NOTE 1 - SUMMARY OF THE PLAN

Plan Description

The following description of the HomeDeliveryLink, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 2001 and qualifies as a defined contribution retirement plan for Home Delivery Link, Inc. (the "Company") eligible employees. This Plan was established for the purpose of providing retirement benefits to eligible employees in accordance with the Plan. The Plan is intended to satisfy the provisions of Section 401(a) of the Internal Revenue Code ("IRC") of 1986, as amended. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Eligibility

Each of the Company's employees is eligible to participate in the 401(k) Plan if they have completed three months of service. Once the eligibility requirements have been met, employees may enroll in the Plan on the first day of the month following the eligibility date. In order to be eligible for matching contributions, employees must be making 401(k) deferrals. For the discretionary employer contribution, each participant will be eligible regardless of service hours.

Contributions

The Company's eligible employees may contribute up to the 402(g) limit and/or the ADP test limit for highly compensated employees. The 402(g) limit for 2013 is $17,500. In addition, all eligible employees who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Code Section 414(v).

The Company may make a discretionary matching contribution limited to 50% of the first 10% of employee compensation contributed as an elective deferral, subject to certain limitations for highly compensated individuals. For the year ended December 31, 2013 matching contributions amounted to $45,914.

NOTE 1 - SUMMARY OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant allocation of (a) the Company's matching contribution, (b) the Company's discretionary contribution, (c) the participant's contribution and, (d) Plan earnings.

Vesting

Participants are one hundred percent (100%) vested in their contributions plus actual earnings thereon. Participants become vested in their Company matching contributions and Company discretionary account and any earnings as follows:

Years of Service	Vested Interest (%)
One year of service	20
After two but less than three years of service	40
After three but less than four years of service	60
After four but less than five years of service	80
After five years of service or more	100

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contribution account and Company discretionary contribution amount and earnings on Company contributions are used first to pay administrative expenses, then to reduce matching and discretionary contributions. There were no administrative expenses for the year ended December 31, 2013.

Note Receivable from Participant

A participant may borrow a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of his or her vested account balance. The notes must be repaid within 5 years, unless for the purchase of a primary residence. The notes are secured by the balance of the participant's account. Principal and interest is paid ratably through payroll deductions. All notes must be adequately secured and accrue interest at the current prime rate published in *The Wall Street Journal* on the 14th of each month, plus two percentage points. This interest rate is effective for any loan processed as of the 16th day of the month.

NOTE 1 - SUMMARY OF THE PLAN (CONTINUED)

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company contributions and earnings on their Company contributions and one hundred percent (100%) of their pre-tax contribution as soon as administratively possible following retirement, termination or upon becoming disabled.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from estimates.

Payment of Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Administrative Expenses

A substantial portion of the Plan's administrative expenses are absorbed by the Company.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The mutual funds are recorded at quoted market prices.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Mutual Funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 3 - INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets available for benefits as of December 31:

	2013	2012
GSachs Technology Tollkeeper C	$ 117,093	$ 81,523
GS Growth Opportunities-C	$ 127,891	$ 110,448
Goldman US Equity C	$ 79,267	$ 49,321
GS Capital Growth Fund-C	$ 236,084	$ 143,317
GS Core Fixed Income Fund-C	$ 107,182	$ 93,214
GDS Growth and Income Strategy C	$ 47,866	$ 19,831

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $90,023.

NOTE 4 - FAIR VALUE MEASUREMENTS

Total Assets	$ -	$ 589,871	$ -	$ 589,871

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. All of information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by State Street Bank & Trust Company (the trustee of the Plan).

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate or amend the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants will be 100% vested in their account balances.

NOTE 7 - TAX STATUS

The Plan is based on the Prototype 401(k) and Profit Sharing Plan of Automatic Data Processing which received an opinion letter from the IRS dated March 31, 2008, stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2012:

Net Assets Available for Benefits per the Financial Statements	$ 589,871
Add: 2012 Excess Contributions Payable	4,825
Net Assets Available for Benefits per Form 5500	$ 594,696

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 19, 2014 the date the financial statements were available to be issued.

Re: Reasonable Cause Statement for Late Filing of Form 5500
Plan name: HOMEDELIVERYLINK, INC. 401(K) PLAN - 100385
EIN: 330925997
Plan number: 001

We are requesting an abatement of DOL and IRS penalties for the late filing of the plan's Form 5500. We attempted to file electronically by the deadline, but SunGard's Relius Government Forms Web Client experienced an isolated system event on October 15, 2014, which delayed or prevented the plan from competing and filing its Form 5500.

The plan filed Form 8955-SSA with the IRS on 10/13/2014.
