INDEPENDENT AUDITORS' REPORT

Plan Administrator, Committee, and Participants
The Denver Post Union-Covered Employee Savings Plan
Denver, Colorado

REPORT ON FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of The Denver Post Union-Covered Employee Savings Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Bank & Trust, F.S.B., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

EMPHASIS OF OTHER MATTERS

As discussed in Note 2 to the financial statements, an error in the timing of the merger from The Denver Post Non-Union Employee Savings Plan to the Plan was discovered by Prudential Bank & Trust, F.S.B. during 2013, which resulted in a misstatement of the previously reported investments, employee contributions receivable, and employee contributions balances as of and for the year ended December 31, 2012. Accordingly, the financial statements have been restated to correct the error.

OTHER MATTER

The supplemental schedule as of December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The Denver Post Union-Covered Employee Savings Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established April 1, 2001. The Plan is available to substantially all union employees of The Denver Post, LLC (the "Company"), the Plan sponsor. The Company was formed on January 23, 2001 under a joint operating agreement between the E.W. Scripps Company ("Scripps"), owner of *The Rocky Mountain News*, and MediaNews Group, Inc. ("MNG"), owner of *The Denver Post*. However, on February 26, 2009, MNG and Scripps entered into a Separation Agreement. Effective February 27, 2009, in accordance with the Separation Agreement, Scripps ceased publication of *The Rocky Mountain News* and ceased management control. The closing and other conditions set forth in the Separation Agreement occurred on August 26, 2009. After the Separation Agreement was executed, the Company continued to manage and perform all the business functions of *The Denver Post*. Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency Union-Covered Employee Savings Plan to The Denver Post Union-Covered Employee Savings Plan. Effective December 31, 2012, The Denver Post Non-Union Employee Savings Plan merged with the Plan. The amount transferred into the Plan as of December 31, 2012 was \$18,823,461.

Employees are eligible to participate immediately upon the employee's employment commencement date. Employees become eligible for employer matching contributions and employer non-elective contributions after completing one year of service. Service under the Plan takes into account service performed by participants while in the employment of the Denver Publishing Company (a subsidiary of Scripps). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company has elected a committee that administers the Plan. Prudential Bank & Trust, F.S.B. ("Prudential") serves as trustee, manages Plan assets, and maintains the Plan's records. Prudential offers Plan participants a variety of investment options. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax contributions up to 75% of their annual compensation, not to exceed IRS limits, which are adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

The Plan allows participants to elect that a maximum of 10% of their pre-tax annual compensation, as defined in the Plan, may be designated as after-tax Roth 401(k) contributions. A participant's combined before-tax and Roth 401(k) contributions cannot exceed the maximum annual amount allowed by law.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Contributions (continued)

Company matching contributions are discretionary. To the extent matching contributions are made, they are non-forfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Company did not make matching contributions for the year ended December 31, 2012.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution, the Company's matching contribution, an allocation of employer non-elective contributions, and an allocation of Plan earnings or losses and administrative expenses. Participants who are subject to limitations on individual contributions, due to their level of pay in relation to that of other participants, share in Company contributions to the extent of their contributions. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are vested immediately in their voluntary contributions and in Company matching and non-elective contributions plus actual earnings thereon.

Participant Loans

Participants may borrow from their participant account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years, or, if a loan is used to acquire a principal residence, the terms may be up to ten years. The loans are secured by the balance in the participant's account and bear interest at 1.00% above the prime rate on the day that the loan is taken. Loan interest rates range from 4.25% to 9.25% and mature at various dates through November 2020. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost plus accrued interest.

Payment of Benefits

Upon termination of service, death, disability, or attaining normal retirement age, a participant can elect to receive a lump-sum payment in the amount equal to the value of the participant's vested account balance, or the participant can elect to roll the amount into another qualified plan or individual retirement account. Lump-sum distributions are made to terminated participants if the participant's vested balance is \$1,000 or less and the participant did not elect to roll the amount into another qualified plan or individual retirement account. Hardship withdrawals are allowed under the terms of the Plan, but are subject to certain restrictions and penalties. Required minimum distributions are mandatory beginning on April 1 of the year following the calendar year in which a participant reaches age 70½. Benefits are recorded when paid.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

As of December 31, 2012 and 2011, the Plan invests in a guaranteed investment contract. Guaranteed investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive guaranteed investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the guaranteed investment contract. No adjustment was required as of December 31, 2012 or 2011, as contract value approximated fair value.

Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at book value. The average yield was approximately 2.10% and 2.50% for 2012 and 2011, respectively. The crediting interest rate was 2.10% and 2.50% at December 31, 2012 and 2011, respectively, and is based on a formula agreed upon with the issuer.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks and Uncertainties (continued)

Additionally, certain mutual funds invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

Note 2 - Restatement

An error in the timing of the merger from The Denver Post Non-Union Employee Savings Plan to the Plan was discovered by Prudential during 2013, which resulted in a misstatement of the previously reported investments, employee contributions receivable, and employee contributions balances as of and for the year ended December 31, 2012. Accordingly, the financial statements have been restated to correct the error. The effects of the restatement on the accompanying financial statements are summarized below. The Plan's Form 5500 as of and for the year ended December 31, 2012 was amended as a result of the restatement.

Note 3 - Investments

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value and loans at amortized cost as of December 31, 2012 and 2011 and the income earned or losses incurred on the investments for the year ended December 31, 2012, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 3 - Investments (continued)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

The fair value of investments greater than 5% of net assets available for benefits was as follows:

	December 31,	
	2012	2011
	(Restated)	
Prudential Guaranteed Income Fund	\$ 15,365,430	\$ 10,571,459
American Funds Europacific Growth Fund	\$ 5,698,596	\$ 3,663,191

Prudential Large Cap Value / LSV Asset Management Fund	\$ 4,497,887	\$ 2,463,779
Vanguard Primecap Admiral Fund	\$ 3,624,468	\$ 2,626,824
Vanguard 500 Index Signal Fund	\$ 3,584,473	\$ 2,315,043

The Plan's investments (including investments bought, sold, and held for the year) appreciated in fair value as follows during the year ended December 31, 2012:

Pooled separate accounts	\$ 2,113,538
Mutual funds	<u>1,278,326</u>
	<u>\$ 3,391,864</u>

Note 4 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 4 - Fair Value Accounting (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value on a recurring basis as of December 31, 2012 and 2011.

Assets measured at fair value as of December 31, 2012 (restated) are as follows:

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 4 - Fair Value Accounting (continued)

- (a) Large-capital funds seek long-term growth of capital by investing primarily in equity and equity-related securities of large companies believed to be strategically positioned for consistent long-term growth and to provide long-term growth of capital and, secondarily, to increase dividend income by investing primarily in common stocks of well-established growth companies.
- (b) Mid-capital funds seek to provide long-term total returns while managing portfolio risk.
- (c) Fixed-income funds seek to preserve capital by investing in a diversified portfolio of fixed-income securities along with preservation of capital and prudent investment management.
- (d) Small-capital funds seek to provide long-term capital appreciation and income by investing primarily in small-capitalization companies that pay regular income dividends and are undervalued in the opinion of the sub-adviser.
- (e) Equity and fixed-income blended funds vary in keeping with the desired risk tolerance and associated asset allocation of the underlying portfolios.
- (f) Guaranteed investment contracts are designed to provide safety of principal and liquidity and a competitive rate of return.

The valuation technique used to measure fair value of mutual funds is based upon the quoted market prices available on an active market.

The Plan's investments in pooled separate accounts ("separate accounts") are recorded at net asset value ("NAV") reported by the funds' managers as a practical expedient to estimating the fair value, as these investments do not have readily determinable fair values. Due to the nature of the investments held by the separate accounts, changes in market condition and economic environment may significantly impact the NAV of the separate accounts and, consequently, fair values of the funds' interest in the funds. The fair value of these investments has been measured using the NAV per share of the Plan's ownership interest in separate accounts on an equivalent measure, where it is not probable that the fund will sell a separate account at a price other than NAV. These investments are redeemable daily and have a one-day notice period. There were no separate accounts with redemption restrictions or unfunded commitments as of December 31, 2012 and 2011.

