INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the Ellis Steel Company, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ellis Steel Company, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits—modified cash basis as of January 10, 2014 and December 31, 2013, and the related statement of changes in net assets available for benefits—modified cash basis for the period ended January 10, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by John Hancock Life Insurance Company, USA, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental

schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the period / year ended January 10, 2014 and December 31, 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets Held for Investment at End of Year – Modified Cash Basis is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ELLIS STEEL COMPANY, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Ellis Steel Company, Inc. 401(k) Plan (the "Plan") is provided only for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Ellis Steel Company, Inc. (the "Sponsor") and Fabricators Supply, LLC, a related company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Assets

Frank Hopper is the trustee of the Plan. John Hancock USA (JH) is the custodian of the plan assets. The values of plan assets and information about changes in net assets available for benefits have been certified by the custodian as of January 10, 2014 and December 31, 2013, to be complete and accurate.

Deferred Compensation Feature

In 2013, participants could defer up to the allowed limit (the lesser of 100% of earnings or $17,500) of their compensation annually. Participants ages 50 and older could make an additional $5,500 catch-up contribution. The Plan allowed the Sponsor to match a percentage, which is determined by the board of directors at their discretion. The Sponsor matched 100% of the first 3% and 50% of the next 2% of compensation deferred by the participants with the match limited to 4% of the participant's compensation. Participants could also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans. All contributions to the plan ceased in November 2013.

Eligibility

To be eligible for participation, employees had to be employed for one year (1,000 hours). The entry date was semi-annually on January 1 and July 1. Employees had to work 500 hours in a year to avoid a break in service.

Note 1. Description of the Plan (continued)

Contributions

Active participants were eligible to share in and benefit from the profits of the Sponsor in such amounts as the Sponsor determined in its discretion each year. A portion of the Sponsor's profits each year were placed in the Trust Fund for the benefit of all employees who participated in the Plan. The amount, if any, contributed to the Plan each year was determined by the Sponsor. Except for 401(k) deferrals, participants were not allowed to contribute personal funds to the Plan. All Sponsor contributions to the Plan ceased in 2013.

Participant Accounts

Participant's accounts were credited with the participant's contribution and allocations of (a) the Sponsor's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations were based on participant earnings. The benefit to which a participant was entitled is the benefit that could be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions and the earnings thereon. Vesting in the Sponsor's contribution portion of their accounts was based on years of continuous service. A participant was fully vested after 3 years of service. A participant's nonvested equity was forfeited upon termination. The non-vested portions of employer matching contributions, which were forfeited, were allocated to participant accounts based on participant's compensation. Forfeitures of excess aggregate contributions were applied to reduce employer contributions.

Payment of Benefits

The Plan's normal form of benefit was a joint and 50% survivor annuity. Participants could opt for a lump sum payment, installment options, or an annuity contract or a rollover to an individual retirement account.

Loans to Participants

No loans to participants were allowed under this plan.

Insurance

A fidelity bond insured the Plan for $150,000 for 2013.

Investment Options

Employees could direct both employer and employee accounts in over one hundred fifty investment options. Participants could change their investment options daily.

Note 1. Description of the Plan (continued)

Forfeited Accounts

At January 10, 2014 and December 31, 2013, forfeited nonvested accounts totaled $0 and $0, respectively. In 2013, employer contributions were reduced by forfeitures in the amount of $520.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting. Under the modified cash basis, revenues are recognized when received rather than when earned, expenditures are recognized when paid rather than when incurred, and investment securities are stated at fair value.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Investment Valuation

All investments are stated at fair value determined by John Hancock Life Insurance Company, USA. Investments are valued at quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly fashion between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Payment of Benefits

Benefits were recorded when paid.

Operating Expenses

All expenses of maintaining the Plan were paid by the Sponsor.

Subsequent Events

Subsequent events were evaluated through December 17, 2014, which is the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2013.

Registered Investment Companies: The fair value of registered investment companies is based on quoted net asset values of the shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of January 10, 2014 and December 31, 2013:

	Assets at Fair Value as of January 10, 2014

Note 5. Plan Termination

As of November 2013, Ellis Steel Company employees are covered by the MSABC Multiple Employer 401(k) Plan (the MSABC Plan), a multi-employer plan. In November 2013, all contributions to the Plan ceased. No new employees were allowed into the plan after that date. On January 10, 2014, the Plan's assets were transferred to the MSABC Plan, and the Plan was terminated. The MSABC plan will cover Ellis Steel Company's employees in 2014 and future years.

Note 6. Concentrations of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of cash. The Plan places its cash with a financial institution and at times has deposits in excess of federal insurance limits.

Note 7. Income Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 10, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Plan Amendment

The Plan was amended effective January 1, 2013, to adopt the safe harbor employer matching contributions provisions under Internal Revenue Code Section 401(k)(12). Under the new provisions, the employer matched 100% of elective salary deferrals up to the first 3% of compensation and 50% of the next 2% of compensation.

Note 10. Information Certified by the Trustee

John Hancock Life Insurance Company USA ("John Hancock") is the custodian of the Plan and holds all investments of the Plan. The Plan's financial information, including investment values, contributions, investment income, fees and distributions, is included in the financial statements based on information certified by John Hancock as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The account balance certified by John Hancock at January 10, 2014 and December 31, 2013 was $0 and $2,155,466, respectively.
