INDEPENDENT AUDITORS' REPORT

To the Participants and Trustees of
Northern California Pension Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Northern California Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of April 30, 2014 and 2013; the related statements of changes in net assets available for benefits for the years then ended; and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, which includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also

includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Northern California Pension Plan as of April 30, 2014 and 2013, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation, Transactions and Income Recognition -

General - Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC 820), *Fair Value Measurements and Disclosures.* Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities' own judgments and estimations, or some other pricing method using unobservable inputs.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Inputs and Valuation Methods - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan's investment classes are presented below:

Investments held in insurance company general account (Stable Value Fund): These are interest-based funds that are valued daily based on stated interest rates and the underlying investments in the portfolio, which approximates fair value (Level 2).

Pooled separate account (Transamerica Bond Fund): The fair value is determined based on the pricing data provided by outside valuation service providers who, in turn, generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities (Level 2).

Valuation Methods, Consistency - The valuation techniques used in the accompanying financial statements have been consistently applied.

Transactions and Income Recognition - Interest income is recorded on the accrual basis.

Contributions Receivable - Employer contributions due and not paid prior to the year-end are recorded as employer contributions receivable. Contributions due as a result of payroll audits have been recorded net of an allowance equal to the amount due because collectability is uncertain. Therefore, delinquent contributions are recorded when received.

Benefits Paid to Participants - Benefits paid to participants are recorded upon distribution.

Investment Contracts - Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in an insurance company investment contract and a pooled separate account. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 2. DESCRIPTION OF THE PLAN

The Plan was established during 1983 as a result of collective bargaining agreements between local unions in the San Francisco Bay Area affiliated with the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America, and various employer associations to provide retirement, death and disability benefits for eligible participants. The Plan is financed entirely by employer contributions, as specified in the collective bargaining agreements. The Plan is a multiemployer defined contribution pension plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Under current provisions of the Plan, any employee who has been employed in a covered job is eligible for participation in the Plan. A job is a covered job if a participating employer is required to contribute to the Plan for employees working in that job under a collective bargaining or other contribution agreement.

A separate account is maintained for each employee. Each account is credited with employer contributions made on their behalf and an allocation of net Plan earnings.

Effective for hours worked on April 1, 1988, and thereafter, the right, title and interest of any employee in and to their employer-contributed account shall be vested after one hour of contributed service. The participants do not direct their investments.

Participants should refer to the Summary Plan Description for more information.

NOTE 3. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Trustees have the right to terminate the Plan subject to the provisions of ERISA. Benefits would be distributed to the participants and their beneficiaries as if the Plan had not been terminated.

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter, dated June 20, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and was, therefore, exempt from federal income taxes under the provisions of Section 501(a).

The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that, as of April 30, 2014, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's administrator believes the Plan is no longer subject to income tax examinations for the fiscal years prior to 2011.

NOTE 5. FUNDING POLICY

The participating employers contribute such amounts as are specified in the collective bargaining agreements. The Plan meets the minimum funding requirements under ERISA.

NOTE 6. INVESTMENTS

The following summary presents the fair value for each of the Plan's investment categories. All investments represent 5% or more of the Plan's net assets available for benefits.

	April 30, 2014	April 30, 2013
Investment contracts at fair value, as determined by the investment manager		
Stable Value Fund	$ 2,402,405	$ 2,541,457
Investments at estimated fair value, based on models or other observable inputs		
Transamerica Bond Fund	613,043	660,750
Total	$ 3,015,448	$ 3,202,207

NOTE 7. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a benefit-responsive investment contract with Transamerica Life Insurance Company (Transamerica) whereby deposits are put into the Transamerica Stable Value Fund or the Transamerica Bond Fund (pooled separate account). The account reflects contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Transamerica provided guidance for the reporting of this investment in their "Transamerica Retirement Services 2013 Plan Year Audit Guide" (the Guide). The Guide acknowledges that the Stable Value Fund is fully benefit responsive. The Guide also indicates, in accordance with FASB ASC 962, *Plan Accounting - Defined Contribution Pension Plans*, that this type of investment is considered fairly valued at contract value. As a result, the Stable Value Fund is reflected at contract value on these financial statements.

NOTE 7. INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONT'D)

The pooled separate account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses by Transamerica. The average yields for the accounts are as follows:

Average Yield	2014	2013
Based on actual earnings	1.67 %	1.83 %
Based on interest rate credited to participants	1.67 %	1.83 %

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan's administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 8. INVESTMENTS AT FAIR VALUE HIERARCHY

Assets measured at fair value on a recurring basis, based on their fair value hierarchy at April 30, 2014 and 2013, are as follows:

	Fair Value Measurements at Reporting Date Using: Significant Other Observable Inputs (Level 2) April 30,	
Description	2014	2013
Transamerica Life Insurance Company Stable Value Fund	$ 2,402,405	$ 2,541,457
Insurance company pooled separate account Transamerica Bond Fund	613,043	660,750
Total	$ 3,015,448	$ 3,202,207

NOTE 9. SUBSEQUENT EVENTS

Subsequent events were evaluated through the date on which the financial statements were available to be issued. This date is approximately the same as the independent auditors' report date.

INDEPENDENT AUDITORS' REPORT ON ADDITIONAL INFORMATION

To the Participants and Trustees of
Northern California Pension Plan

We have audited the financial statements of Northern California Pension Plan as of and for the year ended April 30, 2014, and have issued our report thereon dated December 3, 2014, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying information, which appears on Schedule H - Financial Schedules (IRS Form 5500), is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The Schedule H - Financial Schedules (IRS Form 5500) is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.
