INDEPENDENT AUDITORS' REPORT

Plan Administrator, Committee, and Participants
The Denver Post Non-Union Employee Savings Plan
Denver, Colorado

REPORT ON FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of The Denver Post Non-Union Employee Savings Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Bank & Trust, F.S.B., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

EMPHASIS OF OTHER MATTERS

As discussed in Note 2 to the financial statements, an error in the timing of the merger from the Plan to The Denver Post Union-Covered Employee Savings Plan was discovered by Prudential Bank & Trust, F.S.B. during 2013, which resulted in a misstatement of the previously reported investments, employee contributions receivable, and employee contributions balances as of and for the year ended December 31, 2012. Accordingly, the financial statements have been restated to correct the error.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. A supplemental schedule of assets (held at end of year) is not reported as all asset balances were transferred out of the Plan.

THE DENVER POST NON-UNION EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The Denver Post Non-Union Employee Savings Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan established April 1, 2001. The Plan was available to substantially all non-union employees of The Denver Post, LLC (the "Company"), the Plan sponsor. The Company was formed on January 23, 2001, under a joint operating agreement between the E.W. Scripps Company ("Scripps"), owner of *The Rocky Mountain News*, and MediaNews Group, Inc. ("MNG"), owner of *The Denver Post*. However, on February 26, 2009, MNG and Scripps entered into a Separation Agreement. Effective February 27, 2009, in accordance with the Separation Agreement, Scripps ceased publication of *The Rocky Mountain News* and ceased management control. The closing and other conditions set forth in the Separation Agreement occurred on August 26, 2009. After the Separation Agreement was executed, the Company continued to manage and perform all the business functions of *The Denver Post*. Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency Non-Union Employee Savings Plan to The Denver Post Non-Union Employee Savings Plan. Effective December 31, 2012, the Plan merged with The Denver Post Union-Covered Employee Savings Plan. The amount transferred out of the Plan as of December 31, 2012 was \$18,823,461.

Employees were eligible to participate immediately upon the employee's employment commencement date. Employees became eligible for employer matching contributions and employer non-elective contributions after completing three months of service. Service under the Plan took into account service performed by participants while in the employment of the Denver Publishing Company (a subsidiary of Scripps). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company had elected a committee that administered the Plan. Prudential Bank & Trust, F.S.B. ("Prudential"), served as trustee, managed Plan assets, and maintained the Plan's records. Prudential offered Plan participants a variety of investment options. Individual accounts were invested in the various investment options at the direction of the participants.

Contributions

Participants could make before-tax contributions up to 75% of their annual compensation, not to exceed IRS limits, which are adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage could have been reduced by the Plan administrator in certain circumstances. The Plan also permitted rollover contributions from other qualified retirement plans. Employee contributions to the Plan were made through regular payroll deductions.

The Plan allowed participants to elect that a maximum of 10% of their pre-tax annual compensation, as defined in the Plan, may be designated as after-tax Roth 401(k) contributions. A participant's combined before-tax and Roth 401(k) contributions could not exceed the maximum annual amount allowed by law.

THE DENVER POST NON-UNION EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Contributions (continued)

Company matching contributions were discretionary. To the extent matching contributions were so designated, they were non-forfeitable and could not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Company did not make matching contributions for the year ended December 31, 2012.

Participants' Accounts

Each participant's account was credited or charged with the participant's contribution, the Company's matching contribution, an allocation of employer non-elective contributions, and an allocation of Plan earnings or losses and administrative expenses. Participants who were subject to limitations on individual contributions, due to their level of pay in relation to that of other participants, shared in Company contributions to the extent of their contributions. Allocations were based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant was entitled was the vested portion of the participant's account.

Vesting

Participants were vested immediately in their voluntary contributions and in Company matching and non-elective contributions plus actual earnings thereon.

Participant Loans

Participants could borrow from their participant accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances, whichever was less. Loan terms ranged from one to five years, or, if a loan was used to acquire a principal residence, the terms may have been up to ten years. The loans were secured by the balances in the participants' accounts and bore interest at 1% above the prime rate on the day the loan was taken.

