Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditors' Report

To the Participants and Administrator
Hubbell Incorporated Retirement Plan for Salaried Employees

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Hubbell Incorporated Retirement Plan for Salaried Employees (the "Plan"), which comprise the statements of net assets available for Plan benefits as of December 31, 2013 and 2012, and the related statements of changes in and net assets available for Plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by the Northern Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HUBBELL INCORPORATED
RETIREMENT PLAN FOR SALARIED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2013 and 2012

1. Description of the Plan:

The following is a brief description of the Hubbell Incorporated Retirement Plan for Salaried Employees (the “Plan”) and is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

Participation:

The Plan of Hubbell Incorporated (the “Company”) is a defined benefit (non-contributory) plan which covers each salaried employee who is a member of a group to which the Plan has been extended by resolution of the Company’s Board of Directors. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Retirement benefits:

Annual normal retirement benefits, which are payable at age 65, are generally equal to (a) .0085 of the participant’s final average compensation (based on the average of the highest compensation amounts during any three consecutive calendar years within the ten full calendar years prior to retirement) multiplied by the number of years of credited service prior to retirement up to 35 years, plus (b) .0065 of the participant’s final average compensation in excess of covered compensation, plus (c) 1.1% of the participant’s final average compensation multiplied by years of service in excess of 35 years.

In addition, there may be stipulated minimum retirement benefits, depending on number of years of service and the group in which the retiree is a member. The Plan also provides that any participant under a prior plan of the Company shall not have their benefits earned to date reduced under the Plan.

The Plan provides for the payment of lesser benefits if an employee elects early retirement after attaining age and service requirements. Late retirement benefits are calculated in the same manner as normal retirement benefits and are based on credited service and final average compensation at the actual retirement date. In addition, certain optional forms of benefit payment are available to each participant. If an employee terminates before five years of service, the right to receive any benefits under the Plan is forfeited.

Participants become 100% vested in the Plan after completion of five years of service. Forfeitures arising due to the termination of service of non-vested employees are used to reduce the Company’s subsequent contributions to the Plan.

RETIREMENT PLAN FOR SALARIED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2013 and 2012

1. **Description of the Plan** (continued):

Death and disability benefits:

If an active married employee dies after being vested, a pre-retirement survivor annuity would be paid to the employee's surviving spouse. Provided they have the required years of service, active employees who become totally disabled receive annual disability benefits that are computed the same as normal retirement, with benefits based on either service accrued as of the date of disability, or projected to age 65, depending on the group of which the participant is a member. Disability payments are paid until normal retirement age, at which time disabled participants begin receiving normal retirement benefits computed as though they had been employed to normal retirement age with their annual compensation remaining the same as at the time they became disabled.

Administration:

A Retirement Committee appointed by the Company and who serve without compensation is responsible for the general administration of the Plan and makes the final determination on all questions arising in connection with the interpretation, application, and administration of the Plan.

2. **Summary of significant accounting policies:**

General:

The assets of the Plan are held in the Hubbell Incorporated Master Pension Trust (the "Master Trust") which contains the assets of three pension plans of the Company. The Northern Trust Company (the "Trustee") serves as trustee for the Plan and as custodian of the investments.

Basis of accounting:

The accompanying financial statements are prepared on the accrual basis of accounting.

HUBBELL INCORPORATED
RETIREMENT PLAN FOR SALARIED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2013 and 2012

2. **Summary of significant accounting policies** (continued):

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of actuarial present value of accumulated plan benefits. Accordingly, actual results could differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's interest in the Master Trust is reported at fair value based on the fair value of the underlying investments. See Note 6 for a discussion of fair value measurements.

The income (reported on the accrual basis) and asset appreciation (depreciation) of the Master Trust have been allocated to the participating plans on a percentage basis. The allocation is based on the preceding quarterly market value of the Plan's assets, net of actual contributions and benefit payments relating to the Plan for the subsequent quarter. Notes 5 and 8 contain additional information about the Master Trust.

Investment and other expenses:

Investment and other Plan allowable expenses are paid by the Plan directly. Other unallowable expenses are paid by the Plan sponsor.

Actuarial present value of accumulated Plan benefits:

Accumulated Plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their spouses and (b) present employees or their spouses. Accumulated Plan benefits for active employees are based on their estimated average compensation during the three years ending on the date the benefit information is presented (valuation date).

As of December 31, 2013 and 2012, benefits payable under all circumstances - retirement, disability, death and termination of employment are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

2. **Summary of significant accounting policies** (continued):

Actuarial present value of accumulated Plan benefits (continued):

The actuarial present value of accumulated Plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the December 31, 2013 and 2012 valuations were (a) life expectancy of participants (2013; 2014 PPA Mortality Tables with separate rates for annuitants and non-annuitants) and (2012; 2013 PPA Mortality Tables with separate rates for annuitants and non-annuitants), (b) retirement age assumptions (42% of employees will retire between ages of 55 and 60, 35% between ages of 61 and 64, 30% between ages 65 and 69 and 100% at age 70), (c) discount rate of 5.10% and 4.20% for 2013 and 2012 and (d) annual salary scale increase (rate of 3.00% for 2013 and 2012).

