Independent Auditors' Report

To the Plan Administrative Committee
Kent Companies 401(k) Plan

We have audited the accompanying financial statements of the Kent Companies 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment and Schedule of Delinquent Contributions as of December 31, 2013 are presented for the purpose of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Kent Companies 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Kent Companies 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under the Internal Revenue Code Section 401 covering all employees of Kent Distributors, Incorporated (the "Company") and its affiliated companies. The investment assets were held by MassMutual Retirement Services ("MMRS"), a division of Massachusetts Mutual Life Insurance Company until January 28, 2013, at which time, the assets were transferred to John Hancock Life Insurance Company ("John Hancock") The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees are eligible to participate in the Plan on January 1 or July 1, following the completion of one year of service as defined in the Plan. If an eligible participant terminates employment and is later re-employed, that employee may become a participant upon re-employment after meeting the requirements in the Plan document.

Trustee

Bill Kent and Bennett Robb serve as the trustee for the Plan. The trustee is responsible for the administration, management and investment of the trust fund. In addition, the trustee makes all distributions and benefit payments from the trust fund to participants and beneficiaries. The trustee maintains the records of the Plan on a calendar year basis (the "Plan Year").

Contributions

Each year participants may contribute up to 15 percent of annual compensation as defined by the Plan. The Company may elect to contribute a matching contribution equal to a percentage as determined by the Company. For the Plan year ended December 31, 2013, the Company contributed 100% of the deferral not to exceed 4% of participants compensation – these are safe harbor matching contributions. For the Plan Year ended December 31, 2012, the Company contributed 50 percent of the first 6 percent of base compensation that a participant contributed to the Plan.

1. Description of Plan (Continued)

Participant Accounts

The trustee maintains an account for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, (b) the Company's discretionary nonmatching contribution, and (c) Plan earnings or losses. Allocations are based on participant earnings. Earnings (or losses) of the Plan are allocated to participants based on the account balances in existence. Forfeitures for the nonvested portion of terminated participants' accounts are used to offset the Company's next contribution. At December 31, 2013 and 2012, such forfeitures amounted to $8,057 and $5,834, respectively.

Vesting

A Participant's vested interest in his/her account balance is determined using the following table except that a participant is 100% vested in the part of the account resulting from his/her contributions:

Participant's Years of Service	Vested %
Less than 2 years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years or more	100%

The term "years of service" includes all periods of employment except for years in which an employee worked less than 1,000 hours. For purposes of vesting, the "year" is defined as a calendar year.

A participant is 100% vested, regardless of years of service, upon disability, death or attaining a normal retirement age.

Effective January 1, 2013, the plan converted to a safe harbor plan. Accordingly, a participant is always 100% vested in their safe harbor contributions.

Investment Options

All assets of the Plan are participant-directed; therefore, all investment decisions and transactions are administered by the Participants.

1. Description of Plan (Continued)

Notes Receivable from Participants

The Plan allows participants to borrow amounts from the vested portion of their accounts. Such loans are limited to the lesser of 50% of the vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Trustees. Participant loans totaled $285,383 and $329,052 at December 31, 2013 and 2012, respectively. The unpaid principal balance approximates fair value.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his/her account less 20% Federal withholding or a direct rollover into another qualified benefit plan or account.

Forfeitures

The nonvested portion of a terminated participant's account is forfeited after incurring a break-in-service. Forfeitures are allocated as described above. A break-in-service occurs if an employee works 500 hours or fewer during the Plan year.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"), under which income is recognized when earned and expenses are recognized when the obligation is incurred.

As described in Financial Accounting Standards Board ("FASB") Staff Position, FSP AAG INV-1 And SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the "FSP"), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through the MMRS. The Statement of Net Assets Available for Benefits presents the fair value of the investment in the master trust as well as the adjustment of the investment in the master trust from fair value to contract value relating to investment contracts. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis for the year ended December 31, 2012.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Pooled Separate Accounts (PSA) are made up of a variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The NAV value of a PSA is based on the market value of its underlying investments. Ernst & Young LLP performed an audit on these PSA's and determined them to be observable inputs. At December 31, 2013, all investments are in a pooled separate account.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation (Continued)

Level 3 (Continued)

Investment Contract—Investment contracts issued are backed by the General Account. Due to the nature of these contracts, they do not have specific underlying assets assigned. Fair value represents the amount plan sponsors would receive if they terminated the contract at the reporting date, which is book value less an early withdrawal charge. This includes both benefit and non-benefit responsive investment contracts.

MMRS general investment account investment option for defined contribution plans is a guaranteed interest account provided through a group annuity contract. Under the terms of the group annuity contract, a crediting rate is established for amounts invested in the guaranteed interest account and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at Contract Value. Contract Value represents contributions plus credited interest less participant withdrawals and fees. Contract Value is also often referred to as "Book Value."

MMRS considers this investment option to be fully benefit responsive notwithstanding the liquidation value events under the contract that limit the ability of the plan to transact at Contract Value. This investment was sold during 2013.

December 31,	2012
Average yield earned by the Plan	2.74%
Average interest rate credited to participants	2.74%

Security Transactions and Investment Income

Security transactions are accounted for on a trade-date basis. Expenses incurred with transactions, if any, are added to the purchase price or deducted from the selling price at the time of the transactions. Dividend income is record on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (Continued)

Administrative Expenses

All expenses, with the exception of the Plan investment advisor fees, are paid by the Employer.

Settlement Options

If a participant's nonforfeitable accrued benefit does not exceed $1,000 effective March 28, 2006 and $5,000 before March 28, 2006, then settlement occurs as a lump sum payment made within 60 days after the December 31 following termination of employment.

If a participant's nonforfeitable accrued benefit exceeds $1,000 effective March 28, 2006 and $5,000 before March 28, 2006, then the participant has the option to elect the method used to distribute his benefits. The participant or beneficiary may elect distribution under one, or any combination of the following methods:

(a) by payment in a lump sum; or

(b) by payment in monthly, annual or a series of installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant, or the joint life and last survivor expectancy of the participant and his/her beneficiary.

As of December 31, 2013 and 2012 the Plan had participants with unforfeitable accrued benefits of $420,281 and $327,623, respectively that the participants have not decided on their settlement option.

3. Tax Status

By letter dated January 1984, the Internal Revenue Service determined that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan adopted the Pentec Pension Management, Inc. Standardized Paired Profit Sharing 401(k) Plan document in December 2000, which is covered by a determination letter dated February 18, 1999. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code, therefore no provision for income taxes has been included in the Plan's financial statements.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Investments