Payment of Benefits

Upon termination of service, death, disability, or attaining normal retirement age, a participant could have elected to receive a lump-sum payment in the amount equal to the value of the participant's vested account balance, or the participant could have elected to roll the amount into another qualified plan or individual retirement account. Lump-sum distributions were made to terminated participants if the participant's vested balance was \$1,000 or less and the participant did not elect to roll the amount into another qualified plan or individual retirement account. Hardship withdrawals were allowed under the terms of the Plan, but were subject to certain restrictions and penalties. Required minimum distributions were mandatory beginning on April 1 of the year following the calendar year in which a participant reached age 70½. Benefits were recorded when paid.

THE DENVER POST NON-UNION EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition

The Plan's investments were reported at fair value as reported to the Plan by the trustee. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments were recorded on a trade-date basis. Interest income was recognized on the accrual basis. Dividends were recognized on the ex-dividend date.

As of December 31, 2011, the Plan invested in a guaranteed investment contract. Guaranteed investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive guaranteed investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the guaranteed investment contract. No adjustment was required as of December 31, 2011 as contract value approximated fair value.

Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Participants could have ordinarily directed the withdrawal or transfer of all or a portion of their investment at book value. The average yield was approximately 2.50% for 2011. The crediting interest rate was 2.50% as of December 31, 2011 and was based on a formula agreed upon with the issuer.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provided for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments could have occurred in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the statements of net assets available for benefits.

THE DENVER POST NON-UNION EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks and Uncertainties (continued)

Additionally, certain mutual funds invested in the securities of foreign companies involved special risks and considerations not typically associated with investing in U.S. companies. These risks included devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

Note 2 - Restatement

An error in the timing of the merger from the Plan to The Denver Post Union-Covered Employee Savings Plan was discovered by Prudential during 2013, which resulted in a misstatement of the previously reported investments, employee contributions receivable, and employee contributions balances as of and for the year ended December 31, 2012. Accordingly, the financial statements have been restated to correct the error. The effects of the restatement on the accompanying financial statements are summarized below. The Plan's Form 5500 as of and for the year ended 2012 was amended as a result of the restatement.

	As Previously Reported	Restated Adjustment	As Restated
Mutual funds	\$ 4,648,875	\$ (4,648,875)	\$ -
Pooled separate accounts	\$ 8,477,206	\$ (8,477,206)	\$ -
Guaranteed investment contract	\$ 5,325,935	\$ (5,325,935)	\$ -
Real estate	\$ 100,000	\$ (100,000)	\$ -
Employee contributions receivable	\$ 32,444	\$ (32,444)	\$ -
Participant loans	\$ 271,445	\$ (271,445)	\$ -
Net assets available for benefits, at fair value	\$ 18,855,905	\$ (18,855,905)	\$ -
Employee contributions	\$ 993,307	\$ (32,444)	\$ 960,863
Transfers to other plan	\$ -	\$ (18,823,461)	\$ (18,823,461)

Note 3 - Investments

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value and loans at amortized cost as of December 31, 2012 and 2011 and the income earned or losses incurred on the investments for the year ended December 31, 2012, as reflected in the accompanying financial statements, are complete and accurate.

THE DENVER POST NON-UNION EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 3 - Investments (continued)

The Plan administrator had elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements.

The fair value of investments greater than 5% of net assets available for benefits was as follows:

	December 31,	
	2012	2011
	(Restated)	
Prudential Guaranteed Income Fund	\$ - *	\$ 5,650,647
American Funds EuroPacific Growth Fund	\$ - *	\$ 2,192,628
Prudential Large Cap Value / LSV Asset Management Fund	\$ - *	\$ 1,926,329
Prudential Core Plus Bond / PIMCO Account Fund	\$ - *	\$ 1,764,681
Prudential Growth Stock Strategy Fund / T. Rowe Price	\$ - *	\$ 1,594,658
Vanguard Primecap Admiral Fund	\$ - *	\$ 1,145,472
Vanguard 500 Index Signal Fund	\$ - *	\$ 1,012,383

* Amount does not represent greater than 5% of net assets available for benefits at the respective date.

The Plan's investments (including investments bought, sold, and held for the year) appreciated in fair value as follows during the year ended December 31, 2012:

Mutual funds	\$ 1,349,245
Pooled separate accounts	<u>652,829</u>
	<u>\$ 2,002,074</u>

Note 4 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

THE DENVER POST NON-UNION EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 4 - Fair Value Accounting (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy was based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value on a recurring basis as of December 31, 2011.

