Schedule SB, line 22—Description of Weighted Average Retirement Age

The average retirement age shown in line 22 has been calculated by assuming the following retirement rates and no decrements other than retirement for this calculation. All retirements are assumed to occur at mid-year, except for the 100% retirement age. Two different groups, participants with under 30 years of service at retirement and participants with 30 or more years of service at retirement, are used to develop the average. Based on the current active population, approximately 60% of the participants retire with 30 or more years of service. Therefore, the estimated weighted average retirement age is 61 (60% x 60.73 + 40% x 61.91).

Schedule SB, Part V—Summary of Plan Provisions

Effective Date	The Plan was established effective March 1, 1972. Amended and restated effective March 1, 2001. The Plan was frozen effective December 31, 2012.
Covered Employees	<p>All Salaried and clerical employees. Employees covered by a plan maintained pursuant to a collective bargaining agreement and Directors are excluded from participation. The plan was amended for immediate participation as of March 1, 2004.</p> <p>The Plan was frozen effective December 31, 2012.</p>
Transfers	Transfers in and out of the plan will accrue vesting and benefit service earned before and after transfer (but not after December 31, 2012), but Compensation will be limited to the time actually covered by the plan (but not after December 31, 2012). The Accrued Benefit will be offset by the benefit accrued under other plan(s).
Normal Retirement	
Eligibility	An employee is eligible for normal retirement benefits at the end of the month in which age 65 is attained.
Benefit	<p>The monthly normal retirement benefit is equal to the larger of (a) and (b) where:</p> <p>(a) is 50% of Average Monthly Compensation less 45% of Primary Social Security, multiplied by 1/30th for each benefit accrual year of service (maximum 30 years); and</p> <p>(b) is the multiplier in effect for Oshkosh Truck Corporation Hourly Employees Pension Plan times each year of benefit service (maximum 45 years). The multiplier is \$31 as of October 1, 2012.</p> <p>The normal retirement benefit will in no event be less than the largest early retirement benefit.</p> <p>All benefit accruals are frozen effective December 31, 2012.</p>

Early Retirement

Eligibility	An employee is eligible for early retirement upon attainment of age 55 if he has a minimum of five years of service.
Benefit	<p>The monthly benefit is equal to the normal retirement benefit based on service projected to age 65 multiplied by the product of (a), (b) and (c) where:</p> <p>(a) is a fraction equal to (1) divided by (2) below:</p> <p>(1) the number of years of benefit service at date of retirement;</p> <p>(2) the number of years of benefit service the employee would have had at age 65 if he had remained in service;</p> <p>(b) is equal to the participant's vested percentage; and</p> <p>(c) is equal to 1.00 minus</p> <p>(1) 1/180 for each month that payments commence prior to age 65 (but in no event more than 60 months), plus</p> <p>(2) 1/360 for each month that payments commence prior to age 60.</p> <p>However, for a participant who retires on or after age 62 and has completed at least 30 years of benefit accrual service, the reductions in (c) above are at the rate of 1/360 for each month that payments commence prior to age 65.</p>

All benefit accruals are frozen effective December 31, 2012.

Late Retirement

Eligibility	Retirement after age 65, but not beyond age 70.5 except with the consent of the employer.
Benefit	Benefits will be calculated at age 65 and will increase actuarially thereafter. Retirement benefits will not be paid if an employee continues to work at Oshkosh Corporation.

Disability Retirement

Eligibility	An employee is eligible if, after having completed five years of service, he is unable to perform his employment duties.
Benefit	The monthly benefit commencing immediately is equal to the actuarial equivalent of his vested accrued normal retirement benefit. This benefit is calculated in the same manner as for early retirement using service at date of disability in the proration factor.

Vesting

Eligibility	Five years of continuous service.
Benefit	The monthly benefit is equal to the vested accrued normal retirement benefit earned to the date of termination. This benefit is calculated in the same manner as for early retirement using service at date of termination in the proration factor. In no event shall payments commence prior to age 55.

Preretirement Surviving Spouse's Benefit

Eligibility	Active employees must have completed five years of continuous service at death and married at least one year.
Benefit	<p>For employees eligible for early retirement, the benefit is equal to 50% of the amount the participant would have received had the participant retired on the day before his death and elected the 50% Spouse's Annuity.</p> <p>For employees not eligible for early retirement, the benefit is equal to 50% of the amount the participant would have received had the participant terminated on the date of death, survived to his Early Retirement Age and retired with an immediate 50% Spouse's Annuity. The spouse's benefit will begin on the date the participant would have reached his Early Retirement Age.</p>

Normal Form of Payment	Life annuity for single participants, and an actuarially equivalent 50% joint and survivor annuity for married participants.
------------------------	--

Optional Form of Payment	Optional forms provided are: five year certain and life, ten year certain and life, 66-2/3%, 75% and 100% joint and survivor annuities.

Compensation	<p>Compensation is the amount reported on Internal Revenue Service Form W-2, including Section 125 and Section 401(k) deferrals and excluding bonuses and income from restricted stocks. The earnings are limited each year by the IRS Code Section 401(a)(17) limit on recognizable pay.</p> <p>Compensation after December 31, 2012 is not recognized.</p>
Average Monthly Compensation	<p>Average monthly compensation is the sum of the highest five consecutive completed calendar years' Compensation prior to the participant's normal retirement age or other date of termination, divided by 60.</p>
Hours of Service	<p>For purposes of this Plan, hours of service will be determined on the basis of actual hours for which an employee is paid or entitled to payment.</p>
Year of Service	<p>For purposes of eligibility, vesting, and benefit accrual, 1,000 hours will constitute a year of service.</p> <p>Years of Service for purposes of benefit accruals are frozen effective December 31, 2012.</p>
Primary Social Security Benefit	<p>Based on law in effect at earlier of date of termination of employment or normal retirement date. Estimates of amounts payable at normal retirement age will assume that earnings continue to age 65 at the same rate as was in effect at date of termination.</p>

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Oshkosh Corporation Salaried and Clerical Employees' Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Oshkosh Corporation Salaried and Clerical Employees' Retirement Plan (the "Plan") which comprise the statements of net assets available for benefits as of February 28, 2014 and 2013 and the related statements of changes of net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Trustee, as of February 28, 2014 and 2013 and for the years then ended, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

OSHKOSH CORPORATION SALARIED AND CLERICAL EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
As of and for the Years Ended February 28, 2014 and 2013

NOTE 1 - Plan Description

The following brief description of the Oshkosh Corporation Salaried and Clerical Employees' Retirement Plan ("Plan") provides only general information. Participants should refer to the plan agreement for more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan, which includes all salaried and clerical employees of Oshkosh Corporation (the "Company") not covered by a plan maintained pursuant to a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

The Company's funding policy is to make contributions to the Plan generally based on amounts required to be funded under provisions of ERISA. No voluntary employee contributions are permitted. The Plan is in compliance with these minimum funding requirements for the plan years ended February 28, 2014 and 2013.

Vesting

Employees earn one year of vesting service for each plan year that they provide at least 1,000 hours of service. If an employee transfers to an affiliate of the Company, the employee continues to earn benefit and vesting service under the Plan for his or her employment with that affiliate. Participants vest in their accrued benefits if they reach the age of 65 while employed with the Company or according to the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than five	0%
Five or more	100%

