Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

The Plan Administrator
Law Companies Group, Inc. Pension Plan

Report on the financial statements

We were engaged to audit the financial statements of **Law Companies Group, Inc. Pension Plan** (the “Plan”), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information in Note 5, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from this entity as of December 31, 2013 and 2012, and for the years then ended, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedules of assets (held at end of year) as of December 31, 2013, and of reportable transactions for the year ended December 31, 2013, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in Note 5, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1 Description of the Plan

The following is a general description of the Law Companies Group, Inc. Pension Plan (the “Plan”). Participants should refer to the Summary Plan Description or the Plan Document for a more complete description of the Plan’s provisions.

General

Effective October 1, 2004, Law Companies Group, Inc. (“Law Companies”) merged with and into MACTEC, Inc. (the “Prior Company”). Accordingly, the Prior Company assumed sponsorship of the Plan on that same date. Effective January 1, 2005, the Board of Directors of the Company approved an amendment to change the Plan sponsor from Law Companies to the Prior Company. On June 3, 2011, AMEC PLC completed its acquisition of MACTEC, Inc., the Plan sponsor, which had no direct impact on the Plan at that time. Effective January 1, 2012, MACTEC, Inc. was merged with and into AMEC Environment & Infrastructure Holdings, Inc. (the “Company” or “Plan Sponsor”).

On February 14, 1997, the Board of Directors of Law Companies elected to end benefit accruals to the Plan for all participants and to disallow additional employees from becoming participants of the Plan as of March 28, 1997 (the freeze date). The Company reserves the right to either continue accruals under the Plan at a later date or terminate the Plan.

The Plan is a defined benefit plan that covers substantially all employees of Law Companies, the predecessor company, prior to March 28, 1997 who have completed one year of service and who have reached the age of 21. The Plan provides retirement, death, and disability benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions and Funding Policy

The Company’s funding policy is to make annual contributions to the Plan in amounts sufficient to meet the funding requirements of ERISA in order to provide assets sufficient to meet future benefits of participants. During 2013 and 2012, the Plan met the minimum funding requirements of ERISA. The participants may not make contributions to the Plan.

Plan Termination

Under provisions of the Plan, the Company reserves the right to amend or terminate the Plan at any time provided that amendments will not reduce the benefits of any person entitled to benefits. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuities will immediately be provided for retired participants, for surviving joint annuitants and beneficiaries and for participants who have attained their normal annuity commencement date and who have not retired. For participants who have not attained their normal annuity commencement date, deferred annuities will be purchased. Additionally, the Plan provides an additional option to participants if the Plan is terminated which allows the participant to receive a lump sum distribution in lieu of an annuity.

2. Remaining assets will be used to provide for benefits not guaranteed by the Pension Benefit Guaranty Corporation (PBGC) and for all other uninsured, vested benefits. The PBGC guarantees most vested normal and early retirement benefits subject to certain limitations prescribed by ERISA.
3. Any assets remaining after the distributions described above will revert to the Company.

Plan Amendments

Effective October 1, 2012, the Plan was amended to allow a lump sum distribution option effective for the period October 1, 2012 to November 7, 2012. This lump sum option allowed participants who met specified eligibility requirements to receive a one-time lump sum payment equal to the actuarial equivalent of his or her entire non-forfeitable benefit under the Plan.

Effective August 26, 2014, the Plan was amended to allow a lump sum distribution option effective for the period August 26, 2014 to November 7, 2014. This lump sum option allowed participants who met specified eligibility requirements to receive a one-time lump sum payment equal to the actuarial equivalent of his or her entire non-forfeitable benefit under the Plan.

Vesting and Pension Benefits

To receive a year of credited benefit service a participant had to complete 1,000 hours of service. Pension benefits are calculated based on participants' average monthly earnings and years of benefit service prior to the freeze date or the employee's retirement, death, disability or termination date, whichever is earlier.

2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussions of fair value measurements.

