Report on the Financial Statements

We have audited the accompanying financial statements of **R&D Foods, Inc. 401(k) Plan** ("Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2013, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of **R&D Foods, Inc. 401(k) Plan** as of December 31, 2013, 2012 and 2011, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets held for investment purposes and Reportable transactions, together referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED
DECEMBER 31, 2013, 2012 AND 2011

(1) DESCRIPTION OF THE PLAN:

The following description of the R&D Foods, Inc. 401(k) Plan ("Plan") provides only general information. For more complete information, participants should refer to the plan instrument, a copy of which is on file in the offices of the Plan sponsor and participating employers.

. General -

The Plan is a defined contribution 401(k) profit sharing retirement plan covering all eligible employees from R&D Foods, Inc., 7269 LLC, 13605 LLC, 24121 LLC, and 31761 Corporation. The plan commenced on July 19, 2007 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

. Eligibility -

In order to be eligible to participate in the Plan and to receive matching contributions, an employee must be at least 21 years old and must have worked for the company for 1 year. Entry dates are on the first day of the first month and the seventh month of each Plan year.

. Funding -

Participants may contribute as much as a percentage or fixed amount of their compensation up to the statutory maximum of \$17,500 in 2013, \$17,000 in 2012 and \$16,500 in 2011. There is also a catch up provision that allows employees who are age 50 or older to contribute an additional \$5,500 each year. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Contributions are subject to certain limitations. The employer will provide a safe harbor matching contribution equal to 100% of each participant's elective deferral up to 4% of the participant's compensation. All contributions are 100% vested.

. Participant Accounts -

Each participant's account is credited with 1) participant's contributions; 2) the employer's matching contributions, and 3) a ratable portion of investment gain or loss, net of Plan expenses. Each participant's account is charged with any distributions made to that participant.

(1) DESCRIPTION OF THE PLAN (CONTINUED):

. **Vesting -**

Participants are immediately vested in their contributions, the employer matching contributions plus actual earnings thereon.

. **Investment options -**

Upon enrollment in the Plan, and any time subsequently, participants may direct contributions to be allocated among a selection of securities provided by the Plan Administrator (*Note 3*).

. **Payment of benefits -**

Upon termination of service, death, disability or retirement, a participant or beneficiary may request to receive lump-sum amount equal to the value of the participant's vested interest in his or her account or partial payments thereon. Upon retirement or separation of service with an account balance less than \$5,000, the plan administrator will distribute payment in the form of a single lump-sum.

. **Participant loans -**

The Plan does not allow for participant loans.

. **Forfeitures -**

Forfeitures are first used for restoration of participant forfeitures, and then to pay Plan expenses. Any remaining forfeitures are to be used to reduce employer's matching contributions. There were no forfeitures for the plan years ended December 31, 2013, 2012 and 2011.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

• **Investments valuation and income recognition -**

Investments are reported at fair values (*see Note 3*). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (*see Note 5 for discussion of fair value measurements*).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

• **Accounting estimates -**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

• **Termination -**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

• **Subsequent events -**

Management has evaluated subsequent events for the Fund through October 13, 2014, the date the financial statements were available to be issued.

(3) INVESTMENTS:

The Plan has a recordkeeping services agreement with Prime Plan Solutions. Prime Plan Solutions maintains the contributions in separate accounts that are defined as funds sub-advised by third parties, or which invest in Lord Abbett Funds. The account is credited with earnings on the underlying investments (principally mutual funds) and charged for Plan investment and distribution fees. The contract is included in the financial statements at contract value, which approximates the fair value of the underlying investments, as reported to the Plan by Lord Abbett Funds.

Allocations among the underlying investments are participant directed. The investments held at December 31, 2013, 2012 and 2011 consisted of the following (investments which represent more than 5% of total Plan assets are noted separately):

	<u>2013</u>	<u>2012</u>	<u>2011</u>

During the years ended December 31, 2013, 2012 and 2011 the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during each year) appreciated (depreciated) in value by \$57,575, \$55,277 and \$(39,966) respectively (reported as Net appreciation in fair value of investments in the Statements of Changes in Net Assets Available for Benefits).

(4) RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

(5) FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

(6) TAX STATUS:

The Internal Revenue Service has determined that the prototype which this Plan has been based on has been designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has certain differences from the prototype. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan has taken no such positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Plan investments are shares of funds managed by Lord Abbett. Fees incurred by the Plan for investment management service are considered party in interest transactions. Additionally, the Plan's sponsor and participating employer absorbs virtually all of the Plan's administrative expenses.
