NOTES TO FINANCIAL STATEMENTS

SUPERIOR DAIRY, INC. DAIRY UNION EMPLOYEES' 401(k) SAVINGS PLAN

Note 1. Description of the Plan

The following description of the Superior Dairy, Inc. Dairy Union Employees' 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers qualified members of the General Truck Drivers and Helpers Local Union No. 92 who have at least six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants' Investment Options

In accordance with the Plan document, participants must direct their salary deferred, Plan Sponsor matching, and discretionary contributions to selected investments as made available and determined by the Plan Administrator. The Plan currently offers a common collective trust fund and various mutual funds as investment options for participants.

Contributions

Per a collective bargaining agreement between Superior Dairy, Inc. (the Plan Sponsor) and General Truck Drivers and Helpers Local Union No. 92, the Plan Sponsor will contribute \$43 per week for each full week the participating employee works from April 1, 2013 to March 31, 2014. The Plan Sponsor shall also deduct from the pay of each participating employee a minimum of \$23 per week, in order for the participant to receive the Plan Sponsor match. Participants may contribute up to a maximum of 75% of their base compensation on a pre-tax basis. The Plan Sponsor may make a discretionary contribution to the Plan. There were no discretionary contributions made in 2014. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, related matching contributions and allocations of (a) the Plan Sponsor's discretionary contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in both their voluntary and employer contributions plus actual earnings of the Plan.

SUPERIOR DAIRY, INC. DAIRY UNION EMPLOYEES' 401(k) SAVINGS PLAN

Note 1. Description of the Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms generally range from 1 to 5 years. If the purpose of the loan is for the purchase of a principal residence, a longer repayment term may be permitted by the Plan Administrator. The loans are secured by the balance in the participant's account and bear a rate of interest at prime plus 1%. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of his or her account, or monthly installments except for accounts with a value less than \$1,000, which are distributed as a lump-sum. Hardship withdrawals of account balances are also permitted by the Plan.

Note 2. Significant Accounting Policies

The accompanying financial statements reflect the application of certain accounting policies described in this note.

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The adjustment to contract value was calculated using values at December 31, 2013 and 2012. The time lapse is not considered materially significant.

Revenue Sharing

The Plan has entered into a revenue sharing arrangement with the plan recordkeeper, ADP Retirement Services. The fees paid by the mutual fund managers to the recordkeeper are recorded as other investment income to the Plan. Plan expenses to third-party providers are then paid from these amounts.

NOTES TO FINANCIAL STATEMENTS

SUPERIOR DAIRY, INC. DAIRY UNION EMPLOYEES' 401(k) SAVINGS PLAN

Note 2. Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Operating Expenses

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Some of the administrative fees of the Plan are allocated to and paid by the Plan participants. Certain other administrative expenses are paid by the Plan.

Subsequent Events

The Plan has evaluated subsequent events through January 8, 2015, the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In October 2012, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2012-04, Technical Corrections and Improvements (ASU 2012-04). The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this Update will generally be effective for fiscal periods beginning after December 15, 2013, for non public entities, except for amendments in this Update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The adoption of ASU 2012-04 is not expected to have a material impact on subsequent periods.

Note 3. Investments

All investment information including investments held as of March 31, 2014 and 2013, interest and dividend income and net appreciation in fair value of investments for the year ended March 31, 2014, included in the Plan's financial statements and supplemental schedule, was prepared by or derived from information provided by Reliance Trust Company, the current trustee and DWS Trust Company, the former trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the investments is complete and accurate, with the exception of the adjustment to fair value of the common collective trust, which is reported at contract value by the trustee. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investments.

The fair values of individual participant-directed investments that represent 5% or more of the Plan's net assets as of March 31 are as follows:

	2014	2013	
Lord Abbott Fun Equity Fund	\$ 716,039	\$ 697,155	
Goldman Sachs Growth Strategy Portfolio	2,081,841	1,879,915

During 2014, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,327,500.

Note 4. Fair Value Measurement

The FASB topic, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2014 and 2013.

Common Collective Trust: Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurement (Continued)

Fair Value of Investments in Entities That Use NAV

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using the net assets value per share (or its equivalent) as of March 31:

	2014			
	Fair value	Unfunded commitment	Redemption frequency	Redemption notice period
Common collective trust (a)	\$ 982,376	\$ -	Daily	None

	2013			
	Fair value	Unfunded commitment	Redemption frequency	Redemption notice period
Common collective trust (a)	\$ 764,583	\$ -	Daily	None

- (a) This category includes a stable value collective fund whose objective is to provide preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The fair value of investment(s) in this category has been estimated using the net asset value per share of the underlying investment(s).

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

During 2013, the monitoring of the underlying investments of the common collective trust fund revealed that the fair value of a sufficient number of underlying investments utilized Level 2 inputs to merit changing the classification of the investment from Level 1 to Level 2.

Note 5. Tax Status

Effective December 1, 2005, the Plan adopted a non-standardized form of a prototype plan sponsored by Automatic Data Processing, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTES TO FINANCIAL STATEMENTS

SUPERIOR DAIRY, INC. DAIRY UNION EMPLOYEES' 401(k) SAVINGS PLAN

Note 5. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination, including the resolution of appeals or litigation processes, if any. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor, by action of its Board of Directors, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA.
