1. PLAN DESCRIPTION

The following description of the Colorado Springs Radiologists, P.C. Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full time employees of Colorado Springs Radiologists, P.C. ("Company") who have at least one year of service and have completed 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Reliance Trust Company ("Trustee") is the trustee of the Plan and serves as the Plan custodian.

Contributions

Deferral contributions cannot exceed certain limits as set forth by the Internal Revenue Code ("IRC") ($17,500 in 2013 and $17,000 in 2012; $23,000 for employees age 50 or older in 2013 and $22,500 for employees age 50 or older in 2012). The Internal Revenue Service ("IRS") adjusts this limitation each year as necessary for cost-of-living increases. Participants may change their contribution percentage throughout the year and may cease making contributions at any time. Rollover contributions are accepted, as permitted by the Plan.

Each year, the Company makes a safe-harbor contribution of 3% of eligible compensation to the Plan on behalf of each employee who has at least one year and 1,000 hours of service.

The Company may also make discretionary profit-sharing and matching contributions to the Plan on behalf of each employee who has at least two years of service, has worked at least 1,000 hours during the Plan year and is employed on the last day of the Plan year, or terminated employment under normal retirement during the Plan year. As of January 1, 2013, the Plan was amended to make discretionary profit-sharing and matching contributions on behalf of each employee who has at least one year of service. The profit-sharing and matching contributions are at the discretion of the Company's board of directors.

1. PLAN DESCRIPTION (CONTINUED)

Contributions (continued)

During 2013, the Company made discretionary profit-sharing contributions to eligible participants of approximately 5.70% of eligible compensation up to $255,000, plus 5.70% of wages in excess of $113,700 up to $255,000. During 2012, the Company made discretionary profit-sharing contributions to eligible participants of approximately 5.70% of eligible compensation up to $250,000, plus 5.70% of wages in excess of $110,100 up to $250,000.

During 2013 and 2012, the Company made discretionary matching contributions to eligible participants of approximately 21.31% and 21.84%, respectively, of employees' salary deferral amounts up to 6% of employees' compensation.

Investment options

Each participant has the option of directing contributions into any of the Plan's investment accounts and may change the allocation daily.

Participant accounts

Each participant's account is increased with the participant's contributions and allocations of the Company's contribution and Plan earnings and is decreased by the participant's distributions and an allocation of Plan losses and expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions and Company contributions, plus actual earnings thereon. As of January 1, 2013, the Company amended the Plan to a 5 year graded vesting schedule for all discretionary matching contributions.

Forfeitures

Forfeitures can be used to pay Plan expenses or reduce employer contributions. Forfeitures must be used in the Plan year following the Plan year in which the forfeiture occurs.

1. PLAN DESCRIPTION (CONTINUED)

Notes receivable from participants

Participants may borrow from their accounts in amounts from a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance less the highest outstanding balance of their Plan loan during the last twelve months. The notes are secured by the participant's account balance and bear a reasonable rate of interest. The term is a maximum of five years, unless the note is for the purchase of a primary residence. Participants may not have more than two notes outstanding at any time. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

On termination of service, an employee may elect to receive either a lump-sum amount equal to the value of their vested account balance or a joint and survivor annuity. Upon termination of service, the account of an employee with a vested account balance of $5,000 or less will be distributed in a lump-sum amount. For accounts with a vested balance greater then $5,000, distributions are at the participants discretion.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Income recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Plan administrative fees

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Financial instruments

The Plan's financial instruments include investments and notes receivable from participants. Investments are reported at fair value. The recorded values of notes receivable from participants approximate fair value as the notes are carried at cost and are based upon future principal and interest payments discounted at prevailing interest rates for similar instruments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tax status

The Plan, which is a prototype plan, obtained its latest prototype advisory opinion letter on March 31, 2008, stating that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the advisory opinion, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Plans using prototype documents are no longer required to file for individual determination letters.

US GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the income tax positions taken by the Plan, and has concluded that as of December 31, 2013 and December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

Subsequent events

Management evaluated subsequent events through the date of the attached independent auditor's report, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

(a) - Less than 5% of net assets available for benefits

5. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce amounts that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management of the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2013 and 2012.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three levels:

Level 1 - Quoted prices in active markets for identical assets or liabilities

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

5. FAIR VALUE MEASUREMENTS (CONTINUED)

The valuation methodologies used for assets measured at fair value are as follows:

Common/collective trusts - Valued at the net asset share/unit prices quoted by the fund, which represents the fair value of the underlying investments

Mutual funds - Valued at the net asset value of shares held by the Plan at year end

Self-directed brokerage accounts - Valued at the closing price recorded on the active market on which the individually owned securities are traded

Fair value measurements of assets recognized in the accompanying financial statements, measured at fair value on a recurring basis, consist of the following as of December 31,:

	2013			
	Level 1	Level 2	Level 3	Total
Cash	$ 6,070	$ -	$ -	$ 6,070
Self-directed brokerage accounts	4,989,946	-	-	4,989,946

	$ 16,172,997	$ 1,124,049	$ -	$ 17,297,046

See independent auditor's report.

6. PARTIES IN INTEREST

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company's contributions.

8. RISKS AND UNCERTAINTIES

The Plan provides for various investments. Investments, in general, are exposed to risks, including interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The notes receivable from participants are secured by each participant's account balance, and the Plan administrator considers risks associated with these notes to be minimal since the loans are fully collateralized by the borrower's account in the Plan.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits as stated in the financial statements and the related Form 5500:
