RARITAN AMERICAS, INC. EMPLOYEE SAVINGS PLAN

Notes to Financial Statements December 31, 2013 and 2012

NOTE A - DESCRIPTION OF THE PLAN

The following description of Raritan Americas, Inc. Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is sponsored by Raritan Computer, Inc. (the "Company").

[1] General:

The Plan is a participant directed, defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

[2] Eligibility:

Employees are eligible to participate in the Plan after completing two months of service and attaining the age of 21. Once eligible, employees can enroll on the first day of each quarter following the date on which they met requirements. Beginning on July 1, 2011, the Plan instituted automatic enrollment in which, unless the employee makes an alternative salary deferral election or opts out, the employer will withhold a portion of the employee's compensation from his/her pay each payroll period and contribute that amount to the Plan as a pre-tax 401(k) deferral.

[3] Contributions:

Subject to the Internal Revenue Service ("IRS") limitations, participants may elect to make contributions to the Plan. Eligible employees may directly roll over to the Plan amounts from another qualified plan.

The Company's contributions are calculated as a percent of employee's compensation as defined by the Plan document. Contributions are subject to certain limitations. The Company may also make an additional discretionary contribution on behalf of all eligible employees.

[4] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, and related Plan earnings or loss thereon. The participant and Company contributions and earnings or losses thereon are invested as directed by the participant into various investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

[5] Vesting and forfeitures:

Participants are vested in their Company's contributions based on a six-year graded schedule, at the rate of 20% per year after one year of service. When an employee terminates and is less than 100% vested in the employer account, the employee forfeits the non-vested portion of such account. Forfeitures are retained in the Plan and used to reduce future employer contributions. Forfeitures of approximately \$14,594 and \$38,681 were used to reduce employer contributions during the year ended December 31, 2013 and 2012, respectively. Unused forfeitures were approximately \$583 and \$3,000 as of December 31, 2013 and 2012, respectively.

RARITAN AMERICAS, INC. EMPLOYEE SAVINGS PLAN

Notes to Financial Statements December 31, 2013 and 2012

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[5] Subsequent events:

The Plan has evaluated subsequent events through October 8, 2014, the date the financial statements were available to be issued.

NOTE C - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2013 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE E - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2008, that the Plan is qualified under the Internal Revenue Code ("IRC") and therefore the related trust is exempt from taxation. The Plan has been amended since receiving the tax determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE F - FAIR VALUE MEASUREMENTS

The Federal Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

RARITAN AMERICAS, INC. EMPLOYEE SAVINGS PLAN

Notes to Financial Statements December 31, 2013 and 2012

NOTE F - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2013 and 2012:

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2013, there were no significant transfers in or out of levels 1, 2 or 3. There was a sale of the level 3 investments when the Company switched recordkeepers from ING Life Insurance and Annuity to State Street Bank and Trust Company on April 2, 2012.

There were no level 3 assets as of December 31, 2013 and 2012, respectively.

NOTE G - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, State Street Bank and Trust Company, the trustee of the Plan, has certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012, the statement of changes in net assets available for benefits for the year ended December 31, 2013, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2013.

Re: Reasonable Cause Statement for Late Filing of Form 5500

We are requesting an abatement of DOL and IRS penalties for the late filing of the plan's Form 5500. We attempted to file electronically by the deadline, but SunGard's Relius Government Forms Web Client experienced an isolated system event on October 15, 2014, which delayed or prevented the plan from completing and filing its Form 5500.

The filing of the plan's Form 5500 was successfully transmitted to the production EFAST2 system on 10/16/2014. The plan filed Form 8955-SSA with the IRS on 10/10/2014.
