INDEPENDENT AUDITORS' REPORT

Plan Administrator Rail Group Retirement Plan

Report on the Financial Statements

We have audited the accompanying financial statements of the Rail Group Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of January 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by plan management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of January 31, 2014 and 2013, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Voise Variation & Co. J.S.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of January 31, 2014, referred to as the "supplemental information", is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NET ASSETS AVAILABLE FOR BENEFITS:		
Beginning of year	5,571,714	5,691,127
End of year	\$ 5,671,182	\$ 5,571,714

1. PLAN DESCRIPTION

The following description of the Rail Group Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Rail Management Services, L.L.C. (RMS/the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan administration - RMS is the plan sponsor and plan administrator. The Plan's investments are held by Fidelity Management Trust Company, the Plan's trustee, and the Plan's third party administrator is Fidelity Workplace Services LLC (collectively, Fidelity). The Retirement Plan Committee maintained by Carrix, Inc., an affiliate of the Employer, determines the appropriateness of the Plan's investment offerings, monitors investment performance, and is comprised of members of the Employer's management.

Plan spinoff and merger - Eligible employees of RMS historically had participated in the Carrix, Inc. Retirement Plan (Carrix Plan), a defined contribution plan sponsored by an affiliate. In January 2008, the Board of Directors of the Employer approved the "Rail Retirement Plan Spinoff and Merger", resulting in the participant account balances of current and former RMS employees held in the Carrix Plan being spun off and transferred to the Plan.

Contributions - The Plan has not been designed to accept future employee salary deferrals, after-tax employee contributions, employer matching or profit sharing contributions. Employer contributions previously made into the Carrix Plan continue to vest in accordance with the plan agreement as subsequently described. During the year ended January 31, 2013, the Employer made corrective contributions into the Plan. There were no contributions made into the Plan for the year ended January 31, 2014.

Participant accounts - Each participant's account is credited with the earnings on account balances and is charged with an allocation of administrative expenses. The Plan's earnings and certain administrative expenses paid by the Plan are allocated by fund based on each participant's share values. Participants may direct the investment of their account balances to any combination of the Plan's investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting - Participants are vested immediately in their contributions and the Employer's corrective contributions, plus actual earnings thereon. Vesting in the remainder of a participant's account balance is based on years of continuous service. A participant earns a vesting percentage of 20% per year and is 100% vested after five years of credited service. In the event of death, disability, or retirement, a participant becomes fully vested in their entire account balance.

1. PLAN DESCRIPTION, continued

Payment of benefits - Upon termination of service due to death, disability, retirement, or for other reasons, a participant, or their beneficiaries, may elect to receive all or a portion of their vested balance as a lump-sum payment or may elect to purchase an annuity contract. Distributions may also be made in installments to comply with minimum distribution rules required by the Internal Revenue Code (the Code). The Plan permits in-service withdrawals to participants meeting certain requirements.

Forfeitures - Forfeitures of the nonvested portions of terminated participants' accounts are maintained in a separate account and are used to pay the Plan's administrative expenses or are allocated among eligible participants' accounts.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are presented on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust fund. The statements of net assets available for benefits present the fair value of the investments in the collective trust fund as well as the adjustments of the fully benefit-responsive investments in the collective trust fund from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year as well as those held at year end.

2. SIGNIFICANT ACCOUNTING POLICIES, continued

Benefit payments - Benefits are recorded when paid.

Expenses and revenue sharing - Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Participant withdrawal fees and certain investment advisory expenses are deducted from the related participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Certain other fees may be paid by the Plan through forfeitures or through revenue sharing that the Plan receives based on a revenue sharing agreement with Fidelity. Under the terms of the agreement, each quarter Fidelity refunds and deposits into the Plan certain excess fees, as defined by the agreement. These deposits are held by the Plan and may be used to pay administrative expenses or allocated to participant accounts. The revenue sharing account balance was \$227 and \$0 at January 31, 2014 and 2013, respectively. The account balance as of January 31, 2014 was used to pay administrative expenses subsequent to year end.

Subsequent events - The Plan has evaluated subsequent events through October 24, 2014, the date the financial statements were available to be issued.

3. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

	January 31,				
		2014		2013	
Mutual funds:					
Fidelity Freedom K 2020	\$	1,834,799	\$	1,855,270	
Fidelity Freedom K 2030		1,208,413		1,238,683	
Fidelity Freedom K 2040		484,544		431,443	
Fidelity Low-Priced Stock K		379,507		-	
Fidelity Retirement Money Market		289,996		333,515	
Oppenheimer Developing Markets Y		-		283,702	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted market prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 31, 2014 and 2013.

- Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds
 held by the Plan are open-end mutual funds that are registered with the Securities and
 Exchange Commission. These funds are required to publish their daily net asset value
 (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be
 actively traded.
- Collective Trust Fund: Valued at the NAV of the units in the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

4. FAIR VALUE MEASUREMENTS, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of January 31, 2014 and 2013:

	Assets at Fair Value as of January 31, 2014					
	Level 1		Level 2	Le	evel 3	Total
Mutual funds:						
Target date	\$ 3,924,615	\$	-	\$	•	\$ 3,924,615
Mid-cap	379,507		-		4	379,507
Money market	289,996	289,996		289,996

Foreign	157,212		•		-	157,212
Moderate allocation	147,797		-		-	147,797
Large-cap	145,975		185		. * *	145,975
Small-cap	137,846		•		-	137,846
Short government	72,135		-		-	72,135
Real estate	70,623		-		-	70,623
Bond	57,092		-		~	57,092
Commodities	166_					166
	5,645,655		*		-	5,645,655
Collective trust fund	-		26,513		-	26,513
,	\$ 5,645,655	\$	26,513	\$		\$ 5,672,168

4. FAIR VALUE MEASUREMENTS, continued

	Assets at Fair Value as of January 31, 2013						
	Level 1 Level 2 Level 3		Total				
Mutual funds:							
Target date	\$ 3,817,672	\$ -	\$	\$ 3,817,672			
Money market	333,515	-	16	333,515			
Mid-cap	325,329	-	/#	325,329			
Emerging markets	283,702	-		283,702			
Bond	210,890	-	31 2	210,890			
Foreign	128,201	-	12	128,201			
Large-cap	113,601	-	2	113,601			
Moderate allocation	105,771	-	-	105,771			
Short government	88,375	-	<u> </u>	88,375			
Small-cap	85,453	-	÷	85,453			
Real estate	48,003	-	ä	48,003			
Commodities	2,534			2,534			
	5,543,046	=	-	5,543,046			
Collective trust fund		30,012		30,012			
	\$ 5,543,046	\$ 30,012	\$ -	\$ 5,573,058			

The collective trust fund's investment objective is the preservation of capital, and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve this objective, the fund typically invests in money market funds, fixed income securities and bond funds, and enters into "wrap contracts" issued by third parties. Unrealized gains and losses from the collective trust fund are not included in the statements of changes in net assets available for benefits as the fund is recorded at contract value for purposes of the net assets available for benefits. Participants may initiate redemptions in the collective trust fund on a daily basis, and there is currently no redemption notice period or unfunded commitments.

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments of the Plan are managed by Fidelity. Therefore, transactions with these investments qualify as party-in-interest transactions under ERISA. In addition, expenses paid by the Plan are to parties-in-interest as defined by ERISA. Furthermore, as described in Note 7, the Employer has adopted a Fidelity volume submitter money purchase pension plan.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become fully vested in their accounts and the net assets of the Plan will be distributed to the participants as provided by the Plan.

7. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed Fidelity by an opinion letter dated March 31, 2008, that the volume submitter plan on which the Plan is based is designed in accordance with applicable sections of the Code. Although the volume submitter plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2010.

8. RISKS AND UNCERTAINTIES

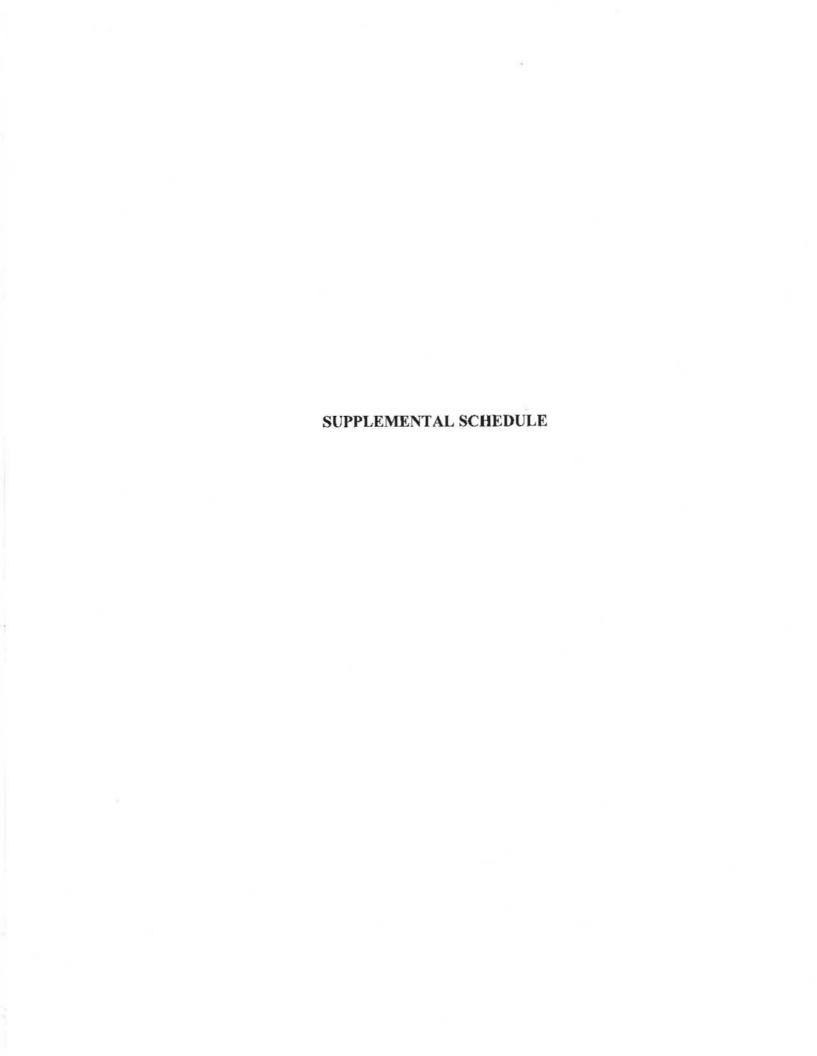

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

9. RECONCILIATION TO FORM 5500

The Plan's net assets available for benefits reflect the collective trust fund at contract value whereas the Form 5500 reflects the collective trust fund at fair value. The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements to the Form 5500:

Net assets available for benefits:

	January 31,		,		
	, <u> </u>	2014		2013	
Net assets available for benefits per the financial statements Adjustments from contract value to fair value for interest in call action to fully	\$ 5	,671,182	\$	5,571,714