Purchases and sales of investments are recorded on the trade dates. Interest and dividend income are recorded as earned with dividend income being recognized at the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 4) are those estimated future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on employees' compensation and their years of credited service. The accumulated plan benefits for active employees are based on their compensation during their years of credited service preceding the freeze date. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

Administrative Expenses

Administrative expenses are paid by the Plan as permitted by the Plan's provisions. All other expenses are paid by the Company.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Plan management evaluated events occurring through January 14, 2015, the date the financial statements were available for issuance.

3 Fair Value Measurements

The guidance for fair value measurements establishes the authoritative definition for fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Money market fund: valued at the quoted market prices that represent the net asset value of shares held by the Plan at year-end.

Collective trust funds: valued at the net asset ("NAV") of the shares held by the Plan at year-end, which is provided by the trustee and is determined based on the fair value of the underlying investments, which are based on the current market prices or quotations readily available on the day of valuation. Requests

for redemption resulting from ordinary investment activity, subject to certain thresholds, may be made on each business day based upon the net asset value per unit and the closing market value on the valuation date of the investments bought or sold. As of December 31, 2013 and 2012, the collective trust funds had no unfunded commitments.

The collective trust funds are part of a group trust designed to permit qualified investors to commingle their assets for investment purposes on a tax-exempt basis. The overall fund investment objectives are to provide long-term total return primarily through capital appreciation.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2013:

December 31, 2013	Level 1		Level 2		Level 3	Total
Money market fund	\$	439,147	\$	-	\$ -	439,147
Collective trust funds:

Total investments, at fair value	\$	439,147	\$	66,017,081	\$ -	\$ 66,456,228

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2012:

December 31, 2012	Level 1		Level 2		Level 3	Total
Money market fund	\$	849,932	\$	-	\$ -	849,932
Collective trust funds:						
US equity	-	25,776,709	-	25,776,709	-	25,776,709
Non-US equity	-	17,669,437	-	17,669,437	-	17,669,437

Fixed income	-	10,278,070	-	10,278,070	-	10,278,070
Total collective trust funds	-	58,172,508	-	58,172,508	-	58,172,508
Total investments, at fair value	\$	849,932	\$	58,172,508	\$ -	\$ 59,022,440

Changes in Fair Value of Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between the levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2013 and 2012, there were no significant transfers in or out of Levels 1, 2 or 3.

4 Accumulated Plan Benefits

An actuary from Mercer Human Resource Consulting estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The present value of accumulated plan benefits, as determined by the consulting actuary, is as follows:

December 31	2012
Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Active participants	\$ 6,441,897
Inactive participants with deferred benefits	26,057,467
Inactive participants receiving benefits	34,429,036
Total vested benefits	\$ 66,928,400

Changes in the actuarial present value of accumulated plan benefits are as follows:

For the year ended December 31	2012
Actuarial present value of accumulated plan benefits at December 31, 2011	\$ 75,956,057
Additional benefits accumulated	4,622,970
Increase for interest due to decrease in discount period	4,624,011
Benefits paid	(18,274,638)
Change in actuarial assumptions	-
Actuarial present value of accumulated plan benefits at December 31, 2012	\$ 66,928,400

Significant assumptions underlying the actuarial computations of accumulated plan benefits as of December 31, 2012, are as follows:

For the year ended December 31	2012
Interest rate	7.0% compounded annually
Mortality	RP2000 tables with mortality improvement to the valuation year plus 7 and 15 years
Retirement age	Age 55 to 70 +, with rates varying between 5% to 100%

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

5 Investments and Certified Financial Information

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments, at fair value as of December 31, 2013 and 2012, investment earnings for the years then ended, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Wells Fargo Bank, N.A., the trustee of the Plan.

The following investments represent 5% or more of the Plan's net assets as of December 31, 2013 and 2012:

December 31	2013	2012
MGI US Large Cap Passive Equity CT	\$ 15,349,535	\$ 13,030,514
MGI Non-US Core Equity CT	11,710,646	9,583,090
Mercer Active Long Corporate Investment Portfolio	8,063,580	8,678,035
Mercer Global Low Volatility Equity	6,381,012	5,221,752
MGI US Core Opportunistic Fixed Income CT	5,385,290	2,829,223
MGI Long Duration Investment CT	*	4,448,292
Mercer Long Duration Passive Fixed	*	2,971,085
MGI Long Duration Fixed Income CT	*	2,941,718

* Amount is less than 5% of net assets

During the years ended December 31, 2013 and 2012, the Plan's investments in collective trust funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated by \$7,553,369 and \$8,932,160, respectively.

6 Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated November 2, 2010, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan was restated effective January 1, 2010 which incorporated all prior amendments, with the last previous amendment dated August 20, 2009. Although the Plan has been amended since receiving this determination letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Additionally, the Plan administrator and Plan's tax counsel believe that the Plan has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Company and Plan management have analyzed the tax positions taken by the Plan and have concluded that as of December 31, 2013 and 2012, and for the years then ended, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.

7 Transactions with Parties-in-Interest

The Plan engaged in transactions involving Wells Fargo Bank, N.A., the Plan's trustee, and Mercer Global Investments, Inc. (MGI) and its affiliate, Mercer Group Trust, the Plan's investment managers, which are parties-in-interest with respect to the Plan. These transactions are not considered "prohibited transactions" under the Code and are not prohibited by ERISA.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Actuarial Methods for Funding

Asset Methods

The asset valuation method is an average of the adjusted market value for each year during the last two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum Funding Methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Schedule SB, Part V — Summary of Plan Provisions**Summary of Major Plan Provisions**

Effective date and plan year	Original plan: January 1, 1962 Restated plan: January 1, 2010 Plan year: Calendar Year
Status of the plan	Plan was frozen as of March 28, 1997. No participant may enter or accrue additional benefits under the plan.
Significant events that occurred during the year	In December of 2012, AMEC offered a lump sum window to certain terminated vested participants in the pension plan. Approximately 700 participants elected to receive their pension benefits in the form of a lump sum.
Definitions	
• Sponsoring employer	AMEC
• Administration	The Plan Administrator, appointed by the Board, will undertake the day to day administration of the Plan. He may appoint other persons to perform his functions.
• Type of plan	The Plan is noncontributory single employer defined benefit plan.
• Eligibility	See Participating employees; this is a frozen group.
• Benefit service	All plan years, after attainment of age 21, in which an employee completes at least 1,000 hours. Service in Plan years in which an employee is hired or terminated is prorated based on 2,000 hours per year. Benefit service was frozen on March 28, 1997.
• Vesting service	Each Plan year in which the employee completes at least 1,000 hours of service.
• Eligibility service	A twelve consecutive month period in which the employee works at least 1,000 hours.
• Compensation considered	The sum of annual earnings and overtime pay. Annual earnings do not include overtime, bonuses, commissions, or other non-recurring compensation. No compensation earned after March 28, 1997 will be considered.
• Average annual compensation	The highest three-year average of compensation from the last ten years.

Schedule SB, Part V — Summary of Plan Provisions

Normal retirement	
• Eligibility	Age as of the first day of the month following the later of attainment of age 65 or completion of one year of Eligibility Service.
• Benefit	The sum of (A) + (B) + (C) (A) 1.4% of Average Annual Compensation times Years of Benefit Service less than 20, (B) 1% of Average Annual Compensation times Years of Benefit Service in excess of 20, but no greater than 35, and (C) 0.65% of the excess of Average Annual Compensation over Covered Compensation times Years of Benefit Service less than 20.
Early retirement	
• Eligibility	Age as of the first day of the month following the later of attainment of age 55 or completion of five years of Eligibility Service.
• Benefit	The Normal Retirement Benefit is calculated using service projected to Normal Retirement Date. The benefit is multiplied by a fraction, the numerator of which is Benefit Service to date and the denominator of which is Benefit Service projected to Normal Retirement. The service in the denominator is not limited to 35 years. The resulting amount is then reduced by 6% times the number of years by which the commencement date precedes Normal Retirement.
Late retirement	
• Eligibility	Age as of the first day of any calendar month after the Participant's Normal Retirement Date as elected by the Participant, if the Participant's service continues to within one month of that date and the Participant does not elect to receive benefits on his Normal Retirement Date.
• Benefit	The Normal Retirement Benefit is recalculated at the beginning of each plan year following the participant's Normal Retirement Date. If at any time the predetermined benefit is less than the benefit determined the previous year, then the larger benefit amount is used.