The Plan offers a fully benefit-responsive investment contract with Prudential as an investment option to Plan participants. Prudential maintains the contributions in a general account. The investment in the guaranteed income fund is reported at contract value. Contract value represents contributions made by participants, plus interest at a specified rate determined semiannually. There is no market value adjustment upon discontinuance of a contract and no specific securities in the general account that back the liabilities of these contracts. As there are no known cash flows that could be discounted, the fair value for these contracts is equal to the contract value. The inputs used to estimate the fair value of the guaranteed income fund were derived from similar assets in active markets and inputs that are observable for such assets indirectly; therefore, the investment is reported as Level 2.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 4 - Fair Value Accounting (continued)

The fair value of the real estate fund is determined through an independent appraisal process. The estimate of fair value is based on the conventional approaches to value, all of which require the exercise of subjective judgment. The three approaches are: (1) current cost of reproducing the real estate, less deterioration and functional and economic obsolescence; (2) discounting a series of income streams and reversion at a specific yield or by directly capitalizing a single-year income estimate by an appropriate factor; and (3) value indicated by recent sales of comparable real estate in the market. In the reconciliation of these three approaches, the one most heavily relied upon is the one then recognized as the most appropriate by the independent appraiser for the type of real estate in the market. Real estate funds' portfolio values are typically not updated on a daily basis and, as a result, can sometimes be subject to liquidity risk. There were no unfunded commitments as of December 31, 2012. Redemption requests require a calendar quarter notice and are subject to available cash. In the case that there is not enough available cash for a request, a cash queue will be established. There was no cash queue as of December 31, 2012. In order to make additional allocations to the real estate fund, the Plan must notify Prudential and is subject to a deposit queue.

There were no changes to the valuation techniques used during the period.

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instrument, the valuation technique used to measure the fair value of the financial instrument, the significant unobservable inputs, and the range of values for those inputs:

<u>Assets (at Fair Value)</u>	<u>Fair Value at December 31, 2012</u>	<u>Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Range of Inputs</u>
Prudential Property Investment Separate Account	\$ 214,035	Discounted cash flow	Exit capitalization rate	4.75% - 9.75%

Level 3 Changes

The following is a reconciliation of the beginning and ending balance for assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the year ended December 31, 2012:

	Real Estate Fund (Restated)
Investment balance, December 31, 2010	\$ -
Transfer	<u>186,565</u>
Beginning balance as of December 31, 2011	186,565
Total gains/losses (realized/unrealized) included in earnings	15,138
Purchases, issuances, and settlements, net	(87,668)
Transfers from other plan	<u>100,000</u>
Ending balance, December 31, 2012	<u>\$ 214,035</u>

Note 5 - Income Taxes

The Plan obtained its last determination letter on May 7, 2012, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 6 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason the Plan administrator is to distribute each participant's interest to the participant or his or her beneficiary.

Note 8 - Party-in-Interest Transactions

Certain Plan investments are pooled separate accounts and a guaranteed investment contract that are managed by Prudential. These transactions qualify as party-in-interest transactions. Loans to participants qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

Note 9 - Reconciliation to Form 5500

Contributions for financial reporting purposes differ from amounts shown on the Plan's Form 5500 for the year ended December 31, 2012, due to the accrual of employee contributions as of December 31, 2012.

Note 10 - Subsequent Events

Effective January 1, 2013, the Plan name changed to The Denver Post Employee Savings Plan. The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. There were no additional material subsequent events that required recognition or disclosure in the financial statements.

INDEPENDENT AUDITORS' REPORT

Plan Administrator, Committee, and Participants
The Denver Post Union-Covered Employee Savings Plan
Denver, Colorado

REPORT ON FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of The Denver Post Union-Covered Employee Savings Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Bank & Trust, F.S.B., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

EMPHASIS OF OTHER MATTERS

As discussed in Note 2 to the financial statements, an error in the timing of the merger from The Denver Post Non-Union Employee Savings Plan to the Plan was discovered by Prudential Bank & Trust, F.S.B. during 2013, which resulted in a misstatement of the previously reported investments, employee contributions receivable, and employee contributions balances as of and for the year ended December 31, 2012. Accordingly, the financial statements have been restated to correct the error.

OTHER MATTER

The supplemental schedule as of December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The Denver Post Union-Covered Employee Savings Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established April 1, 2001. The Plan is available to substantially all union employees of The Denver Post, LLC (the "Company"), the Plan sponsor. The Company was formed on January 23, 2001 under a joint operating agreement between the E.W. Scripps Company ("Scripps"), owner of *The Rocky Mountain News*, and MediaNews Group, Inc. ("MNG"), owner of *The Denver Post*. However, on February 26, 2009, MNG and Scripps entered into a Separation Agreement. Effective February 27, 2009, in accordance with the Separation Agreement, Scripps ceased publication of *The Rocky Mountain News* and ceased management control. The closing and other conditions set forth in the Separation Agreement occurred on August 26, 2009. After the Separation Agreement was executed, the Company continued to manage and perform all the business functions of *The Denver Post*. Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency Union-Covered Employee Savings Plan to The Denver Post Union-Covered Employee Savings Plan. Effective December 31, 2012, The Denver Post Non-Union Employee Savings Plan merged with the Plan. The amount transferred into the Plan as of December 31, 2012 was \$18,823,461.

Employees are eligible to participate immediately upon the employee's employment commencement date. Employees become eligible for employer matching contributions and employer non-elective contributions after completing one year of service. Service under the Plan takes into account service performed by participants while in the employment of the Denver Publishing Company (a subsidiary of Scripps). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company has elected a committee that administers the Plan. Prudential Bank & Trust, F.S.B. ("Prudential") serves as trustee, manages Plan assets, and maintains the Plan's records. Prudential offers Plan participants a variety of investment options. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax contributions up to 75% of their annual compensation, not to exceed IRS limits, which are adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

The Plan allows participants to elect that a maximum of 10% of their pre-tax annual compensation, as defined in the Plan, may be designated as after-tax Roth 401(k) contributions. A participant's combined before-tax and Roth 401(k) contributions cannot exceed the maximum annual amount allowed by law.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Contributions (continued)

Company matching contributions are discretionary. To the extent matching contributions are made, they are non-forfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Company did not make matching contributions for the year ended December 31, 2012.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution, the Company's matching contribution, an allocation of employer non-elective contributions, and an allocation of Plan earnings or losses and administrative expenses. Participants who are subject to limitations on individual contributions, due to their level of pay in relation to that of other participants, share in Company contributions to the extent of their contributions. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are vested immediately in their voluntary contributions and in Company matching and non-elective contributions plus actual earnings thereon.

Participant Loans

Participants may borrow from their participant account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years, or, if a loan is used to acquire a principal residence, the terms may be up to ten years. The loans are secured by the balance in the participant's account and bear interest at 1.00% above the prime rate on the day that the loan is taken. Loan interest rates range from 4.25% to 9.25% and mature at various dates through November 2020. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost plus accrued interest.

Payment of Benefits

Upon termination of service, death, disability, or attaining normal retirement age, a participant can elect to receive a lump-sum payment in the amount equal to the value of the participant's vested account balance, or the participant can elect to roll the amount into another qualified plan or individual retirement account. Lump-sum distributions are made to terminated participants if the participant's vested balance is \$1,000 or less and the participant did not elect to roll the amount into another qualified plan or individual retirement account. Hardship withdrawals are allowed under the terms of the Plan, but are subject to certain restrictions and penalties. Required minimum distributions are mandatory beginning on April 1 of the year following the calendar year in which a participant reaches age 70½. Benefits are recorded when paid.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

As of December 31, 2012 and 2011, the Plan invests in a guaranteed investment contract. Guaranteed investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive guaranteed investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the guaranteed investment contract. No adjustment was required as of December 31, 2012 or 2011, as contract value approximated fair value.

Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at book value. The average yield was approximately 2.10% and 2.50% for 2012 and 2011, respectively. The crediting interest rate was 2.10% and 2.50% at December 31, 2012 and 2011, respectively, and is based on a formula agreed upon with the issuer.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks and Uncertainties (continued)

Additionally, certain mutual funds invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

Note 2 - Restatement

An error in the timing of the merger from The Denver Post Non-Union Employee Savings Plan to the Plan was discovered by Prudential during 2013, which resulted in a misstatement of the previously reported investments, employee contributions receivable, and employee contributions balances as of and for the year ended December 31, 2012. Accordingly, the financial statements have been restated to correct the error. The effects of the restatement on the accompanying financial statements are summarized below. The Plan's Form 5500 as of and for the year ended December 31, 2012 was amended as a result of the restatement.

Note 3 - Investments

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value and loans at amortized cost as of December 31, 2012 and 2011 and the income earned or losses incurred on the investments for the year ended December 31, 2012, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 3 - Investments (continued)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

The fair value of investments greater than 5% of net assets available for benefits was as follows:

	December 31,	
	2012	2011
	(Restated)	
Prudential Guaranteed Income Fund	\$ 15,365,430	\$ 10,571,459

Vanguard Primecap Admiral Fund	\$ 3,624,468	\$ 2,626,824
Vanguard 500 Index Signal Fund	\$ 3,584,473	\$ 2,315,043

The Plan's investments (including investments bought, sold, and held for the year) appreciated in fair value as follows during the year ended December 31, 2012:

Pooled separate accounts	\$ 2,113,538
Mutual funds	<u>1,278,326</u>
	<u>\$ 3,391,864</u>

Note 4 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 4 - Fair Value Accounting (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value on a recurring basis as of December 31, 2012 and 2011.