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payment of benefits:

Benefit payments to participants are recorded upon distribution.

3. **Funding policy:**

All contributions to provide basic benefits under the Plan are made by the Company. Contributions to the Plan to provide supplemental pension benefits for Ohio Brass participants were made by the Company and participating employees. The amount of the annual contribution is determined by the Company based on a computation made by an independent actuary. The Company's contributions have equaled or exceeded the minimum funding requirement of ERISA for the years ended December 31, 2013 and 2012.

3. **Funding policy** (continued):

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

4. **Plan termination priorities:**

In the event of the termination of the Plan, the net assets then remaining shall be allocated, to the extent they shall be sufficient after making provision for all administrative expenses, in the following order of preference:

- A. To provide for the payment of pensions to participants in the following two subcategories:
 - 1. Retired pensioners who were receiving benefits three years prior to termination.
 - 2. Participants who would have been receiving benefits three years prior to termination had they been retired.
- B. To provide for the payment required by the termination insurance provisions of ERISA.
- C. To provide for the payment of pensions to vested participants, whose vested pensions have not commenced.
- D. To provide for the payment of pensions to the remaining participants.

To the extent unfunded vested benefits exist, ERISA provides that such benefits are payable by the Pension Benefit Guaranty Corporation to participants up to specified limitations.

5. **Interest in Hubbell Incorporated Master Pension Trust:**

The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and several other Hubbell Incorporated sponsored retirement plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by The Northern Trust Company (Trustee).

5. Interest in Hubbell Incorporated Master Pension Trust (continued):

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2013 and 2012, the Plan's interest in the net assets of the Master Trust was approximately 70.1% and 69.9%, respectively. Investment income and administrative expenses (except for expenses directly related to a specific plan) relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each Plan.

The following table presents the assets, including investments, of the Master Trust:

6. **Fair value measurements of investments:**

Investments are reported at fair value in the accompanying Statement of Net Assets Available for Plan Benefits. Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* ("ASC 820"), establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy assigns the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820, along with a brief description of each, are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- observable inputs for the asset or liability other than quoted prices; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2013 and 2012

6. Fair value measurements of investments (continued):

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of the valuation methodologies used to measure Plan assets at fair value is provided below:

Hubbell Incorporated common stock – Valued at the closing price reported on the New York Stock Exchange.

Common stock, preferred stock, and U.S. Government Securities – Valued at the closing price as reported on the active market on which the identical security is traded.

Corporate bonds – Corporate bonds are valued at the closing price reported in the active market in which the bond is traded.

Registered investment companies – Valued at the net asset value per share as reported in the active markets on which the individual securities are traded. There are no restrictions as to the redemption of these investments nor does the Plan have any contractual obligations to further invest in any of the individual registered investment companies.

Common/collective trusts – Valued based on discounted cash flow analysis employing yields currently available on comparable securities of issuers with similar credit ratings.

Partnership/joint venture interest – Valued based on prices received from an external manager or other pricing sources.

Alternative investments – Represents investments in hedge funds. Valued based on prices received from an external manager or other pricing sources.

The Plan administrator determines the fair value measurement policies and procedures, subject to oversight by the Company's employee benefit committee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The preceding methods described may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

9. Federal income taxes:

The Internal Revenue Service has previously ruled that the Plan and the Master Trust meet the requirements of Section 401(a) of the Internal Revenue Code (the “Code”) and that the Master Trust is exempt from federal income taxes under Section 501(a) of the Code. Accordingly, no provision has been made for U.S. income taxes. The Plan’s most recent determination letter is dated December 12, 2012. The Plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Under present federal income tax laws and regulations, a participant will not be subject to federal income taxes on the contributions by their employer, or on the interest, dividends or profits on the sale of securities received by the Trustee until the participant’s benefits commence.

Management evaluated the Plan’s tax positions and has concluded that as of December 31, 2013 the Plan has not taken any uncertain tax positions that require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

10. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions

Plan sponsor	Hubbell Incorporated
Plan	Hubbell Incorporated Retirement Plan for Salaried Employees
Effective date	December 1, 1972, as amended through January 1, 2013.

