Report on the Financial Statements

We have audited the accompanying financial statements of the Heidtman Steel Products, Inc. Profit Sharing and Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of March 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Heidtman Steel Products, Inc. Profit Sharing and Savings Plan as of March 31, 2014 and 2013, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the omission discussed in the preceding paragraph, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of March 31, 2014 that accompanies the Plan's financial statements does not disclose the historical cost of certain nonparticipant directed plan assets held by the Plan custodian. Disclosure of this information is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

HEIDTMAN STEEL PRODUCTS, INC.
PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements
Years Ended March 31, 2014 and 2013

Note 1 – Summary of Plan

The following description of the Heidtman Steel Products, Inc. Profit Sharing and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for complete information about the Plan.

General

The Plan, as amended and restated April 1, 2010 except as otherwise provided for in the Plan document, is a defined contribution plan covering substantially all employees of Heidtman Steel Products, Inc. (the Company and Plan Sponsor) who have attained age 18. Employees of Mizar Motors, Inc., a wholly owned subsidiary of Centaur, Inc. (Centaur), the Company's parent company, are also included as participants in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts

Each participant's account is credited with an allocation of the Company's contribution, the participant's contribution, and an allocation of Plan earnings (losses) based upon participant balances. Participants direct the investment of their accounts, with the exception of Company contributions made in Company stock, among the investment funds offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested balance of the participant's account.

Notes Receivable from Participants

Participants may borrow from their accounts, as defined by the Plan, a minimum of \$1,000 up to the lesser of fifty percent of the value of the vested balance or \$50,000. Terms of the loan are based on the terms of the individual promissory note. The loans are secured by the balance of the participant's account and bear a reasonable rate of interest not to exceed the maximum rate permitted by law. Principal and interest are paid through payroll deductions.

Contributions

Each year, the Company's Board of Directors determines the amount to be contributed to the Plan from the net profits of the Company in the form of a discretionary profit sharing contribution. The contribution is allocated to eligible participants based upon their percentage of total eligible wages. The Company contributions may be made with employer stock or cash. There were no discretionary profit sharing contributions for the years ended March 31, 2014 and 2013.

PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements
Years Ended March 31, 2014 and 2013

Note 1 – Summary of Plan (continued)

Contributions (continued)

Effective July 1, 2013, the Company may elect to contribute a discretionary matching contribution. The Company elected, effective July 1, 2013, to match each participants' deferral dollars up to \$1,000 per calendar year.

Participants may elect to defer as contributions an amount up to the maximum percentage allowable by law.

Vesting

Upon retirement, total and permanent disability before retirement, or death, participants (or their beneficiaries) are entitled to receive the full value of their accounts. Upon termination of employment for any reason other than retirement, total and permanent disability, or death, a participant is entitled to the vested interest in his or her account. Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting of employer contributions is based upon years of continuous service. A participant's account vests ratably, becoming fully vested after six years of credited service.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are to be used to pay administrative expenses or to be allocated to participants annually on the same basis as that used to determine the Company profit sharing calculation, as previously discussed. If the participant is reemployed before incurring five consecutive one-year breaks in service, the Plan must reinstate the participant's nonvested accumulated benefits in his or her account balance under certain circumstances, as defined in the Plan document. As a result of prior negotiations with the United States Department of Labor (DOL), the Plan has allocated all forfeitures available as of March 31, 2013, and will allocate forfeitures each year going forward.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. Upon termination of the Plan, or upon the complete discontinuance of Company contributions under the Plan, participants become fully vested in the total value of their account.

Note 1 – Summary of Plan (continued)

Administrative Expenses

Certain administrative expenses are paid by the Plan, as described in the Plan document. The services are rendered by parties in interest to the Plan.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit payments to participants are recorded when paid.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis. This applies even when the investment contracts are not held directly by the plan but are underlying assets in a common/collective trust (CCT) investment held by the plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. There have been no changes in the valuation methods used. The Plan's investments are held by Massachusetts Mutual Life Insurance Company (previously The Hartford) (the Plan Custodian).

The appraised fair value of Centaur, Inc. Class C common stock is determined annually by an independent valuation company. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of Company assets and liabilities.

PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements
Years Ended March 31, 2014 and 2013

Note 2 – Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at the net asset value.

