PSS Companies 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

Note 1: Description of the Plan

The following description of PSS Companies 401(k) Plan (formerly Pipeline Supply and Service Co., Inc. 401(k) Profit Sharing Plan) provides only general information. Participants should refer to the *Plan Document* and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by Pipeline Supply & Service, LLC (the Company), for the benefit of its employees who are age 21 or older. Related employers who also participate in the Plan include Wasatch Supply & Barrel and North State Supply Company of Pennsylvania. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Before May 22, 2013, Plan assets were held by Great-West Life & Annuity Insurance Company (Great-West) and ING Life Insurance and Annuity Company (ING). Effective May 22, 2013, Great-West was terminated as Plan custodian and all assets were transferred to ING.

Plan Amendments

Effective October 1, 2012, the Plan year-end was changed to December 31, creating a Short Plan Year for the three months ended December 31, 2012. The amendment also recognized prior service with Wasatch Supply & Barrel and North State Supply Company of Pennsylvania. Effective June 1, 2013, the Plan was amended and restated.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 100 percent of eligible compensation. Employee rollover contributions are also permitted. The Company makes matching contributions of 100 percent of employees' salary deferral amounts on the first 3 percent of employees' compensation, plus 50 percent of the amount of participant elective deferrals that exceed 3 percent of compensation but do not exceed 5 percent of eligible compensation. Company profit sharing contributions are discretionary as determined by the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various pooled separate accounts, a fixed income account and a guaranteed portfolio fund. Effective May 22, 2013, the guaranteed portfolio fund investment option was removed. Each participant has the option of directing his or her contributions into any of the separate investments and may change the allocation daily.

PSS Companies 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the employer contributions, plus earnings thereon.

Payment of Benefits

Upon termination of service, an employee may elect to receive a lump-sum amount equal to the value of his or her account.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited non-vested accounts totaled $3,551 and $3,550, respectively. These accounts will be used to reduce future employer contributions.

Notes Receivable From Participants

The *Plan Document* includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50 percent of the participant's vested account balance. A participant can only have one loan currently outstanding from the Plan. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a fixed income account. The statement of net assets available for benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Pooled separate accounts are valued at estimated fair value as provided by ING and Great-West as of December 31, 2013 and 2012.

The fair value of the ING Fixed Account and Great-West Life & Annuity Insurance Company Guaranteed Portfolio Fund is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year or period.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the *Plan Document*.

Plan Tax Status

The Plan operates under an adoption agreement in connection with a prototype non-standardized profit sharing plan sponsored by Alliance Benefit Group of Houston, Inc. This prototype plan document has been filed with the appropriate agency and obtained an opinion letter dated March 31, 2008, from the Internal Revenue Service stating that the prototype plan and related trust, as then designed, constituted a qualified plan under Section 401 of the Internal Revenue Code and, therefore, were not subject to tax. The Plan has been amended since receiving the opinion letter. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

With a few exceptions, the Plan is no longer subject to U.S. Federal, state and local, or non-U.S. income tax examinations by tax authorities for years before 2010.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Investments

The Plan's investments were held by ING as of December 31, 2013, and ING and Great-West as of December 31, 2012. The Plan's investments (including investments bought, sold and held during the year ended December 31, 2013, and the period from October 1, 2012 through December 31, 2012) appreciated in fair value as follows:

	2013

	2012

Fixed income account	-	472,770

	$ 55,855	$ 4,279,413

The fair value of individual investments that represented 5 percent or more of the Plan's net assets available for benefits at December 31, 2013 and 2012, were as follows:

	2013	2012
ING Fixed Account	$ 825,553	$ 472,770

*Investment did not represent 5 percent or more of the Plan's net assets at the respective year-end.

Dividends realized on the Plan's investments for the year ended December 31, 2013, and period ended December 31, 2012, were $11,392 and $3,383, respectively.

Information on the fully benefit-responsive contract relating to the fixed income account carried at fair value is as follows:

ING Fixed Account

	2013	2012
Average yield	1.07%	1.32%
Crediting interest rate at December 31	1.00%	1.00%
Fair value	$ 825,553	$ 472,770

Crediting interest rate at December 31		1.45%
Fair value	$	512,690
Contract value		512,690

Note 4: Party-in-interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan's investments are managed by Great-West and ING, which are the custodians as defined by the Plan agreement. Therefore, these transactions qualify as party-in-interest transactions. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Recurring Measurements

The tables on the following page present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2013 and 2012.

	2013

Total	$ 4,279,413	$ 0	$ 3,806,643	$ 472,770

The following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2013, and the period from October 1, 2012 through December 31, 2012. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. No Level 1 securities are included. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Level 2 securities include pooled separate accounts. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Fair value determinations for Level 3 measurements of securities are the responsibility of the Plan Administrator. The Plan Administrator contracts with a pricing specialist to generate fair value estimates on a monthly or quarterly basis. The Plan Administrator challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting principles generally accepted in the United States of America.

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs:

	Fixed Income Account
Balance, October 1, 2012	$ 442,704
Purchases	35,671
Sales	(5,605)
Balance, December 31, 2012	472,770
Purchases	375,794
Sales	(23,011)
Balance, December 31, 2013	$ 825,553

The following table represents quantitative information about unobservable inputs used in recurring Level 3 fair value measurements.

	Fair Value	Valuation Technique	Unobservable Inputs	Weighted Average
December 31, 2013:				
ING Fixed Account	$ 830,525	Discounted cash flow	Contractual interest rate	1.00%
December 31, 2012:				
ING Fixed Account	472,770	Discounted cash flow	Contractual interest rate	1.00%

Note 6: North State Supply Co., Inc.

On January 31, 2012, the Company acquired substantially all of the assets of North State Supply Co., Inc. Plan assets of the North State Supply Company of Pennsylvania 401(K) PS Plan totaling $15,089 were transferred into the Plan on May 22, 2013.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Subsequent Events

Industrial Air Tools Employees to Begin Participating in the Plan

On January 28, 2014, the Plan Sponsor acquired substantially all the equity units of Industrial Air Tools. Approximately 120 employees of Industrial Air Tools were eligible to participate in the Plan as of April 1, 2014.

Pipeline Inspection Co. Employees to Begin Participating in the Plan

On July 28, 2014, the Plan Sponsor acquired substantially all the asset units of Pipeline Inspection Co. Approximately 22 employees of Pipeline Inspection Co. were eligible to participate in the Plan as of August 1, 2014.

Subsequent Event Evaluation

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
