Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditors' Report

To the Participants and Administrator
Hubbell Incorporated Retirement Plan for Hourly Employees

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Hubbell Incorporated Retirement Plan for Hourly Employees (the "Plan"), which comprise the statements of net assets available for Plan benefits as of December 31, 2013 and 2012, and the related statements of changes in and net assets available for Plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by the Northern Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HUBBELL INCORPORATED
RETIREMENT PLAN FOR HOURLY EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2013 and 2012

1. Description of the Plan:

The following is a brief description of the Hubbell Incorporated Retirement Plan for Hourly Employees (the “Plan”) and is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

Participation:

The Plan of Hubbell Incorporated (the “Company”) is a defined benefit (non-contributory) plan which covers each non-union hourly employee provided the employee is a member of a group to which the Plan has been extended by resolution of the Company’s Board of Directors. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Retirement benefits:

Annual normal retirement benefits, which are payable at age 65, are equal to a monthly benefit rate multiplied by the number of years of credited benefit service prior to retirement. For different groups, the monthly benefit rate may be fixed or it may vary according to the participant’s final average compensation (based on the average basic hourly rates of compensation during the three full calendar quarters immediately preceding retirement). In addition, the Plan provides that any participant who was a participant under a prior plan of the Company shall not have their benefits reduced under the Plan.

The Plan also provides for the payment of lesser benefits if an employee elects early retirement after attaining a stated age and number of years of credited service, dependent on the group. Late retirement benefits are calculated in the same manner as normal retirement benefits but are based on credited service and final average compensation up to the actual retirement date. Disability retirement benefits are available for active participants who become totally disabled while employed, provided they have the required years of credited service. In addition, certain optional forms of benefit payment are available to each participant.

Participants become 100% vested in the Plan after they complete five years of service. Any forfeitures arising due to the termination of service of non-vested employees shall be used to reduce the Company’s subsequent contributions to the Plan.

RETIREMENT PLAN FOR HOURLY EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2013 and 2012

1. **Description of the Plan** (continued):

Death and disability benefits:

If an active married employee dies after being vested, a pre-retirement survivor annuity would be paid to the employee's surviving spouse. Active employees who become totally disabled receive annual disability benefits that are computed the same as normal retirement, with benefits based on either service accrued as of the date of disability, or projected to age 65, depending on the group of which the participant is a member. Disability payments are paid until normal retirement age, at which time disabled participants begin receiving normal retirement benefits computed as though they had been employed to normal retirement age with their annual compensation remaining the same as at the time they became disabled.

Administration:

A Retirement Committee appointed by the Company and who serves without compensation is responsible for the general administration of the Plan and makes the final determination on all questions arising in connection with the interpretation, application, and administration of the Plan.

2. **Summary of significant accounting policies:**

General:

The assets of the Plan are held in the Hubbell Incorporated Master Pension Trust (the "Master Trust") which contains the assets of three pension plans of the Company. The Northern Trust Company (the "Trustee") serves as trustee for the Plan and as custodian of the investments.

Basis of accounting:

The financial statements are prepared on the accrual basis of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of actuarial present value of accumulated benefits. Accordingly, actual results may differ from those estimates and assumptions.

HUBBELL INCORPORATED
RETIREMENT PLAN FOR HOURLY EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2013 and 2012

2. **Summary of significant accounting policies** (continued):

Investment valuation:

The Plan's interest in the Master Trust is reported at fair value based on the fair value of the underlying investments. See Note 6 for a discussion of fair value measurements.

The income (reported on the accrual basis) and asset appreciation (depreciation) of the Master Trust have been allocated to the participating plans on a percentage basis. The allocation is based on the preceding quarterly market value of the Plan's assets, net of actual contributions and benefit payments relating to the Plan for the subsequent quarter. Notes 5 and 8 contain additional information about the Master Trust.

Investment and other expenses:

Investment and other allowable Plan expenses are paid by the Plan directly. Other unallowable expenses are paid by the Plan sponsor.