Common/collective trust funds represent investments with various investment managers. Units held in CCTs, including stable value funds, are fair valued at the unit value as reported by the investment managers. CCTs are not available in an exchange and active market; however, the fair value is determined based on the underlying investments as traded in an exchange and active market. The Plan holds shares of the Wells Fargo Stable Return - N as of March 31, 2014 and 2013.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent outstanding loans and are measured at their unpaid principal balance plus accrued interest.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that could affect the amounts reported in the financial statements and accompanying notes. Most significantly, an estimate of the fair market value of Centaur, Inc. Class C common stock is determined annually by an independent valuation company and is used by management in the preparation of the Plan's financial statements. Actual results could differ from those estimates.

Note 4 - Fair Value Measurements

The various inputs that may be used to determine the value of the Plan's investments are summarized in three broad levels within the fair value hierarchy. The three levels are described below:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value, as of March 31, 2014 and 2013. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Note 5 – Restrictions on Net Assets

The following table sets forth a summary of the Plan's investments with redemption restrictions as of March 31, 2014 and 2013:

	Type of Withdrawal	Redemption Frequency	Redemption Notice Period
Wells Fargo Stable Return – N	Participant withdrawals	Daily	None
	Terminated participation in the fund	Daily, within 12 months following date of notification	Up to 12 months

Note 6 – Related-Party Transactions

On March 31, 1987, the shareholders of Centaur established a class of common stock, Class C, to be held solely by the pension and/or profit sharing trusts of Centaur or its subsidiaries, representing the only nonparticipant directed investment in the Plan. Centaur must redeem shares of the Class C common stock upon request of the Plan Sponsor.

At March 31, 2014, the Plan held 1,484 shares of Centaur, Inc. Class C common stock, valued at estimated fair value of \$4,348,120 (\$2,930 per share). At March 31, 2013, the Plan held 1,591 shares of Centaur, Inc. Class C common stock, valued at estimated fair value of \$4,454,800 (\$2,800 per share). The Plan held approximately 1 and 54 shares of Centaur, Inc. Class C common stock that were not allocated to participant accounts at March 31, 2014 and 2013, respectively. Assets available for benefits at March 31, 2014 and 2013 included approximately \$1,517 and \$149,960, respectively, relating to these unallocated shares.

The Company periodically advances funds to the Plan for redemption of shares from terminated or retired participants. The Company may choose either to return shares to treasury stock or to reduce future contributions by the amount of such advances, which totaled \$151,080 and \$127,861 during 2014 and 2013, respectively. In 2014, 107 shares were returned to treasury stock. In 2013, 271 shares were utilized to fund the 2012 profit sharing contribution.

Note 7 – Income Tax Status

The Internal Revenue Service ruled on March 31, 2008 that the Prototype Non-Standardized Profit Sharing Plan with CODA (the prototype plan of Hartford Retirement Services LLC upon which the Plan is based) qualifies under Section 401(a) of the Internal Revenue Code (IRC) and the related trust is, therefore, not subject to tax under present income tax law. The Plan has since been amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2011.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Subsequent Events

Management has evaluated subsequent events through January 13, 2015, the date the financial statements were available to be issued, and determined that no events have occurred that require recognition or disclosure.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 04/01/2013 - 03/31/2014 and indirect compensation is presented on a calendar year basis ending 12/31/2013.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹ Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

SCHEDULE C, LINE 2(h) AND LINE 3(e) FORMULA DESCRIPTION
HEIDTMAN STEEL PROD PS/SAV RET PLAN (660500162)
EIN #: 34-0930923

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 04/01/2013 - 03/31/2014 and indirect compensation is presented on a calendar year basis ending 12/31/2013.