Schedule SB, Part V — Summary of Plan Provisions

Deferred vested	
• Benefit	The Normal Retirement Benefit calculated using service projected to Normal Retirement Date. The benefit is multiplied by a fraction, the numerator of which is Benefit Service to date and the denominator of which is Benefit Service projected to Normal Retirement. The service in the denominator is not limited to 35 years.
Disability	
• Benefit	The Normal Retirement Benefit, where Benefit Service is credited to the participant from the date of disability to the Normal Retirement Date. The benefit is payable on the Participant's Normal Retirement Date.
Pre-retirement death	A married vested participant who dies shall be eligible for a death benefit. The amount of the death benefit shall be the monthly pension due to the spouse had the joint and 50% survivor option been elected immediately before the death of the participant.
Unpredictable contingent event benefits	None
Form of benefits	
• Automatic form for unmarried participants	Life Annuity
• Automatic form for married participants	Qualified Joint and Survivor Annuity
• Optional forms	<p>The normal form of payment is a life annuity. Preretirement spouse benefits are payable only as described above. For married participants, benefits are payable in the form of a 50% joint and survivor annuity or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Optional forms are a joint and survivor annuity with various reduction amounts, a joint and survivor annuity with stipulated payments, a life annuity with stipulated payments, or a temporary annuity which decreases when the annuitant first becomes eligible for Social Security benefits.</p> <p>At the termination of employment of a participant, the single sum that is the Actuarial Equivalent of his entire non- forfeitable benefit is less than \$3,500 for terminations of employment occurring prior to Jan 1, 1998 or \$5,000 for termination of employment occurring on or after January 1, 1998</p>

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as restated effective January 1, 2010, are included in this valuation:

- **Most recent plan amendments included:** All amendments included in the restatement effective as of January 1, 2010 are included.
- **Plan amendments excluded:** None.
- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Scheduled benefit increases:** Scheduled benefit increases effective after the end of the current plan year are excluded from minimum funding requirements.

Schedule SB, Part V — Summary of Plan Provisions

- **Late retirement increases:**
 - Active participants: The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½. This valuation includes increases for current participants over age 70.
 - Deferred vested participants: Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.

Plan Provisions Specific to Funding***Additional Benefits Included or Excluded***

- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Scheduled benefit increases:** Scheduled benefit increases effective after the end of the current plan year are excluded from minimum funding requirements.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

The Plan Administrator
Law Companies Group, Inc. Pension Plan

Report on the financial statements

We were engaged to audit the financial statements of **Law Companies Group, Inc. Pension Plan** (the “Plan”), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information in Note 5, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained certifications from this entity as of December 31, 2013 and 2012, and for the years then ended, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedules of assets (held at end of year) as of December 31, 2013, and of reportable transactions for the year ended December 31, 2013, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in Note 5, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1 Description of the Plan

The following is a general description of the Law Companies Group, Inc. Pension Plan (the “Plan”). Participants should refer to the Summary Plan Description or the Plan Document for a more complete description of the Plan’s provisions.

General

Effective October 1, 2004, Law Companies Group, Inc. (“Law Companies”) merged with and into MACTEC, Inc. (the “Prior Company”). Accordingly, the Prior Company assumed sponsorship of the Plan on that same date. Effective January 1, 2005, the Board of Directors of the Company approved an amendment to change the Plan sponsor from Law Companies to the Prior Company. On June 3, 2011, AMEC PLC completed its acquisition of MACTEC, Inc., the Plan sponsor, which had no direct impact on the Plan at that time. Effective January 1, 2012, MACTEC, Inc. was merged with and into AMEC Environment & Infrastructure Holdings, Inc. (the “Company” or “Plan Sponsor”).

