Novelis Savings and Retirement Plan:

Report on the financial statements

We were engaged to audit the accompanying financial statements of **Novelis Hourly Savings Plan** (the “Plan”), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note 6, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained a certification from this entity as of December 31, 2013 and 2012, and for the year ended December 31, 2013, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedule of assets (held at end of year) as of December 31, 2013 and the supplemental schedule of Delinquent Participant Contributions for the year ended December 31, 2012, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements, other than that derived from the certified information described in Note 6, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1 Description of Plan

The following description of the Novelis Hourly Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more detailed description of the Plan’s provisions.

The Plan is a 401(k) prototype plan, including a Roth 401(k) feature. The Plan is administered by the Novelis Employee Benefits Committee (Plan Administrator). Vanguard Fiduciary Trust Company (the “Trustee” or “Vanguard”) holds the funds, executes investment transactions, and makes distributions, as directed by the Plan Administrator, to the participants or their beneficiaries. Vanguard serves as the Plan’s recordkeeper, allocating net assets to individual participant accounts. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility and Vesting

All full-time hourly employees of Novelis Corporation’s (the “Company” or “Novelis”) Warren, Terre Haute, and Fairmont plant locations who are covered by the labor contract negotiated between the Company and the union, are eligible to join the Plan upon date of hire, or after one year of service for part-time employees.

Effective January 1, 2014, the Plan was amended to exclude union employees working at the Company’s Fairmont location who were hired after November 1, 2012 from being eligible to participate in the Plan.

Participants are fully vested at all times in their respective accounts.

Employee Contributions

Participants may elect at any time to contribute amounts (Employee Contributions) up to 50% of their compensation on a before-tax, Roth 401(k) or after-tax basis or any combination of the three sources subject to limits set by law. In addition, employees may elect to contribute all or a portion of their quarterly performance bonus on a before-tax basis (Special Contribution).

The Plan accepts rollover contributions from former employers’ qualified plans or from an Individual Retirement Account (together, the “Rollover Contributions”). Rollover Contributions were \$4,169 for the year ended December 31, 2013, and are included within participant contributions in the Statements of Changes in Net Assets Available for Benefits.

Company contributions are determined in accordance with applicable collective bargaining agreements. During 2013, none of the collective bargaining agreements required Novelis to make any Company contributions to the Plan.

Participant Accounts

Each participant has an individual account (Participant Account) under each fund in which contributions are invested on behalf of the participant. The account includes employee and employer contributions. The net value of each Participant Account is established on a daily basis through the valuation of the trust fund assets at fair market value, except for assets in the Vanguard Retirement Savings Trust, which are valued at contract value. All dividends, interest and other distributions received in respect of any fund are reinvested automatically in the same fund. A participant may elect to invest his account, in multiples of 1%, in any of the investment funds offered by the Plan. As provided in the Plan, a participant may change this election and/or elect to transfer any portion of their account balance from one fund to any other fund on a daily basis.

Employer contributions are invested in accordance with participant investment elections and may be transferred to any other fund on a daily basis. Participants are fully vested at all times in their employee contributions and the Company Match Contributions. Retirement Account Contributions are 100% vested after the participant has completed 3 years of service.

Plan Withdrawals

Active participants may request up to two withdrawals per year from the Plan; however, the Plan requires that withdrawals be made in the following order of priority:

- a) any after-tax portion of Employee Contribution and earnings thereon,
- b) any portion of Rollover Contribution and earnings thereon,
- c) if age 59-1/2 or over, any Company contribution and earnings thereon,
- d) if age 59-1/2 or over, any Special Contribution and earnings thereon,
- e) if age 59-1/2 or over, any before-tax portion of the Employee Contribution and earnings thereon,
- f) if age 59-1/2 or over, any portion of Roth 401(k) contributions and earnings thereon if account has been open at least 5 years.

Terminated or retired participants with more than \$5,000 in the Plan may leave their account balance in the Plan indefinitely and may elect to make up to twelve withdrawals from the Plan per year. Participants who keep a balance in the Plan beyond age 70-1/2 will be required to take annual required minimum distributions from the Plan.

