Description of the Plan and Significant Accounting Policies

The following description of First Meridian Services, Inc. 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established March 5, 2008. The Plan is available to employees age 21 years or older who have completed 12 months of service with First Meridian Services, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The president of the Company and an individual affiliated with the Company are trustees of and administer the Plan. American United Life Insurance Company ("AUL") serves as directed trustee. A directed trustee holds and manages Plan assets and maintains the Plan's records. AUL offers Plan participants a variety of investment options through various mutual funds and a stable value fund. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Eligible employees are automatically enrolled in the Plan at a 2% deferral percentage at the time the employee meets the eligibility requirements unless the participant elects another percentage including 0%. Participants may make before-tax or after-tax Roth contributions of up to 90% of the participant's compensation not to exceed the IRS limits ($17,500 for 2013), which are adjusted annually by the Secretary of Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. The Company may contribute a discretionary match or profit sharing contribution to be determined by the Company prior to the end of the Plan year. The Company made no discretionary or profit sharing contributions for the year ended December 31, 2013.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of the Company's contribution, Plan earnings or losses, Plan expenses, and forfeitures. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting (continued)

Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 65), disability, or if the Plan is terminated.

Payments of Benefits

Upon death, disability, attainment of normal retirement age (age 65), or termination of service, a participant may elect to receive a lump-sum payment in the amount equal to the participant's vested account balance. If the participant's balance is $1,000 or less, a lump-sum distribution will be made to the participant. If the participant's vested account balance is greater than $1,000, the participant can delay distribution. Participants with balances greater than $5,000 can elect to receive a lump-sum payment or partial installments, subject to certain limitations.

Under certain circumstances of financial hardship, participants may make withdrawals from their vested account balance, subject to a minimum of $500. Participant contributions will be suspended for a minimum period of six months after the receipt of a hardship withdrawal. Participants may also elect to receive distributions from their vested account balances upon attaining the early retirement age of 59 1/2. Benefits are recorded as distributions to participants when paid.

Participant Termination and Forfeitures

If, at the time of termination of employment, the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures must first be used to pay administrative expenses, and any remaining amounts can be used to offset employer contributions. There was no balance in this account at December 31, 2013 and 2012.

Valuation of Investments and Income Recognition

The assets of the Plan are comprised of mutual funds and a stable value fund. The mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

liability in an orderly transaction between market participants at the measurement date. The stable value fund is stated at contract value, which approximates fair value, and is fully benefit responsive. The stable value fund contains a guaranteed interest contract that is under a group annuity contract with AUL. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise.
Crediting interest rates are reset by AUL on a quarterly basis. The average yield was approximately 1.13% during the year ended December 31, 2013, and the crediting interest rate was approximately 1.50% at December 31, 2013. See Note 4 for discussion of fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and year-end fair value or selling price (if sold during the year). Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis, dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investments, which in general are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by mutual funds are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with GAAP.

Note 2 - Investments

AUL has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2013 and 2012 and the income earned or losses incurred on the investments for the year ended December 31, 2013, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the directed trustee except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

The fair value of investments greater than 5% of net assets was the following:

	December 31,			
	2013		2012	
American Century Strategic Allocation Moderate	$ 851,587		$ -	*
Russell LP Balanced	$ -	*	$ 664,360	

* Indicates investment not in excess of 5% of net assets at the respective date.

Note 3 - Plan Merger

In May of 2008, a separate 401(k) plan maintained by a member of the Company's controlled group, known as the First Meridian Services Consolidated Employee Benefit Plan (the "Merged Plan"), was merged with and into the Plan. At the time of the merger, the Plan sponsor of the Merged Plan was not able to confirm that the Merged Plan was operated in full compliance with all applicable laws. Should there be any operational or other legal defects in the Merged Plan, those defects would remain even after the combination of the Merged Plan into the Plan. In that event, the Plan would be required to correct those defects in compliance with the correction procedures established by the IRS or the DOL, as applicable, should the IRS or the DOL raise the issue of any such defect with respect to the Merged Plan.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

The Company will take any such action as is required by the IRS or the DOL in order to preserve the tax-qualified status of the Plan.

Note 4 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Company has consistently applied the valuation techniques discussed below in all periods presented.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured on a recurring basis at fair value as of December 31, 2013 and 2012.

Assets at fair value as of December 31, 2013 are as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds				
Balanced	$ 854,545	$ -	$ -	$ 854,545

Stable value fund	-	5,161	-	5,161

Total	$ 965,809	$ 5,161	$ -	$ 970,970

Note 4 - Fair Value Accounting (continued)

Assets at fair value as of December 31, 2012 are as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds				
Balanced	$ 664,692	$ -	$ -	$ 664,692
International	32,175	-	-	32,175
Large-cap	23,466	-	-	23,466
Small-cap	21,737	-	-	21,737
Mid-cap	17,038	-	-	17,038

Stable value fund	-	17,556	-	17,556
Total	$ 772,774	$ 17,556	$ -	$ 790,330

The valuation technique used to measure fair value of the mutual funds was the net asset value of the shares or units held by the Plan at year-end based on quoted market values. The stable value fund is measured at contract value, which approximates fair value.

There were no changes to the valuation techniques used during the period.

Note 5 - Income Taxes

The Plan did not obtain a plan specific determination letter as it operates with the directed trustee's opinion letter dated March 31, 2008, which was issued on the basic Plan document. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code; therefore, no provision for income tax has been included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon

examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 6 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or his or her beneficiary.

Note 8 - Party-in-Interest Transactions

Certain Plan investments are a stable value fund managed by AUL. AUL is the asset directed trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest and are exempt from the prohibited transaction rules.

Note 9 - Subsequent Events

The Plan has evaluated all subsequent events through the auditor's report date, which is the date the financial statements were available for issuance. There were no events requiring recognition or additional disclosure based upon this evaluation.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

First Meridian Services, Inc. 401(k) Plan Committee
First Meridian Services, Inc. 401(k) Plan
8231 East Prentice Avenue
Greenwood Village, Colorado 80111

We have conducted a Department of Labor ("DOL") limited-scope audit of the financial statements of First Meridian Services, Inc. 401(k) Plan (the "Plan") for the year ended December 31, 2013 and have issued our report thereon dated October 6, 2014. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 25, 2014. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT FINDINGS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 1 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2013. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> Management's estimate of the fair value of investments is based upon information provided by American United Life Insurance Company, the trustee of the Plan. We evaluated the key factors and assumptions used to develop the valuation of investments in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 6, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

This information is intended solely for the use of Plan management and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

First Meridian Services, Inc. 401(k) Plan Committee
First Meridian Services, Inc. 401(k) Plan
8231 East Prentice Avenue
Greenwood Village, Colorado 80111

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of First Meridian Services, Inc. 401(k) Plan (the "Plan") as of and for the year ended December 31, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting ("Internal Control") as a basis for designing our audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's Internal Control. Accordingly, we do not express an opinion on the effectiveness of the Plan's Internal Control.

We were engaged to perform a Department of Labor ("DOL") limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of Internal Control relating to the information summarized in Note 2 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of Internal Control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in Internal Control that might be material weaknesses; therefore, there can be no assurance that all such deficiencies have been identified. We did not identify any deficiencies in Internal Control that we consider to be material weaknesses.

A deficiency in Internal Control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in Internal Control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

This communication is intended solely for the information and use of Plan management and others within the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

EKS&H LLLP