On February 14, 1997, the Board of Directors of Law Companies elected to end benefit accruals to the Plan for all participants and to disallow additional employees from becoming participants of the Plan as of March 28, 1997 (the freeze date). The Company reserves the right to either continue accruals under the Plan at a later date or terminate the Plan.

The Plan is a defined benefit plan that covers substantially all employees of Law Companies, the predecessor company, prior to March 28, 1997 who have completed one year of service and who have reached the age of 21. The Plan provides retirement, death, and disability benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions and Funding Policy

The Company’s funding policy is to make annual contributions to the Plan in amounts sufficient to meet the funding requirements of ERISA in order to provide assets sufficient to meet future benefits of participants. During 2013 and 2012, the Plan met the minimum funding requirements of ERISA. The participants may not make contributions to the Plan.

Plan Termination

Under provisions of the Plan, the Company reserves the right to amend or terminate the Plan at any time provided that amendments will not reduce the benefits of any person entitled to benefits. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuities will immediately be provided for retired participants, for surviving joint annuitants and beneficiaries and for participants who have attained their normal annuity commencement date and who have not retired. For participants who have not attained their normal annuity commencement date, deferred annuities will be purchased. Additionally, the Plan provides an additional option to participants if the Plan is terminated which allows the participant to receive a lump sum distribution in lieu of an annuity.

2. Remaining assets will be used to provide for benefits not guaranteed by the Pension Benefit Guaranty Corporation (PBGC) and for all other uninsured, vested benefits. The PBGC guarantees most vested normal and early retirement benefits subject to certain limitations prescribed by ERISA.
3. Any assets remaining after the distributions described above will revert to the Company.

Plan Amendments

Effective October 1, 2012, the Plan was amended to allow a lump sum distribution option effective for the period October 1, 2012 to November 7, 2012. This lump sum option allowed participants who met specified eligibility requirements to receive a one-time lump sum payment equal to the actuarial equivalent of his or her entire non-forfeitable benefit under the Plan.

Effective August 26, 2014, the Plan was amended to allow a lump sum distribution option effective for the period August 26, 2014 to November 7, 2014. This lump sum option allowed participants who met specified eligibility requirements to receive a one-time lump sum payment equal to the actuarial equivalent of his or her entire non-forfeitable benefit under the Plan.

Vesting and Pension Benefits

To receive a year of credited benefit service a participant had to complete 1,000 hours of service. Pension benefits are calculated based on participants' average monthly earnings and years of benefit service prior to the freeze date or the employee's retirement, death, disability or termination date, whichever is earlier.

2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussions of fair value measurements.

Purchases and sales of investments are recorded on the trade dates. Interest and dividend income are recorded as earned with dividend income being recognized at the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 4) are those estimated future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on employees' compensation and their years of credited service. The accumulated plan benefits for active employees are based on their compensation during their years of credited service preceding the freeze date. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

Administrative Expenses

Administrative expenses are paid by the Plan as permitted by the Plan's provisions. All other expenses are paid by the Company.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Plan management evaluated events occurring through January 14, 2015, the date the financial statements were available for issuance.

3 Fair Value Measurements

The guidance for fair value measurements establishes the authoritative definition for fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Money market fund: valued at the quoted market prices that represent the net asset value of shares held by the Plan at year-end.

Collective trust funds: valued at the net asset ("NAV") of the shares held by the Plan at year-end, which is provided by the trustee and is determined based on the fair value of the underlying investments, which are based on the current market prices or quotations readily available on the day of valuation. Requests

for redemption resulting from ordinary investment activity, subject to certain thresholds, may be made on each business day based upon the net asset value per unit and the closing market value on the valuation date of the investments bought or sold. As of December 31, 2013 and 2012, the collective trust funds had no unfunded commitments.