Notes Receivable from Participants

Participants are permitted to borrow from their account a minimum of \$1,000 and a maximum amount not to exceed the limits specified by the Internal Revenue Code (IRC). Participants may have no more than 2 loans outstanding at time. Loans are taken from a participant's account in the following order of priority:

- a) any before-tax portion of the Employee Contribution and earnings,
- b) any Special Contribution and earnings,
- c) any portion of Roth 401(k) contributions and earnings,
- d) any Company contribution and earnings,
- e) any portion of Rollover Contribution and earnings,
- f) any after-tax portion of the Employee Contribution and earnings.

Notes receivable from participants bear interest at a fixed rate equal to the prime rate, as published in the Wall Street Journal, on the first business day of the month in which the loans are obtained. Interest rates on participant loans ranged from 3.25% to 6.25% and 3.25% to 7.75% at December 31, 2013 and 2012, respectively. Loan terms range from one to five years, or up to fifteen years if the proceeds of the loan are to be used for the purchase of a primary residence. Loan amounts are taken proportionately from each investment fund within each account based on their balances when the loan is processed. Principal and interest repayments made via payroll deductions or in a lump-sum payment are made into the investment funds according to the participant's current investment election.

Individuals who retire or are terminated prior to meeting their loan obligation have the option to pay the outstanding balance in one lump sum, or to make monthly payments directly to Vanguard; otherwise the loan becomes a deemed distribution from the participant's account. Such distributions are accounted for as withdrawals within the Statement of Changes in Net Assets Available for Benefits.

Termination Provision

The Company intends to continue the Plan indefinitely, but reserves the right to terminate or amend the Plan as necessary. In the event the Plan is terminated, the accounts of the participants will be distributed at the time and in the manner determined by the Plan Administrator and in accordance with the terms of the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investments are held by Vanguard Fiduciary Trust Company in the Novelis Master Savings Trust (the "Master Trust"), where they are commingled with the investments of the Novelis Savings and Retirement Plan. The Plan has a specific interest in the net assets of the Master Trust, which represents the total of the specific interests of the individual participants in the Plan.

Included in investments of the Master Trust is the Vanguard Retirement Savings Trust IV (the "Vanguard Fund"), a stable value collective trust fund. The underlying investments of the Vanguard Fund are Synthetic Investment Contracts (SICs) backed by Vanguard bond funds, traditional Guaranteed Investment Contracts (GICs) backed by major insurance companies, and Bank Investment Contracts (BICs). GICs and BICs are valued based on estimated fair value, computed using discounted cash flows. SICs are valued based on the aggregate market value of the applicable bond trusts, mutual funds and other investments, while the applicable wrapper contracts are valued at estimated fair value based on a replacement cost approach. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Vanguard Fund at contract value. However, certain Plan-directed withdrawals (e.g., layoff, sale of division) may be subject to a market value adjustment calculated in accordance with the provisions of the investment contracts and thus may not be available at contract value. As required, the fair value of a fully benefit-responsive investment contract is adjusted to contract value. Contract value represents contributions made under the contract, plus earnings and transfers in, less participant withdrawals, administrative expenses and transfers out.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Administrative Costs

Investment fees and fund management expenses are deducted from the investment returns of each fund. Loan fees and redemption fees are deducted from the accounts of participants incurring such fees. All other expenses incurred in the administration of the Plan are paid by the Company.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

3 Fair Value Measurements

The guidance for fair value measurements establishes the authoritative definition for fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan uses a three-tier fair value hierarchy based upon observable and non-observable inputs as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued based on the quoted net asset value (NAV) of the fund in active markets.

Collective trusts: Stated at fair value and then adjusted to contract value. Fair value is the NAV per unit based on the fair value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31, 2013 and 2012:

Assets at Fair Value as of December 31, 2013				
	Level 1	Level 2	Level 3	Total

Total Master Trust investments, at fair value	\$ 281,840,713	\$ -	\$ 127,688,681	\$ 409,529,394

The following table sets forth a summary of changes in the fair value of the Master Trust's collective trust level 3 investments for the year ended December 31, 2013:

	2013
Balance, beginning of year	\$127,688,681
Unrealized gain (loss)	(2,608,513)
Purchases	35,205,775
Sales	(26,097,570)
Balance, end of year	\$134,188,373

The following table sets forth additional disclosures for the fair value measurements of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2013 and 2012.

