for fair value measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The fair value hierarchy prescribed by ASC 820 is as follows:

Level 1 – Quoted prices for *identical* instruments in active markets

Level 2 – Quoted prices for *similar* instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-derived valuations whose significant inputs are observable

Level 3 – Instruments with significant *unobservable* inputs

Leewards Pension Plan for Hourly Employees

Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The fair value of the pooled separate accounts is based upon the fair value of the underlying assets as determined by the issuer. Net asset value is based principally on the quoted market price of mutual funds, stocks, and other securities in the accounts on the last business day of the Plan year.

The table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	<u>Level 2</u>
Investments:	
Pooled separate accounts:	
Fixed income ¹	\$ 947,466
International equity ²	564,405
Domestic large company equity ³	484,906
Short-term fixed income ⁴	17,970
Total investments	<u>\$ 2,014,747</u>

The table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	<u>Level 2</u>
Investments:	
Pooled separate accounts:	
Fixed income ¹	\$ 884,210
International equity ²	539,346
Domestic large company equity ³	449,702
Short-term fixed income ⁴	18,157
Total investments	<u>\$ 1,891,415</u>

3. Fair Value Measurements (continued)

- ⁽¹⁾ This asset class is generally comprised of investment options that invest in bonds or debt of a company or government entity (including U.S. and Non-U.S.). It may also include real estate investment options that directly own property. These investment options typically carry more risk than short-term, fixed-income investment options (including, for real estate investment options, liquidity risk), but less overall risk than equities. Redemptions of this asset class may occur on a daily basis.
- ⁽²⁾ This asset class is comprised of investment options that invest in stocks or shares of ownership in companies with their principal place of business or office outside the United States. These investment options often carry more risk than U.S. equity investment options but may have the potential for higher returns. Redemptions of this asset class may occur on a daily basis.
- ⁽³⁾ This asset class is generally comprised of investment options that invest in stocks or shares of ownership in large, well-established, U.S. companies. These investment options typically carry more risk than fixed-income investment options but have the potential for higher returns over longer time periods. Redemptions of this asset class may occur on a daily basis.
- ⁽⁴⁾ This asset class is generally comprised of short-term, fixed-income investment options that are largely liquid and are designed to not lose much value. These investment options may include stable value, money market, short-term bond, and guaranteed interest accounts. They are considered to be among the least risky forms of investment options. However, they typically have a lower rate of return than equities or longer-term, fixed-income investment options over long periods of time. Redemptions of this asset class may occur on a daily basis.

4. Funding Policy

Contributions to provide benefits under the Plan are made solely by the Plan Sponsor. The Plan Sponsor's funding policy is to make contributions to the Plan in amounts computed by the Plan's actuary that are designed to provide sufficient funds to pay benefits as they become payable under the Plan. The Plan Sponsor met the minimum funding requirements of ERISA in 2013 and 2012.

Leewards Pension Plan for Hourly Employees

Notes to Financial Statements (continued)

5. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those estimated future benefit payments pursuant to the Plan's provisions that are attributable to service that employees have rendered. The actuarial present value of accumulated plan benefits has been determined by an independent actuary, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the benefit information date and the expected payment dates.

The significant actuarial assumptions used in determining accumulated plan benefits as of December 31, 2012, are summarized below:

Interest rate	7% per year
Average retirement age	65
Mortality	2013 IRS prescribed mortality table

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The actuary estimated the accumulated plan benefits as of January 1, 2013. There were no significant changes to the Plan that would have changed the valuation had it been performed as of December 31, 2012.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements. The present value of accumulated plan benefits at December 31, 2012 is presented below.

The actuarial present value of accumulated plan benefits is as follows:

	December 31, 2012
Actuarial present value of accumulated benefits:	
Vested benefits:	
Participants currently receiving payments	\$ 941,321
Other participants	1,341,338
Total actuarial present value of accumulated plan benefits	<u>\$ 2,282,659</u>

Leewards Pension Plan for Hourly Employees

Notes to Financial Statements (continued)

5. Actuarial Present Value of Accumulated Plan Benefits (continued)

The changes in actuarial present value of accumulated plan benefits between December 31, 2011 and 2012 were as follows:

Actuarial present value of plan benefits, December 31, 2011	\$ 2,295,404
Benefits accumulated and plan experience	(36,158)
Benefits paid	(132,699)
Interest accretion	156,112
Actuarial present value of plan benefits, December 31, 2012	<u>\$ 2,282,659</u>

6. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2013 and 2012, and net appreciation in the fair value of pooled separate accounts for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Principal Trust Company.

