INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Belleville Shoe Manufacturing Company
Employee Savings and Investment Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Belleville Shoe Manufacturing Company Employee Savings and Investment Plan, which comprise the statements of net assets available for benefits as of April 30, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments; the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial

statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Belleville Shoe Manufacturing Company Employee Savings and Investment Plan as of April 30, 2013 and 2012, and changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule H, Line 4i – Schedule of Assets (Held at End of Year), referred to as "Supplemental Information", is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2013 AND 2012

Note 1. Description of Plan (Continued)

F. Payment of Benefits

Under the terms of the Plan, participants or their designated beneficiaries are entitled to receive the vested amounts credited to their accounts upon normal retirement at age 65, cessation of employment, disability, or death. Benefits can be distributed in the form of cash or annuities.

G. Forfeitures

Forfeitures shall be determined at least once during each plan year. Forfeited non-vested account balances may first be applied to pay plan administrative expenses with any amounts remaining applied to reduce the earliest employer contributions made after the forfeitures are determined.

Note 2. Summary of Accounting Policies

The following are the significant accounting policies followed by the Plan:

A. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting, except for benefits which are recorded when paid.

B. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

EMPLOYEE SAVINGS AND INVESTMENT PLAN
BELLEVILLE, ILLINOIS

NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2013 AND 2012

Note 2. Summary of Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

E. Date of Management's Review

Subsequent events were evaluated through November 21, 2013, which is the date the financial statements were available to be issued.

F. Payment of Benefits

Benefits are recorded when paid.

G. Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

Note 3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3. Fair Value Measurements (Continued)

The Fair Value Measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of the pooled separate accounts and interest in registered investment companies are based on quoted net asset values of shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The fair value of certain corporate bonds and debentures for which quoted market price are not available are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

Level 3 Fair Value Measurements

The guaranteed investment contracts with an insurance company are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using an income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations, considering the credit-worthiness of the issuer. The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of April 30, 2013 and 2012.

NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2013 AND 2012

Note 4. Investments in Insurance Company Guaranteed Interest Account

In 1985, the Plan entered into the current deposit contract with Principal Life Insurance Company. Principal maintains the contributions in its guaranteed interest account. The investments are included in the financial statements at fair value as reported to the Plan Administrator by Principal Life Insurance Company. The fair value of the account is the value paid any time funds are withdrawn prior to their maturity for an event other than death, disability, termination, or retirement, and reflects the applicable surrender charge.

Note 5. Investments

The following presents investments that represent 5% or more of the Plan's net assets as of April 30, 2013 and 2012. Investments in Belleville Shoe Manufacturing Company Employee Savings and Investment Plan are all participant-directed investments.

	2013	2012

NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2013 AND 2012

Note 6. Plan Expenses

The administrative expenses allocable to individual participants were deducted by Principal Life Insurance Company directly from participant accounts. The Plan incurred administrative expenses of $1,343 and $11,067 for the plan years ending April 30, 2013 and 2012, respectively.

Note 7. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Principal Life Insurance Company. Principal Life Insurance Company is the third-party administrator of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Distributions may be made as soon as administratively feasible at the participant's election.

Note 9. Income Taxes

The Plan obtained its latest determination letter on September 4, 2012, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
