Notes to Financial Statements

1. PLAN DESCRIPTION

The following description of the Access Communications, LLC 401(k) Profit Sharing Plan and Trust (the “Plan”) provides general information about the Plan’s provisions. Access Communications, LLC (the “Company”) is the Plan sponsor. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan’s provisions, copies of which may be obtained from the Plan sponsor.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company who are at least age twenty-one.

The Company is responsible for the general administration of the Plan. Merrill Lynch, Pierce, Fenner & Smith was the custodian of the Plan until December 17, 2012, when Fidelity Investments became the custodian. Paychex Retirement Services was the recordkeeper for the Plan until December 17, 2012, when Fidelity Investments became the recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions

Each year, participants may contribute up to 15% of pretax annual compensation, as defined by the Plan. Contributions are subject to a maximum amount permitted by the Internal Revenue Code (the “Code”), which is \$17,500 and \$17,000 for the taxable years ended December 31, 2013 and 2012, respectively. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions subject to a maximum amount permitted by the Code of \$5,500 for taxable years ended December 31, 2013 and 2012.

Effective January 1, 2010, the Company contributes a 40% match to all participant contributions, on up to 7% of the participant’s base salary. Additionally, the Company may elect to make a discretionary profit sharing contribution to eligible participants. There were no discretionary profit sharing contributions for taxable years ended December 31, 2013 and 2012. All contributions are subject to certain limitations of the Code.

A participant may make a rollover contribution to the Plan of amounts which he or she received from other qualified plans.

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Company’s matching contributions and allocations of plan earnings. Plan earnings are allocated based on the participant’s share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are fully vested in their employee contributions and rollover amounts plus earnings thereon at all times. The Company's matching and profit sharing contributions will vest 20% after one year of credited service and 20% each year thereafter, with full vesting after five years of employment.

Forfeitures

Upon termination of employment, participants forfeit their nonvested balance. Forfeiture balances were \$46,500 and \$47,859 for the Plan years ended December 31, 2013 and 2012, respectively. These forfeiture balances were used to reduce Company contributions during those years.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the participant's highest outstanding loan balance in the previous twelve months or 50% of the participant's vested account balance. Loan terms range from 12 to 54 months or up to 120 months for the purchase of a primary residence. A participant may not have more than one loan outstanding at any point in time. The loans bear interest at a rate based on the prime rate plus 1% at the date of issuance as determined by the Recordkeeper. Principal and interest is paid ratably through payroll deductions. If a participant terminates employment with the Company, they may continue to make payments. If the loan is not repaid, it will automatically be treated as a distribution to the participant after 3 months.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant whose vested account balance exceeds \$5,000 may elect to receive either a lump-sum or may elect installment payments, usually monthly. A participant whose vested account balance is \$5,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Loan processing fees and distribution fees are paid by the participants. All other administrative expenses of the Plan are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP") as applied to employee benefit plans.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as withdrawals based on the terms of the Plan document.

Subsequent Events

The Plan has evaluated subsequent events through November 4, 2014, the date the financial statements were available to be issued, and determined there are no items to disclose.

* Amount did not represent 5% or more of the Plan's net assets for the indicated period.

4. FAIR VALUE MEASUREMENTS

The Plan follows guidance that establishes a framework for measuring fair value. Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The framework also provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB guidance are described below:

Level 1 - Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

**ACCESS COMMUNICATIONS, LLC 401(k)
PROFIT SHARING PLAN AND TRUST**
Notes to Financial Statements
December 31, 2013 and 2012

Level 2 - Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third-party pricing services for identical or similar assets or liabilities. Also included in Level 2 are investments measured using a net asset value ("NAV") per share, or its equivalent, that may be redeemed at that NAV at the period end date or in the near term, which is generally considered to be 90 days.

Level 3 - Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

However, the determination of what constitutes observable requires judgment by the Plan's management. Plan management considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple independent sources that are actively involved in the relevant market.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to plan management's perceived risk of that investment.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the quoted NAV of shares held by the Plan at year-end.

Money market funds: Valued using the NAV provided by the administrator of the fund. The NAV is used as a practical expedient to determine fair value. The fund provides for redemptions by the Plan at reported NAVs per share (typically \$1 per share), with little or no advance notice required.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuations are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

Assets at Fair Value as of December 31, 2013				
	Level 1	Level 2	Level 3	Total
Mutual funds				
Fixed income funds	\$ 598,983	\$ -	\$ -	\$ 598,983

Targeted funds	187,371	-	-	187,371

Total assets, at fair value	<u>\$ 6,186,372</u>	<u>\$ 388,370</u>	<u>\$ -</u>	<u>\$ 6,574,742</u>

Assets at Fair Value as of December 31, 2012				
	Level 1	Level 2	Level 3	Total
Mutual funds				
Fixed income funds	\$ 550,499	\$ -	\$ -	\$ 550,499
Value funds	1,856,011	-	-	1,856,011
Growth funds	855,849	-	-	855,849
International funds	1,435,216	-	-	1,435,216
Money market funds	-	507,305	-	507,305
Total assets, at fair value	<u>\$ 4,697,575</u>	<u>\$ 507,305</u>	<u>\$ -</u>	<u>\$ 5,204,880</u>

As a practical expedient, fair value of the money market fund is valued at the NAV as determined by the custodians of the fund. The money market fund includes short-term United States dollar denominated money-market instruments. The money market fund can be redeemed at its NAV at its measurement date (the redemption frequency and redemption notice period are daily) as there are no significant restrictions on the ability of participants to sell this investment.

5. TAX STATUS

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Code, and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

**ACCESS COMMUNICATIONS, LLC 401(k)
PROFIT SHARING PLAN AND TRUST**
Notes to Financial Statements
December 31, 2013 and 2012

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for years prior to 2010.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. RELATED PARTY TRANSACTIONS

The Plan's investments are managed by Fidelity Investments who is the trustee of the Plan and, therefore, transactions with them qualify as party-in-interest transactions. In addition, the Plan incurs administrative expenses that are payable to the trustee and recordkeeper of the Plan. These transactions qualify as party-in-interest transactions that are allowable under ERISA.

8. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Investments has certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2013.
- Net investment income and interest income from notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013.
- Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2013.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.
