NOTES TO FINANCIAL STATEMENTS

For the four month period ended April 30, 2014 and the year ended December 31, 2013

NOTE A - DESCRIPTION OF THE PLAN

The following description of **AEP Union 401(k) Savings Plan** (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution 401(k) plan, which was established on June 1, 1995, covering all eligible employees of AEP Industries, Inc. (the "Employer"). All employees covered by Alabama Union working at least 1,000 hours per year are eligible to participate in the Plan as of the first day of the month following the completion of 60 days of employment and the attainment of age 19 ("Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was amended on March 11, 2014 to cease elective deferrals and rollover contributions after March 31, 2014, to no longer allow new participants to enter the Plan after March 31, 2014, and to allow those employees who are employed at the Webster, Alabama facility to participate in the AEP Industries Inc. 401(k) Savings Plan.

Management also consented to, authorized, and approved the merger of the Plan into the AEP Industries Inc. 401(k) Savings Plan and the concurrent transfer of Plan assets and liabilities into the AEP Industries Inc. 401(k) Savings Plan as soon as administratively possible on or after April 1, 2014, such that each participant's benefit immediately after the merger and transfer is not less than the benefit the participant would have been entitled to receive had the Plan been terminated immediately before such merger and transfer.

2. Contributions

Participants may contribute to the Plan an amount of their pre-tax annual compensation, subject to Internal Revenue Code limitations (\$17,500 in 2014). Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions (\$5,500 in 2014). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, commonly referred to as rollovers.

NOTE A - DESCRIPTION OF THE PLAN - Continued

2. Contributions - Continued

The Employer may elect to make discretionary contributions to the Plan. Allocations of Employer contributions are based on each Participant's compensation in proportion to the compensation of all Participants and are subject to all substantive and administrative provisions of the Plan. To date, there have been no discretionary Employer contributions to the Plan.

Effective March 31, 2014, as discussed in Note A-1, Participant contributions were frozen.

3. Participant Accounts

Each Participant's account is credited with the Participant's contributions and allocations of Employer contributions and Plan earnings or losses, and is charged with allocations of administrative expenses. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's account.

4. Investment Options

Participants direct the investment of their contributions into their choice of approximately twenty-five investment options offered by the Plan. Employer contributions are invested as directed by the Participants.

5. Vesting

Participants are immediately vested in their contributions and Employer contributions and actual earnings thereon.

6. Notes Receivable from Participants

Subject to approval by the Plan administrator, Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans must be for a nonrenewable term of no more than 5 years (or up to 25 years for the purchase of a primary residence) and are repaid ratably through regular payroll deductions. The loans are secured by the balance in the Participant's account and bear interest at a rate of prime plus 1%. Upon Participant termination, the outstanding loan balance shall be deducted from the Participant's account balance.

7. Payment of Benefits

On termination of service or upon death, disability or retirement, a Participant has the option of receiving either periodic payments or a lump sum amount equal to the vested value of his or her account. Further, in-service withdrawals from a Participant's account are permitted only due to financial hardship or upon reaching age 59 1/2. Deferral contributions will be suspended for a period of six months after receipt of the hardship withdrawal. Upon termination, if a Participant's account balance is greater than \$1,000 but not more than \$5,000, and the Participant does not elect to take a distribution, the Plan administrator may make a lump-sum distribution to a direct rollover individual retirement account.

8. Forfeitures

Forfeited amounts may be first used to pay administrative expenses with any excess of administrative expenses used to reduce future Employer contributions. As of April 30, 2014 and December 31, 2013, there were no unallocated forfeited accounts.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Administrative Expenses

The Plan pays certain administrative expenses of the Plan. Administrative expenses totaled \$396 and \$2,100 for the period ended April 30, 2014 and for the year ended December 31, 2013, respectively.

4. Benefit Payments

Benefits are recorded when paid.