Retirement Benefits

Normal retirement is age 65. Employee participants may elect early retirement between the ages of 55 and 65 with a minimum of five years of service. Benefits are received at normal retirement age or, if elected, at early retirement. Benefits are determined based upon years of benefit service, Social Security benefits, and monthly salary, averaged over the highest five consecutive years of service, but shall not be less than an amount calculated by taking a dollar multiplier multiplied by years of service. A vested participant who terminates for any reason other than retirement, disability, or death is entitled to the monthly vested termination benefits beginning on his or her early retirement date in the amount of his or her accrued benefit which will be reduced by multiplying the accrued benefit by the appropriate early retirement factor set forth by the Plan. Participants may elect to receive their distributions, subject to certain Plan provisions, in the form of an annuity or in a lump sum payment. A participant may elect to receive a lump-sum payment when the distribution amount is less than \$10,000 but more than \$1,000. If the participant's accrued benefit is less than \$1,000, the participant is paid a lump sum. If a participant becomes disabled before retirement, the participant may receive benefit payments at the time the participant qualifies for Social Security Disability Benefits.

OSHKOSH CORPORATION SALARIED AND CLERICAL EMPLOYEES' RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
As of and for the Years Ended February 28, 2014 and 2013

NOTE 1 - Plan Description (cont.)

Administrative Expenses

Substantially all administrative expenses are paid by the Plan. These expenses include Pension Benefit Guaranty Corporation ("PBGC") premiums, investment management fees, and trustee fees.

Plan Amendment

Effective October 1, 2012, the Plan was amended to provide for an increase in the monthly minimum benefits payable to participants retiring on or after October 1, 2012, from \$30 per year of credited service to \$31 per year of credited service. A retiring participant's benefit will in part be based on the benefit multiplier in effect at the time of retirement.

Plan Freeze

The Plan was closed to new participants as of September 30, 2012 and benefits were frozen for all participants effective December 31, 2012. Beginning January 1, 2013, a participant no longer earns additional pension benefits; however will continue to earn service credit for vesting and eligibility requirements. The benefit multiplier in effect on the date of a participant's retirement, or other termination of employment with the Company (including affiliates of the Company), but no later than December 31, 2012, is the minimum benefit payable to a participant.

Termination of Plan

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Accounting Estimates

The preparation of these financial statements requires the use of certain estimates by Plan management in determining the Plan's assets, liabilities, and changes therein, and the actuarial present value of accumulated benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments

The Plan's primary investment is its interest in the Oshkosh Corporation Employees' Retirement Trust (the "Master Trust"). The Master Trust is a multiple-plan trust, ownership of which is divided among individual plans sponsored by the Company and its subsidiaries based on allocated units of participation. Each participation unit has a value equal to the total fair value of the Master Trust's net assets divided by the total participation units outstanding. The Master Trust net assets and net gain or loss is allocated to the individual plans based on units of participation.

The Plan's investment in the Master Trust is presented at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust. Fair value of investments in common stocks, preferred stocks, municipal bonds, corporate bonds and notes, and money market funds are determined by quoted market prices on the last business day of the Plan year. Fair value of investments in government and agency bonds are determined by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Security transactions are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Risks and Uncertainties

The Master Trust invests in common and preferred stocks, bonds, money market funds, and a venture capital closely held limited partnership. Investment securities are exposed to various risks, including, but not limited to, interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts recorded in the financial statements.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Retirement Benefits

The Plan's actuarial present value of accumulated benefits includes such increases in the first actuarial valuation after the benefits are effective.

As of and for the Years Ended February 28, 2014 and 2013

NOTE 3 - Information Certified by the Trustee (Unaudited)

The assets of the Plan are commingled and are not segregated in the accounts of the Master Trust. Although assets of the Plan are commingled in the Master Trust, the trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income or loss of the investment assets is allocated by the trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans.

The following is a summary of the unaudited information regarding the Master Trust as of and for the years ended February 28, 2014 and 2013, included in the Plan's financial statements, that was prepared by or derived from information prepared by Wells Fargo Bank, N.A., the trustee of the Master Trust and the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

The fair value of the net assets held in the Master Trust as of February 28, 2014 and 2013, is as follows:

	2014	2013

NOTE 4 - Fair Value Measurement (Unaudited)

The Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability (i.e., exit price) in an orderly transaction between market participants at the measurement date. ASC Topic 820 requires disclosures that categorize assets and liabilities measured at fair value into one of three different levels depending on the assumptions (i.e. inputs) used in the valuation. Level 1 provides the most reliable measure of fair value, while Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2 - Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets

Level 3 - Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan management is responsible for the determination of fair value. Accordingly, Plan management performs periodic analysis on prices received from the pricing services to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, Plan management has not historically adjusted the prices obtained from the pricing services.