For use with lines 2(h), 3(c), 3(d), 3(e)

Total Direct Compensation Paid **\$13,730.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: MassMutual Retirement Services, LLC EIN: 26-1589907

Service Codes: 15, 37, 38, 49, 59, 60, 62, 63, 64, 65, 72, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **\$13,730.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2013 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to MassMutual Retirement Services, LLC ("MMRS") are the net result of aggregating direct compensation after the effects of adjustments processed in 2013, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation	Payor: Reliance Trust Company	EIN: 58-1428634	\$9.15
---------------------------	-------------------------------	-----------------	---------------

This is an estimate based on the average annual rate of float compensation (0.00% for 2013) earned on certain processing bank accounts for the 2013 calendar year multiplied by an estimate of the assets related to uncashed checks*. This estimate does not include float earned for any other reason (e.g., if amounts remitted to MassMutual cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

The list includes any investment option held by the plan on at least one month end during the 2013 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* Please note that Hartford Securities Distribution Company, Inc., received the sales compensation (12b-1 fees) portion of this amount. After compensating the plan's broker-dealer firm, if applicable, any residual amount is paid to MassMutual Retirement Services, LLC ("MMRS") or its affiliate.

The Plan Administrative Committee
Heidtman Steel Products, Inc. Profit Sharing and Savings Plan

Report on the Financial Statements

We have audited the accompanying financial statements of the Heidtman Steel Products, Inc. Profit Sharing and Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of March 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Heidtman Steel Products, Inc. Profit Sharing and Savings Plan as of March 31, 2014 and 2013, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the omission discussed in the preceding paragraph, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of March 31, 2014 that accompanies the Plan's financial statements does not disclose the historical cost of certain nonparticipant directed plan assets held by the Plan custodian. Disclosure of this information is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

HEIDTMAN STEEL PRODUCTS, INC.
PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements
Years Ended March 31, 2014 and 2013

Note 1 – Summary of Plan

The following description of the Heidtman Steel Products, Inc. Profit Sharing and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for complete information about the Plan.

General

The Plan, as amended and restated April 1, 2010 except as otherwise provided for in the Plan document, is a defined contribution plan covering substantially all employees of Heidtman Steel Products, Inc. (the Company and Plan Sponsor) who have attained age 18. Employees of Mizar Motors, Inc., a wholly owned subsidiary of Centaur, Inc. (Centaur), the Company's parent company, are also included as participants in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts

Each participant's account is credited with an allocation of the Company's contribution, the participant's contribution, and an allocation of Plan earnings (losses) based upon participant balances. Participants direct the investment of their accounts, with the exception of Company contributions made in Company stock, among the investment funds offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested balance of the participant's account.

Notes Receivable from Participants

Participants may borrow from their accounts, as defined by the Plan, a minimum of \$1,000 up to the lesser of fifty percent of the value of the vested balance or \$50,000. Terms of the loan are based on the terms of the individual promissory note. The loans are secured by the balance of the participant's account and bear a reasonable rate of interest not to exceed the maximum rate permitted by law. Principal and interest are paid through payroll deductions.

Contributions

Each year, the Company's Board of Directors determines the amount to be contributed to the Plan from the net profits of the Company in the form of a discretionary profit sharing contribution. The contribution is allocated to eligible participants based upon their percentage of total eligible wages. The Company contributions may be made with employer stock or cash. There were no discretionary profit sharing contributions for the years ended March 31, 2014 and 2013.

HEIDTMAN STEEL PRODUCTS, INC.
PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements
Years Ended March 31, 2014 and 2013

Note 1 – Summary of Plan (continued)

Contributions (continued)

Effective July 1, 2013, the Company may elect to contribute a discretionary matching contribution. The Company elected, effective July 1, 2013, to match each participants' deferral dollars up to \$1,000 per calendar year.

Participants may elect to defer as contributions an amount up to the maximum percentage allowable by law.

Vesting

Upon retirement, total and permanent disability before retirement, or death, participants (or their beneficiaries) are entitled to receive the full value of their accounts. Upon termination of employment for any reason other than retirement, total and permanent disability, or death, a participant is entitled to the vested interest in his or her account. Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting of employer contributions is based upon years of continuous service. A participant's account vests ratably, becoming fully vested after six years of credited service.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are to be used to pay administrative expenses or to be allocated to participants annually on the same basis as that used to determine the Company profit sharing calculation, as previously discussed. If the participant is reemployed before incurring five consecutive one-year breaks in service, the Plan must reinstate the participant's nonvested accumulated benefits in his or her account balance under certain circumstances, as defined in the Plan document. As a result of prior negotiations with the United States Department of Labor (DOL), the Plan has allocated all forfeitures available as of March 31, 2013, and will allocate forfeitures each year going forward.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. Upon termination of the Plan, or upon the complete discontinuance of Company contributions under the Plan, participants become fully vested in the total value of their account.