Description	Level 1	Level 2	Level 3	Total
Mutual funds				
Large-capital investments	\$ 4,350,483	\$ -	\$ -	\$ 4,350,483
Income investments	213,756	-	-	213,756
Pooled separate accounts				
Large-capital funds (a)	-	3,520,985	-	3,520,985
Mid-capital funds (b)	-	1,786,162	-	1,786,162
Fixed-income funds (c)	-	1,764,681	-	1,764,681
Small-capital funds (d)	-	984,179	-	984,179
Equity and fixed-income blended funds (e)	-	406,879	-	406,879
Guaranteed investment contract (f)	-	5,650,649	-	5,650,649
Total	<u>\$ 4,564,239</u>	<u>\$ 14,113,535</u>	<u>\$ -</u>	<u>\$ 18,677,774</u>

- (a) Large-capital funds seek long-term growth of capital by investing primarily in equity and equity-related securities of large companies believed to be strategically positioned for consistent long-term growth and to provide long-term growth of capital and, secondarily, to increase dividend income by investing primarily in common stocks of well-established growth companies.
- (b) Mid-capital funds seek to provide long-term total returns while managing portfolio risk.
- (c) Fixed-income funds seek to preserve capital by investing in a diversified portfolio of fixed-income securities along with preservation of capital and prudent investment management.
- (d) Small-capital funds seek to provide long-term capital appreciation and income by investing primarily in small-capitalization companies that pay regular income dividends and are undervalued in the opinion of the sub-adviser.
- (e) Equity and fixed-income blended funds vary in keeping with the desired risk tolerance and associated asset allocation of the underlying portfolios.
- (f) Guaranteed investment contracts are designed to provide safety of principal and liquidity and a competitive rate of return.

The valuation technique used to measure fair value of mutual funds is based upon the quoted market prices available on an active market.

THE DENVER POST NON-UNION EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 4 - Fair Value Accounting (continued)

The Plan's investments in pooled separate accounts ("separate accounts") were recorded at net asset value ("NAV") reported by the funds' managers as a practical expedient to estimating the fair value, as these investments did not have readily determinable fair values. Due to the nature of the investments held by the separate accounts, changes in market condition and economic environment may significantly impact the NAV of the separate accounts and, consequently, fair values of the funds' interest in the funds. The fair value of these investments has been measured using the NAV per share of the Plan's ownership interest in separate accounts on an equivalent measure, where it is not probable that the fund will sell a separate account at a price other than NAV. These investments are redeemable daily and have a one-day notice period. There were no separate accounts with redemption restrictions or unfunded commitments as of December 31, 2011.

The Plan offered a fully benefit-responsive investment contract with Prudential as an investment option to Plan participants. Prudential maintained the contributions in a general account. The investment in the guaranteed income fund was reported at contract value. Contract value represented contributions made by participants plus interest at a specified rate determined semiannually. There was no market value adjustment upon discontinuance of a contract and no specific securities in the general account that backed the liabilities of these contracts. As there were no known cash flows that could be discounted, the fair value for these contracts was equal to the contract value. The inputs used to estimate the fair value of the guaranteed income fund were derived from similar assets in active markets and inputs that are observable for such assets indirectly; therefore, the investment is reported as Level 2.

There were no changes to the valuation techniques used during the period.

Note 5 - Income Taxes

The Plan obtained its last determination letter on June 28, 2012, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believed that the Plan continued to be operated and administered in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes was included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator had analyzed the tax positions taken by the Plan and had concluded that, as of December 31, 2012 and 2011, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believed it was no longer subject to income tax examinations for years prior to 2009.

THE DENVER POST NON-UNION EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 6 - Administration of the Plan

The Company provided, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also paid the cost of certain outside services for the Plan.

Note 7 - Plan Termination

Effective December 31, 2012, The Plan merged with The Denver Post Union-Covered Employee Savings Plan. Accordingly, subsequent transactions will occur under the terms of the new plan, and no assets were held under the Plan as of December 31, 2012.

Note 8 - Party-in-Interest Transactions

Certain Plan investments were pooled separate accounts and a guaranteed investment contract that were managed by Prudential. These transactions qualified as party-in-interest transactions. Loans to participants qualified as party-in-interest transactions. These transactions were exempt from the prohibited transaction rules.

Note 9 - Subsequent Events

The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. There were no material subsequent events that required recognition or disclosure in the financial statements.