Assets measured at fair value as of December 31, 2012 (restated) are as follows:

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 4 - Fair Value Accounting (continued)

- (a) Large-capital funds seek long-term growth of capital by investing primarily in equity and equity-related securities of large companies believed to be strategically positioned for consistent long-term growth and to provide long-term growth of capital and, secondarily, to increase dividend income by investing primarily in common stocks of well-established growth companies.
- (b) Mid-capital funds seek to provide long-term total returns while managing portfolio risk.
- (c) Fixed-income funds seek to preserve capital by investing in a diversified portfolio of fixed-income securities along with preservation of capital and prudent investment management.
- (d) Small-capital funds seek to provide long-term capital appreciation and income by investing primarily in small-capitalization companies that pay regular income dividends and are undervalued in the opinion of the sub-adviser.
- (e) Equity and fixed-income blended funds vary in keeping with the desired risk tolerance and associated asset allocation of the underlying portfolios.
- (f) Guaranteed investment contracts are designed to provide safety of principal and liquidity and a competitive rate of return.

The valuation technique used to measure fair value of mutual funds is based upon the quoted market prices available on an active market.

The Plan's investments in pooled separate accounts ("separate accounts") are recorded at net asset value ("NAV") reported by the funds' managers as a practical expedient to estimating the fair value, as these investments do not have readily determinable fair values. Due to the nature of the investments held by the separate accounts, changes in market condition and economic environment may significantly impact the NAV of the separate accounts and, consequently, fair values of the funds' interest in the funds. The fair value of these investments has been measured using the NAV per share of the Plan's ownership interest in separate accounts on an equivalent measure, where it is not probable that the fund will sell a separate account at a price other than NAV. These investments are redeemable daily and have a one-day notice period. There were no separate accounts with redemption restrictions or unfunded commitments as of December 31, 2012 and 2011.

The Plan offers a fully benefit-responsive investment contract with Prudential as an investment option to Plan participants. Prudential maintains the contributions in a general account. The investment in the guaranteed income fund is reported at contract value. Contract value represents contributions made by participants, plus interest at a specified rate determined semiannually. There is no market value adjustment upon discontinuance of a contract and no specific securities in the general account that back the liabilities of these contracts. As there are no known cash flows that could be discounted, the fair value for these contracts is equal to the contract value. The inputs used to estimate the fair value of the guaranteed income fund were derived from similar assets in active markets and inputs that are observable for such assets indirectly; therefore, the investment is reported as Level 2.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 4 - Fair Value Accounting (continued)

The fair value of the real estate fund is determined through an independent appraisal process. The estimate of fair value is based on the conventional approaches to value, all of which require the exercise of subjective judgment. The three approaches are: (1) current cost of reproducing the real estate, less deterioration and functional and economic obsolescence; (2) discounting a series of income streams and reversion at a specific yield or by directly capitalizing a single-year income estimate by an appropriate factor; and (3) value indicated by recent sales of comparable real estate in the market. In the reconciliation of these three approaches, the one most heavily relied upon is the one then recognized as the most appropriate by the independent appraiser for the type of real estate in the market. Real estate funds' portfolio values are typically not updated on a daily basis and, as a result, can sometimes be subject to liquidity risk. There were no unfunded commitments as of December 31, 2012. Redemption requests require a calendar quarter notice and are subject to available cash. In the case that there is not enough available cash for a request, a cash queue will be established. There was no cash queue as of December 31, 2012. In order to make additional allocations to the real estate fund, the Plan must notify Prudential and is subject to a deposit queue.

There were no changes to the valuation techniques used during the period.

