INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Merrick & Company 401(k) and Employee Stock Ownership Plan
Greenwood Village, Colorado

REPORT ON FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of Merrick & Company 401(k) and Employee Stock Ownership Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of March 31, 2014 and 2013, the statement of changes in net assets available for benefits for the year ended March 31, 2014, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Charles Schwab Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of March 31, 2014 and 2013, and for the year ended March 31, 2014, that the information provided to the Plan administrator by the custodian is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

OTHER MATTER

The supplemental schedules as of and for the year ended March 31, 2014, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH THE DEPARTMENT OF LABOR'S RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan

The following description of the Merrick & Company 401(k) and Employee Stock Ownership Plan (the "Plan") provides only general information. Participants and all others should refer to the Summary Plan Description or Plan document for a more complete description of the Plan's provisions.

General

The Plan was established by Merrick & Company (the "Company"), effective April 1, 1983, and was amended and restated effective April 1, 2012, for the benefit of its employees and their beneficiaries under Section 401(a) of the Internal Revenue Code ("IRC"). Substantially all Company employees are eligible to participate in the Plan on the first day of the month following their date of hire or the first day of employment if it coincides with the first day of the month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Directors of the Company has appointed a Board of Trustees to administer the Plan and act as trustee. Charles Schwab Trust Company ("Schwab") provides custodial and accounting services. Accounting and recordkeeping for participant accounts are performed by Milliman, Inc. ("Milliman"). Cook Street Consulting provides investment consulting services and is a co-fiduciary to the 401(k) portion of the Plan.

ESOP Contributions, Vesting, and Distributions

The Employee Stock Ownership Plan ("ESOP") portion of the Plan is a non-contributory plan that is funded by the Company with discretionary contributions of cash, Company common stock, or both. The amount of the contribution is determined annually by the Company's Board of Directors. The Board of Directors determined that no ESOP contribution would be made for the year ended March 31, 2014.

Allocation of ESOP contributions to participants is determined, at the discretion of the Board of Trustees, either (i) pro rata based on total eligible compensation, as defined in the Plan document, or (ii) per capita based on equal dollar amounts. Forfeitures of non-vested ESOP contributions may be added to the Company's non-elective ESOP contribution for the Plan year in which the forfeiture occurred. Forfeitures are allocated to the remaining active participants in the same manner as ESOP contributions. The forfeiture balances as of March 31, 2014 and 2013 were de minimus. The Plan had forfeited amounts of $43,768 allocated to participants during the year ended March 31, 2014. The amount of unvested balances for terminated participants totaled $181,957 and $220,034 as of March 31, 2014 and 2013, respectively. The Plan holds unvested funds for a terminated employee up to five years after his or her termination date. After the five-year period, the funds are forfeited and available for allocation to remaining participants.

Note 1 - Description of the Plan (continued)

ESOP Contributions, Vesting, and Distributions (continued)

Amounts contributed by the Company to the ESOP portion of the Plan, including reallocated forfeitures, if any, vest according to the following schedule:

Years of Service	Vested Interest
Less than 3	0%
3	100%

ESOP contributions, which are solely invested in Company common stock and its earnings, are paid in cash to terminated employees prior to the end of the first Plan year following separation of service at the fair value at the time of payment. Terminated employees with vested balances between $1,000 and $5,000 will be required to take full distributions into Individual Retirement Accounts ("IRAs"), unless they elect to receive such distributions in cash. Terminated employees with vested balances less than $1,000 are required to take cash distributions unless a rollover to an IRA or qualified retirement plan is elected. Terminated employees with vested balances greater than $5,000 will elect when to take a distribution, subject to IRS minimum distribution rules. Participants who are at least age 55 and complete ten years of participation in the Plan also qualify for an in-service diversification option. All other investments in the ESOP contribution account will be payable upon attainment of normal retirement age of 65, disability, or death.

