**SENIOR HOME CARE, INC. 401(k) PLAN
CLEARWATER, FLORIDA
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2014 AND DECEMBER 31, 2013**

1. Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was merged into another plan effective March 31, 2014 (See Note 1h).

a. General

The Plan was a defined contribution plan covering employees of the Company who had completed ninety days of service and two hundred and fifty hours, and were age twenty-one or older. It was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

In prior years, participants could contribute up to ninety percent of pretax annual compensation as defined in the Plan subject to annual limitations. Participants could also contribute amounts representing distributions from other qualified defined plans. Participants were limited to a maximum of \$17,500 in salary reductions with an additional \$5,500 in catch up contributions for employees age 50 and older for the year ended December 31, 2013. The Plan offered investments through an insurance and trust fund, which in turn offered the participants the ability to invest in money market and mutual funds at their individual direction. The Company would make a discretionary matching contribution. Participant and Company contributions were subject to certain limitations as defined in the Plan. Contributions ceased as of January 1, 2014 (See Note 1h).

c. Participant Accounts

Each participant's account was credited with the (1) participant's contribution, (2) the Company's contribution, if any, and, (3) Plan earnings. Participants direct their account balances among investment accounts maintained by Transamerica Life Insurance Company. The benefit to which a participant was entitled was the benefit that could be provided from the participant's individual vested account.

d. Vesting

Participants were immediately vested in their participant contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon was based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
2	50%
3	75%
4	100%

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2014 AND DECEMBER 31, 2013**

1. Description of Plan - continued

e. Payment of Benefits

On termination of service due to death, disability or retirement, participants, or their beneficiaries, could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his account, or annual installments based on a predetermined length of time. For termination of service due to other reasons, a participant could receive the value of the vested interest in his account as a lump-sum distribution.

f. Notes Receivable from Participants

Participants could borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The loans were secured by the balance in the participant's account and bore interest at rates which were commensurate with local prevailing rates. Principal and interest were paid ratably through payroll deductions. Loans were eliminated effective January 1, 2014.

g. Forfeited Accounts

At December 31, 2013, forfeited nonvested accounts totaled \$7,582. These accounts were used to pay Plan expenses or to reduce future Company contributions. The Plan expenses paid from forfeited accounts were \$11,856, for the year ended December 31, 2013. Company contributions paid from forfeited accounts were \$-0- for year ended 2013.

h. Merger

On December 1, 2013, Senior Home Care, Inc. was purchased by Kindred Healthcare, Inc. The Plan was merged into Kindred Healthcare, Inc. 401(k) effective March 31, 2014. As a result of this merger, all investments were transferred from the Plan into Kindred Healthcare Inc.'s plan. As of January 1, 2014, the Plan was amended to cease all further contributions, to eliminate new loans and to cease the addition of new

2. Summary of Accounting Policies

a. Date of Management's Review

Subsequent events were evaluated through November 5, 2014, which is the date the financial statements were available to be issued, and it was determined that there were no significant events that required disclosure in the financial statements. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

MARCH 31, 2014 AND DECEMBER 31, 2013**

2. Summary of Accounting Policies - continued

b. Basis of Accounting

The financial statements of the Plan were prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan were required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits as of December 31, 2013, presented the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The contract value and the fair value of the fully benefit-responsive investment contracts were equal.

c. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") required the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

d. Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based on the terms of the Plan document.

e. Investment Valuation and Income Recognition

Investments were reported at fair value. All Plan assets were transferred to a new plan before close of business on March 31, 2014, See Note 1h. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the three months.

f. Excess Contributions Payable

Amounts payable as of December 31, 2013 to participants totaling \$135,529 for contributions in excess of amounts allowed by the IRS are recorded as accounts payable. The Plan distributed the 2013 excess contributions prior to March 15, 2014.

g. Payment of Benefits

Benefits were recorded when paid.

h. Operating Expenses

All expenses of maintaining the Plan were paid by the Plan participants and by the Company.

3. Investments

At December 31, 2013, the Plan's investments were held by the Custodian, Transamerica Life Insurance Company. The following presents investments that represent 5% or more of the Plan's net assets.

Transamerica Loomis Sayles Inv Grade Bond	\$ 853,421
Transamerica Vanguard Target Ret 2025	822,553
Transamerica Vanguard Target Ret 2030	795,486
Transamerica American Funds Europac Growth	748,454
Transamerica Stable Value Advantage	1,176,054
Transamerica AEGON Balanced	3,024,828

During the three months ended March 31, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Pooled separate accounts	\$ 244,103
Investment contract with insurance company	4,488
	<u>\$ 248,591</u>

4. Fair Value Measurements

The Plan's investments were reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2014 AND DECEMBER 31, 2013

4. Fair Value Measurements - continued

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets of identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were available.

Level 1 - Fair values are based on quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing prices reported on the active market where the individual securities are traded.

Level 2 - Fair values are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly. Observable inputs include quoted market prices in active markets for similar assets, quoted prices in markets that are not active for identical or similar assets and other market observable inputs.

**Fair Value Measurements at

	Quoted Prices In Active Markets of Identical Assets (Level 1)	Fair Value	Significant Other Observable Inputs (Level 2)

6. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated February 18, 2010, that the Plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's tax counsel believe that the Plan was designed and was operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan was qualified and the related trust was tax-exempt.

The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

7. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities could have occurred in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Related Party Transactions

Certain Plan investments were shares of pooled separate accounts managed by Transamerica Life Insurance Company. Transamerica was the Custodian as defined by the Plan and therefore, these transactions qualified as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$16,162 and \$45,225 for the three months ended March 31, 2014 and for the year ended December 31, 2013, respectively.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
