LOUISIANA AGC 401(K) MULTIPLE EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS

APRIL 9, 2014 AND DECEMBER 31, 2013

Note 1 - Description of Plan and Summary of Accounting Policies -

Description of Plan

The following description of the Louisiana AGC 401(k) Multiple Employer Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan established to provide retirement benefits for covered employees of participating employers that are also members of the Louisiana Chapter, Associated General Contractors of America, Inc. (the Association). Covered employees consist of all employees of participating employers except those who the participating employers specifically exclude based upon the employer's participation agreement. A participating employer, upon adoption of the Plan, may also elect to have different eligibility requirements provided that the maximum age is not greater than 21 years of age or length of service is not greater than one year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Merger

Effective April 9, 2014, the net assets of the Plan were merged into the AGC Southwest Chapters 401(k) Plan. As a result all investments and participant accounts were transferred from the Plan into the AGC Southwest Chapters 401(k) Plan.

Contributions

Prior to the Plan merger, Participants could elect to contribute up to 100% of their compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code (the Code). The Plan allowed catch-up contributions, as defined by the Code, for participants who had attained the age of 50 prior to the end of the year. Participants also could rollover amounts received as distributions from qualified plans into their individual account within the Plan.

Prior to the Plan merger, Participating employers could elect to make contributions to eligible participants of their respective plans based upon the employer's participation agreement. The participating employers could elect to contribute safe harbor contributions, matching contributions and/or non-elective profit sharing contributions.

Participant Accounts

Prior to the plan merger, each participant's account was credited with the participant's contribution, the participating employer's contribution, the Plan's investment earnings or losses, and certain Plan administration costs. Allocations were based upon participant account balances, as defined. The benefit to which a participant is entitled is the benefit that could be provided from the participant's vested account.

Payment of Benefits

Prior to the Plan merger, upon termination of service due to death, disability, retirement, or other termination of employment, participants could receive the value of their vested account balance. Participants could also withdraw a portion or all of their vested balance, while still employed, through in-service distributions upon reaching the age of 59 ½ or through qualified hardship distributions.

Vesting

Prior to the Plan merger, Participants were immediately vested in their voluntary contributions plus actual earnings on these contributions and employer safe-harbor contributions. Vesting in employer contributions plus actual earnings thereon was based on years of continuous service. Vesting schedules were based on annual vesting periods not to exceed six years and varied by participating employer based on each employer's election at the time of Plan adoption.

Forfeited Accounts

On April 9, 2014, the forfeited non-vested accounts of \$32,104 were transferred to the AGC Southwest Chapters 401(k) Plan. As of December 31, 2013 forfeited non-vested accounts totaled \$30,602. These accounts can be used to reduce future employer contributions and/or pay administrative expenses of the plan. No forfeited non-vested accounts were used to reduce employer contributions for the period from January 1, 2014 to April 9, 2014.

Notes Receivable from Participants

Prior to the Plan merger, Participants of participating employers, if elected, could borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans were secured by the balances in the participants' account. Under the terms of the Plan agreement, plan loans bear a reasonable rate of interest determined by the plan administrator. The interest rates for 2014 and 2013 varied from 3.25% to 8.0%. Principal and interest are paid ratably through regular payroll deductions. On April 9, 2014, \$395,266 of loan balances were transferred to the AGC Southwest Chapters 401(k) Plan. The loan balances as of December 31, 2013 totaled \$225,152.

Investment Contracts

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits does not present an adjustment from fair value to contract value for fully benefit-responsive investment contracts as contract value approximates fair value for all fully benefit-responsive investment contracts as of April 09, 2014 and December 31, 2013. The average yields of these funds were as follows:

	<u>2014</u>	<u>2013</u>
Based on Actual Earnings	1.60%	1.70%
Based on Interest Rates Credited to Participants	1.60%	1.70%

Basis of Accounting

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting. Assets are valued at the current market value as quoted by the custodian of the Plan. All assets of the Plan are participant directed and are held by Transamerica Financial Life Insurance Company, a subsidiary of Transamerica Retirement Solutions Corporation. Effective April 9, 2014, the net assets of the Plan were merged into the AGC Southwest Chapters 401(k) Plan.

Prior to the Plan merger, benefits were recorded when paid. Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Net investment income included gains and losses on investments sold during the period as well as appreciation and depreciation of the investments held at the end of the period.

Prior to the Plan merger, notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses have been recorded as of April 09, 2014 and December 31, 2013. Delinquent participant loans were reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

Prior to the Plan merger, the Plan provided for various investment options in any combination of selected mutual funds and a guaranteed investment contract with Transamerica Retirement Solutions Corporation. These funds were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these funds, it is at least reasonably possible that changes in the values of these funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

Prior to the Plan merger, participating employers, at their sole discretion, could pay certain expenses of maintaining the Plan. Such expenses were excluded from these financial statements. If such expenses were not paid by the participating employers, they were paid out of the Plan's assets and included as expenses in these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and included in administrative expenses. Investment related expenses were included in net investment income.

Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through February 10, 2015, the date the financial statements were available to be issued.

Note 2 - Plan Termination -

Prior to the Plan merger, the participating employers had the right under the Plan to discontinue their contributions at any time and the plan administrator had the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their respective employer contributions.

Note 3 - Investments -

In accordance with the Plan merger as disclosed in Note 1 to these financial statements, there were no investments held by the Plan at April 9, 2014.

The following investments at April 09, 2014 and December 31, 2013 represent 5% or more of the Plan's net assets:

	<u>2014</u>	<u>2013</u>
American Funds Balanced (50,375 units)	**	\$ 2,967,604
American Funds EuroPac Growth (5,186 units)	**	\$ 1,242,685

Note 4 - Information Prepared and Certified by the Custodian -

The following information included in the accompanying financial statements and supplemental schedule as of and for the period from January 1, 2014 to April 9, 2014 and as of December 31, 2013 was obtained from data that has been prepared and certified to as complete and accurate by the custodian, Transamerica Financial Life Insurance Company.

	2014	2013
Investments	\$ -	\$ 24,137,509
Net Investment Income	\$ 263,462	

Note 5 - Fair Value Measurements -

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Effective April 9, 2014, the net assets of the Plan were merged into the AGC Southwest Chapters 401(k) Plan as disclosed in Note 1 to these financial statements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Registered Investment Company Shares: These funds are valued at the quoted net asset value of the units held by the Plan at year end.

Stable Value Fund: The Stable Value Fund is valued at contract value which approximates fair value. Contract value represents principal plus accrued interest, less withdrawals and expenses, plus or minus net transfer activity with the Plan's other investment funds.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

Note 6 - Tax Status -

Prior to the Plan merger, the Association had adopted a prototype plan which received a favorable determination from the Internal Revenue Service. The Plan itself had not separately applied for recognition of tax-exempt status. However, the Plan administrator believes that the Plan was properly designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Related Party and Party-in-Interest Transactions -

Prior to the Plan merger, certain plan investments were held and managed by Transamerica Financial Life Insurance Company (Transamerica). Since Transamerica is the Plan custodian, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net investment income, as they were paid through revenue sharing, rather than a direct payment. Participating employers also directly paid other fees related to the Plan's operations.
