NOTE A - DESCRIPTION OF THE PLAN

The following description of the All Access Staging & Productions, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective July 1, 1998, the Plan, as amended, was established for certain employees of All Access Staging & Productions, Inc. and Eastland Forrester Corporation (collectively the "Employer"). The Plan is a contributory 401(k) and profit sharing plan under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Eligibility

An employee is eligible to make salary deferrals upon completion of six months of service prior to monthly entry dates. Employees covered under a collective bargaining agreement and non-resident aliens are excluded from participation in the Plan.

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, from 1% up to 100% of compensation, as defined, up to the maximum deferral limit per Section 402(g) of the IRC of $17,500 for the plan year ended December 31, 2013. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The maximum catch-up contribution for the year ended December 31, 2013 was $5,500.

For the year ended December 31, 2013, the Employer made a safe harbor matching contribution equal to 100% of the first 3% of the participant's compensation contributed to the Plan and 50% of the next 2% of the participant's compensation contributed to the Plan for a total of $173,205.

The Employer may also make additional discretionary matching contributions in an amount equal to a percentage of the participant's eligible contributions up to a maximum of 4% of compensation, as defined, and a discretionary non-elective contribution in an amount determined by the Employer. Participants must earn at least 501 hours of service during the plan year to be entitled to receive an allocation of the discretionary non-elective contribution. No discretionary matching or non-elective contributions were made for the year ended December 31, 2013.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of a variety of investment options held by Fidelity Management Trust Company, the trustee, as provided by the Plan. Participants may change their investment options daily.

6. Vesting

Participants are immediately vested with respect to their individual contributions and the Employer's safe harbor matching contributions plus earnings thereon. Vesting of the additional Employer matching contribution and non-elective contribution is based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

7. Forfeitures

Forfeitures of terminated participants' nonvested accounts are first used to pay administrative expenses of the Plan. Any remaining forfeitures are applied against future Employer contributions. Forfeitures at December 31, 2013 and 2012 were not material.

8. Benefit Payments

Upon termination of service, retirement, death, or disability, a participant or a participant's beneficiary is entitled to receive a lump-sum amount equal to the value of the participant's account. In addition, the Plan provides for cash-out distributions of vested participant accounts not exceeding $1,000. Hardship withdrawals are permitted if certain criteria are met.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

9. Notes Receivable from Participants

The Plan permits participants to borrow from their account a minimum of $1,000 up to 50% of their vested account balance not to exceed $50,000, reduced by the highest outstanding loan balance during the prior twelve month period. Participants may have only two loans outstanding at any time. Loans must be repaid within five years of the date of issuance in accordance with terms established by the plan administrator and bear interest at the prime rate plus 2%. Loans for the purchase of a principal residence may be paid back in up to 15 years and bear interest at the prime rate.

10. Plan Termination

Although it has not expressed such intent, the Employer reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan would cease and the assets of the Plan would be distributed to the participants based on each individual participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Plan Administration

All Access Staging & Productions, Inc. is the plan sponsor and the plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note D for discussions of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Administrative Expenses

Administrative expenses incurred by the trustee in performance of their duties are paid from the assets of the Plan. Investment related expenses are included in the net appreciation of fair value of investments. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the plan sponsor.

5. Payment of Benefits

Benefits are recorded when paid.

6. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

8. Subsequent Events

Plan management has evaluated subsequent events through December 19, 2014, the date the financial statements were available to be issued.

NOTE C - INVESTMENTS AND CERTIFICATION BY TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules.

NOTE C - INVESTMENTS AND CERTIFICATION BY TRUSTEE (Continued)

Total investments and notes receivable from participants held and certified by the trustee in the accompanying Statements of Net Assets Available for Benefits were $4,702,709 and $3,606,473 as of December 31, 2013 and 2012, respectively. Investment income and interest income on notes receivable from participants certified by the trustee was $606,514 for the year ended December 31, 2013.

Investments that represent 5% or more of total net assets as of December 31, 2013 and 2012 were as follows:

Investments at fair value:	2013	2012
Blackrock Health Science Opportunities	$ 332,434	$ 185,518
PIMCO Investment Grade Bond	$ 268,282	$ 255,310
FA Freedom A 2020	$ 243,586	$ 332,336
FA Freedom A 2030	$ 437,580	$ 291,643
FA Freedom A 2025	$ 1,434,081	$ 1,050,579
FA Freedom A 2035	$ 382,188	$ 320,397
FA Freedom A 2045	$ 263,517	$ 189,260

During the year ended December 31, 2013, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated by $337,889.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Investments are held with the trustee. These transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

NOTE F - TAX STATUS

The Employer adopted the Fidelity Management & Research Company Volume Submitter Profit Sharing Plan, which received its latest opinion letter dated March 31, 2008, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE F - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2010.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
