Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by ING Life Insurance and Annuity Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended March 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

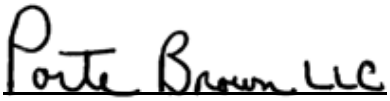

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held for investment at end of year), assets (acquired and disposed of within year) and reportable transactions, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NORTHSIDE IMPORTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2014 AND 2013

NOTE A. DESCRIPTION OF PLAN

The following description of the Northside Imports, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

1) General

The Plan is a defined contribution plan covering all eligible employees of Northside Imports, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2) Contributions

Participants may elect to contribute pre-tax earnings up to current Internal Revenue Service (“IRS”) regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. All employees, except those governed by a collective bargaining agreement and non-resident aliens, are eligible to enter the Plan after completing year of service with the Company and have attained age 21. Eligible employees can enter the Plan on April 1st or the first day of the next successive three month periods coincident with the or next following the satisfaction of the eligibility requirements. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Company may contribute a discretionary matching contribution to the Plan. The Company declared an employer match contribution for the year ended March 31, 2014. This amount is calculated as a 50% match on eligible participant deferrals. This amount is allocated to participants’ accounts that have completed one year of service during the Plan year and are actively employed on the last day of the Plan year. The Company may also contribute a discretionary profit sharing contribution. This amount is allocated to participants’ accounts that have completed one year of service during the Plan year and are actively employed on the last day of the Plan year. The Company did not elect to make a discretionary profit sharing contribution for the year ended March 31, 2014. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

The Plan was amended on April 20, 2010, to allow for in-service distributions. An in-service distribution is one that a participant receives while they are actively employed. A participant may request an in-service distribution from all or a portion of their accounts.

3) Participant Accounts

Each participant’s account is credited with the participant’s elective contribution and allocations of: a) the Company’s discretionary matching contribution (if applicable), b) the Company’s discretionary profit sharing contribution (if applicable), c) investment earnings, and d) administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE A. DESCRIPTION OF PLAN: (Continued)

4) Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

5) Vesting

Participants are vested immediately in their deferral contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of their account is based on years of service.

Upon termination of employment for reasons other than by death, disability or retirement, participants will receive the amount of their participant account valued at its fair market value and shall vest according to the following schedule based upon years of service:

Years of Service	Vested Percentage
Less than 1	0%
1 but less than 2	0
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 but less than 6	80
6 or more	100

Upon termination of employment by reason of death, disability or retirement, the balance in the participants' account will become fully vested.

6) Payment of Benefits

On termination of service due to death, disability, or retirement a participant or his beneficiary may elect to receive a lump-sum payment.

7) Forfeited Accounts

At March 31, 2014, and 2013, there forfeited non-vested accounts totaled $6,925 and $5,109, respectively. These accounts may be used to reduce future employer contributions. Also, during the current year, employer contributions were reduced by $2,082 from forfeited non-vested accounts.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

1) Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with generally accepted accounting principles.

2) Subsequent Events

The Plan has evaluated subsequent events through September 24, 2014, the date which the financial statements were available to be issued.

3) Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid capital balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

5) Payment of Benefits

Benefit obligations are recorded when paid.

6) Administration of Plan

The Company absorbs significant costs of the Plan administration by paying expenses directly.

NOTE C. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and all assets will be liquidated and paid to participants.

NOTE D. TAX STATUS

The Plan is a non-standardized prototype plan sponsored by Pension Administrators Inc that has been adopted by the Company. The prototype plan obtained its latest opinion letter on December 1, 2008, by which the Internal Revenue Service has determined and informed the Company that the Plan and related trust, as then designed, were designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan has adopted the provisions of ASC Topic 740, *Income Taxes*, relating to the accounting for uncertainty in income taxes. The Plan files employee benefit plan returns in the U.S. federal jurisdiction. With few exceptions, management believes the Plan Administrator believes it is not subject to U.S. federal examinations by tax authorities for the years before 2010.

NOTE E. INVESTMENTS

At March 31, 2014, and 2013, the assets of the Plan were held by ING Life Insurance and Annuity Company. All investment information, including investment assets, transactions, and income and the schedules of investments and reportable transactions, has been certified by the Plan custodian.

NOTE F. FAIR VALUE MEASUREMENTS

FASB ASC Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at March 31, 2014, and 2013.

Investment contract: Valued at fair value by discounting the related cash flows on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan as of the end of the year.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F. FAIR VALUE MEASUREMENTS: (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2014, and 2013:

	Assets, at Fair Value, as of March 31, 2014			
	Level 1	Level 2	Level 3	Total
Investment contract	$ -	$ 642,813	$ -	$ 642,813
Pooled separate accounts	-	3,534,774	-	3,534,774
Total assets, at fair value	$ -	$ 4,177,587	$ -	$ 4,177,587

	Assets, at Fair Value, as of March 31, 2013			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 3,397,245	$ -	$ 3,397,245
Total assets, at fair value	$ -	$ 3,397,245	$ -	$ 3,397,245

NOTE G. INVESTMENT CONTRACTS WITH INSURANCE ORGANIZATION

The Plan has entered into a benefit-responsive investment contract with ING Life Insurance and Annuity Company. ING Life Insurance and Annuity Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay principal and a specified interest rate that is guaranteed to the Plan. As described in Note B, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the investment custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. According to the Plan's custodian, the fair value of the investment contract was $642,813 as of March 31, 2014. The average yield and crediting interest rate was 1.30% as of March 31, 2014. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE G. INVESTMENT CONTRACTS WITH INSURANCE ORGANIZATION: (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), 2) change's to the Plan's prohibition on competing investment options or delegation of equity wash provisions, 3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administer does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The guaranteed investment contract does not permit the insurance Organization to terminate the agreement prior to the scheduled maturity date.

NOTE H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE I. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500:

The following is a reconciliation of net assets available for benefits per the March 31, 2014, and 2013, accompanying financial statements to the Schedule H of Form 5500:
