The following description of the OpenX Technologies, Inc. 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees who are employed by OpenX Technologies, Inc. (collectively the "Company" and the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100 percent of their pretax compensation, as defined by the Plan and subject to Internal Revenue Code ("IRC") limitations. Participants may designate all or a portion of their contributions to be from after tax compensation, also known as Roth Deferral Contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan.

The Plan provides for discretionary matching contributions of which none were made for the year ended December 31, 2013.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, if any, as well as allocations of Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company matching contributions plus actual earnings or losses thereon.

Suspense Account Funds

Suspense account funds arise from corrections of contributions and may be used to pay Plan administrative expenses or reduce future Company contributions. During the year ended December 31, 2013, no funds were used. As of December 31, 2013, there were $1,629 of suspense account funds available for future use.

Payment of Benefits

On termination of service for any reason, a participant or their beneficiaries, as applicable, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawals or substantially equal installments over a period of time, in accordance with the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Fidelity Management Trust Company (the "Trustee").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All Plan investments are reported at fair value. The investments and changes therein of the funds have been reported to the Plan by the Trustee using fair value.

Investments are valued daily. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees that reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the future value of the investment balances.

Benefits Payable to Participants

Benefits are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All of the Plan's investments are Level 1 and the following table sets forth, by investment type, the Plan's investments at fair value as of December 31:

	2013	2012
Mutual funds:		
Target date funds	$ 1,756,544	$ 856,964
Growth funds	1,323,893	541,116
Blend funds	551,772	164,671
Value funds	514,847	211,734
Fixed income funds	188,041	172,929
Money market fund	157,237	28,179
Total investments at fair value	$ 4,492,334	$ 1,975,593

NOTE 3. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they can choose from. See the attached Schedule of Assets (Held at End of Year) for a detailed listing of investments.

The following presents investments that represent five percent or more of the Plan's net assets at December 31:

	2013	2012
Fidelity Advisor Freedom 2035 Fund	$ 476,474	$ 286,358
Fidelity Advisor Freedom 2040 Fund	512,495	113,754
Fidelity Advisor Freedom 2045 Fund	302,664	143,455
Oppenheimer Developing Markets Fund	367,937	198,473
BlackRock Equity Dividend Fund	388,794	163,007
ClearBridge Aggressive Growth Fund	420,055	150,973

For the year ended December 31, 2013, net appreciation of investments in registered investment companies (mutual funds) was $343,576.

NOTE 4. RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by the Trustee. Transactions with the Trustee qualify as party-in-interest transactions for which exemptions exist. The Trustee received $516 for administration fees that were paid by the participants through the Plan and receives indirect compensation based on a formula from certain mutual funds. Additionally, $10,868 in indirect compensation was paid to the Plan's advisor.

NOTE 5. TAX STATUS

The Company adopted a volume submitter plan, which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2008. The Plan Sponsor routinely self reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. Accordingly, the Company believes that the Plan currently is designed and being operated in accordance with applicable requirements of the IRC and the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain income tax positions taken by the Plan. The financial statement effects of an income tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the income tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain income tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any income tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 6. NOTE RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their account balance within specified guidelines, as defined in the Plan. The loan interest rate is determined by the plan administrator based on prevailing rates, as defined by the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at 4.25 percent. Principal and interest is paid ratably through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 7. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

NOTE 8. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments and notes receivable from participants as shown in the accompanying statements of net assets available for plan benefits of $4,492,334 and $80,127, respectively, as of December 31, 2013 and $1,975,593 and $7,166, respectively, as of December 31, 2012.

b. Net appreciation of investments of $343,576, interest and dividend income on investments of $157 and $211,698, respectively, and interest income on notes receivable from participants of $2,851 as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2013.

c. Investments and participant loans as of December 31, 2013 as listed in the accompanying Schedule of Assets (Held at End of Year).

The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at 4.25 percent. Principal and interest is paid ratably through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.