401(k) Contributions and Vesting

For the 401(k) portion, participants are automatically enrolled at 4% salary deferral contributions but may elect contributions ranging from 0% to 100% of their compensation, not to exceed the maximum deferral determined by the IRS for the Plan year. Deferral contributions to the Plan are made through regular payroll deductions and are deposited into the investment options selected by the participants on a bi-weekly basis. Participants may also contribute rollover contributions from other qualified plans or rollover IRAs.

Effective January 1, 2011, the Plan allows participants to elect that some or all of their 401(k) contributions be designated as after-tax Roth 401(k) contributions. A participant's combined before-tax and Roth 401(k) contributions cannot exceed the maximum annual amount allowed by law.

For the year ended March 31, 2014, the Company matched 100% of the first 3% of participant deferrals. The Plan also provides for discretionary matching contributions by the Company, determined annually. For the year ended March 31, 2014, the Company did not contribute a discretionary matching contribution. Participants are 100% vested in their 401(k) contributions, the participant-directed portion of Company matching contributions, and earnings and losses on both at all times.

Note 1 - Description of the Plan (continued)

401(k) Investment Options

Investments in Plan participants' salary deferral accounts and contributions to the matching accounts are held and custodied by Schwab and are invested in one or more various available funds based on election by the participants. If a participant fails to make an investment election, he or she is invested in the Plan's default fund. Investment options offered by the Plan are selected by the Plan's Board of Trustees with input from the Plan's investment consultant, Cook Street Consulting, in accordance with the Plan's investment policy. Investment amounts within each fund are at the discretion of each participant, who may access his or her account and change future investment allocations or reallocate current investments by calling a telephone hotline or logging on to the Plan's website maintained by Milliman.

401(k) Loans to Participants

Participants may borrow from their salary deferral accounts, contributions to the matching accounts, and rollover accounts, if any, a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Loans are permitted for a term of up to 5 years, or up to 15 years if used to acquire, construct, or substantially rehabilitate the participant's principal residence, with a maximum of two active loans allowed. The loans are secured by the vested balance in each participant's account and bear interest at the prime rate plus 1% at the inception of the loan. Interest rates on loans outstanding as of March 31, 2014 ranged from 4.25% to 9.25%, and maturity dates range from April 2014 through March 2020. Principal and interest are paid ratably through biweekly payroll deductions.

401(k) Distributions to Participants

Distributions are available upon attaining normal retirement age, disability, death, attainment of age 59 1/2, or termination of employment. Distributions from accounts involving employer securities are subject to certain limitations and restrictions. See the Plan's distribution policy for details. In addition, financial hardship distributions are permitted, subject to certain restrictions. Distributions are payable in lump sum only and are recorded when paid.

Voting Rights

With respect to any corporate matter that involves the voting of shares held in the Plan's trust at a shareholder meeting and constitutes a merger, consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or similar transaction specified in regulations under Section 409(e)(3) of the IRC, each participant will be entitled to direct the Board of Trustees with respect to the vote of the shares of Company common stock allocated to his or her account. For all other purposes, all shares of Company common stock held in the Plan's trust shall be voted in a manner determined by the Board of Trustees.

Note 1 - Description of the Plan (continued)

Put Options

Under federal income tax regulations, the Company common stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its common stock distributed to participants for which there is no market. The put price is representative of the fair market value of the Company common stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. The Company is permitted to make ESOP distributions in the form of cash rather than Company common stock subject to a put option in light of the ownership restriction in the Company's Articles of Incorporation and the Company's bylaws limiting ownership of shares of Company common stock primarily to employees and the ESOP.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investments in Company common stock into investments that are more diversified. A participant who is at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of his or her account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account. In the sixth year, the percentage changes to 50%. Participants who elect to diversify may transfer the proceeds from their Company common stock into one or more of the investments offered in the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to the participants' accounts shall become 100% vested and payable in one lump sum in cash or Company common stock.

Subsequent Events

The Plan has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available for issuance.

