INDEPENDENT AUDITORS' REPORT

The Board of Directors
Mitchell International, Inc.
401(k) Savings Plan
San Diego, California

Report on the Financial Statements

We were engaged to audit the financial statements of Mitchell International, Inc. 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with U.S. generally accepted auditing standards. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mercer Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the trustee is complete and accurate.

MITCHELL INTERNATIONAL, INC.
401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

1. Description of Plan

The following description of Mitchell International, Inc. 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan was established on April 1, 2000, by Mitchell International, Inc., (the Company) the Plan's sponsor, after having transferred $28,236,712 in net assets from the Company's previous plan, Thomson Holdings Inc. Savings Plan. The Plan was amended effective October 1, 2011. The Plan's purpose is to allow eligible employees of the Company the opportunity to participate in a retirement savings program. The Company has contracted with Mercer Trust Company to act as trustee and custodian of the Plan's assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trustee
Mercer Trust Company, acting as trustee, is responsible for investing and managing Plan assets, subject to the direction of the Company and the participants.

Eligibility and Contributions
The Plan covers all employees of the Company. Employees must be age 18 or older to be eligible. There is no service requirement. If a terminated employee is reemployed by the Company, such employee is immediately eligible to participate in the Plan provided such person was an eligible employee at the date of termination. Employees may enroll in the Plan on the first day following the first payroll period after hire date.

Participants may elect to contribute a portion of their eligible compensation not to exceed maximum limits allowed under IRS regulations. Participants may contribute amounts into the Plan that were received from a previous employer's qualified retirement plan (rollover contribution). The Plan also allows participants to make a Roth designation (Roth 401(k) contributions) for up to 100% of their contributions. The Company matches 50% of the first 6% that a participant contributes to the Plan. The Company may also make additional contributions on a discretionary basis.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Participants become 25% vested in any employer contributions after completing one year of service, and vesting increases 25% for each additional year of service.

1. Description of Plan, Continued

Participant Accounts
Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, and an allocation of Plan earnings. Investment earnings and changes in the fair market value of Plan assets are allocated among and credited to each participant's account bi-weekly based upon their prorata share of the beginning account balance.

Forfeitures
At December 31, 2013 and December 31, 2012, forfeited nonvested accounts totaled $80,499 and $136,047, respectively. These accounts will be used to reduce future employer contributions. Employer contributions were reduced by forfeitures of $136,047 during the year ended December 31, 2013.

Rollovers
The Plan allows participants who had retirement accounts with a previous employer to directly transfer or rollover the previous balance to the Plan only if they are Participants in this Plan. This is a segregated "Rollover" account in which contributions are 100% vested.

Notes Receivable from Participants
Participants may borrow a specified amount of their vested interest in the Plan for a maximum term of five years, subject to a reasonable rate of interest. The repayment period for a residential note may, but need not, exceed five years. Notes are secured by the participant's vested interest in the Plan with a maximum of 50% of their vested balance or $50,000, whichever is less.

A participant may have only one note outstanding at a time. Principal and interest payments are deducted from the participant's paycheck each pay period. If a participant's employment is terminated, any outstanding note balance shall be treated as a distribution.

Investment Options
Upon enrollment in the Plan, a participant may direct contributions to available investment options. Participants may change the investment mix at any time.

1. Description of Plan, Continued

Payment of Benefits

Under the terms of the Plan, participants are eligible to receive distributions at their normal retirement date, as defined in the Plan. Benefits are also payable upon death or disability, termination of employment without a successor plan, or the Company's sale to an unrelated entity. Participants should refer to the Plan agreement for a complete description of the various distribution methods.

In-Service Withdrawals

While the Plan is designed to be a retirement income supplement, it provides flexibility in cases where funds are needed for emergencies prior to retirement. Accordingly, employees may withdraw funds before retirement up to the maximum vested account balance, excluding Roth 401(k) contributions. Withdrawals may result in periods of contribution suspension and forfeiture of nonvested employer contributions.

2. Significant Accounting Policies

General

The Plan maintains its accounts on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles. The significant accounting policies followed are discussed below.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates. Significant estimates used in preparing these financial statements include the fair value of investments. Management periodically evaluates estimates used in the preparation of the financial statements for continued reasonableness. It is reasonably possible that changes may occur in the near term that would affect such estimates.

2. Significant Accounting Policies, Continued

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
Management has evaluated subsequent events through October 6, 2014, the date on which the financial statements were available to be issued. There have been no material subsequent events which would require recognition in the financial statements or disclosure in the notes to the financial statements.

3. Investments and Notes Receivable from Participants

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	2013	2012
T. Rowe Price Growth Fund	$ 18,986,814	14,854,333
Putnam Stable Value Fund	15,444,565	14,046,123
American Fund Europacific Growth Fund	12,575,743	9,865,843
Ridgeworth Large Cap Value Equity	10,673,120	7,748,465
Putnam Income Fund	5,401,917	5,003,994
Northern Trust Collective Daily S&P 500 Index	7,150,197	4,933,423
Principal Small Cap S&P 600 Index	5,116,384	-

Investments are held with a trustee under a trust agreement. At December 31, 2013 and 2012, the fair market value of the investments held in the trust fund was $98,168,402 and $77,206,839, respectively. For the year ended December 31, 2013, the fair value of the investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated by $16,998,872 as follows:

Common collective trusts	$ 1,820,876
Mutual funds	15,177,996
	$ 16,998,872

Notes receivable from participants totaled $2,500,701 and $2,431,143 at December 31, 2013 and 2012, respectively. For the year ended December 31, 2013, interest income on notes receivable from participants was $98,957.

4. Fair Value Measurements

U.S. generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under U.S. generally accepted accounting principles are described as follows:

- Level 1 – Quoted prices in active markets (NYSE, NASDAQ, etc) for identical assets or liabilities. These are typically obtained from real-time quotes for transactions in active exchange markets involving identical assets.

- Level 2 –Inputs, other than quoted prices included within Level 1, which are observable for the asset or liability, either directly or indirectly. These are typically obtained from readily-available pricing sources for comparable instruments and inputs derived from observable market data by correlation or other means.

- Level 3 – Unobservable inputs, where there is little or no market activity for the asset or liability. These inputs reflect the reporting entity's own assumptions of the data that market participants would use in pricing the asset or liability, based on the best information available in the circumstances.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued at the quoted market prices, which represent the net asset value of shares held by the Plan.

4. Fair Value Measurements, Continued

Common Collective Trusts: Value based on the fair value of the underlying assets held by the funds as determined by the fund managers on the last day of the Plan year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

Assets at Fair Value as of December 31, 2013

5. Tax Status

The Plan is a standardized prototype plan for which the Plan administrator has received a determination letter dated April 16, 1997, regarding tax-exempt status under the provisions of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

5. Tax Status, Continued

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

The Plan is required to file an "Annual Return/Report of Employee Benefit Plan" (Form 5500) with the Internal Revenue Service. These financial statements agree in all material respects with Form 5500.

6. Plan Continuity

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Party-in-Interest Transactions

The Plan's investments are administered by a trustee under a trust agreement. Accordingly, all purchases and sales of investments were transacted by the trustee.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain investment and administrative expenses of the Plan are paid directly by the Company.

All of these transactions qualify as party-in-interest transactions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