The Plan provides for investments in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan's investments that exceeded 5% of net assets available for benefits as of December 31, 2013 are as follows:

	<u>2013</u>	<u>2012</u>
Principal Income Fund	\$ 482,315	\$ 446,458
PIMCO Core Plus Bond Fund	465,151	437,752
Principal Diversified International Fund	312,812	269,005
Principal International Emerging Market Fund	251,593	270,341
T. Rowe Price Large Cap Growth Fund	282,538	192,589
Principal Large Cap S&P Index Fund	202,368	257,113

Leewards Pension Plan for Hourly Employees

Notes to Financial Statements (continued)

7. Plan Termination

The Plan Sponsor has the right under the provisions of the Plan to amend or terminate the Plan at any time. In the event the Plan is terminated, each participant's accrued benefit will be fully vested and nonforfeitable to the extent funded. Net assets will be allocated for payment of Plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") in the event the Plan is terminated. Generally, the PBGC guarantees most vested, normal-age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits in the event the Plan is terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

8. Tax Status

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated October 20, 2010, stating the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and the related trust is exempt from taxation. Subsequent to the determination letter, the plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Pension Committee has indicated that it will take the necessary steps to bring the Plan's operations into compliance with the IRC.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are

Leewards Pension Plan for Hourly Employees

Notes to Financial Statements (continued)

8. Tax Status (continued)

no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

9. Voluntary Correction Program Filing

In 2012, the plan administrator identified certain operational failures that, if not corrected, could have affected the tax-qualified status of the Plan and its related trust. During 2012, the Plan administrator filed a Voluntary Correction Program (“VCP”) request under the IRS Employee Plans Compliance Resolution System (“EPCRS”) as provided for under Revenue Procedure 2008- 50 to correct the operational failures described below.

The plan administrator determined that the Plan failed to make distributions to certain participants who were past their normal or late retirement dates. Additionally, certain deceased participants may be entitled to spousal benefits under the Plan that were due at the participant’s date of death but never paid. Further, these two failures were not properly valued in the Plan’s accumulated plan benefit obligation as of December 31, 2009, by the Plan’s prior actuary. As a result, the plan administrator filed a VCP request to offer the optional forms of payment that were available on the affected participant’s normal or late retirement date according to the terms of the Plan. In addition, a request to offer lump-sum payments to participants or beneficiaries was included to correct these failures. The Plan was amended, effective September 11, 2013, to allow for lump-sum payments for affected participants, as defined by the Plan. The reported accumulated plan benefit obligation includes \$598,410 for estimated back payments as of December 31, 2012. In June 2013, the IRS requested additional information and the Plan Sponsor provided the requested information to the IRS. The Plan Sponsor received an enforcement resolution statement from the IRS dated September 11, 2013, related to the proposed correction methods for the operational failures discussed above. The Plan will retain its tax qualification status. The Plan Sponsor is working with the plan administrator to make payments to the participants in accordance with the Plan.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods
 LEEWARDS PENSION PLAN FOR HOURLY EMPLOYEES
 EIN 75-1943604 Plan No. 015

Methods Selected by Plan Sponsor	
Asset Method	<p>The asset valuation method is prescribed by law for plans that elect to use a value other than market value.</p> <p>For each of the preceding two years, an expected value of assets at the end of the year is compared to the end of year market value. The resulting gain or loss is recognized evenly over three plan years.</p> <p>The expected value includes contributions, distributions, any deducted administrative expenses, and expected earnings (based on the lesser of the assumed interest rate or the Maximum Allowable Rate). The deferred gains and losses are added to the current market value and then restricted to no more than 110% and no less than 90% of that market value.</p> <p>When actual returns exceed the assumed return, the actuarial value of assets will lag below market value. The lag and the smoothing effect are limited since the value must be within 10% of market value.</p>
Segment Rates	24 month average with no weighting to prior law basis. Use rates where August is the last month included in the average.
PBGC Premium Basis	Premiums are calculated using the funding segment rates used for the plan year without the MAP-21 interest rate corridor defined in IRC §430(h)(2)(C)(iv). This method was elected with the 01/01/2010 plan year and must continue for five years before a change can be made.
Methods Elected by Actuary	
Retirees	Assets and liabilities for current and future retirees are included.
Vested Benefits	<p>A benefit is included in vested benefits when the participant will meet age and service eligibility requirements at the valuation date. The benefit is multiplied by the participant's vesting percentage applicable to each benefit on the valuation date.</p> <p>The following ancillary benefits are always treated as nonvested: disability benefits payable to retirement age unless in pay status, and pre-retirement death benefits in excess of the Survivor Annuity Death Benefit except as noted in the Plan Provisions.</p>
Assumptions and Methods Elected by Actuary Plan Accounting (ASC 960)	
With the exceptions below, all assumptions and methods are the same as those used in determining your plan's regular Funding Target and Target Normal Cost.	
Interest Rate Used to Value Liabilities	7.00%

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Significant Event

In the fall of 2012, the plan sponsor filed an application under the Voluntary Correction Program with the Internal Revenue Service to correct an operational defect with the plan found during the transition of service providers. A large number of plan participants had not begun timely retirement benefits.

In September 2013, the plan sponsor received approval for their request to pay back-payments with interest, as if the participants had commenced payments at the required time, in accordance with the plan. This ruling was consistent with the assumptions made in this valuation.