Effective April 1, 2014, the Plan was amended to change the eligibility rules, amount, and allocation of employer-matching contributions.

Also effective April 1, 2014, the Board of Trustees amended the distribution policy to defer distributions for employees who terminate employment for reasons other than attainment of normal retirement age, disability, or death.

There were no additional material subsequent events that required recognition or disclosure in the financial statements.

Note 2 - Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Valuation of Investments

The Plan's investments in mutual and money market funds are stated at fair value based on quoted closing market prices. Investment transactions are recorded on a trade-date basis. The net appreciation or depreciation in the fair value of investments includes both realized and unrealized gains and losses. Dividends are recorded on the ex-dividend date.

The Company common stock held by the Plan is presented at fair value at the financial statement dates as determined by an independent appraiser. This appraisal was based upon a combination of the discounted cash flow method (income valuation technique) and the guideline public company method (market valuation technique), consistent with prior years. The appraiser took into account historical and projected cash flow, earnings before interest, taxes, depreciation, and amortization, weighted average cost of capital, terminal multiple, discounts for lack of marketability, and market comparables. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The valuation process involves Plan management's selection of an independent appraiser with the right to cancel such contract at any time. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary annual report that the Plan's Board of Trustees reviews in detail, discusses, and recommends approval to the Board of Directors for final approval.

The Plan held 187,881 and 177,881 shares of Company common stock at March 31, 2014 and 2013, respectively. The fair value per share presented in the accompanying financial statements was $68.40 and $82.00 at March 31, 2014 and 2013, respectively.

Fair Value Accounting

The Plan follows GAAP guidance related to fair value measurements, which establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Note 2 - Significant Accounting Policies (continued)

Fair Value Accounting (continued)

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of March 31, 2014 and 2013.

Assets measured at fair value on a recurring basis as of March 31, 2014 are as follows:

Ending balance	$ 12,851,472

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2 - Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for various investments that are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Because of the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Additionally, certain investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Administrative Fees

The Plan provides that the Company may, at its sole discretion, pay any or all administrative fees of the Plan. During the year ended March 31, 2014, all fees customarily allowed by law were paid from Plan assets.

Note 3 - Information Certified by the Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the information certified by the custodian, except for comparing such information to information included in the accompanying financial statements and the supplemental schedules.

The Plan administrator has obtained a certification from Schwab as of March 31, 2014 and 2013, and for the year ended March 31, 2014, as to the completeness and accuracy of investments and certain other assets, including loans, along with the income earned or losses incurred thereon, as reflected in the accompanying financial statements and supplemental schedules, except for the Company common stock. The Company common stock was valued by an independent third party as discussed in Note 2.

Note 3 - Information Certified by the Custodian (continued)

The fair value of investments greater than 5% of net assets available for benefits at March 31, 2014 (excluding loans) were as follows:

Merrick & Company Common Stock	$ 12,851,472	*
Vanguard Institutional Index Fund	8,960,721	
American Funds Europacific Growth R6 Fund	4,926,356

All other investments - individually less than 5%	14,396,209	
	$ 57,795,875	

* Non-participant-directed investment.

** As of March 31, 2014 and 2013, $1,330,174 and $2,747,225 of this fund balance, respectively, consisted of non-participant-directed investments.

Note 4 - Tax Status

The IRS has determined and informed the Plan by a letter dated October 31, 2013 that the Plan and related trust are designed in accordance with applicable sections of the IRC; therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 4 - Tax Status (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of March 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The statute of limitations in closed for the Plan's U.S. federal annual tax returns for fiscal years ending on or before March 31, 2010.

Note 5 - Party-in-Interest Transactions

Plan investments include a money market fund managed by Schwab. Schwab serves as the custodian; therefore, transactions in this investment qualify as party-in-interest transactions. In addition, Plan investments include shares of the Company's common stock. The Company is the Plan's sponsor; therefore, these transactions qualify as party-in-interest transactions. The Plan also allows for participant loans, which qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules.
