LIBERTY DIALYSIS LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS January 31, 2013

Note 1. Plan Description

The following description of the Liberty Dialysis, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was a defined contribution plan covering substantially all employees of Liberty Dialysis, LLC (the "Sponsor"). The Plan was established to receive the assets related to the employees of the Sponsor. The Plan and Trust of which it was a part were intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On November 27, 2012, the Board of Directors of Fresenius Medical Care North America, approved the merger of the Plan with the Fresenius 401(k) Plan effective January 31, 2013. The assets were transferred on January 31, 2013 and the Fresenius 401(k) Plan assumed legal responsibility for the transferred assets totaling \$17,828,076 at that time. The participants of the Plan began fully participating in the Fresenius 401(k) Plan beginning January 1, 2013.

Eligibility: Regular employees of the Sponsor who were 21 years of age or older were eligible to participate in the Plan.

Contributions: Each year, participants were able to make salary deferral contributions ranging from 1% to 100% of pretax annual compensation, as defined in the Plan. Contributions were subject to certain limitations. In addition, participants were able to contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. The Sponsor may make a discretionary matching or profit sharing contribution to the Plan. In 2013, the Sponsor made a discretionary matching contribution of 50% of participants' deferrals up to 3% of the participant's compensation. The Sponsor did not make a discretionary profit sharing contribution in 2013.

Participants' accounts: Each participant's account was credited or charged with the participant's contributions, employer matching contributions, an allocation of the Sponsor's discretionary contributions, if any, transfers, withdrawals and an allocation of Plan earnings and losses. Allocations were based on a participant's account balance and the percent each participant's compensation bore to the total compensation of all participants, as defined in the Plan.

Participants' investment options: Participants were required to direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants were able to change their investment options anytime throughout the year.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, or 50% of their vested balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Any outstanding balance of a loan at the time of any distribution due to death, retirement or termination of employment shall be deducted from the amount which would otherwise have been payable to the participant.

LIBERTY DIALYSIS LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS January 31, 2013

Vesting: Participants were immediately vested in their own contributions plus actual earnings thereon. Vesting in the Sponsor's discretionary contribution portion of their accounts were based on years of continuous service. The portion of a participant's account attributable to the Sponsor's discretionary contributions became vested as shown below:

<u>Full years of Vesting Service</u>	<u>Percent Vested</u>
Less than 1 year	0%
1 but less than 2 years	25%
2 but less than 3 years	50%
3 but less than 4 years	75%
4 or more years	100%

Payment of benefits: Upon termination of service due to retirement or disability, a participant could have elected to receive a lump sum amount equal to the value of his or her account, or monthly distributions over their life expectancy. In the event of death of the participant, the value of the account would have been paid to the spouse or other named beneficiary in a lump sum or installments. In the event of termination for any reason other than retirement, death or disability, if the participant's vested balance was less than \$1,000, the entire vested balance of the participant's account, as valued on the day coinciding with or following the date of termination of employment, was required to be paid to the participant as either a direct rollover to an eligible retirement plan or a lump-sum distribution. If the vested balance was greater than \$1,000, the participant had the option not to receive a distribution, and therefore, the balance remained in the Plan until requested by the participant.

Participants may make withdrawals from the Plan in cases of hardship, as defined in the Plan.

Participant forfeitures: Participant forfeitures were used first for the payment of Plan administrative expenses and second, to reduce employer contributions. At January 31 2013, there were no unallocated forfeited non-vested accounts to be transferred to the Fresenius 401(k) Plan.

Administrative expenses: Management fees related to investments are allocated to participant's accounts and offset against gains and losses. All other expenses were paid by the Sponsor.

Note 2. Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned and dividend income is accrued on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

LIBERTY DIALYSIS LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS January 31, 2013

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan Management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payments of benefits: Benefit payments to participants are recorded upon distribution.

Risks and uncertainties: The Plan provided for various investment options that invested in equity, fixed income or other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk and uncertainty associated with certain investment securities, it is possible that participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits could be materially affected in the near term.

LIBERTY DIALYSIS LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS January 31, 2013

Reliance Trust Company also certified to the completeness and accuracy of \$591,687 of net appreciation in fair value of investments, \$5,090 of dividend income and \$1,340 of interest on notes receivable from participants for the period from January 1, 2013 to January 31, 2013.

Note 4. Fair Value Measurements

The FASB Codification provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

LIBERTY DIALYSIS LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS January 31, 2013

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Investments at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total
Income Funds	\$ 3,634,113	\$ -	\$ -	\$ 3,634,113
Growth & Income Funds	4,178,220	-	-	4,178,220
Growth Funds	5,511,965	-	-	5,511,965
Aggressive Growth Funds	3,898,863	-	-	3,898,863
Total investments at fair value	\$ 17,223,161	\$ -	\$ -	\$ 17,223,161

Note 5. Tax Status

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to section 401(k) of the Internal Revenue Code ("IRC") and accordingly, the trust's net investment income is exempt from income tax.

The Plan adopted a standardized form of a prototype plan which has received an opinion letter from the Internal Revenue Service dated March 31, 2008 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

LIBERTY DIALYSIS LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS January 31, 2013

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 for the period from January 1, 2013 to January 31, 2013:

Net increase in net assets available for benefits per the financial statements	\$ 175,754
Add: Employer contributions receivable at December 31, 2012	2,425
Add: Employee contributions receivable at December 31, 2012	6,762
Net increase in net assets available for benefits per the Form 5500	\$ 184,941

The following is a reconciliation of transfers of assets from this plan per the financial statements to Form 5500 for the period from January 1, 2013 to January 31, 2013:

Transfer of assets per the financial statements	\$ 17,828,076
Add: Liability for excess contributions due to participants at December 31, 2012	103,261
	\$ 17,931,337

Note 7. Due to Participants

The Plan failed to pass the Average Deferral Percentage Test ("ADP") for the 2012 plan year, with respect to certain "highly compensated employees" ("HCEs") resulting in excess contributions made into the Plan. In order to correct the failure of the ADP test for the Plan year, federal law generally requires corrective distributions, refunding the excess contributions to participants no later than the end of the following Plan year. As of December 31, 2012, the Plan recorded a liability of \$103,261 for the excess contributions related to the 2012 Plan year which were paid in 2013.

Note 8. Subsequent Events

The Plan has evaluated events through September 12, 2014, the date the financial statements were available to be issued.
