Retirement Plan for Employees of
Climax Manufacturing Company

I was engaged to audit the financial statements of the Retirement Plan for Employees of Climax Manufacturing Company (the "Plan") as of June 30, 2012 and 2011, and for the years then ended and supplementary information as of and for the year ended June 30, 2012, as listed in the accompanying table of contents. These financial statements and supplementary information are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplementary information. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended June 30, 2012 and 2011, that the information provided to the plan administrator by the custodians is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplementary information taken as a whole. The form and content of the information included in the financial statements and supplementary information, other than that derived from information certified by the custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America, and in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT PLAN FOR EMPLOYEES OF
CLIMAX MANUFACTURING COMPANY

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

1. PLAN DESCRIPTION

The Retirement Plan for Employees of Climax Manufacturing Company (the "Plan") is a defined benefit plan covering all salaried employees of Climax Manufacturing Company (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following brief description of the Plan is provided for general informational purposes only. Participants should refer to the Plan agreement and provisions for more complete information.

Funding Policy

Climax Manufacturing Company makes cash contributions to the Plan such that all employee benefits will be fully provided for upon retirement. The amounts contributed to the Plan are determined by the Company on the basis of (a) the actuarial statements submitted by the Plan's independent consulting actuary, (b) the maximum amount permitted by law or regulation as a deduction on the Company's Federal income tax return, and (c) the minimum amount certified by the actuary as necessary during any Plan year to avoid an accumulated funding deficiency as defined by ERISA. At June 30, 2012, the Plan had not met the minimum funding requirements of ERISA. The Plan Actuary strongly recommended that the Company consult with legal counsel regarding underfunding and late funding issues, indicated as follows:

1. PLAN DESCRIPTION (continued)

Pension Benefits

Retirement benefits under the Plan are based upon a fixed benefit per year of credited services which varies based on the year of retirement. Distributions are made in the event of retirement, death, disability, resignation or dismissal. Normal retirement date is the first day of the calendar month coincident with or next following the later of age 65 and the fifth anniversary of the effective date of participation.

Special rules exist for early retirement, deferred retirement and death prior to eligibility for normal retirement. Normal monthly retirement benefits are calculated differently based upon whether the participant does or does not own more than 20% of the Voting Stock of the Company. Details are included in the Plan Summary.

Administration of the Plan

The Board of Directors for the Company has appointed an administrative committee to act as the fiduciary with full power, authority and responsibility to control and manage the operation and administration of the Plan.

Custodians

As part of the Plan, the Company has entered into a Custody Agreement with Massachusetts Mutual Life Insurance Company (the Custodian). The Custodian invests the Company's contributions as stipulated by the administrative committee of the Plan. The Plan assets are maintained in a separate trust fund administered by the Custodian.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounts of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported net assets at the date of the financial statements and reported changes in net assets during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Plan contributions and the actuarial present value of accumulated benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Investments are exposed to various risks, such as interest rate, market and credit. Due to uncertainties inherent in the estimation and assumptions process, and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in these estimates, assumptions and risks in the near term would be material to the financial statements. The adjusted funding target rate (AFTAP) is below 80% which means the Plan is "Restricted". The Plan Actuary continually performs a "risk" assessment and advises the plan administrator.

CLIMAX MANUFACTURING COMPANY

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Valuation of Investments

Investments are valued at fair value, principally based on market value. Securities which are traded on national securities exchange are valued at the last reported sales price on the last business day of the fiscal year. Mutual Funds are valued at the mean between the bid and asked price on the last business day of the year. Securities traded on the over-the-counter market and listed securities for which no sale was reported on that date are valued at the mean between the last reported bid and asked price.

The Plan presents in the statements of changes in net assets the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Interest income is recognized on the accrual basis and dividends are recorded on the ex-dividend date. Security transactions are recorded on the settlement date.

Reclassifications

Certain reclassifications may have been made to prior year numbers to conform to the current year presentation.

3. ACCUMULATED BENEFITS

Accumulated benefits represent those future periodic payments that are attributable under the Plan's provisions to the service which employees have rendered. Accumulated benefits include benefits expected to be paid to (a) retirees or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

RETIREMENT PLAN FOR EMPLOYEES OF
CLIMAX MANUFACTURING COMPANY

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

5. PLAN TERMINATION

The Company reserves the right to terminate the Plan. In the event of termination, the Plan provides that the net assets available for benefits to be set aside for the benefit of participants in accordance with the requirements of ERISA. The Plan is covered under the Pension Benefit Guaranty Corporation (PBGC) termination insurance program. Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at the time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by PBGC.

6. INCOME TAX STATUS

The Internal Revenue Service informed the Company, in a letter dated September 15, 2009, that the Plan is qualified and the trust established under the Plan is tax exempt under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, not subject to federal income tax. The Plan had been amended prior to receiving the determination letter. The IRS acknowledged the acceptance of the amendments that were dated July 10, 2009 in their approval letter. The Plan has been amended since the IRS approval date. However, the Plan Administrator believes it is still within IRS compliance.

7. FINANCIAL INFORMATION CERTIFIED BY CUSTODIAN AND ACTUARY

10 OTHER SIGNIFICANT MATTERS

On August 24, 2010 the Plan was amended to ratify a Plan Freeze.
Highlights of the amendment are as follows:

Plan Freeze Effective September 1, 2010, the Plan is frozen as to eligibility to participate and benefit accruals. Therefore, notwithstanding any other provision of the Plan to the contrary, no Participant shall accrue any additional benefits under the Plan after September 1, 2010. Rights to benefits that have accrued under the Plan as of September 1, 2010 shall not be diminished as a result of the freeze. Actuarial Assumptions

Many of the factors affecting the funding cost and liability cost of the Plan are variables which cannot be predicted with certainty. The following actuarial assumptions have either been mandated by statute and regulation or selected to reasonably anticipate future experience with respect to these variables.