REPORT ON FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of The Denver Post Non-Union Employee Savings Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Bank & Trust, F.S.B., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

EMPHASIS OF OTHER MATTERS

As discussed in Note 2 to the financial statements, an error in the timing of the merger from the Plan to The Denver Post Union-Covered Employee Savings Plan was discovered by Prudential Bank & Trust, F.S.B. during 2013, which resulted in a misstatement of the previously reported investments, employee contributions receivable, and employee contributions balances as of and for the year ended December 31, 2012. Accordingly, the financial statements have been restated to correct the error.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. A supplemental schedule of assets (held at end of year) is not reported as all asset balances were transferred out of the Plan.

THE DENVER POST NON-UNION EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of The Denver Post Non-Union Employee Savings Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan established April 1, 2001. The Plan was available to substantially all non-union employees of The Denver Post, LLC (the "Company"), the Plan sponsor. The Company was formed on January 23, 2001, under a joint operating agreement between the E.W. Scripps Company ("Scripps"), owner of *The Rocky Mountain News*, and MediaNews Group, Inc. ("MNG"), owner of *The Denver Post*. However, on February 26, 2009, MNG and Scripps entered into a Separation Agreement. Effective February 27, 2009, in accordance with the Separation Agreement, Scripps ceased publication of *The Rocky Mountain News* and ceased management control. The closing and other conditions set forth in the Separation Agreement occurred on August 26, 2009. After the Separation Agreement was executed, the Company continued to manage and perform all the business functions of *The Denver Post*. Effective June 30, 2010, the Plan name changed from Denver Newspaper Agency Non-Union Employee Savings Plan to The Denver Post Non-Union Employee Savings Plan. Effective December 31, 2012, the Plan merged with The Denver Post Union-Covered Employee Savings Plan. The amount transferred out of the Plan as of December 31, 2012 was \$18,823,461.

Employees were eligible to participate immediately upon the employee's employment commencement date. Employees became eligible for employer matching contributions and employer non-elective contributions after completing three months of service. Service under the Plan took into account service performed by participants while in the employment of the Denver Publishing Company (a subsidiary of Scripps). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company had elected a committee that administered the Plan. Prudential Bank & Trust, F.S.B. ("Prudential"), served as trustee, managed Plan assets, and maintained the Plan's records. Prudential offered Plan participants a variety of investment options. Individual accounts were invested in the various investment options at the direction of the participants.

Contributions

Participants could make before-tax contributions up to 75% of their annual compensation, not to exceed IRS limits, which are adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage could have been reduced by the Plan administrator in certain circumstances. The Plan also permitted rollover contributions from other qualified retirement plans. Employee contributions to the Plan were made through regular payroll deductions.

The Plan allowed participants to elect that a maximum of 10% of their pre-tax annual compensation, as defined in the Plan, may be designated as after-tax Roth 401(k) contributions. A participant's combined before-tax and Roth 401(k) contributions could not exceed the maximum annual amount allowed by law.

Contributions (continued)

Company matching contributions were discretionary. To the extent matching contributions were so designated, they were non-forfeitable and could not be withdrawn from the Plan prior to separation from service or attainment of age 59½. The Company did not make matching contributions for the year ended December 31, 2012.

Participants' Accounts

Each participant's account was credited or charged with the participant's contribution, the Company's matching contribution, an allocation of employer non-elective contributions, and an allocation of Plan earnings or losses and administrative expenses. Participants who were subject to limitations on individual contributions, due to their level of pay in relation to that of other participants, shared in Company contributions to the extent of their contributions. Allocations were based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant was entitled was the vested portion of the participant's account.

Vesting

Participants were vested immediately in their voluntary contributions and in Company matching and non-elective contributions plus actual earnings thereon.

Participant Loans

Participants could borrow from their participant accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances, whichever was less. Loan terms ranged from one to five years, or, if a loan was used to acquire a principal residence, the terms may have been up to ten years. The loans were secured by the balances in the participants' accounts and bore interest at 1% above the prime rate on the day the loan was taken.

Payment of Benefits

Upon termination of service, death, disability, or attaining normal retirement age, a participant could have elected to receive a lump-sum payment in the amount equal to the value of the participant's vested account balance, or the participant could have elected to roll the amount into another qualified plan or individual retirement account. Lump-sum distributions were made to terminated participants if the participant's vested balance was \$1,000 or less and the participant did not elect to roll the amount into another qualified plan or individual retirement account. Hardship withdrawals were allowed under the terms of the Plan, but were subject to certain restrictions and penalties. Required minimum distributions were mandatory beginning on April 1 of the year following the calendar year in which a participant reached age 70½. Benefits were recorded when paid.