Note 1 – Summary of Plan (continued)

Administrative Expenses

Certain administrative expenses are paid by the Plan, as described in the Plan document. The services are rendered by parties in interest to the Plan.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit payments to participants are recorded when paid.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis. This applies even when the investment contracts are not held directly by the plan but are underlying assets in a common/collective trust (CCT) investment held by the plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. There have been no changes in the valuation methods used. The Plan's investments are held by Massachusetts Mutual Life Insurance Company (previously The Hartford) (the Plan Custodian).

The appraised fair value of Centaur, Inc. Class C common stock is determined annually by an independent valuation company. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of Company assets and liabilities.

HEIDTMAN STEEL PRODUCTS, INC.
PROFIT SHARING AND SAVINGS PLAN

Notes to Financial Statements
Years Ended March 31, 2014 and 2013

Note 2 – Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at the net asset value.

Common/collective trust funds represent investments with various investment managers. Units held in CCTs, including stable value funds, are fair valued at the unit value as reported by the investment managers. CCTs are not available in an exchange and active market; however, the fair value is determined based on the underlying investments as traded in an exchange and active market. The Plan holds shares of the Wells Fargo Stable Return - N as of March 31, 2014 and 2013.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent outstanding loans and are measured at their unpaid principal balance plus accrued interest.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that could affect the amounts reported in the financial statements and accompanying notes. Most significantly, an estimate of the fair market value of Centaur, Inc. Class C common stock is determined annually by an independent valuation company and is used by management in the preparation of the Plan's financial statements. Actual results could differ from those estimates.

Note 4 - Fair Value Measurements

The various inputs that may be used to determine the value of the Plan's investments are summarized in three broad levels within the fair value hierarchy. The three levels are described below:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value, as of March 31, 2014 and 2013. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Note 5 – Restrictions on Net Assets

The following table sets forth a summary of the Plan's investments with redemption restrictions as of March 31, 2014 and 2013:

	Type of Withdrawal	Redemption Frequency	Redemption Notice Period
Wells Fargo Stable Return – N	Participant withdrawals	Daily	None
	Terminated participation in the fund	Daily, within 12 months following date of notification	Up to 12 months

Note 6 – Related-Party Transactions

On March 31, 1987, the shareholders of Centaur established a class of common stock, Class C, to be held solely by the pension and/or profit sharing trusts of Centaur or its subsidiaries, representing the only nonparticipant directed investment in the Plan. Centaur must redeem shares of the Class C common stock upon request of the Plan Sponsor.

At March 31, 2014, the Plan held 1,484 shares of Centaur, Inc. Class C common stock, valued at estimated fair value of \$4,348,120 (\$2,930 per share). At March 31, 2013, the Plan held 1,591 shares of Centaur, Inc. Class C common stock, valued at estimated fair value of \$4,454,800 (\$2,800 per share). The Plan held approximately 1 and 54 shares of Centaur, Inc. Class C common stock that were not allocated to participant accounts at March 31, 2014 and 2013, respectively. Assets available for benefits at March 31, 2014 and 2013 included approximately \$1,517 and \$149,960, respectively, relating to these unallocated shares.

The Company periodically advances funds to the Plan for redemption of shares from terminated or retired participants. The Company may choose either to return shares to treasury stock or to reduce future contributions by the amount of such advances, which totaled \$151,080 and \$127,861 during 2014 and 2013, respectively. In 2014, 107 shares were returned to treasury stock. In 2013, 271 shares were utilized to fund the 2012 profit sharing contribution.

Note 7 – Income Tax Status

The Internal Revenue Service ruled on March 31, 2008 that the Prototype Non-Standardized Profit Sharing Plan with CODA (the prototype plan of Hartford Retirement Services LLC upon which the Plan is based) qualifies under Section 401(a) of the Internal Revenue Code (IRC) and the related trust is, therefore, not subject to tax under present income tax law. The Plan has since been amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2011.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Subsequent Events

Management has evaluated subsequent events through January 13, 2015, the date the financial statements were available to be issued, and determined that no events have occurred that require recognition or disclosure.