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instrument, the valuation technique used to measure the fair value of the financial instrument, the significant unobservable inputs, and the range of values for those inputs:

<u>Assets (at Fair Value)</u>	<u>Fair Value at December 31, 2012</u>	<u>Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Range of Inputs</u>
Prudential Property Investment Separate Account	\$ 214,035	Discounted cash flow	Exit capitalization rate	4.75% - 9.75%

Level 3 Changes

The following is a reconciliation of the beginning and ending balance for assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the year ended December 31, 2012:

	Real Estate Fund (Restated)
Investment balance, December 31, 2010	\$ -
Transfer	<u>186,565</u>
Beginning balance as of December 31, 2011	186,565
Total gains/losses (realized/unrealized) included in earnings	15,138
Purchases, issuances, and settlements, net	(87,668)
Transfers from other plan	<u>100,000</u>
Ending balance, December 31, 2012	<u>\$ 214,035</u>

Note 5 - Income Taxes

The Plan obtained its last determination letter on May 7, 2012, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 6 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason the Plan administrator is to distribute each participant's interest to the participant or his or her beneficiary.

Note 8 - Party-in-Interest Transactions

Certain Plan investments are pooled separate accounts and a guaranteed investment contract that are managed by Prudential. These transactions qualify as party-in-interest transactions. Loans to participants qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

Note 9 - Reconciliation to Form 5500

Contributions for financial reporting purposes differ from amounts shown on the Plan's Form 5500 for the year ended December 31, 2012, due to the accrual of employee contributions as of December 31, 2012.

Note 10 - Subsequent Events

Effective January 1, 2013, the Plan name changed to The Denver Post Employee Savings Plan. The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. There were no additional material subsequent events that required recognition or disclosure in the financial statements.

INDEPENDENT AUDITORS' REPORT

Plan Administrator, Committee, and Participants
The Denver Post Union-Covered Employee Savings Plan
Denver, Colorado

REPORT ON FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of The Denver Post Union-Covered Employee Savings Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Bank & Trust, F.S.B., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

EMPHASIS OF OTHER MATTERS

As discussed in Note 2 to the financial statements, an error in the timing of the merger from The Denver Post Non-Union Employee Savings Plan to the Plan was discovered by Prudential Bank & Trust, F.S.B. during 2013, which resulted in a misstatement of the previously reported investments, employee contributions receivable, and employee contributions balances as of and for the year ended December 31, 2012. Accordingly, the financial statements have been restated to correct the error.

OTHER MATTER

The supplemental schedule as of December 31, 2012, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The Denver Post Union-Covered Employee Savings Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established April 1, 2001. The Plan is available to substantially all union employees of The Denver Post, LLC (the "Company"), the Plan sponsor. The Company was formed on January 23, 2001 under a joint operating agreement between the E.W. Scripps Company ("Scripps"), owner of *The Rocky Mountain News*, and MediaNews Group, Inc. ("MNG"), owner of *The Denver Post*. However, on February 26, 2009, MNG and Scripps entered into a Separation Agreement. Effective February 27, 2009, in accordance with the Separation Agreement, Scripps ceased publication of *The Rocky Mountain News* and ceased management control. The closing and other conditions set forth in the Separation Agreement occurred on August 26, 2009. After the Separation Agreement was executed, the Company continued to manage and perform all the business functions of *The Denver Post*. Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency Union-Covered Employee Savings Plan to The Denver Post Union-Covered Employee Savings Plan. Effective December 31, 2012, The Denver Post Non-Union Employee Savings Plan merged with the Plan. The amount transferred into the Plan as of December 31, 2012 was \$18,823,461.

Employees are eligible to participate immediately upon the employee's employment commencement date. Employees become eligible for employer matching contributions and employer non-elective contributions after completing one year of service. Service under the Plan takes into account service performed by participants while in the employment of the Denver Publishing Company (a subsidiary of Scripps). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company has elected a committee that administers the Plan. Prudential Bank & Trust, F.S.B. ("Prudential") serves as trustee, manages Plan assets, and maintains the Plan's records. Prudential offers Plan participants a variety of investment options. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax contributions up to 75% of their annual compensation, not to exceed IRS limits, which are adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

The Plan allows participants to elect that a maximum of 10% of their pre-tax annual compensation, as defined in the Plan, may be designated as after-tax Roth 401(k) contributions. A participant's combined before-tax and Roth 401(k) contributions cannot exceed the maximum annual amount allowed by law.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Contributions (continued)

Company matching contributions are discretionary. To the extent matching contributions are made, they are non-forfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Company did not make matching contributions for the year ended December 31, 2012.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution, the Company's matching contribution, an allocation of employer non-elective contributions, and an allocation of Plan earnings or losses and administrative expenses. Participants who are subject to limitations on individual contributions, due to their level of pay in relation to that of other participants, share in Company contributions to the extent of their contributions. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are vested immediately in their voluntary contributions and in Company matching and non-elective contributions plus actual earnings thereon.