Valuation of Investments and Income Recognition

The Plan's investments were reported at fair value as reported to the Plan by the trustee. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments were recorded on a trade-date basis. Interest income was recognized on the accrual basis. Dividends were recognized on the ex-dividend date.

As of December 31, 2011, the Plan invested in a guaranteed investment contract. Guaranteed investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive guaranteed investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the guaranteed investment contract. No adjustment was required as of December 31, 2011 as contract value approximated fair value.

Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Participants could have ordinarily directed the withdrawal or transfer of all or a portion of their investment at book value. The average yield was approximately 2.50% for 2011. The crediting interest rate was 2.50% as of December 31, 2011 and was based on a formula agreed upon with the issuer.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provided for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments could have occurred in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the statements of net assets available for benefits.

Risks and Uncertainties (continued)

Additionally, certain mutual funds invested in the securities of foreign companies involved special risks and considerations not typically associated with investing in U.S. companies. These risks included devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

Note 2 - Restatement

An error in the timing of the merger from the Plan to The Denver Post Union-Covered Employee Savings Plan was discovered by Prudential during 2013, which resulted in a misstatement of the previously reported investments, employee contributions receivable, and employee contributions balances as of and for the year ended December 31, 2012. Accordingly, the financial statements have been restated to correct the error. The effects of the restatement on the accompanying financial statements are summarized below. The Plan's Form 5500 as of and for the year ended 2012 was amended as a result of the restatement.

	<u>As Previously Reported</u>	<u>Restated Adjustment</u>	<u>As Restated</u>
Mutual funds	\$ 4,648,875	\$ (4,648,875)	\$ -
Pooled separate accounts	\$ 8,477,206	\$ (8,477,206)	\$ -
Guaranteed investment contract	\$ 5,325,935	\$ (5,325,935)	\$ -
Real estate	\$ 100,000	\$ (100,000)	\$ -
Employee contributions receivable	\$ 32,444	\$ (32,444)	\$ -
Participant loans	\$ 271,445	\$ (271,445)	\$ -
Net assets available for benefits, at fair value	\$ 18,855,905	\$ (18,855,905)	\$ -
Employee contributions	\$ 993,307	\$ (32,444)	\$ 960,863
Transfers to other plan	\$ -	\$ (18,823,461)	\$ (18,823,461)

Note 3 - Investments

Prudential has certified in writing to the Plan administrator that the stated amounts for investments at fair value and loans at amortized cost as of December 31, 2012 and 2011 and the income earned or losses incurred on the investments for the year ended December 31, 2012, as reflected in the accompanying financial statements, are complete and accurate.

THE DENVER POST NON-UNION EMPLOYEE SAVINGS PLAN

Note 3 - Investments (continued)

The Plan administrator had elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements.

The fair value of investments greater than 5% of net assets available for benefits was as follows:

	December 31,	
	2012	2011
	(Restated)	
Prudential Guaranteed Income Fund	\$ - *	\$ 5,650,647
American Funds EuroPacific Growth Fund	\$ - *	\$ 2,192,628
Prudential Large Cap Value / LSV Asset Management Fund	\$ - *	\$ 1,926,329
Prudential Core Plus Bond / PIMCO Account Fund	\$ - *	\$ 1,764,681
Prudential Growth Stock Strategy Fund / T. Rowe Price	\$ - *	\$ 1,594,658
Vanguard Primecap Admiral Fund	\$ - *	\$ 1,145,472
Vanguard 500 Index Signal Fund	\$ - *	\$ 1,012,383

* Amount does not represent greater than 5% of net assets available for benefits at the respective date.

The Plan's investments (including investments bought, sold, and held for the year) appreciated in fair value as follows during the year ended December 31, 2012:

Mutual funds	\$ 1,349,245
Pooled separate accounts	<u>652,829</u>
	<u>\$ 2,002,074</u>

Note 4 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

THE DENVER POST NON-UNION EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 4 - Fair Value Accounting (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy was based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value on a recurring basis as of December 31, 2011.