The following is a description of the valuation methodologies used to measure the Master Trust's assets at fair value. There have been no changes in the methodologies used at February 28, 2014 and 2013.

Common Stocks, Preferred Stocks, Municipal Bonds, Money Market Funds and Corporate Bonds and Notes: Valued at fair value based on quoted market prices on the last business day of the Plan year.

Government and Agency Bonds: Valued at fair value based on discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Venture Capital Closely Held Limited Partnership: These investments finance new and rapidly growing companies and do not have readily determinable market values given the specific investment structures involved and the nature of the underlying investments. Valuation is determined by various sources such as issuer, investment manager, etc.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management of the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - Actuarial Present Value of Accumulated Benefits

Accumulated plan benefits represent the estimated future periodic payments, including lump-sum distributions, under the Plan's provisions that are attributable to services rendered by the employees through the valuation date. Accumulated plan benefits include benefits expected to be paid to the following: (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on years of benefit service, Social Security benefits, and monthly salary, averaged over the highest five consecutive years of service. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary, Aon Hewitt, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. Significant actuarial assumptions used in the valuation as of March 1, 2013, are as follows:

- > Mortality basis - Generational mortality table for annuitants and non-annuitants per §1.430(h)(3)-1(d).
- > Actuarial cost method - Standard unit credit cost method
- > Normal retirement age - Active Participants: Graduated rates between age 55 and age 65
- Terminated Vested Participants: Age 62
- > Interest rate used in accrued benefit calculations - 5.05% (4.15% as of March 1, 2012)

The foregoing assumptions are based on the assumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits and changes in accumulated plan benefits, as of and for the year ended March 1, 2013, are as follows:

Vested benefits	
Participants and beneficiaries currently receiving benefits	\$ 41,283,429
Other participants	<u>68,089,871</u>
Total Vested Benefits	109,373,300
Nonvested benefits	<u>5,380,793</u>
Actuarial Present Value of Accumulated Plan Benefits	<u>\$ 114,754,093</u>

The effect of Plan amendments on accumulated plan benefits is recognized during the year in which such amendment provisions become effective.

NOTE 6 - Exempt Party-In-Interest Transactions

Certain Plan investments are managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A., is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. The Plan paid Wells Fargo Bank, N.A. \$63,925 and \$48,787 for trustee fees for the years ended February 28, 2014 and 2013, respectively.

NOTE 7 - Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 12, 2012, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of February 28, 2014, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for tax returns filed in years prior to 2011.

NOTE 8 - Subsequent Events

Management of the Plan has evaluated subsequent events through December 4, 2014, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

The Plan was amended in April 2014 to provide for a lump sum distribution or immediate monthly annuity option for a limited period to certain terminated vested Plan participants, and to certain surviving spouses, surviving domestic partners and alternate payees. Eligible participants, spouses, domestic partners, and alternate payees had the option to elect a lump sum distribution or immediate monthly annuity during a limited period of time starting in July 2014 and ending approximately August 29, 2014. Those electing the lump sum option will forfeit their rights to participate in the Plan, including their rights to any other benefits that may be available through continuing to participate in the Plan. The effects of the limited lump sum distribution from the plan are expected to include a settlement charge of \$1.4 million and acceleration of \$8.7 million in pension benefit payments from the plan assets.

In June and July of 2014 the Company executed a reduction in workforce within its Defense segment. In October of 2014, the Company announced plans for an additional reduction in workforce within its Defense segment, which is expected to be completed in December 2014. While the workforce reduction actions may impact participants within the Plan, the actions are not expected to have a material impact on the Plan financial statements.
