NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the **Carr Supply 401(k) Profit Sharing Plan** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - On February 1, 2013, the "Company", which consists of 3110 Acquisition Co., Inc. and Carr Supply of Michigan, LLC, adopted a Section 401(k) profit-sharing plan. The Plan allows all eligible employees of the Company, who have one year of service and have attained age 21, to participate. Upon satisfaction of the eligibility requirements, employees may enter the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year. Employees that were employed on or before February 1, 2013, are excluded from meeting minimum age and service conditions prior to making deferrals or receiving contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary deferrals within statutory limits, as defined in the Plan, each year as an elective deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Employer matching contributions are discretionary, and participants become eligible for these upon satisfaction of the eligibility requirements. For the period ended December 31, 2013, the Plan contributed 100% of the first 3%, plus 50% of the next 2% of elective deferrals that a participant contributed to the Plan. No contributions shall be made on behalf of a participant to the extent that, when added to the participant's salary deferral contributions, it would cause the amounts allocated to exceed the limitations allowed by the Internal Revenue Service.

The Company may make non-elective contributions equal to a portion of all participant pre-tax annual compensation or a non-elective discretionary amount. For the period ended December 31, 2013, the Plan did not make these types of contributions to the Plan.

Participant Accounts - Fifth Third Bank is Trustee of Plan investments. Each participant's account is credited with the participant's contributions, Company contributions, net earnings or losses, forfeitures, distributions, and withdrawals. Company contributions and forfeitures are allocated based on participants' compensation as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately, and distinctly, into which investment the participant contribution, employer match, and discretionary contribution are to be invested.

Vesting - Participants are immediately vested in their voluntary contributions, employer discretionary match, rollovers, and corresponding earnings. The following schedule will be used to determine vesting in the Company non-elective contributions and its earnings:

<u>Completed Years of Service</u>	<u>Vesting Percentages</u>
Fewer than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

CARR SUPPLY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Participant Loans - Participants may borrow from their vested account balance, up to 50%, not to exceed \$50,000. Loans bear interest at an agreed-upon percentage based on prevailing market rates, subject to applicable usury limits. Loan terms are for a period not exceeding five years. A longer term may be approved by the Plan if proceeds are to be used for the purchase of a primary residence. Loans are secured by the balance in the participants' accounts. Principal and interest are paid ratably through payroll deductions.

Benefits Paid - Upon termination of service by reason of retirement, death, permanent disability, or otherwise, participants, or designated beneficiaries, may elect to receive their vested balance either in a lump-sum amount, or payments over a period of time in cash installments, or in a form agreeable to the Plan Administrator. If the participant's account balance is \$1,000 or less, the balance is automatically distributed to the participant in a single-sum payment. In addition, participants may receive distributions of the employee deferral amount for qualified financial hardships.

Forfeitures - Forfeited balances of terminated participants' non-vested accounts are first used to pay any administrative expenses. Any remaining forfeitures are first used to pay Plan expenses, then used to reduce any nonelective contribution or to reduce any matching contribution. There were no unallocated forfeitures at December 31, 2013.

Investment Options - Upon enrollment in the Plan, a participant may currently direct contributions in any of 22 investment options in increments of one percent. Participants may change their investment options at any time via phone or the Internet. Deferral percentages can be changed via the enrollment form or the Internet.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits should present the fair value of the investment contracts, as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. The Plan has one investment contract fund included in the fixed investment annuity on the Statement of Net Assets Available for Benefits. Because the difference between the fair market value and the contract value of the fund was immaterial at December 31, 2013, the investment has been shown in the financial statements at contract value, which approximates fair value.

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of net assets, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition - Investments, with the exception of the benefit responsive investment contract, are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Participant Loans Receivable - Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Company pays certain administrative expenses of the Plan, and the Plan participants will bear the responsibility of the remaining expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through December 29, 2014, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS - CONTINUED

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Equity security funds	\$ 154,791
Bond funds	<u>(21,697)</u>
	<u>\$ 133,094</u>

NOTE 4 - SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE/CUSTODIAN

The fair value of investments held by the Trustee at December 31, 2013, was \$1,977,629. The Trustee of the Plan has supplied the Plan Administrator with a certification as to the completeness and accuracy of the following information at December 31, 2013:

- Investments
- Interest and dividend income
- Net appreciation in fair value of investments

NOTE 5 - FAIR VALUE MEASUREMENTS

Accounting standards provide a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the accounting standards are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CARR SUPPLY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - FAIR VALUE MEASUREMENTS - CONTINUED

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Shares of equity security and bond funds: Valued at the net asset value (NAV) of shares held by the plan at year-end.

Stable value fund: Valued based on the contractual terms of the underlying guaranteed interest accounts; provides a daily mil-rate for income accretion.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Equity security funds	\$ 1,356,623	\$ -	\$ -	\$ 1,356,623
Bond funds	433,323	-	-	433,323
Stable value fund	-	187,683	-	187,683
	<u>\$ 1,789,946</u>	<u>\$ 187,683</u>	<u>\$ -</u>	<u>\$ 1,977,629</u>

NOTE 6 - FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Fifth Third Bank assets placed in the Guaranteed Interest Accounts accrue interest daily at a fixed interest rate, and both principal and interest are backed by the general account of Fifth Third Bank. The asset is included in the Statement of Net Assets Available for Benefits as a fixed-rate option fund at its contract value. The average yield and crediting interest rates were approximately 1.26% for December 31, 2013.

Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Fifth Third Bank. The Plan Administrator believes the occurrence of such events, which would also limit the Plan's ability to transact at contract value with Plan participants, is not probable.

CARR SUPPLY 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan assets are invested with Fifth Third Bank. Thus, Fifth Third Bank, as Trustee defined by the Plan, qualifies as a party-in-interest.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in the employer portion of contributions.

NOTE 9 - TAX STATUS

The Plan adopted a Prototype Non-Standardized Profit Sharing and 401(k) Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - BENEFITS ALLOCATED TO WITHDRAWN PARTICIPANTS

At December 31, 2013, there was \$39,173 due to participants who have withdrawn from the Plan and requested benefit payment prior to year-end.

NOTE 12 - NON-EXEMPT TRANSACTIONS

During 2013, the Plan sponsor failed to timely remit participant contributions in the amount of \$9,969. As a result of this failure, a non-exempt transaction was reported. The Plan sponsor was liable for lost earnings and excise tax, which will be paid during 2014.

NOTE 13 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the period ended December 31, 2013, there were no differences between the financial statements and the Form 5500.