Description	Level 1	Level 2	Level 3	Total
Mutual funds				
Large-capital investments	\$ 4,350,483	\$ -	\$ -	\$ 4,350,483
Income investments	213,756	-	-	213,756
Pooled separate accounts				
Large-capital funds (a)	-	3,520,985	-	3,520,985
Mid-capital funds (b)	-	1,786,162	-	1,786,162
Fixed-income funds (c)	-	1,764,681	-	1,764,681
Small-capital funds (d)	-	984,179	-	984,179
Equity and fixed-income blended funds (e)	-	406,879	-	406,879
Guaranteed investment contract (f)	-	5,650,649	-	5,650,649
Total	<u>\$ 4,564,239</u>	<u>\$ 14,113,535</u>	<u>\$ -</u>	<u>\$ 18,677,774</u>

- (a) Large-capital funds seek long-term growth of capital by investing primarily in equity and equity-related securities of large companies believed to be strategically positioned for consistent long-term growth and to provide long-term growth of capital and, secondarily, to increase dividend income by investing primarily in common stocks of well-established growth companies.
- (b) Mid-capital funds seek to provide long-term total returns while managing portfolio risk.
- (c) Fixed-income funds seek to preserve capital by investing in a diversified portfolio of fixed-income securities along with preservation of capital and prudent investment management.
- (d) Small-capital funds seek to provide long-term capital appreciation and income by investing primarily in small-capitalization companies that pay regular income dividends and are undervalued in the opinion of the sub-adviser.
- (e) Equity and fixed-income blended funds vary in keeping with the desired risk tolerance and associated asset allocation of the underlying portfolios.
- (f) Guaranteed investment contracts are designed to provide safety of principal and liquidity and a competitive rate of return.

The valuation technique used to measure fair value of mutual funds is based upon the quoted market prices available on an active market.

THE DENVER POST NON-UNION EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 4 - Fair Value Accounting (continued)

The Plan's investments in pooled separate accounts ("separate accounts") were recorded at net asset value ("NAV") reported by the funds' managers as a practical expedient to estimating the fair value, as these investments did not have readily determinable fair values. Due to the nature of the investments held by the separate accounts, changes in market condition and economic environment may significantly impact the NAV of the separate accounts and, consequently, fair values of the funds' interest in the funds. The fair value of these investments has been measured using the NAV per share of the Plan's ownership interest in separate accounts on an equivalent measure, where it is not probable that the fund will sell a separate account at a price other than NAV. These investments are redeemable daily and have a one-day notice period. There were no separate accounts with redemption restrictions or unfunded commitments as of December 31, 2011.

The Plan offered a fully benefit-responsive investment contract with Prudential as an investment option to Plan participants. Prudential maintained the contributions in a general account. The investment in the guaranteed income fund was reported at contract value. Contract value represented contributions made by participants plus interest at a specified rate determined semiannually. There was no market value adjustment upon discontinuance of a contract and no specific securities in the general account that backed the liabilities of these contracts. As there were no known cash flows that could be discounted, the fair value for these contracts was equal to the contract value. The inputs used to estimate the fair value of the guaranteed income fund were derived from similar assets in active markets and inputs that are observable for such assets indirectly; therefore, the investment is reported as Level 2.

There were no changes to the valuation techniques used during the period.

Note 5 - Income Taxes

The Plan obtained its last determination letter on June 28, 2012, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believed that the Plan continued to be operated and administered in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes was included in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator had analyzed the tax positions taken by the Plan and had concluded that, as of December 31, 2012 and 2011, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believed it was no longer subject to income tax examinations for years prior to 2009.

THE DENVER POST NON-UNION EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

Note 6 - Administration of the Plan

The Company provided, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also paid the cost of certain outside services for the Plan.

Note 7 - Plan Termination

Effective December 31, 2012, The Plan merged with The Denver Post Union-Covered Employee Savings Plan. Accordingly, subsequent transactions will occur under the terms of the new plan, and no assets were held under the Plan as of December 31, 2012.

Note 8 - Party-in-Interest Transactions

Certain Plan investments were pooled separate accounts and a guaranteed investment contract that were managed by Prudential. These transactions qualified as party-in-interest transactions. Loans to participants qualified as party-in-interest transactions. These transactions were exempt from the prohibited transaction rules.

Note 9 - Subsequent Events

The Plan has evaluated subsequent events through the auditors' report date, which is the date the financial statements were available for issuance. There were no material subsequent events that required recognition or disclosure in the financial statements.
