# Chicago White Sox Employee Retirement Plan

## Notes to Financial Statements

December 31, 2013

### **1. Description of the Plan**

The following description of the Chicago White Sox Employee Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

#### **General**

The Plan, effective January 1, 1992, is a defined-contribution plan established for non-uniformed personnel of Chicago White Sox, Ltd. (the Employer). Employees are eligible to participate in the Plan upon attaining age 21 and completing one month of service.

#### **Contributions**

Participant contributions can consist of both salary deferrals and qualifying rollovers. Prior to January 1, 2012, salary deferrals of up to 15% of eligible compensation, as defined, not to exceed amounts permissible by the Internal Revenue Service (IRS), are permitted by the Plan. Effective January 1, 2012, the Plan was amended to allow participants to contribute up to 100% of eligible compensation. The Employer, at its discretion, may make a matching contribution. No Employer contributions were made in 2013 or 2012.

Participants specify the percentage (in multiples of 5%) of contributions that are to be directed to each of the available investment options. Investment decisions can be changed at any time.

Effective January 1, 2012, the Plan was amended to allow for after-tax Roth contributions

#### **Participant Accounts and Vesting**

Each participant's account is credited with the participant's contributions; the Employer's contributions, if any; and allocations of the Plan's earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participant contributions are at all times fully vested and nonforfeitable. If made, the matching contribution would cliff vest after three years.

## Notes to Financial Statements (continued)

### **1. Description of the Plan (continued)**

#### **Payment of Benefits**

Active participation in the Plan terminates upon death, retirement, disability, or other termination of employment. At termination of employment, former participants can elect to leave their account balance in the Plan under certain circumstances. Otherwise, such former participant or the designated beneficiary is to receive distribution of the participant's account balance either in a lump sum as soon as practicable or in installments.

In the case of a qualifying hardship (as defined in the plan agreement), participants may withdraw all or a portion of their account balance in an amount necessary to meet the hardship, subject to the approval of the Retirement Committee. A participant who makes a hardship withdrawal is restricted from contributing to the Plan for a period of six months after the date of the withdrawal. Also, after attainment of age 59 1/2, participants may withdraw a portion or all of their account balance.

#### **Participant Loans**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's account balance or \$50,000. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

#### **Administrative Expenses**

Substantially all administrative expenses of the Plan are paid by the Employer.

#### **Plan Termination**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

## Notes to Financial Statements (continued)

### **2. Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting.

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Investment Valuation and Income Recognition**

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (at exit price). See Note 4 for further discussions of fair value measurements.

The FFTW Income Plus D Fund, a common/collective trust, invests in fully benefit-responsive investment contracts. These investment contracts are recorded at fair value (see Note 4, Fair Value Measurements); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

#### **Notes Receivable From Participants**

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

### Notes to Financial Statements (continued)

#### 2. Summary of Significant Accounting Policies (continued)

##### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

##### 3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held, notes receivable from participants, and the adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest on notes receivable from participants, and interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Trust Company (the Trustee).

During 2013 and 2012, the Plan's investments (including investments purchased or sold, as well as held, during the year) appreciated in fair value as follows:

|                          | <u>2013</u>         | <u>2012</u>         |

\*\* The fair value of the Plan's investment in the FFTW Income Plus D Fund was \$1,676,265 and \$1,880,990 at December 31, 2013 and 2012, respectively.

#### 4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

## Chicago White Sox Employee Retirement Plan

### Notes to Financial Statements (continued)

#### 4. Fair Value Measurements (continued)

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest-level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

- Mutual funds: Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.
- Common/collective trust: Valued at the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, divided by the number of units outstanding. This fund is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide three business days' redemption notice to liquidate its entire share in the fund.

## Chicago White Sox Employee Retirement Plan

### Notes to Financial Statements (continued)

#### 4. Fair Value Measurements (continued)

- Pooled separate accounts: Valued using NAV on the last business day of the plan year. The fair value of the underlying stock is used to determine NAV of the separate account, which is not publicly quoted. There are no redemption restrictions on these investments.

Investments at fair value as of December 31, 2013, are as follows:

### 5. Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated March 31, 2008, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and that the related trust is therefore tax-exempt. In accordance with Revenue Procedures 2013-6 and 2011-49, the plan sponsor has determined that it is eligible to, and has chosen to, rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan sponsor believes that the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

### Notes to Financial Statements (continued)

#### 5. Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

#### 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.
