NOTE 1. DESCRIPTION OF PLAN

The following description of RISI, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Company who have attained the age of twenty-one. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Merger: In 2011, the Board of Directors of UBM, the parent company of RISI, Inc., approved a merger of this Plan into the UBM 401(k) Plan, effective May 31, 2012. As a result, all investments were transferred from the Plan into the UBM 401(k) Plan on that date.

Plan Amendment: Effective January 1, 2010, a participant must be employed on the last day of the plan year to be eligible for employer matching and discretionary contributions to the Plan. Also, the employer match is at the discretion of the Plan sponsor.

Contributions: In 2012 and 2011, participants may contribute a maximum of \$17,000 and \$16,500, respectively, of annual compensation on a pretax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may contribute a discretionary match each plan year of 100% of employee deferrals up to 3% of a participant's compensation.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in both their contributions and the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon.

Investment Options: Upon enrollment in the Plan, a participant may direct employee contributions in 1% increments in a variety of investment options. Investment options are defined as both mutual funds and common/collective trust funds. Participants may change their investment options daily.

Notes Receivable from Participants: Participants may borrow from their fund account. Loans must be a minimum of \$500 and a participant may only have one loan balance outstanding. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years or up to 25 years for the purchase of a primary residence. The loans bear interest at prime plus 1% and are secured by up to 100% of the balance in the participant's account and/or assets that can be foreclosed on. Principal and interest is repaid through payroll deductions.

Payment of Benefits: On termination of service due to death, disability, retirement, or other termination of employment, a participant may elect to receive the vested value of their account in a lump sum cash payment. Upon termination from employment, if the participants' vested account balance exceeds \$1,000, 401(k) salary deferral funds will be distributed as soon as administratively feasible. If the account balance is less than \$1,000, the entire balance is distributed as soon as administratively feasible.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants: Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Shares of the separate investment accounts are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans receivable are valued at cost, which approximates fair value. All Plan assets were transferred to the UBM 401(k) Plan before the close of business on May 31, 2012.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investments in common/collective trusts are stated at estimated fair values, which have been determined based on unit values of the fund, except for the trust's investment in a benefit-responsive guaranteed investment contract (GIC). (See Note 3). The bank sponsoring such funds determines the values. Investments in common/collective trusts are limited primarily to bonds and notes which are payable upon demand. The bank does not own the underlying assets and consequently these assets are not on the books of the bank.

The incorporation of investment data in the accompanying financial statements is based solely on the certified statements provided by the custodian.

Payments of Benefits: Benefits are recorded when paid.

Funding Policy: With each payroll cycle, the Sponsor deposits contributions based on voluntary withholdings from the paychecks of eligible participants.

Date of Management's Review: Subsequent events have been evaluated through December 26, 2012, which is the date the financial statements were available to be issued.

NOTE 3. INVESTMENT CONTRACT WITH INSURANCE COMPANY

Included in the Plan's common/collective trusts at December 31, 2011 is a benefit-responsive guaranteed investment contract with several life insurance companies within the State Street Bank SSGA Stable Asset Fund. These insurance companies maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by State Street Bank, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2011 was \$5,492. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with State Street Bank. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

DECEMBER 31, 2011**Average yields:**

Based on actual earnings	1.29 %
Based on interest rate credited to participants	1.72 %

NOTE 4. RELATED PARTY TRANSACTIONS

ADP Retirement Services, Inc. (ADP) is the third party administrator as defined by the Plan; therefore, any fees paid by participants to ADP qualify as party-in-interest transactions. Fees paid by participants in the plan for investment management services amounted to \$175 and \$1,180 for the five months ended May 31, 2012 and the year ended December 31, 2011, respectively.

NOTE 5. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

The Company exercised that right on May 31, 2012 when the Plan merged all of its net assets into the Plan of the sponsor's parent company, UBM 401(k) Plan.

NOTE 6. TAX STATUS

The Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statements.

The Plan has adopted the provisions of *Accounting for Uncertainty in Income Taxes*. The Plan has not identified any material uncertain tax positions as a result of the implementation of this accounting principle as the board of directors feels that the tax positions taken are supported by unambiguous tax laws. As such, there are no interest and penalties related to uncertain tax positions recognized in the statements of changes in net assets available for benefits included with these financial statements. The board of directors does not feel that their assessment of uncertain tax positions will change in the next twelve months. In the normal course of business, the Plan is subject to examinations by taxing authorities. With few exceptions, the Plan is no longer subject to Federal tax examinations for the years before 2008. The Plan is under examination with the Internal Revenue Service for the year ended December 31, 2009.

NOTE 7. PLAN ADMINISTRATIVE EXPENSES

Certain administrative expenses of the plan have been paid by the Plan sponsor during the five months ended May 31, 2012 and the year ended December 31, 2011.

NOTES TO FINANCIAL STATEMENTS**RISI, INC. 401(K) PLAN****NOTE 8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at May 31, 2012 and December 31, 2011 to Form 5500:

MAY 31, 2012 AND DECEMBER 31, 2011	2012	2011

Participant loan payments	-	795
Net assets available for benefits per Form 5500	<u>\$ -</u>	<u>\$ 8,336,354</u>

During 2011, the plan administrator did not include in the participants' contributions receivable and the participant loan balance on the Form 5500, loan payments that were included in the participants' contributions receivable at December 31, 2011.

As a result of the 2011 financial statements being prepared on the accrual basis, the net income on the 2011 Form 5500 varies from the audited financial statements by the difference in the participant loan payments at December 31, 2011.

NOTE 10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	<u>\$ 8,167,931</u>	<u>\$ 7,083,405</u>	<u>\$ 1,079,034</u>	<u>\$ 5,492</u>

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of inputs that are observable, either directly or indirectly, other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements: The fair value of mutual funds is based on quoted net asset values of the shares held by the plan at year-end.

Level 2 Fair Value Measurements: The fair value of the investments in common/collective trusts (pooled) funds, except for the funds in the investment with an insurance contract which are level 3 inputs, is determined by each fund's trustee based on the fair value of the underlying securities within the fund, which represent the net asset value (NAV) of shares held by the Plan at year end. The investment in the trust is a public investment security valued using the NAV by State Street. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments that are traded on an active market. The investment in the trust is carried at fair value based on the closing price on NASDAQ. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. The unit values of the fund range from \$12.0462 to \$12.5227 at December 31, 2011.

Level 3 Fair Value Measurements: The guaranteed investment contract with an insurance company included in the investments in common/collective trusts is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using an income approach based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

To whom it may concern:

In 2012 RISI made the decision to move our 401K plan to our parent company's 401K plan (UMP 401K Plan). The 2012 Short year plan was completed in October of 2012, and then given to the UBM plan Administrator to submit with the parent company's Final 2012, 5500. This was a misunderstanding on my part regarding a Short Year 5500 filing. The RISI 401K plan 5500 has always been filed timely and has always been in compliance. This instance is truly an honest mistake

Our company strives to be in compliance and (with the exception of this late filing) we submitted our past 5500 filings on time and have always been in compliance.

Please contact me should you have any questions.

Kind regards,