Participant Loans

Participants may borrow from their participant account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years, or, if a loan is used to acquire a principal residence, the terms may be up to ten years. The loans are secured by the balance in the participant's account and bear interest at 1.00% above the prime rate on the day that the loan is taken. Loan interest rates range from 4.25% to 9.25% and mature at various dates through November 2020. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost plus accrued interest.

Payment of Benefits

Upon termination of service, death, disability, or attaining normal retirement age, a participant can elect to receive a lump-sum payment in the amount equal to the value of the participant's vested account balance, or the participant can elect to roll the amount into another qualified plan or individual retirement account. Lump-sum distributions are made to terminated participants if the participant's vested balance is \$1,000 or less and the participant did not elect to roll the amount into another qualified plan or individual retirement account. Hardship withdrawals are allowed under the terms of the Plan, but are subject to certain restrictions and penalties. Required minimum distributions are mandatory beginning on April 1 of the year following the calendar year in which a participant reaches age 70½. Benefits are recorded when paid.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

As of December 31, 2012 and 2011, the Plan invests in a guaranteed investment contract. Guaranteed investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive guaranteed investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the guaranteed investment contract. No adjustment was required as of December 31, 2012 or 2011, as contract value approximated fair value.

Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at book value. The average yield was approximately 2.10% and 2.50% for 2012 and 2011, respectively. The crediting interest rate was 2.10% and 2.50% at December 31, 2012 and 2011, respectively, and is based on a formula agreed upon with the issuer.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks and Uncertainties (continued)

Additionally, certain mutual funds invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

Note 2 - Restatement

An error in the timing of the merger from The Denver Post Non-Union Employee Savings Plan to the Plan was discovered by Prudential during 2013, which resulted in a misstatement of the previously reported investments, employee contributions receivable, and employee contributions balances as of and for the year ended December 31, 2012. Accordingly, the financial statements have been restated to correct the error. The effects of the restatement on the accompanying financial statements are summarized below. The Plan's Form 5500 as of and for the year ended December 31, 2012 was amended as a result of the restatement.

Note 3 - Investments

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value and loans at amortized cost as of December 31, 2012 and 2011 and the income earned or losses incurred on the investments for the year ended December 31, 2012, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 3 - Investments (continued)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

The fair value of investments greater than 5% of net assets available for benefits was as follows:

	December 31,	
	2012	2011
	(Restated)	
Prudential Guaranteed Income Fund	\$ 15,365,430	\$ 10,571,459

Prudential Large Cap Value / LSV Asset Management Fund	\$ 4,497,887	\$ 2,463,779
Vanguard Primecap Admiral Fund	\$ 3,624,468	\$ 2,626,824
Vanguard 500 Index Signal Fund	\$ 3,584,473	\$ 2,315,043

The Plan's investments (including investments bought, sold, and held for the year) appreciated in fair value as follows during the year ended December 31, 2012:

Pooled separate accounts	\$ 2,113,538
Mutual funds	<u>1,278,326</u>
	<u>\$ 3,391,864</u>

Note 4 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 4 - Fair Value Accounting (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value on a recurring basis as of December 31, 2012 and 2011.

Assets measured at fair value as of December 31, 2012 (restated) are as follows:

THE DENVER POST UNION-COVERED EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 4 - Fair Value Accounting (continued)

- (a) Large-capital funds seek long-term growth of capital by investing primarily in equity and equity-related securities of large companies believed to be strategically positioned for consistent long-term growth and to provide long-term growth of capital and, secondarily, to increase dividend income by investing primarily in common stocks of well-established growth companies.
- (b) Mid-capital funds seek to provide long-term total returns while managing portfolio risk.
- (c) Fixed-income funds seek to preserve capital by investing in a diversified portfolio of fixed-income securities along with preservation of capital and prudent investment management.
- (d) Small-capital funds seek to provide long-term capital appreciation and income by investing primarily in small-capitalization companies that pay regular income dividends and are undervalued in the opinion of the sub-adviser.
- (e) Equity and fixed-income blended funds vary in keeping with the desired risk tolerance and associated asset allocation of the underlying portfolios.
- (f) Guaranteed investment contracts are designed to provide safety of principal and liquidity and a competitive rate of return.

