401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Summit Machine, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a Defined Contribution Plan and was started on January 1, 2006, to cover all full-time employees of the Company who have completed three months of service and are eighteen years or older. Eligible employees may enter the Plan on the first day of the plan year quarter coinciding with or next following the date eligibility requirement are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). American United Life Insurance Company serves as the Plan's trustee, and OneAmerica, the trustee's parent company, serves as the Plan's record keeper.

The Plan was restated effective October 28, 2013, from a standardized adoption agreement to a non-standardized adoption agreement. The Plan was also amended on January 1, 2014 to change the employer's status to a controlled group and to change the discretionary trustee.

Contributions

Each year, participants may make deferral contributions to the plan based upon pre-tax annual compensation, as defined in the Plan. Total contributions per participants may not exceed $17,500 for the year ended December 31, 2013. Participants who are at least 50 years of age are permitted to make additional "catch-up contributions" up to $5,500 for the year ended December 31, 2013. Participants may also make rollover contributions, which represent distributions from other qualified defined benefit or contribution plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and the AUL Fixed Account as investment options for participants. The Plan is a Safe Harbor Plan and provides for Safe Harbor Matching contributions (as defined in the Plan Document) in which for each participant, the Company contributes to the participant's account 100% of each participant's deferral contribution not exceeding 3% of the participant's compensation, plus 50% of the participant's deferral contribution in excess of 3% but not in excess of 5% of the participant's compensation. Such Safe Harbor Contributions are determined each payroll period. In addition to the Safe Harbor Matching Contributions, the Plan also provides for employer discretionary matching contributions and profit sharing contributions. For the year ended December 31, 2013, Safe Harbor Matching Contributions totaled $198,015.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. For all employees 18 and over, vesting in the Company's discretionary matching contribution and profit sharing contribution portions of their accounts is based on years of continuous service as follows:

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Vesting (Continued)

Years of Service	Percentage Vested (%)
1	20%
2	40%
3	60%
4	80%
5	100%

Notwithstanding the above, if a participant was employed by the Company on the date of (1) attaining normal retirement age, (2) death, or (3) terminated employment as a result of becoming disabled, the Company matching contributions become 100% vested without regard to years of service.

Payment of Benefits
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. However, the vested account balance will be automatically distributed as a lump sum distribution if less than $5,000. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The Plan has investments in the AUL Fixed Account offered by the Custodian that is considered to be an investment contract in which the underlying assets of the AUL Fixed account are held in the general account of American United Life Insurance Company. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)
Accordingly, for fully benefit-responsive investment contracts, the relevant accounting guidance requires the presentation of the amount representing the difference between fair value and contract value for such investments on the face of Statements of Net Assets for Benefits so that the statements are ultimately presented at contract value. Management has determined the AUL Fixed account to be fully benefit-responsive. However, at December 31, 2013 and 2012, the contract value of the investments approximated its fair value, and therefore, there is not an adjustment from fair value t contract value presented in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits
Benefits are recorded when paid.

Operating Expenses
All expenses may be paid out of the Plan unless paid by the Company. During the year ended December 31, 2013, administrative expenses paid out of the Plan consist of $360 in record keeping and plan administrative fees.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 are valued using inputs other than quoted prices (see below), and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 or Level 2 inputs because they generally provide the most reliable evidence of fair value.

NOTE 3 - FAIR VALUE MEASURES (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

AUL Fixed Account
The AUL Fixed Account is valued using inputs other than quoted prices. These inputs are observable, either directly or indirectly. All of the inputs used are generally considered observable through review of existing contracts and readily available financial information.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012.

NOTE 4 - INVESTMENTS (CONTINUED)

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $404,226 represented by mutual funds.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The AUL Fixed Account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer of the Guaranteed Fund is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the AUL Fixed Account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits at attributable to the investment contracts. The investment contracts are presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by OneAmerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

At December 31, 2013 and 2012 there are no reserves against contract value for credit risk of the contract issuer for AUL Fixed Account. The fair value of the investment contracts at December 31, 2013 and 2012, was $290,302 and $220,221, respectively. The crediting interest is based on an agreed-upon formula with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with OneAmerica. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants is probable.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 - SUMMARY OF UNAUDITED INFORMATION

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, OneAmerica., the record keeper of the Plan as agent for the Plan's trustee, has certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

NOTE 6 - SUMMARY OF UNAUDITED INFORMATION (CONTINUED)

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013;
- The information regarding fair value measurements disclosed in Note 3;
- Investments that represent 5% or more of the Plan's net assets available for plan benefits as of December 31, 2013 and 2012, as reflected in Note 4;
- Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013.

NOTE 7 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are in mutual funds managed by American United Life Insurance Company (AUL), a OneAmerica company. AUL is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 - TAX STATUS

The Plan was established under a prototype plan document. The prototype plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the prototype, as then designed, is in compliance with the applicable requirements of the Internal Revenue Code. Although the prototype plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 9 - TAX STATUS (CONTINUED)

The Company has identified that the 2013 Form 5500 has not been filed. The Company intends to submit the 2013 Form 5500 under the DOL late filer program and pay any necessary penalties associated with this filing. The Company expects that this corrective action will not affect the Plan's qualified status.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 11 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through December 19, 2014, the date that the financial statements were available to be issued. Subsequent to year-end, the Plan was restated and amended as described in Note 1.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