Eligibility for Benefits

Eligibility	All regular full-time and part-time salaried employees hired on or before December 31, 2003, from date of hire.
--------------------	---

Background

Effective December 31, 2003, the salaried employees covered by the LCA Pension Plan were merged into this plan. Effective January 1, 2004, this Plan was amended to provide everyone with an identical benefit formula and identical benefits for post 2003 service. The accrued benefits as of December 31, 2003 were frozen and will be increased for changes in Final Average Pay. Post 2003 benefits for employees close to retirement, referred to as grandfathered participants (see below for definition), are set equal to the greater of the amount determined under the new benefit formula or their old benefit formula. Benefits for the grandfathered participants are covered in the "Benefit Formulas for Grandfathered Participants" and "Early Retirement Reduction Factors for Grandfathered Participants" sections of this summary.

Definitions

Grandfathered participant	Each active participant who was age 50 or older with at least 10 years of Vesting Service as of December 31, 2003 is a Grandfathered Participant.
Frozen benefit	The accrued benefit as of December 31, 2003.
Indexed benefit	The Frozen Benefit multiplied by the greater of Final Average Pay at termination divided by Final Average Pay at December 31, 2003, or 1.
Rule of 76	Participants who were hired by Columbia Lighting in Spokane, Washington prior to January 1, 1993 whose age plus Accredited Service (which must be at least 15 years), totals 76 or more, are eligible for the Rule of 76. Participants who terminate as a result of layoff who have 15 years of Accredited Service and are within 24 months of the date on which they would have been eligible for the Rule of 76 are also eligible.

Retirement Dates

Normal	Age 65 and 5 years of participation.
Early	Age 55 and 10 years of service.
Late	After normal retirement date.
Disability	Six months following total and permanent disablement, if disabled after 15 years of service, or 10 years of service as of December 31, 2003 for Ohio Brass Wadsworth and Killark, and 8 years of service as of December 31, 2003 for Progress.

Retirement Benefits

Normal

- (a) The sum of (i), (ii), and (iii) below:
- (i) The Indexed Benefit, plus
 - (ii) The sum of .85% of Final Average Pay plus .65% of Final Average Pay in excess of Covered Compensation multiplied by post 2003 Credited Service, subject to a service cap of 35 years offset by any pre 2004 service, plus
 - (iii) 1.10% of Final Average Pay multiplied by Credited Service in excess of 35 years.
- (b) The following divisions had a medical supplement benefit payable to employees who retire directly from the Company for their lifetime equal to the Multiplier listed below multiplied by Final Average Salary times years of service.

Division	Multiplier
Bryant	.100%
Corporate	.100%
Kellems	.100%
Key	.100%
Plastics	.100%
Wiring Device	.100%
Kerite	.083%
Pulse Communications	
Pre 01/01/1997	.050%
Post 01/01/1997	.100%

- (c) Only active participants as of December 31, 1991 who were eligible for the supplement as of that date, and Grandfathered Participants, will continue to accrue the medical supplement as part of their post 2003 retirement benefit. The accrued Medical Supplement as of December 31, 2003 is included in the Frozen Benefit and does not need to be redetermined.

Early

Computed as in (a) above based on Credited Service and compensation to date of retirement. For all benefits except for grandfathered benefits noted below in items 11 and 12, and the benefits noted immediately below, the benefit is reduced by .6% for each of the first 60 months that early retirement precedes normal

retirement date, plus .3% for each of the next 60 months that early retirement precedes normal retirement.

Non-grandfathered employees hired in Spokane, Washington prior to January 1, 1993 may become eligible for the Rule of 76. If so, then their early retirement benefit is equal to their Frozen Benefit reduced by 0.00% per month for the first 120 months and 0.25% for the next 72 months that the early retirement date precedes the normal retirement date, plus the excess of their total benefit over their Frozen Benefit, reduced as in the preceding paragraph.

Late

Computed as in "Normal" above, but based on compensation, service and Social Security to actual retirement date.

Disability

Computed as in "Normal" above, based on projected service and compensation to normal retirement date for all divisions except as noted below.

Based on accrued service and compensation for employees in the Ohio Brass Wadsworth, Killark, and Progress Divisions who have not satisfied the 15 year service requirement.

Benefit increase for retirees

Benefits were increased effective January 1, 1985 depending on date of initial benefit commencement, as follows (does not apply to Devine Division):

Year of Commencement	Increase
Before 1979	16%
1979 - 1980	12%

Death Benefits

Pre-Retirement

In the event of death of a vested employee prior to retirement his surviving spouse will be entitled to 50% of the benefit payable to the participant as if he had terminated employment on the day before death if active, retired at the earliest possible date under a 50% Joint and Survivor Option, and then died on the following day. There is a charge for participants who terminated prior to January 1, 2004 while covered by the Hubbell Salaried Plan. If the employee did not waive pre-retirement surviving spouse coverage and he survives until his benefits commence, his normal retirement benefit will subsequently be reduced by 0.2% for each full year after the employee's attainment of age 35 that such coverage was in effect. There is no charge for Ohio Brass Wadsworth accrued benefits as of 1/1/1989, Chance accrued benefits as of 1/1/1995, or Raco Salaried accrued benefits as of 1/1/1991 or Kerite benefits.

For the Kerite Division, if a terminated vested employee dies the surviving spouse will receive 50% of the benefit the employee would have received had he survived to his earliest retirement age and received his current vested accrued benefit as a retirement benefit. If such employee does not leave a surviving spouse or if such spouse dies, said benefit is payable to any surviving child(ren) until such child(ren) reaches age 18.

Post-Retirement

Unless a married participant elects otherwise, the normal form of benefit is a joint and 50% survivor annuity, actuarially reduced. Other benefits are based on elected options at retirement. For the Kerite Division, if no spouse survives, a Surviving Child's Benefit is payable as in "Pre-Retirement," above.

In addition, there is a \$3,500 lump sum benefit payable upon death of an employee who retired directly from active service after December 31, 2003.

The applicable lump sum death benefit amounts for pre- 2004 retirements are as follows:

Division	Lump Sum Benefit
Bell	5,000
Chance Exempt	5,000

Termination

Upon termination of employment after 5 or more years of vesting service an employee will be entitled to a deferred benefit determined as in "Retirement Benefits, Normal" above payable in full at normal retirement date or, if he has at least 10 years of service, payable after age 55 in an actuarially reduced amount. The reduction for post 2003 terminations is equal to the amount in item "Retirement Benefits, Early," above.

The reduction for pre-2004 LCA Lighting terminations is .667% for the first 60 months and .333% for the next 60 months. Similarly, the reduction for pre-2004 LCA Progress terminations is .555% for the first 60 months and .278% for the next 60 months.

Employee Contributions

None.

Credited Service

All completed calendar months of service after December 31, 2003. Service prior to that date was determined under the prior plans and used to determine the Frozen Benefit. Prior definitions are not applicable to post 2003 benefit accrual.

Early Retirement Reduction Factors for Grandfathered Participants

The reduction factors for early retirement benefits determined under the new formula are in item "Retirement Benefits, Early," above. The reduction for grandfathered benefits is equal to the more favorable of the factors determined in item "Retirement Benefits, Early," above, or the factors under the prior provisions summarized below:

For Hubbell Salaried The reduction is 0.3% per month plus an additional 0.2% per month for each month under age 60 that the early retirement date precedes the normal retirement date for the following locations: Anderson, Bryant, Christiansburg, Corporate, Industrial Controls, Kellems, Kerite (.3% for all months), Key, Moultrie, Newtown Plastics, Ontario, Pulse, Wiring Device.

For LCA Lighting The reduction is 0.667% for the first 36 months and 0.333% for each of the next 84 months that early retirement precedes the Normal Retirement Date.

For Columbia Lighting Employees hired prior to December 31, 1993 in Spokane Washington The reduction for benefits determined under "Benefit Formulas for Grandfathered Participants" (a) plus "Benefit Formulas for Grandfathered Participants" (b)(1) is 0.667% for the first 36 months and 0.333% for each of the next 84 months that early retirement precedes the Normal Retirement Date.

Eligibility for benefits determined under "Benefit Formulas for Grandfathered Participants" (a) plus "Benefit Formulas for Grandfathered Participants" (b)(2) or (b)(3) is based on the Rule of 76. If you are eligible for the Rule of 76, then the reduction for benefits is 0.00% for the first 120 months and 0.25% for the next 72 months that the early retirement date precedes the Normal Retirement Date. See "Definitions" for eligibility requirements for the rule of 76.

For Progress Lighting The reduction is equal to 1/180th for the first 60 months that early retirement precedes the Normal Retirement Date and 1/360th for the next 60 months.

Social Security Offset upon Termination or Early Retirement Based upon projected Social Security PIA at age 65 assuming continuation of covered employment at last rate of salary and assuming no further increases in Social Security benefits, neither automatic nor legislated.

Compensation Final Average Salary is based on highest three consecutive calendar years out of the past 10 year's annual earnings, including base salary, overtime, bonuses and commissions.

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year.
Actuarial value of assets	Average of the fair market value of assets on the valuation date and the dates 12 and 24 months before the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22) . The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2012 plan year.)
Tax policy	The actuarial valuation performed for the plan year ending December 31, 2013 is used to determine the maximum deductible contribution for the tax year ending December 31, 2013.
PBGC premium funding target	The Alternative Premium Funding Target was determined using the interest rate assumptions described above under the not reflecting corridor section.
Change in assumptions and methods since prior valuation	<p>The effective interest rate assumption has changed from 7.00% last year to 6.30% this year.</p> <p>The compensation increase rate assumption has changed from 3.50% last year to 3.00% this year.</p> <p>The amount included this year for plan-related expenses changed from \$395,000 to \$375,000.</p>