Actuarial present value of accumulated Plan benefits:

Accumulated Plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their spouses and (b) present employees or their spouses. Accumulated Plan benefits for active employees are based on their years of service and monthly benefit rate on the date the benefit information is presented (valuation date).

As of December 31, 2013 and 2012, benefits payable under all circumstances - retirement, disability, death, and termination of employment are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

2. **Summary of significant accounting policies** (continued):

Actuarial present value of accumulated Plan benefits (continued):

The significant actuarial assumptions used in the December 31, 2013 and 2012 valuations were (a) life expectancy of participants (2013; 2014 PPA Mortality Tables with separate rates for annuitants and non-annuitants) and (2012; 2013 PPA Mortality Tables with separate rates for annuitants and non-annuitants), (b) retirement age assumptions (42% of employees will retire between ages of 55 and 60, 35% between ages of 61 and 64, 30% between ages of 65 and 69 and 100% at age 70), and (c) discount rate of 5.10% and 4.20% for 2013 and 2012. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payment of benefits:

Benefit payments to participants are recorded upon distribution.

3. **Funding policy:**

All contributions to provide benefits under the Plan are made by the Company. The amount of the annual contribution is determined by the Company based on a computation made by an independent actuary. The Company's contributions have equaled or exceeded the minimum funding requirement of ERISA for the years ended December 31, 2013 and 2012.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

4. **Plan termination priorities:**

In the event of discontinuance of the Plan, the assets then remaining shall be allocated, to the extent they shall be sufficient after making provision for all administrative expenses, in the following order of preference:

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2013 and 2012

4. Plan termination priorities (continued):

- A. To provide for the payment of pensions to participants in the following two subcategories:
 - 1. Retired pensioners who were receiving benefits three years prior to termination.
 - 2. Participants who would have been receiving benefits three years prior to termination had they been retired.
- B. To provide for the payment required by the termination insurance provisions of ERISA.
- C. To provide for the payment of pensions to vested participants, whose vested pensions have not commenced.
- D. To provide for the payment of pensions to the remaining participants.

To the extent unfunded vested benefits exist, ERISA provides that such benefits are payable by the Pension Benefit Guaranty Corporation to participants up to specified limitations.

5. Interest in Hubbell Incorporated Master Pension Trust:

The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and several other Hubbell Incorporated sponsored retirement plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by The Northern Trust Company (Trustee).

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2013 and 2012, the Plan's interest in the net assets of the Master Trust was approximately 5.9% and 6.0%, respectively. Investment income and administrative expenses (except for expenses directly related to a specific plan) relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested by each Plan.

6. Fair value measurements of investments:

Investments are reported at fair value in the accompanying Statement of Net Assets Available for Plan Benefits. Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (“ASC 820”), establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy assigns the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820, along with a brief description of each, are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- observable inputs for the asset or liability other than quoted prices; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of the valuation methodologies used to measure Plan assets at fair value is provided below:

6. Fair value measurements of investments (continued):

Common stock, preferred stock, and U.S. Government Securities – Valued at the closing price as reported on the active market on which the identical security is traded.

Corporate bonds – Corporate bonds are valued at the closing price reported in the active market in which the bond is traded.

Registered investment companies – Valued at the net asset value per share as reported in the active markets on which the individual securities are traded. There are no restrictions as to the redemption of these investments nor does the Plan have any contractual obligations to further invest in any of the individual registered investment companies.

Common/collective trusts – Valued based on discounted cash flow analysis employing yields currently available on comparable securities of issuers with similar credit ratings.

Partnership/joint venture interest – Valued based on prices received from an external manager or other pricing sources.

Alternative investments – Represents investments in hedge funds. Valued based on prices received from an external manager or other pricing sources.

Other – Represents foreign currencies, foreign future contracts, and foreign currency denominated short-term debt obligations. Valued at the closing price for similar assets or liabilities reported in the active markets in which these investments are traded.

