Independent Auditor's Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Pillar Technology Group, LLC Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the asset information summarized in the notes to the financial statements, which was certified by Nationwide Financial Services, Inc., including its subsidiary Nationwide Trust Company, FSB, a division of Nationwide Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013, and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2013 financial statements.

Other Matters

The supplemental schedule of assets (held at end of year) as of December 31, 2013 is required by the DOL Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

We have compiled the accompanying statement of net assets available for benefits of Pillar Technology Group, LLC Retirement Plan as of December 31, 2012. We have not audited or reviewed the accompanying statement of net assets available for benefits and, accordingly, do not express an opinion or provide any assurance about whether the financial statement is in accordance with accounting principles generally accepted in the United States of America.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PILLAR TECHNOLOGY GROUP, LLC RETIREMENT PLAN

Notes to Financial Statements

December 31, 2013 and 2012

Plan Description

The following description of the Pillar Technology Group, LLC (the Company) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all employees of the Company who have been credited with three months of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan pays substantially all administrative and professional fees related to the Plan.

Contributions

Upon satisfying all eligibility requirements, employees are automatically enrolled in the Plan and contribute at a default rate of 3% of pre-tax annual compensation, as defined by the plan document, unless otherwise elected. Participants may elect to defer up to 100% of pre-tax annual compensation. Further employees may opt out of the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make discretionary employer matching and profit sharing contributions. During the 2013, Company matched 20% of the participants elective deferrals not to exceed \$600 per participant and there were no discretionary profit sharing contributions made. Contributions are subject to certain limitations.

Effective October 1, 2013, the Plan was amended to allow for roth employee contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2013 and 2012

Plan Description (continued)

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service and is subject to the following vesting schedule:

Years of Service	Vesting
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their individual vested account balances up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. However, the \$50,000 amount in the preceding sentence is reduced by the highest outstanding loan balance the participant had under the Plan during the previous 12-month period. Loans must be repaid within five years unless the loan is granted to allow the participant to purchase his or her principal residence in which the loan must be repaid no later than 30 years from issuance of the loan. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with rates charged by commercial lender charges under similar circumstance. Principal and interest are paid ratably through payroll deductions.

Withdrawals

Participants may withdraw up to 100% of their elective accounts, matching contributions and discretionary contributions, plus actual earnings thereon, in the event of undue financial hardship as provided for in the plan agreement.

Payment of Benefits

Upon termination of service due to separation of service, disability or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or receive installments. For termination of service due to death of a participant, the beneficiary will receive a lump-sum distribution that will be equal to the participant's account. The participant's account will become fully vested upon the death or disability of the participant before termination of employment or reaching age 65 while still employed.

Plan Description (continued)

Forfeited Accounts

As of December 31, 2013 and 2012, forfeited non-vested accounts were \$1,488 and \$7,788, respectively. These accounts are used by the Plan to restore previously forfeited accounts, pay administrative expenses of the Plan or to reduce future employer contributions. During 2013 forfeited non-vested accounts of \$15,938 were used to reduce employer contributions.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 or 2012.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year-end.

Notes to Financial Statements

December 31, 2013 and 2012

Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

December 31, 2013:

	Level 1	Level 2	Level 3	Total
Blended funds	\$ 2,628,523	\$ -	\$ -	\$ 2,628,523

Notes to Financial Statements

December 31, 2013 and 2012

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Tax Status

The Company utilizes a prototype non-standardized profit sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) on January 31, 2006, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Party-in-Interest Transactions

The plan pays certain investment management and administrative expense to the trustee and a third party administrator (TPA). Therefore, these transactions qualify as party-in-interest. Total expenses paid to the trustee and TPA during 2013 were approximately \$25,000, and are included in net appreciation in the accompanying statement of changes in net assets.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the accompanying 2013 statement of net assets available for benefits.

Subsequent Events - Date of Management's Review

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