The collective trust funds are part of a group trust designed to permit qualified investors to commingle their assets for investment purposes on a tax-exempt basis. The overall fund investment objectives are to provide long-term total return primarily through capital appreciation.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2013:

December 31, 2013	Level 1		Level 2		Level 3	Total
Money market fund	\$	439,147	\$	-	\$ -	439,147
Collective trust funds:

Total investments, at fair value	\$	439,147	\$	66,017,081	\$ -	\$ 66,456,228

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2012:

December 31, 2012	Level 1		Level 2		Level 3	Total
Money market fund	\$	849,932	\$	-	\$ -	849,932
Collective trust funds:						
US equity	-	25,776,709	-	25,776,709	-	25,776,709
Non-US equity	-	17,669,437	-	17,669,437	-	17,669,437

Fixed income	-	10,278,070	-	10,278,070	-	10,278,070
Total collective trust funds	-	58,172,508	-	58,172,508	-	58,172,508
Total investments, at fair value	\$	849,932	\$	58,172,508	\$ -	\$ 59,022,440

Changes in Fair Value of Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between the levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2013 and 2012, there were no significant transfers in or out of Levels 1, 2 or 3.

4 Accumulated Plan Benefits

An actuary from Mercer Human Resource Consulting estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The present value of accumulated plan benefits, as determined by the consulting actuary, is as follows:

December 31	2012
Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Active participants	\$ 6,441,897
Inactive participants with deferred benefits	26,057,467
Inactive participants receiving benefits	34,429,036
Total vested benefits	\$ 66,928,400

Changes in the actuarial present value of accumulated plan benefits are as follows:

For the year ended December 31	2012
Actuarial present value of accumulated plan benefits at December 31, 2011	\$ 75,956,057
Additional benefits accumulated	4,622,970
Increase for interest due to decrease in discount period	4,624,011
Benefits paid	(18,274,638)
Change in actuarial assumptions	-
Actuarial present value of accumulated plan benefits at December 31, 2012	\$ 66,928,400

Significant assumptions underlying the actuarial computations of accumulated plan benefits as of December 31, 2012, are as follows:

For the year ended December 31	2012
Interest rate	7.0% compounded annually
Mortality	RP2000 tables with mortality improvement to the valuation year plus 7 and 15 years
Retirement age	Age 55 to 70 +, with rates varying between 5% to 100%

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

5 Investments and Certified Financial Information

All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments, at fair value as of December 31, 2013 and 2012, investment earnings for the years then ended, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Wells Fargo Bank, N.A., the trustee of the Plan.

The following investments represent 5% or more of the Plan's net assets as of December 31, 2013 and 2012:

December 31	2013	2012
MGI US Large Cap Passive Equity CT	\$ 15,349,535	\$ 13,030,514
MGI Non-US Core Equity CT	11,710,646	9,583,090
Mercer Active Long Corporate Investment Portfolio	8,063,580	8,678,035
Mercer Global Low Volatility Equity	6,381,012	5,221,752
MGI US Core Opportunistic Fixed Income CT	5,385,290	2,829,223
MGI Long Duration Investment CT	*	4,448,292
Mercer Long Duration Passive Fixed	*	2,971,085
MGI Long Duration Fixed Income CT	*	2,941,718

* Amount is less than 5% of net assets

During the years ended December 31, 2013 and 2012, the Plan's investments in collective trust funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated by \$7,553,369 and \$8,932,160, respectively.

6 Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated November 2, 2010, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan was restated effective January 1, 2010 which incorporated all prior amendments, with the last previous amendment dated August 20, 2009. Although the Plan has been amended since receiving this determination letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Additionally, the Plan administrator and Plan's tax counsel believe that the Plan has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Company and Plan management have analyzed the tax positions taken by the Plan and have concluded that as of December 31, 2013 and 2012, and for the years then ended, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.

7 Transactions with Parties-in-Interest

The Plan engaged in transactions involving Wells Fargo Bank, N.A., the Plan's trustee, and Mercer Global Investments, Inc. (MGI) and its affiliate, Mercer Group Trust, the Plan's investment managers, which are parties-in-interest with respect to the Plan. These transactions are not considered "prohibited transactions" under the Code and are not prohibited by ERISA.