The Plan administrator determines the fair value measurement policies and procedures, subject to oversight by the Company's employee benefit committee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The preceding methods described may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

9. Federal income taxes:

The Internal Revenue Service has previously ruled that the Plan and the Master Trust meet the requirements of Section 401(a) of the Internal Revenue Code (the “Code”) and that the Master Trust is exempt from federal income taxes under Section 501(a) of the Code. Accordingly, no provision has been made for U.S. income taxes. The Plan’s most recent determination letter is dated December 12, 2012. The Plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Under present federal income tax laws and regulations, a participant will not be subject to federal income taxes on the contributions by their employer, or on the interest, dividends or profits on the sale of securities received by the Trustee until the participant’s benefits commence.

Management evaluated the Plan’s tax position and has concluded that as of December 31, 2013 the Plan has not taken any uncertain tax positions that require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

10. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

11. Related party transactions:

Certain Plan investments in the Master Trust are shares of Hubbell Incorporated common stock. The Trust held 212,264 shares of Class A shares at December 31, 2013 and 2012, valued at \$20,789,136 and \$16,486,545, respectively. The Trust held 130,912 shares of Class B shares at December 31, 2013 and 2012, valued at \$14,256,317 and \$11,079,083, respectively. These investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules under ERISA.

Fees paid by the Plan to The Northern Trust Company, the trustee of the Plan, for services provided were \$36,400 and \$32,700 in 2013 and 2012, respectively.

12. Subsequent events:

Effective January 1, 2014, the Plan was amended to increase the applicable monthly benefit rate for certain participants to \$10.50 for participants with final average compensation of less than \$8 per hour, \$11.50 for participants with final average compensation between \$8 and \$8.99, \$12.50 for participants with final average compensation between \$9 and \$9.99, and \$14.50 for participants with final average compensation of \$10 and above.

Effective January 1, 2014, the Plan was amended to increase the benefit formula for certain participants to \$5 multiplied by the number of years and months of credited service prior to January 1, 2001 multiplied by 12; \$10 for credited service after December 31, 2000 and prior to January 1, 2014; and \$12 for credited service on or after January 1, 2014.

Plan management has evaluated subsequent events through October 7, 2014, the date which the financial statements were available for issue.

Early

Computed as in "Normal" above, based on Credited Service and Compensation to date of retirement with such benefit reduced by .6% (.4% for the Wiring Division – Bridgeport) and actuarial equivalent for the Archdale, Dallas Warehouse MidAtlantic, and Premise Divisions, for each month early retirement precedes normal retirement date, provided that no reduction be greater than the actuarial equivalent. The reduction for employees at Prescolite-Moldcast Carrollton and El Dorado and Progress Spartanburg is 0.555% for each of the first 60 full months and .278% for each additional full month that the Early Retirement Date precedes the Normal Retirement Date.

Late

Computed as in "Normal" above based on service and compensation to actual retirement date.

Disability

Computed as in "Normal" above based on projected service and compensation to normal retirement date, payable immediately. Participants of the Archdale, Bryant, Dallas Warehouse, Louisiana, MidAtlantic, Premise, Prescolite-Moldcast Carrollton and El Dorado and Progress Spartanburg Divisions receive a benefit based on accrued service and compensation. The benefit for employees at Prescolite-Moldcast Carrollton and El Dorado is payable at age 65.

Death Benefits

Pre-Retirement

In the event of death of a vested employee prior to retirement, his surviving spouse will be entitled to 50% of the benefit payable to the participant if he had terminated employment on the day before death if active, retired at the earliest possible date under a 50% Joint and Survivor Option, and then died on the following day.

Post-Retirement

Unless a married participant elects otherwise, the normal form of benefit is a joint and 50% survivor annuity, actuarially reduced. Other benefits are based on elected options at retirement.

In addition, the following lump sum benefits are payable upon death of a retiree whose benefits commenced immediately after termination of employment after June 30, 2005.

Division	Lump Sum Benefit
Progress Spartanburg	\$2,500
All Others	2,000

The lump sum death benefits for employees who retired directly from active service prior to July 1, 2005 are as follows:

Division	Lump Sum Benefit
