NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Edwards Companies 401(k) Savings Plan and Trust, formerly known as the Edwards Companies and IBP Holding Company 401(k) Savings Plan and Trust, (the "Plan") is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a 401(k) profit sharing plan which was formed April 1, 2004, for the purpose of providing retirement benefits to employees of IBP Holding Company and affiliated companies (the "Company").

Eligibility: All employees who have attained age 18 and have completed one half year of service are eligible to make compensation reduction contributions to the Plan. Participation is voluntary.

Participant Contributions: A participating employee may elect to defer up to 25% of eligible compensation to the Plan. Effective December 1, 2013, the Plan was amended to increase the maximum amount a participant can contribute to 90% of their eligible compensation. However, total deferrals by an individual participant in any calendar year may not exceed a dollar limit set by law (\$17,500 in 2013). This limit will be increased in future years for cost of living changes. Plan participants who are at least 50 years old by the end of the year may make special "catch-up" contributions. The limit for "catch-up" contributions was \$5,500 in 2013.

Employer Contributions: At the Company's discretion, it may choose to match up to 25% of the first 8% of compensation reduction contributions made by participants. For 2013, the Company made \$36,504 in discretionary matching contributions.

The Company also has the ability to make a discretionary profit sharing contribution on behalf of all qualified employees (18 years of age and one half year of service completed as of the last day of the Plan year). Each qualified employee would receive a pro rata share of a profit sharing contribution based on the relationship of his or her compensation to total compensation times the amount contributed. No discretionary profit sharing contribution was made during 2013.

Participant Accounts: Each participant's account is credited with the participant's contributions, employer's matching contributions, profit sharing contributions, forfeiture redistributions and Plan earnings or losses and is charged with his or her withdrawals and an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from his or her vested account.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Vesting: Participants are immediately vested in their voluntary contributions plus earnings (losses) thereon. Participants vest in the Company's matching contribution 100% after three years of service. Prior to December 1, 2013, the Company's profit sharing contribution, plus actual earnings thereon, vested at a rate of 20% per year after three years of service until they are 100% vested after 7 years of service. Effective December 1, 2013, the Company's profit sharing contribution, plus actual earnings thereon, is subject to the following vesting schedule:

<u>Number of Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeitures: Forfeitures are made available to reinstate previously forfeited account balances of reemployed participants. Remaining forfeitures are first used to reduce Plan administrative costs; second to reduce employer contributions and third, allocated to eligible participants who are employed as of the last day of the year.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum payment equal to the vested interest in his or her account, or annual installments over their life expectancy. For termination and other distributions, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in installments. A participant may withdraw his or her vested account balance prior to normal retirement age only upon reaching age 59 ½ or upon demonstrating a hardship need as defined by the Internal Revenue Code ("IRC").

Notes Receivable from Participants: The amount a participant may borrow is limited to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participants account and bear interest at rates that are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest payments are made via payroll deductions or check.

Administrative and Investment Management Expenses: The Plan's record keeping and custodial fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Benefit Payments: Benefit payments to participants are recorded upon distribution.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through December 22, 2014, which is the date the financial statements were available to be issued.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statements of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds an indirect interest in fully benefit-responsive contracts through its investment in a stable value fund. No adjustment from fair value to contract value is presented in the statements of net assets available for benefits as of December 31, 2013, as the amount of the adjustment has been determined to be immaterial.

(Continued)

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of its investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Stable Value Fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (Level 2 inputs). The fund invests in guaranteed synthetic investment contracts issued by life insurance companies, banks, and other financial institutions, with the objective to seek preservation of principal and provide interest income reasonable obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The fund generally provides for daily redemptions by the Plan at reported net asset value per share subject to one year notice provision. If the market value of units is less than their contract value, participant plans may also elect to withdraw units at their market value upon 10 days' notice.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

With the exception of the fair value of the stable value fund, substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company from December 1, 2013 to December 31, 2013 and Bank of America, N.A. as of December 31, 2012 and for the period from January 1, 2013 to November 30, 2013, the trustees of the Plan. This information has not been audited by independent accountants.

Interest and dividend income on investments in 2013 was \$69,438. Interest income earned on notes receivable from participants in 2013 was \$4,174.

NOTE 5 - INCOME TAX STATUS

The Plan sponsor adopted a non-standardized prototype plan document. The Internal Revenue Service has determined and informed the prototype plan sponsor, by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the IRC. Plan management believes that the Plan is currently designed and is being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Department of Labor or Internal Revenue Service, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 6 - PARTIES-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others.