Funding Target and Liability for Maximum Tax Deductible Contribution

Interest:	March, 2011 IRS Segmented Yield Curve
Preretirement Mortality:	RP-2000 Mortality Tables for Non-Annuitants, Fully Generational With Scale AA
Postretirement Mortality:	RP-2000 Mortality Tables for Annuitants, Fully Generational With Scale AA
Retirement Age:	65 and 4 years of Credited Service.
Termination:	Termination Table T-2 from the Actuary's Handbook
Incidence of Disability:	None
Future Cash Balance Interest Credits:	5.75%
Asset Smoothing Rate	7.25% but no greater than the appropriate third segment rate for each year as described in Treasury Regulation 430(h) and associated guidance.
Expenses:	Administrative expenses that are expected to be paid from plan funds.

Actuarial Cost Method

The Target Normal Cost is equal to the present value as of the valuation date of the increase in the accrued benefit arising from the service and salary increase in the current plan year plus administrative expenses expected to be paid out of plan assets. The Funding Target as of the valuation date is the present value of the accrued benefit as of the valuation date.

Asset Valuation Method

The Actuarial Value of Assets is determined using a 3-year averaging method described in IRS Notice 2009-22.

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

The Retirement Plan for Employees of Climax Manufacturing Company (the "Plan") is a defined benefit plan covering all salaried employees of Climax Manufacturing Company (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following brief description of the Plan is provided for general informational purposes only. Participants should refer to the Plan agreement and provisions for more complete information.

Funding Policy

Climax Manufacturing Company makes cash contributions to the Plan such that all employee benefits will be fully provided for upon retirement. The amounts contributed to the Plan are determined by the Company on the basis of (a) the actuarial statements submitted by the Plan's independent consulting actuary, (b) the maximum amount permitted by law or regulation as a deduction on the Company's Federal income tax return, and (c) the minimum amount certified by the actuary as necessary during any Plan year to avoid an accumulated funding deficiency as defined by ERISA. At June 30, 2012, the Plan had not met the minimum funding requirements of ERISA. The Plan Actuary strongly recommended that the Company consult with legal counsel regarding underfunding and late funding issues, indicated as follows:

1. PLAN DESCRIPTION (continued)

Pension Benefits

Retirement benefits under the Plan are based upon a fixed benefit per year of credited services which varies based on the year of retirement. Distributions are made in the event of retirement, death, disability, resignation or dismissal. Normal retirement date is the first day of the calendar month coincident with or next following the later of age 65 and the fifth anniversary of the effective date of participation.

Special rules exist for early retirement, deferred retirement and death prior to eligibility for normal retirement. Normal monthly retirement benefits are calculated differently based upon whether the participant does or does not own more than 20% of the Voting Stock of the Company. Details are included in the Plan Summary.

Administration of the Plan

The Board of Directors for the Company has appointed an administrative committee to act as the fiduciary with full power, authority and responsibility to control and manage the operation and administration of the Plan.

Custodians

As part of the Plan, the Company has entered into a Custody Agreement with Massachusetts Mutual Life Insurance Company (the Custodian). The Custodian invests the Company's contributions as stipulated by the administrative committee of the Plan. The Plan assets are maintained in a separate trust fund administered by the Custodian.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounts of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported net assets at the date of the financial statements and reported changes in net assets during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Plan contributions and the actuarial present value of accumulated benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Investments are exposed to various risks, such as interest rate, market and credit. Due to uncertainties inherent in the estimation and assumptions process, and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in these estimates, assumptions and risks in the near term would be material to the financial statements. The adjusted funding target rate (AFTAP) is below 80% which means the Plan is "Restricted". The Plan Actuary continually performs a "risk" assessment and advises the plan administrator.

CLIMAX MANUFACTURING COMPANY

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Valuation of Investments

Investments are valued at fair value, principally based on market value. Securities which are traded on national securities exchange are valued at the last reported sales price on the last business day of the fiscal year. Mutual Funds are valued at the mean between the bid and asked price on the last business day of the year. Securities traded on the over-the-counter market and listed securities for which no sale was reported on that date are valued at the mean between the last reported bid and asked price.

The Plan presents in the statements of changes in net assets the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Interest income is recognized on the accrual basis and dividends are recorded on the ex-dividend date. Security transactions are recorded on the settlement date.

Reclassifications

Certain reclassifications may have been made to prior year numbers to conform to the current year presentation.

3. ACCUMULATED BENEFITS

Accumulated benefits represent those future periodic payments that are attributable under the Plan's provisions to the service which employees have rendered. Accumulated benefits include benefits expected to be paid to (a) retirees or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

5. PLAN TERMINATION

The Company reserves the right to terminate the Plan. In the event of termination, the Plan provides that the net assets available for benefits to be set aside for the benefit of participants in accordance with the requirements of ERISA. The Plan is covered under the Pension Benefit Guaranty Corporation (PBGC) termination insurance program. Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at the time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by PBGC.

6. INCOME TAX STATUS

The Internal Revenue Service informed the Company, in a letter dated September 15, 2009, that the Plan is qualified and the trust established under the Plan is tax exempt under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, not subject to federal income tax. The Plan had been amended prior to receiving the determination letter. The IRS acknowledged the acceptance of the amendments that were dated July 10, 2009 in their approval letter. The Plan has been amended since the IRS approval date. However, the Plan Administrator believes it is still within IRS compliance.