Fair Value Estimated Using Net Asset Value Per Share						
Collective trust	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Restrictions	Redemption Notice Period
	2013	2012				
Vanguard fund (a)	\$ 134,188,373	\$ 127,688,681	-	Daily (b)	None (b)	None (b)

- a) The Vanguard Fund's investment policy is to invest in a combination of synthetic contracts backed primarily by Vanguard bond funds, traditional investment contracts backed by major insurance providers and bank contracts. The fund's credit guidelines require that traditional investment contracts be rated at least AA. The fund generally maintains an average maturity between two and three years.
- b) Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value daily without any redemption notice or restrictions. Plan level initiated transactions require a twelve month redemption notice in order to withdraw at full book value. Plan level initiated transactions with less than a twelve month redemption notice may incur an adjustment to book value.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits was evaluated by management. For the year ended December 31, 2013, there were no significant transfers in or out of Levels 1, 2, or 3.

4 Interest in Master Trust

The Plan had a 3.8% and 4.1% interest in the Master Trust at December 31, 2013 and 2012, respectively. The Master Trust's investments at December 31, 2013 and 2012 were as follows:

December 31	2013	2012
Investments at fair value:		
Collective trust	\$134,188,373	\$127,688,681
Mutual funds	347,993,375	281,840,713
Investments, at fair value	482,181,748	409,529,394
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	(3,819,799)	(6,428,163)
Investments after adjustment from fair value to contract value for fully benefit-responsive investment contracts	\$478,361,949	\$403,101,231

The Master Trust's investment activities for the year ended December 31, 2013 were as follows:

For the year ended December 31	2013
Interest and dividends	\$ 9,053,137
Net appreciation in the fair value of investments:	
Mutual funds	56,321,826
Net investment income	\$ 65,374,963

5 Related Party Transactions

Plan investments include shares of mutual funds and a collective trust fund managed by The Vanguard Group. Fees are paid by the Plan for investment management services. Vanguard Fiduciary Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

6 Summary of Financial Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Net investments in Master Trust and notes receivable from participants shown in the Statements of Net Assets Available for Benefits as of December 31, 2013 and 2012.
- Interest in net investment gain of Master Trust and interest income on notes receivable from participants, as shown in the Statements of Changes in Net Assets Available for Benefits for the year ended December 31, 2013.
- Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2013.

7 Tax Status of the Plan

This Plan utilizes a Volume Submitter Profit Sharing Plan with CODA (Volume Submitter) sponsored by Vanguard. The IRS provided an opinion letter, dated March 31, 2008, which states the Volume Submitter document satisfies the provisions of Section 401 of the IRC. The Plan Administrator believes that the Plan, including any subsequent amendments, is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax audits for the years prior to 2011.

8 Prohibited Transactions

During the year ended December 31, 2012, the Company did not timely deposit certain participant contributions and loan repayments (aggregating \$2,463,782) within the timeframe required by Department of Labor regulations. As such, these late deposits are considered prohibited transactions. The Company intends to file a Form 5330 and pay any applicable excise tax. The excise tax payments will be made from the Plan Sponsor's assets and not from the assets of the Plan. In addition, participant accounts will be credited with an amount representing lost earnings related to these late remittances.

9 Reconciliation of Financial Statements with Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to Form 5500:

December 31	2013	2012
Net assets available for benefits per the financial statements	\$ 19,644,717	\$ 17,621,755
Adjustment from contract value to fair value for fully benefit-responsive investment contract	133,359	252,784
Net assets available for benefits as reported on Form 5500	\$ 19,778,076	\$ 17,874,539

The following is a reconciliation of the change in net assets per the financial statements for the year ended December 31, 2013 to Form 5500:

For the year ended December 31	2013
Net change in net assets available for benefits per the financial statements	\$ 2,022,962
Change in adjustment from contract value to fair value for fully benefit-responsive investment contract	(119,425)
Net change in net assets available for benefits as reported on Form 5500	\$ 1,903,537

10 Subsequent Events

The Plan has evaluated all subsequent events from the date of the statement of net assets available for benefits through February 16, 2015, the date these financial statements were available to be issued. There were no material events or transactions occurring during this subsequent event reporting period which require recognition or disclosure in the financial statements.