5. **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

6. **Notes Receivable From Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of April 30, 2014 or December 31, 2013. If a Participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE C - INVESTMENTS

During 2014, the Plan's investments (including investments purchased, sold, and held during the period) appreciated in value by \$7,868.

Investments that represent 5% or more of the Plan's net assets available for the benefits as of April 30, 2014 or December 31, 2013 were as follows:

	<u>2014</u>	<u>2013</u>

NOTES TO FINANCIAL STATEMENTS - CONTINUED

For the four month period ended April 30, 2014 and the year ended December 31, 2013

NOTE C - INVESTMENTS - Continued

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with various investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE D - INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan's investments are held and administered by Massachusetts Mutual Life Insurance Company ("MassMutual") on behalf of Hartford Life Insurance Company ("Hartford Life"). MassMutual, the trustee of the Plan, has provided a certification that the following information which is contained or used to develop the accompanying April 30, 2014 and December 31, 2013 financial statements is complete and accurate:

- Investments, including net appreciation in the fair value of investments
- Investment income excluding interest income from participant loans
- Schedule of assets (held at end of year)

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

AEP Union 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

For the four month period ended April 30, 2014 and the year ended December 31, 2013

NOTE E - FAIR VALUE MEASUREMENTS - Continued

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by MassMutual on behalf of Hartford Life. MassMutual is the trustee of the Plan and, therefore, certain participant-directed transaction fees are party-in-interest transactions as defined by ERISA. Participant loans are also considered to be exempt party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

For the four month period ended April 30, 2014 and the year ended December 31, 2013

NOTE G - TAX STATUS

The Plan obtained its latest opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 30, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE H - PLAN TERMINATION

On March 11, 2014, Management consented to, authorized, and approved the merger of the Plan into the AEP Industries Inc. 401(k) Savings Plan and the concurrent transfer of Plan assets and liabilities into the AEP Industries Inc. 401(k) Savings Plan as soon as administratively possible on or after April 1, 2014, such that each participant's benefit immediately after the merger and transfer is not less than the benefit the participant would have been entitled to receive had the Plan been terminated immediately before such merger and transfer.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investments securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits

NOTE J - SUBSEQUENT EVENTS

Management has evaluated subsequent events through February 4, 2015, the date the financial statements were available to be issued. There are no recognized or non-recognized subsequent events that existed at the balance sheet date which are necessary to disclose to keep the financial statements from being misleading.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2013 - 12/31/2013 and indirect compensation is presented on a calendar year basis ending 12/31/2013.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹ Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Total Direct Compensation Paid **\$2,100.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Massachusetts Mutual Life Insurance Company EIN: 04-1590850

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **\$2,100.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2013 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company are the net result of aggregating direct compensation after the effects of adjustments processed in 2013, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **\$5.49**

Bank accounts and investments associated with short-term investment pool, 200 Hopmeadow Road, Simsbury, CT 06089

This is an estimate based on the annual average rate of float (0.1133% for 2013) earned on the bank accounts and investments associated with the short-term investment pool for the 2013 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Hartford Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds. Massachusetts Mutual Life Insurance Company (together, with its affiliates, "MassMutual") acquired The Hartford's retirement plans business effective January 1, 2013. In connection with the acquisition, The Hartford appointed MassMutual to provide all of administrative services necessary to support your plan's contract. In this role, MassMutual receives all charges, fees and compensation – both direct and indirect – as payable to The Hartford for the services provided to your plan under the packaged retirement services programs.

The list includes any investment option held by the plan on at least one month end during the 2013 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by

your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that some of the funds available through your service contract or arrangement are funds from The Hartford Financial Services Group, Inc.'s proprietary family of mutual funds (The Hartford Mutual Funds). These proprietary mutual funds have contracts for services with companies that are affiliated with Hartford Securities Distribution Company Inc.

The Hartford-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. For more information about these proprietary mutual funds, see the applicable fund prospectus.