The valuation technique used to measure fair value of mutual funds is based upon the quoted market prices available on an active market.

The Plan's investments in pooled separate accounts ("separate accounts") are recorded at net asset value ("NAV") reported by the funds' managers as a practical expedient to estimating the fair value, as these investments do not have readily determinable fair values. Due to the nature of the investments held by the separate accounts, changes in market condition and economic environment may significantly impact the NAV of the separate accounts and, consequently, fair values of the funds' interest in the funds. The fair value of these investments has been measured using the NAV per share of the Plan's ownership interest in separate accounts on an equivalent measure, where it is not probable that the fund will sell a separate account at a price other than NAV. These investments are redeemable daily and have a one-day notice period. There were no separate accounts with redemption restrictions or unfunded commitments as of December 31, 2012 and 2011.

The Plan offers a fully benefit-responsive investment contract with Prudential as an investment option to Plan participants. Prudential maintains the contributions in a general account. The investment in the guaranteed income fund is reported at contract value. Contract value represents contributions made by participants, plus interest at a specified rate determined semiannually. There is no market value adjustment upon discontinuance of a contract and no specific securities in the general account that back the liabilities of these contracts. As there are no known cash flows that could be discounted, the fair value for these contracts is equal to the contract value. The inputs used to estimate the fair value of the guaranteed income fund were derived from similar assets in active markets and inputs that are observable for such assets indirectly; therefore, the investment is reported as Level 2.

Note 4 - Fair Value Accounting (continued)

The fair value of the real estate fund is determined through an independent appraisal process. The estimate of fair value is based on the conventional approaches to value, all of which require the exercise of subjective judgment. The three approaches are: (1) current cost of reproducing the real estate, less deterioration and functional and economic obsolescence; (2) discounting a series of income streams and reversion at a specific yield or by directly capitalizing a single-year income estimate by an appropriate factor; and (3) value indicated by recent sales of comparable real estate in the market. In the reconciliation of these three approaches, the one most heavily relied upon is the one then recognized as the most appropriate by the independent appraiser for the type of real estate in the market. Real estate funds' portfolio values are typically not updated on a daily basis and, as a result, can sometimes be subject to liquidity risk. There were no unfunded commitments as of December 31, 2012. Redemption requests require a calendar quarter notice and are subject to available cash. In the case that there is not enough available cash for a request, a cash queue will be established. There was no cash queue as of December 31, 2012. In order to make additional allocations to the real estate fund, the Plan must notify Prudential and is subject to a deposit queue.

There were no changes to the valuation techniques used during the period.

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instrument, the valuation technique used to measure the fair value of the financial instrument, the significant unobservable inputs, and the range of values for those inputs:

<u>Assets (at Fair Value)</u>	<u>Fair Value at December 31, 2012</u>	<u>Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Range of Inputs</u>
Prudential Property Investment Separate Account	\$ 214,035	Discounted cash flow	Exit capitalization rate	4.75% - 9.75%
			Discount rate	6.25% - 22.00%

Level 3 Changes

The following is a reconciliation of the beginning and ending balance for assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the year ended December 31, 2012:

	Real Estate Fund (Restated)
Investment balance, December 31, 2010	\$ -
Transfer	<u>186,565</u>
Beginning balance as of December 31, 2011	186,565
Total gains/losses (realized/unrealized) included in earnings	15,138
Purchases, issuances, and settlements, net	(87,668)
Transfers from other plan	<u>100,000</u>
Ending balance, December 31, 2012	<u>\$ 214,035</u>

Note 5 - Income Taxes

The Plan obtained its last determination letter on May 7, 2012, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 6 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason the Plan administrator is to distribute each participant's interest to the participant or his or her beneficiary.

Note 8 - Party-in-Interest Transactions

Certain Plan investments are pooled separate accounts and a guaranteed investment contract that are managed by Prudential. These transactions qualify as party-in-interest transactions. Loans to participants qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

Note 9 - Reconciliation to Form 5500

Contributions for financial reporting purposes differ from amounts shown on the Plan's Form 5500 for the year ended December 31, 2012, due to the accrual of employee contributions as of December 31, 2012.

Note 10 - Subsequent Events

Effective January 1, 2013, the Plan name changed to The Denver Post Employee Savings Plan. The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. There were no additional material subsequent events that required recognition or disclosure in the financial statements.
